**Mahanoy City Business College.**  
This new college opened Monday, September 9th, in the Hoopes' building, 205 East Centre street, Mahanoy City, and already shows plainly that it will soon be one of the best business training schools in the state, for the many students now in attendance are progressing rapidly and new ones are continually entering.

The teachers are the very best that can be secured. They are practical business men, are highly educated, and have had long and successful experience in teaching thoroughly all the branches that are of use to the business man. Bookkeeping, Business Arithmetic, Grammar, Spelling, and the Laws of Business are taught plainly and fully in the Commercial Department; and Shorthand, Typewriting, Spelling and Grammar are given in the Shortland Department. In both departments students must also take PENMANSHIP and COMPOSITION; so as to be able to write plainly, neatly and correctly the different kinds of business letters.

This college is a branch of the splendid Wilkes-Barre Business College, and the same effective methods of teaching, bookkeeping and the same kinds of typewriters are used. The Commercial and the Shortland and Typewriting courses together (time unlimited) are now being held for \$50 in the day school, or \$100 in the night school. If only a few subjects are taken special rates will be made to suit. Send for catalogue. Students may enter at any time.

**CHAMPIONS AGAIN DEFEATED.**

**Cleveland Takes the Second Game of the Temple Cup Series.**

CLEVELAND, Oct. 4.—The visitors were outplayed at every point in yesterday's game for the Temple cup. The crowd was a thousand larger than on Wednesday, fully 8,000 people being in the stands and on the field. The Clevelanders began to do business in the first inning, when Burckett smashed a safe liner to center. A wild pitch by Hoffer sent Burckett to second, and he scored on McKean's hit to center, the latter taking second on the throw in. Childs sacrificed and McAleer was hit by the pitcher. Then Tobean sent a fly to Keeler and McKean scored on the out. A moment later Zimmer sent a double to left and McAleer crossed the rubber, making three runs for the home team.

Baltimore scored one in the second on a combination of hits and errors. Kelley was safe at first, Brodie fouled to Zimmer and Gleason was out on a long fly to Blake. Carey's hot one got away from Cuppy, and Kelley went to third, scoring on McAleer's fumble. Baltimore made its second run in the sixth. After Keeler was out on a pop fly to McKean, Jennings singled. Kelley struck out and Brodie singled. Jennings scoring while Brodie was being run down off first.

Cleveland added one in the fifth. Burckett got to first on a slow one, but was forced by Childs. Hoffer's wild throw gave Childs third and he scored on Jennings' fumble of McAleer's grounder. In the sixth two more runs were scored. Zimmer went to first on balls, took second on McGarr's out, and scored on Cuppy's two-bagger. Cuppy coming home on Burckett's double. The run getting was ended in the seventh. Tobean and Zimmer singled, and the latter went home while Tobean was being run out trying to make second. Score by innings:

Cleveland	8	0	0	1	2	1	0	x	7	11	5
Baltimore	0	1	0	0	1	0	0	0	2	5	5

**Fears for an African Explorer.**  
LONDON, Oct. 4.—Considerable anxiety is beginning to be felt in scientific centers regarding Dr. Donaldson Smith's African expedition, news of which is long overdue. According to the latest advices Dr. Smith had been stopped by the Abyssinian army, and it is feared that he has had to retreat his steps and go in a southerly direction. He may thus have got behind the district where the British are now fighting Mharuk, at Mwell, on the British east African coast, and have been caught by the natives. It is hoped, however, that when he hears of the fighting Dr. Smith may make a detour, in which case he would be heard of from the neighborhood of Lake Tanganyika, or along the German or English lake routes.

**Politicians' Day at Trenton.**  
TRENTON, Oct. 4.—Sixty thousand persons attended the Interstate fair yesterday. The attendance was even larger than on "Big Thursday" of last year. The politicians were very much in evidence. About 3 o'clock the more prominent were escorted to private boxes in the grand stand. Among them were Governor Werts, United States Senators Smith and Sewell, John W. Griggs, Republican candidate for governor; ex-Senator Garret A. Hobart, Judge Kirkpatrick, Congressman Parker, Colonel Joseph D. Bodie, Congressman Wayne Parker, Secretary of State Kelsay and State Comptroller Hancock.

