POLITICAL weather-cocks, who trim their sails with the varying winds, can sometimes be found in newspaper offices.

Quite a number of sinnermen in this county are suffering from a Payne, excepting those, of course, who are painless.

The prudent and wise business man speaks to the people through a live and popular medium. Advertise in the HERALD.

The indications point to Republican success in Schuylkill county this fall. And it won't be by the assistance of hoodlums, either.

The close of the course of lectures given under the auspices of the National Reform Institute during the present week, is highly gratifying to the projectors. The establishment of a permanent organization here will no doubt be fruitful of much good. The work should be encouraged in every way possible.

The thirty-sixth triennial convention of the Protestant Episcopal church of America is now in session in Minneapolis. Many important changes in the rules of government of the church will come up for discussion, the last general convention having appointed a committee to revise the constitution and canon, who will make their report.

The demand of the roads and highways committee of the Borough Council that the owners of properties on West Apple alley shall curb the properties without delay and place gutters is not only in accord with justice and good government, but a very natural demand in view of the fact that the borough has gone to considerable expense in cutting the alley down to grade upon request of the parties to whom the order is now directed.

READING is an ambitious city and has attained a position among the most progressive and promising places of the state, but when she undertakes to entertain a crowd such as the annual State Firemen's Association attracts she bites off more than she can chew. Many of the firemen who visited that city this week say that the accommodations were wretchedly inadequate and that the pleasure afforded by the generous impulse of the people at large was, to some extent, curbed by grasping speculators who opened temporary hotels and boarding houses.

The continued oppression of Christian Armenians by the Turks, in the face of the strong protests of the European powers, will inevitably result in driving the Turk from Europe and a rearrangement of the map of that continent. The grasp of the Turk has been steadily growing weaker, and he has been stripped of a large portion of his territory in the past 25 years, which should cause him to pause. Unfortunately for the Porte, the unreasoning fanaticism of its Mohammedan subjects cannot be restrained, even in adversity, and their atrocities toward Christians are rapidly hastening the dismemberment of the empire, which the rise of the century may possibly see wiped out of Europe, and with only a feeble foothold in Asia. Turkey has been a disturbing element in European politics for nearly a century, and only the jealousies of the leading powers has saved it from the fate which befell Poland a century ago. At present the tendency seems to favor a restoration of the old Grecian supremacy in that country, which has a great many features to commend it, although it will be difficult to imagine the Muscovites forgoing their desire to possess Constantinople as the capital of the Russian empire.

### Carrying Water from Hollidaysburg.

HOLLIDAYSBURG, Pa., Oct. 5.—General Superintendent F. L. Sheppard, of the Pennsylvania Railroad company, yesterday petitioned the Hollidaysburg council for a water supply for the car shops, locomotive works and the 5,000 employees of the company. At Altoona, where the water famine has now assumed the most serious aspects, the probable closing down of those works during the drought necessitated the petition. The council decided to send eleven train loads, containing 400,000 gallons of water, every day to Altoona. Hollidaysburg is now the only town in Central Pennsylvania where a superabundant water supply exists.

### An Octogenarian Burned to Death.

FLEMINGTON, N. J., Oct. 5.—One man was burned to death and one woman seriously injured at Croton yesterday. The handsome residence of King Pratt, who was 80 years old and known as "the original Jersey peach grower," caught fire. The flames ate their way to the upper stories before the family was aware of the fire, cutting off all escape. Mrs. Mary Hires, a lodger, staggered out of her bed and aroused Mr. Pratt. He tried to descend a stairway, and was overcome by smoke and fell to the hall below, which was a mass of flames. The other inmates escaped. Mrs. Hires with a broken leg and internal injuries.

### Death from Witnessing a Fatality.

OTTAWA, Ill., Oct. 5.—Corridors Phelps, for many years the leading stock buyer and shipper of this city, and Henry J. Rigdon, a painter, were struck by a passenger train on the Chicago, Rock Island and Pacific railroad here and instantly killed. John Holser, who lived close to the scene of the accident, was sick and sat at his window overlooking the track. He was found by his wife a few minutes later, death evidently having been produced by the shock of witnessing the accident.

## THE WILY HEATHEN CHINESE.

### Using Atlanta's Exposition as a Means of Evading the Law.

ATLANTA, Oct. 5.—Government Immigration Inspector Thomas J. Schart, sent here to watch the colony of Chinese men, women and children brought to the exposition by Koo Yang and Leon Lane, has sent to the secretary of the treasury a preliminary report which is highly sensational. He accuses the Inspector at Ogdensburg, N. Y., for negligence and carelessness in the admission of the Chinese to the United States, and suggests that the United States consul at Hong Kong be called upon to show the manner in which he took the descriptions of the Chinamen when they left that place for America. The report states that there are 135 men in the Chinese village here who are doing absolutely nothing, and who evidently bought their way into America for the purpose of remaining here. He stated that the whole crowd intend to evade the officers and remain in this country. The women, he suggests, are to be sold. The whole scheme, he declares, was originated by wealthy Chinamen who do not live in America, and that Koo Yang and Leon Lane are merely their agents.

