COUNTY SHERIFF,
JOSEPH W. GEARY, Jr., of Pottsville.

The best advice we can give our readers who contemplate early purchases is to patronize those merchants who use the columns of the HERALD.

The Republican League is making preparations to take an active interest in the present campaign. A meeting has been called for Friday night for that purpose, and every member is expected to be present, and lend his assistance for the success of the ticket.

A building boom has struck this town, and carpenters, bricklayers, plasterers, painters and other mechanics are busy. This, together with full time at the mines, ought to make business boom. Our merchants are anticipating a lively trade this fall, and we believe their expectations will be realized.

GOVERNOR HASTINGS has announced that he will not be a candidate for delegate to the Republican National convention, while ex-Mayor Stuart, of Philadelphia, has announced his intention to run as a Martin adherent. There is likely to be a contest on the same lines as for the state convention this year.

A DECLINE in valuations as fixed by the Commissioners is noted in almost every town in the county, and it is especially low in Shenandoah. The decrease in this town is about \$100,000, while Pottsville has declined \$183,101. This is accounted for by the reduction in occupation valuations.

MANY people remember the dreadful accident on the P. & R. R. near Locust Gap in May, 1888, when a car loaded with powder exploded, causing the loss of several lives and great damage to property. It is recalled by the fact that the case of Miles Dougherty against the company for damages was decided in the Supreme Court at Pittsburgh yesterday. The lower court gave him judgment for \$1500. The company appealed and the Supreme Court has now reversed the judgment of the Northumberland court.

There is some ground for believing, says Harper's Weekly, that when the Earl of Dunraven departs from our shores he will leave a new world behind him for our use. To dunaven, it seems, is to refuse to play without showing adequate grounds for withdrawing. A dunaven, accordingly, is a refusal to play for reasons not considered satisfactory. The new word is three syllables long, which is against it. But persons who use it hold that it conveys with lucidity and dispatch an idea which could not otherwise be imparted without considerable circumlocution. It is proper to add that the word is admitted to be an Americanism.

The application of the Citizens Trust, Power and Light Company of Mahanoy Township, presented at the last meeting of the Borough Council, asking for right of way through the town, has been favorably commented upon by our citizens. While every word made tending to decrease the price of illumination and power is welcomed by all, yet there seems to be a universal desire to know who are the incorporators of the company and its standing. Council did a very wise thing in referring the question of the grant to a committee for investigation before taking final action. We have no doubt that the company in question is composed of men who are fully able to meet all demands, yet the experience of our Borough Fathers in the past is sufficient to show them that rights once given are not so easily revoked, and promises made are often broken.

The question of water is daily becoming one of great importance. Mahanoy City will build a large storage dam, and Ashland has appointed a committee of prominent citizens to investigate the water system of the borough and to report upon the best plan

to improve the same. The supply of the latter town is expected to give out entirely unless it rains. The report of the committee as to the best means of improving the water supply is awaited with much interest, not only by the residents of Ashland but every town in the region that has suffered from a like cause. 'Tis true that Shenandoah has had sufficient water for all necessary purposes, yet there seems to be an universal opinion in favor of the erection of another storage reservoir. The water committee of the Borough Council has had the matter under discussion for some time, but no definite action has yet been arrived at. The present drought is an exceptionally severe one, and the probabilities are that the region will not witness such a dry spell within a number of years, yet there is an increase demand for water with each succeeding summer. It is a commodity that is never a drag upon the market, and the supply cannot be too great and will never equal the demand. The Borough Council will be upheld in every effort it makes to improve upon and increase the capacity of the present plant.

The Darlington, Wis., Journal says editorially of a popular patent medicine: "We know from experience that Chamberlain's Colic, Cholera and Diarrhoea Remedy is all that is needed for it, as on two occasions it stopped excruciating pains and possibly saved us from an untimely grave. We would not rest easy over night without it in the house." This remedy undoubtedly saves more pain and suffering than any other medicine in the world. Every family should keep it in the house, for it is sure to be needed sooner or later. For sale by Grubler Bros., Druggists.

