GOSSIP OF THE BIG FIGHT

The New Fighting Ground Has Not Yet Been Selected.

FITZSIMMONS STEADILY TRAINING.

Citizens of Ardmore, I. T., Working to Secure the Contest for Their Town. New Orleans Sports Think Corbett Wants to Avoid a Meeting.

ARDMORE, I. T., Oct. 5.—Enthusiasm over the probable coming of the Corbett-Fitzsimmons fight was intensified in Ardmore today. Some of the best legal talent here concur in the opinion that there is no law on the statute books to prevent the fight coming off in the territory, and on the strength of this active steps to have it brought here are being made.

An enthusiastic mass meeting was held in the offices of United States Commissioner Gibbons, and as a result Judge Moran, late United States commissioner under Judge Stewart, was sent to the Athletic club to represent the conditions under which the contest can be held here. Representatives of the Santa Fe railroad arrived at Ardmore this morning and left immediately for Tishomingo, where the Chickasaw council is now in session. They intend, it is said, to endeavor to have the council convert Corbett and Fitzsimmons into members of the tribe, in order to escape the jurisdiction of the United States court in the Indian Territory and obviate the possible legal objection to the contest.

A Big Thing for California. SAN FRANCISCO, Oct. 5.—W. R. Vice, ex-vice president of the old California Athletic club, believes that if the Corbett-Fitzsimmons fight would be brought off in California it would mean over \$1,000,000 profit to the state. "Dad" White, one of San Francisco's prominent sporting men, had a talk with Mr. Vice about raising a purse for the fight to come off in California. The sporting men interested in it are very secret about their plans just at present, and it will be some days before anything definite is known. Manager W. J. Kennedy said today that he would give Corbett and Fitzsimmons a chance to box a limited engagement before the Olympic club. The Australian, however, would object to this, as Corbett is too popular at the Olympic.

Is Corbett Trying to Avoid a Fight? NEW ORLEANS, Oct. 5.—The opinion is expressed by certain sporting men that Corbett is building up a foundation to get out of his fight if possible. It was noticed that to every newspaper man who interviewed him that Corbett harped on only one subject, and that is the many strings that are attached to Fitzsimmons' stake in Phil Dwyer's hands. Corbett very bluntly said today that Fitz would have to have \$10,000 up in the stakeholder's hands without an attachment tied to it or he would not fight. Local sporting men are of the opinion that this provision of Corbett's will occasion considerable trouble before Oct. 31. The general feeling in New Orleans is that the fight will never take place.

Fitzsimmons Still in Training. CORPUS CHRISTI, Tex., Oct. 5.—Fitzsimmons goes right along with his training, notwithstanding the legislature's re-nunciation at Austin. He says he has an offer from responsible parties to pull the fight off should the Florida Athletic club fail to do so. He says he is determined to give Corbett no possible opportunity to escape him, and that the big dude will either have to fight or leave the country branded as a coward, who is afraid to meet a man who is much smaller than himself.

Dan Stuart Waiting for Mexico. SAN ANTONIO, Tex., Oct. 5.—The gentleman who secured a concession from the state of Tamaulipas to have a prize fight and a bull-fighting tournament in Neuva Laredo have sent a Mexican gentleman who is related to President Diaz to the capital to secure immunity from interference. Dan Stuart has agreed to wait three days until this gentleman can secure an audience with the president.

BRANCH FOR REFORM WORK

An Organization Effected in the Trinity Reformed Church.

REV. ROBERT O'BOYLE PRESIDENT.

C. W. Dengler and Rev. T. M. Morrison, Secretaries; James B. Lessig, Treasurer. Several Vice Presidents Elected—The "Y" an Auxiliary Committee.

The lecture season under the auspices of the National Reform Institute closed last evening at the Trinity Reformed church, on West Lloyd street, with a lecture by Prof. J. B. Dill on "The Solution of the Labor Question." It was anticipated that the title of the subject would attract a large attendance of workmen, but the audience was composed largely of women.