**Burned at the Stake by Flammates.**

A "wild west" show exhibited here about a month ago, and since that time the boys of the town have been playing Indian.

**Frantically Burned by Exploding Powder.**  
CHICAGO, Oct. 4.—At Leptom three men were eating their dinner in the shade of a powder box on section 5 of the drainage canal. One man lighted a match and exploded sixty pounds of powder. The men were blown twenty feet and frightfully burned. One man, whose back was a sheet of flame, plunged into a pool of water. When drawn out the flesh from his back remained in the water. The ribs of another were heard. None of the men can recover.

**Senator Squire's Legal Victory.**  
WATERBURY, N. Y., Oct. 4.—Judge Williams, of the supreme court, yesterday gave an opinion in the ex-senator's suit brought by Philo Osgood and others against United States Senator Watson C. The case has been on trial more than a year, and has excited wide interest.

**The Miners Will Make a Demand.**  
PHILLIPSBURG, Pa., Oct. 4.—The miners' convention adjourned after resolving to make a demand on all operators in the northern and central Pennsylvania districts for an advance of five cents a ton in the mining rate. If the operators do not reply by the 10th, action will be taken notwithstanding.

**United Against Tammany.**  
NEW YORK, Oct. 4.—The first steps toward a union of the political forces opposed to Tammany Hall for the coming campaign were taken in meetings of the chamber of commerce and of representatives of various anti-Tammany forces, wherein it was resolved to put a fusion ticket in the field and to conduct a campaign against Tammany, under the direction of a committee of fifty, organized on the lines of the old committee of seventy.

**Apprehensive.**  
The apprehension or dread of taking cold in the fall often mars the pleasure of the summer outing. Sickness in the spring or summer is looked upon more lightly, and the patients think they will get through "some how," the vacation change, the warm weather, etc., will surely help them, but when it comes to autumn and the long cold winter stares them in the face, then and then only, they become apprehensive. All this anxiety of mind can be relieved by carrying in the pocket a bottle of Dr. Humphreys' Specific "77." It prevents colds, and in doing this, wards off all the terrors of grip, pneumonia, diphtheria and consumption. "77" taken in time is a perfect protector and preventive, and is a positive cure for colds, grip, influenza, catarrh, pains and soreness in the head and chest; cough, sore throat, general prostration and fever. "77" will "break up" a stubborn cold that "hangs on." It is for sale by every druggist from Canada to Cape Horn.

Consumption is the natural result of a neglected cold. Dr. Wood's Norway Pine syrup cures coughs, bronchitis, asthma, and all lung troubles down to the very borderland of consumption.

The firemen responded at six o'clock last evening to an alarm sounded from the box at the corner of Centre and Gilbert streets and learned that somebody had been experimenting with the key that was left in the box at noon yesterday after an ineffectual attempt had been made to sound an alarm.

**Many Lives Lost.**  
Every fall and winter thousands neglect the proper care for their feet, by wearing poorly made, paper-soles, and worn out shoes. The result is wet feet, next that hacking cough, and what next? well, you know. Now there is no need of this as long as you can buy your shoes so cheap at the FACTORY SHOE STORE.

**Remember these Directions for using Cottolene**

For shortening never use more than two-thirds as much Cottolene as you would of lard. When frying with Cottolene always put it in a cold pan, heating it with the pan. Cottolene produces the best results when very hot, but as it reaches the cooking point much sooner than lard, care should be taken not to let it burn—when hot enough, it will delicately brown a bit of bread in half a minute. Follow these directions in using Cottolene and lard will never again be permitted in your kitchen or in your food. Genuine Cottolene is sold everywhere in tins with trade-marks—"Cottolene" and "steer's head in cotton-plant wreath"—on every tin.