An Illinois Earthquake.
WENONA, Ill., Oct. 8.—The inhabitants of this town were greatly alarmed by an earthquake. The shock occurred at 1:30 a. m., and was preceded by a rumbling noise that awakened nearly every one. There was a fall for two or three minutes, followed by more rattling, and then more quaking, which was so violent as to shake dishes from the pantry shelves. Many people ran to the streets in their fright, and in some instances women screamed for aid. The shock was so violent that a great deal of damage was done to the coal mines in this vicinity.

Bannock Indians' Revenge.
IDAHO FALLS, Idaho, Oct. 8.—J. W. Wilson, a scout and courier for the United States troops stationed in Granite Canyon, arrived here and reported the killing of Captain Smith and two companions by Indians in the lower end of Jackson's Hole on Thursday morning. Captain Smith was the man who precipitated the Indian fight last July in the Jackson's Hole country. At that time he killed one or two Indians, and was himself shot in the breast, but recovered. The Indians then sought vengeance.

Austria's Minister Satisfied.
UNIONTOWN, Pa., Oct. 8.—The reports of murders and evidences during the strike last year reached the Austrian government in exaggerated form, and prompted Emperor Francis Joseph to order an investigation through his representatives in this country. Baron Hengemuller, the Austrian minister at Washington, has investigated, and says he will report to his government that he thinks the miners are well provided for. He will also deny that there were any atrocities during the strike last year.

Shot Into a Crowded Dance Hall.
HELESA, Mont., Oct. 8.—While the neighbors at Avon, a wood camp thirty miles west of here, were having a dance, a man named Jack Caddick opened fire on the room full of people with a revolver. He instantly killed Jason Lutensford, a peaceful and respected citizen, and shot Tom Thomas through the shoulder. He fired several more shots that flew wild. Preparations were making to lynch him when he was landed in jail.

Killed His Wife and Himself.
SPRINGFIELD, Mo., Oct. 8.—Al Vernon, Lawrence county, thirty-five miles west of here, George Napper shot and killed his wife and ended his own life by the same process. Mrs. Napper had filed divorce proceedings and refused to longer live with him. Eight children are left orphans. Napper was a money lender.

The Bliss Poisoning Case.
NEW YORK, Oct. 8.—It is rumored around police headquarters that an important arrest has been made in connection with the Bliss poisoning case. The man supposed to have been arrested is Ferdinand Wilcox, who, it is said, will be used as a witness for the prosecution in the trial of Mrs. Fleming.

Government Aid for Flood Victims.
HAVANA, Oct. 8.—The government has increased from \$5,000 to \$50,000 its subscription to the fund to assist the sufferers from the cyclone and flood in Vuelta Abajo. The bodies of ten more victims of the flood have been recovered.

Points of a Car Famine.
KANSAS CITY, Mo., Oct. 8.—Within the next few days there is likely to be a car famine on the western railroads. The movement of the crops is already taking some of the lines to their fullest capacity, and shippers are being urged to unload cars promptly. Although the Chicago, Milwaukee and St. Paul has 200,000 freight cars, and several thousand more under lease, the system is 1,200 cars short already.

To Float the Cristobal Colon.
HAVANA, Oct. 8.—Admiral Uta, commander of the Spanish naval forces here, left Havana yesterday on board the Spanish cruiser Contra Maestre for the Colorado reefs in order to personally direct the operations of trying to float the wrecked cruiser Cristobal Colon or, failing in this, to save her guns, etc.

Three New Cardinals.
PADA, Oct. 8.—The Pigeon says that the next consistory will be the occasion of creating the following cardinals: Mgr. Ferrata, the cardinal of Paris; Mgr. Agliardi, the cardinal of Vienna; and Mgr. Sastelli, the cardinal delegate to the Roman Catholic church in the United States.

Illinois' Legislative Bribery.
SPRINGFIELD, Ill., Oct. 8.—The grand jury has made a final report and adjourned. They found but one bill for bribery in the legislative investigation, but there is evidence of several cases in which Chicago and Peoria grand juries can find indictments.

PERHAPS THIS MAY HELP YOU.