After the discourse the object and plans of the Institute were explained, tracts were distributed and the audience was accepted as a committee of the whole to institute a branch for local work. Under the direction of Prof. Dill the following officers were elected: President, Rev. Robert O'Boyle, Trinity Reformed church; 1st Vice President, Rev. J. F. Merofith, Methodist Episcopal church; Treasurer, J. B. Lessig; Recording Secretary, C. W. Dengler; Corresponding secretary, Rev. T. M. Morrison, Presbyterian church.

Prof. Dill then announced that each denomination in the town was entitled to a vice president in the branch and the following elections were made: Rev. John Ruth, Primitive Methodist church; Rev. C. W. Sechrist, English Lutheran church; Rev. R. M. Lichtenwalter, United Evangelical church; R. A. Glover, Presbyterian church; John Stary, Trinity Reformed church.

The branch has the privilege at any time to add to the list of vice presidents whenever any denomination desires representation.

As a helping committee for work among the women is necessary for successful work, the local branch of the Young Women's Christian Temperance Union was elected an auxiliary committee.

Prof. Dill stated the local branch will also be in direct touch with the National Institute and whenever any attempt is made to encroach upon the Sabbath laws in any state all branches of that state will be at once notified by telegraph, so that they may have time to send representatives to the field of action.

A week is to be devoted to the Institute's work at St. Clair next November.

Address of Prof. Dill on the labor question was accompanied by an explanation of a chart outlining the subject. The speaker said that the joint welfare of capital and labor rested on two commandments (1) "Thou shalt love the Lord thy God" and (2) "Thou shalt love thy neighbor as thyself" and that when these commandments are adhered to as they should be all capital and all labor shall be employed. Many people, the speaker said, looked upon the improved machinery of the modern age as a curse to the working classes, but it is only the carrying out of God's promise to relieve the world of drudgery. The time will come when machinery will be invented to do the work of twenty or more men with even the improved machinery of the present time. What will be the situation then? God has designed that the surplus capital and labor will be turned into a higher sphere. Prof. Dill said he believed that it is God's intention in time to come one portion of the wealth of the world to be invested in industrial and commercial interests, another to the intellectual and moral training of the world, and the third to the spiritual training, such as missionary work. These vocations will employ all the labor. The change will be realized when the holders of wealth shall experience a change of heart and follow in the footsteps of Stephen Girard and McCormack by establishing homes, schools and colleges that will require the employment of instructors and other assistants.

"DEMOREST"

is the name of one of the best Sewing Machines now manufactured.

How many do know the crust of "expense," counted in the usual retail price of all Sewing Machines.

It would astonish buyers if they knew what actual cost is and what retail price would be were machines sold on the same basis as the Dry Goods, Shoes, or other merchandise.

Why not sell them so? Time for important patents has expired. The field is now open, therefore we offer you now a

\$50.00 MACHINE for \$19.50.

Taken all in all, we count the "DEMOREST" the best Sewing Machine in the market.

Light running, easily managed, no noise, high arm, no springs, every movement positive, hardened steel bearings, all steel attachments. More up to date in improvements than any other.

How can we sell such a machine at \$19.50? Easy enough.

We buy and sell sewing machines as we buy and sell Dry Goods.

No canvassers, no installment business, nothing to make customers stand extra costs.

CHALLENGES HIS FIDELITY.

Chairman Payne is Asked to Answer Charges and Resign.

The re-election of County Chairman Burt Payne as the head of the Republican county organization, has brought forth a personal letter from William Wilhelm, and which the chairman has received. He charges Mr. Payne with double dealing in the recent campaign for the election of state delegates, and that the latter had been entrusted with money to meet the expenses of the Hastings campaign and that he was traveling with Quay's friends to the Quay headquarters. Mr. Wilhelm intimates that unless a satisfactory answer is received from Chairman Payne in reference to the charges made, or resigns, that he will call a meeting of Republicans and publicly present the charges and his source of information.

Mr. Payne, it is said, will answer the communication and then both letters might be given to the public. Further than this he had nothing to say for publication.