### Inspector Schart is pushing his investigation, and hopes to break up the plans which he is confident the promoters of the Chinese village here intend to carry out.

### The Darlington, Wis., Journal says editorially of a popular patent medicine: "We know from experience that Chamberlain's Colic, Cholera and Diarrhoea Remedy is all that is claimed for it, as on two occasions it stopped excruciating pains and possibly saved us from an untimely grave. We would not rest easy over night without it in the house." This remedy undoubtedly saves more pain and suffering than any other medicine in the world. Every family should keep it in the house, for it is sure to be needed sooner or later. For sale by Grabler Bros., Drugists.

### A Two Days' Rain Needed.

SHAMOKIN, Pa., Oct. 5.—Water company officials report that Shamokin, Mt. Carmel and the surrounding territory will be wholly without a water supply if the drought lasts three days longer, and add that nothing short of a two days' rain will relieve this serious condition of affairs. The water tanks located along the Reading railroad's main line between Locust Summit and this place ran dry last evening, and will seriously interfere with the running of trains.

### Arizona Wants Statehood.

WASHINGTON, Oct. 5.—Governor Hughes, of Arizona, has made his annual report to the secretary of the Interior. As to the political situation and statehood, the governor says: "I believe that the territory is safely Democratic when but the two standard political parties are in the field. The people of the territory are a unit for statehood. We have earned this right by the conquest and civilization of this region, and have every condition necessary for self government."

### An English Criticism.

LONDON, Oct. 5.—The Daily News this morning, commenting on the South Carolina constitutional convention, says: "Nothing but a strong declaration of public opinion throughout the United States and the civilized world can prevent this monstrous injustice of depriving the black man of his rights as a citizen, simply because he is black. This is, in fact, one effort to subjugate the blacks. Race hatred is, perhaps, as strong as ever in some of the southern states."

## FILTERING OUT RHEUMATISM

### RHEUMATISM IS IN THE BLOOD.

It is Caused by a Poison Which Can be Filtered Out.

### The Kidneys are Our Natural Filters, and Keep Our Blood Pure. When They are Sick We Get Rheumatism, Etc.—The Way to Cure Our Kidneys.

Though you may know what disease you have, perhaps you don't know what causes it. Rheumatism is a blood disease. It gives you pain in your muscles, but this is caused by the poison in your blood. To cure rheumatism you must purify your blood.

People used to think because the muscles were sore, that they could cure rheumatism by rubbing the muscles with liniment, but all the liniment in the world will not cure rheumatism. Nothing will do it but filtering the blood. When the kidneys are well, they filter the blood and keep it pure and healthy. They filter out all the waste matter, the poison, the uric acid, and throw it out of the system.

When they are sick they don't. When they are sick, you get Rheumatism, or perhaps Gout, or Neuralgia, or Bright's Disease, Diabetes, Pain in the Back, Sleeplessness, and a long train of similar troubles. When your kidneys are sick, you should take Dr. Hobb's Spargus Kidney Pills. They will cure your kidneys. When your kidneys are once well, everything else will be well.

Well kidneys purify our blood as it ought to be purified. They make it fresh and clear and healthy. Pure blood makes a clear, rosy complexion, bright eyes, glossy hair, red lips, clear brain, happy thoughts.

The healthier your kidneys, the prater your blood. Asparagus is a plant which has a very strange healing and tonic action on the kidneys. It is one of the chief ingredients of Dr. Hobb's Spargus Kidney Pills.

Dr. Hobb's Spargus Kidney Pills are perfectly harmless, purely vegetable, pleasant to take, and will cure when other prescriptions or medicines have failed. There is no reason why you should stay sick. If you want to get well you can. All you have to do is cure your kidneys. This can be done with Dr. Hobb's Spargus Kidney Pills.

A box of Dr. Hobb's Spargus Kidney Pills should be kept in the house, for you don't know how soon you may need them. A few doses will relieve. Pain in the back, in the joints, in the muscles, will all go after a few doses of Dr. Hobb's Spargus Pills. A few boxes will cure. When your kidneys are well, nothing will bring back your disease again but carelessness.

Overwork, worry, excesses, overeating will make your kidneys sick again, bring back your Rheumatism, Gout, Kidney Troubles, etc. But otherwise, once gone, they will stay away. Dr. Hobb's Spargus Kidney Pills cure thoroughly.

They renew your kidneys, your blood and your health. For sale by all druggists, or by mail, prepared for 50 cents a box. Valuable medical pamphlet sent free on request by Dr. Hobb's Medicine Co., Chicago or San Francisco.