"My food does me no good," you say. Then it does you harm. There is no halting place between these extremes. Digested food alone gives health and strength. Undigested food soaks, or ferments in the stomach and becomes a poison to the whole body. It causes headache, heart palpitation, liver and kidney trouble, distress after eating, pains in the chest and sides, and the tired, languid heavy feeling we hear so much about. When the digestion goes wrong every function of the body goes wrong. Yes, and the mind, too. Men fail in business and die poor for no other reason than this—they are weak, dulled and stupefied by dyspepsia. The lives of a host of women are brightened in the same way. You may be one of this miserable multitude. The writer of these lines was one of your number a short time ago. I tried dozens of things to get cured, but just as you have done, no doubt. The thing which at last succeeded with me may succeed with you. It is a store of those wise and good people—the Shakers, of Mt. Lebanon, N. Y.—called the Shaker Digestive Cordial. It is not a purgative, which at best gives only transient relief. It is in itself a digestive food and also a corrector of the digestive function. You can eat and digest your food while taking this cordial. It helps you at once and soon makes the stomach vigorous and healthy. It is not like any other so-called dyspepsia cures. It is prepared by the Shakers principally from herbs cultivated by them. They do not ask you to spend a dollar for a bottle while we are in the dark as to its virtues. They take that risk themselves. Almost any druggist will sell you a trial bottle for ten cents, so you can see whether it is what they say—and adapted to your case. And isn't even the mere chance of a cure worth that much?

CHAMPIONS GET A GAME.

Baltimore Defeats Cleveland by a Score of 5 to 0.
BALTIMORE, Oct. 8.—The champions tasted the sweetness of revenge yesterday by shutting the "Spiders" out without a run, this, in a measure at least, getting even for the three defeats they met in Cleveland. The playing yesterday seems to indicate that the home team will make it three straight here, and that the seventh game of the Temple cup series will have to be played. More than 10,000 people saw the battle, and the enthusiasm was unbounded, so much so, in fact, that some of the rougher element forgot themselves and offered some indignities to the visitors.

Paper balls, peanuts, one or two eggs, and finally a rock were thrown at them as they left their hotel for their grounds, and after reaching there they were hissed by a small part of the crowd, but this was frowned upon by the majority, and there were no further attempts at insult during the game.

It was purely a pitchers' contest, in which Esper had the best of it. Cuppy, though a bit wild, held the visitors down to nine hits.

The run getting began in the second, when Brodie got home on Carey's two-bagger to center, after having reached first on a force hit and second on Gleason's sacrifice. Two more were made in the third. McGraw and Keeler coming home on a bunt by McGraw, another by Keeler, a single by Jennings, a hit by Esper and a long fly by Brodie. This performance was duplicated in the seventh. Keeler going to first on a hit, after two men were out, to third on Jennings' single and home on Kelly's single to left, which also brought Jennings across the plate. The visitors, as a rule, went out in one, two, three or four, and at no time did they seem dangerous. Score by innings:

	1	2	3	4	5	6	7	8	9	R	E	E
Baltimore	0	1	0	0	0	2	0	0	0	3	0	0
Cleveland	0	0	0	0	0	0	0	0	0	0	0	1

Cure for Headache.

As a remedy for all forms of Headache Electric Bitters has proved to be the very best. It affects permanent cures and the most obstinate neuralgic headaches yield to its influence. We urge all who are afflicted to procure a bottle, and give this remedy a fair trial. In case of habitual constipation Electric Bitters cures by giving the needed tone to the bowels, and few cases long resist the use of this medicine. Try it once. Large bottles only 50 cents at A. Wasy's Drug Store.

A Woman's Fatal Jump.

STROUBSBURG, Pa., Oct. 8.—During the absence of her nurse Mrs. John Knox Marshall, wife of a prominent Boston manufacturer, jumped from the third story window of Crossdale's boarding house, at Delaware Water Gap, and sustained injuries which will cause her death. She fell a distance of twenty-five feet, striking on her head. Physicians found that she had broken one rib, cracked one shoulder blade and was internally injured. She was a victim of nervous prostration, and her act was probably the result of temporary insanity.

