One of His Friends Gives Damaging Evidence Against Him.

HIS ALLEGED ALIBI DISPROVED.

The Prisoner Confessed to Bis Friend That He Was Not at Dr. Chener's Lecture the Day Miss Blanche Lamont Was

SAN FRANCISCO, Oct. 7.—The Examiner says: One of the greatest sensations in the Durrant case, and one which comes now as a climax with crushing weight upon the accused, has become the property of the prosecution. Theodore Durrant not only confessed to a classmate that he had no notes of Dr. Cheney's lecture, but he begged his friend to take his notes to his mother, Mrs. Durrant, that they might be copied.
"I have no notes of that lecture." the

accused student said, "and I only need them to complete my alibi." When the student to whom Durrant

made the confession takes the witness stand the crumbling fabric of the defense will fall. The student to whom Durrant made the fatal acknowledgment is his classnate and friend, Dr. Gilbert F. Gra-ham. It was not Graham's purpose to tell what he know. For the sake of an old friendship and the memory of his college

many other allments when they have taken hold of the system, asver gets better of its ewn accord, but Constantly groves worse. There are thousands who know they have a defective heart, but will not admit the fact. They want their friends to worry, and Don't know what to take for it, as they have been told time and again that heart disease was incurable. Such was the case of Mr. Silas Farley of Dyesville, Ohio who writes June 19, 1894, as follows: "I had heart disease for 23 years,

my heart burting me almost continually. The first 15 years I doctored all the time, trying several physicians and remedies, until my last doctor told me it was only a question of time as I could not be cured.

I gradually grew so, very weak, and completely discouraged, until I lived, propped half up in bed, because I couldn't lie down nor sit up. Thinking my time had come I told my famlly what I wanted done when I was

gone. But on the first day of March on the recommendation of Mrs. Fannie Jones, of Anderson, Ind., I commenced taking Ebr. Miles' New Cure for the Heart wonderful to tell, in ten days I was vorking at light work and on March 19 commenced framing a barn, which is heavy work, and I hav'nt lost a day since. I am 56 years old, 6 ft. 4% inches and weigh 250lbs. I believe I am fully cured, and I am now only anxious that everyone shall know of your wonderful remedies."