Two Sailors Shot and Killed.

LAWES, Del., Oct. 8.—Two unknown Swedish sailors were shot yesterday by the owners of a sturgeon skiff which was stolen from the Jersey shore of Delaware Bay about two weeks ago. The sailors, who were thought to have stolen the skiff, were overtaken in a thoroughfare between Cobb's Island and Cape Charles, Va. They were called upon to surrender, but refused, and attempted to escape. The pursuers were instantly killed and the other died as the party reached the shore.

WILLIAM W. STOREY DEAD.

The Eminent American Sculptor, Artist and Poet.
LONGDON, Oct. 8.—The Times this morning announces that William Westmore Storey, the American sculptor, died at Vallombrosa, at the residence of his daughter, the Marchesa Peruzzi. William Westmore Storey, artist, sculptor and poet, was born at Salem, Mass., Feb. 12, 1810, and was the son of Joseph Storey, associate justice of the supreme court of the United States, and the famous commentator on the constitution. He was graduated at Harvard in 1838, and its law department in 1840. He was admitted to the bar, and devoted his attention largely to the preparation of law reports and a treatise on contracts. At the same time he was a frequent contributor of both prose and verse to various periodicals. In 1848 his fondness for art led to his going to Italy, where he had ever since resided, devoting his attention chiefly to sculpture.

Purifying Pittsburgh.
PITTSBURGH, Oct. 8.—J. O. Brown, director of the department of public safety, who sat as judge in the investigation of charges of bribery, blackmail, etc., against certain police officials, has made a report to Mayor McKenna. He censures Chief of Police O'Mann and some of his subordinates, and makes a number of recommendations, among them that the detective force be divorced from the bureau of police, and that the employees be accorded the right of appeal before being discharged. Director Brown also announces that hereafter he will abandon his administrative policy and only enforce the law, which means a continual war upon the disorderly houses, gambling rooms, etc.

Poisoned at a Wedding Feast.
SABULA, Ill., Oct. 8.—The singularly distressing illness among the guests at the wedding of John Taplaw and Anna Gage led to the investigation of the medical fraternity of this and other cities, but so far no physician has been able to correctly diagnose the disease. Three deaths have occurred and eighty persons are confined to their beds, several of whom are not expected to live. These include S. E. Day, mayor of Sabula, and John Taplaw, the bridegroom. It was ascertained that meat cooked for the wedding had become tainted, the affair having been delayed for four days.

Connecticut Town Elections.
NEW HAVEN, Oct. 8.—Yesterday was town election day in Connecticut, elections being held in 164 out of the 168 towns in the state. Norwich went Republican and in favor of Hoese. In Putnam the license advocates had a majority of 144. In Waterbury Kilbuck Democrat, elected mayor. In Danbury the Democrats captured the selectmen's offices and the Republicans the remainder of the town ticket. License was voted by a majority of 900. In Huntington, which has been dry for two years, the vote for license was 412, against 400. The Republicans elected their town ticket.

Ohio's Free Silver Democrats.
COLUMBUS, O., Oct. 8.—The silver Democratic state central committee, of which A. W. Thurman is chairman and W. Durbin secretary, issues an address to the Democrats of Ohio, urging concentrated action looking to the control of the next national Democratic convention. The address declares that members of the legislature should be uncompromisingly pledged to vote in favor of an open party caucus for the naming of a United States senator and against the selection of any man who is in favor of the free coinage of both gold and silver.

General Ecels Still Belligerent.
SAN BLAS, Mex., Oct. 8.—General Antonio Ecels, of San Salvador, who just arrived here from San Francisco, has issued a long manifesto written in Spanish. He says he will summon the legislature of 1894; that life, liberty, property, agriculture, trade and industries will be encouraged, and he will especially establish enlightened education in the country. He says he will adopt the single gold standard of money, using the value of the United States until such time as the country shall be able to issue its own coin.

Eighteen Killed on the Rail.
BRUSSELS, Oct. 8.—Two heavily laden passenger trains came into collision between Wavre and Otignies, about eighteen miles from this city, and most of the cars of both trains were wrecked. Eighteen persons were killed outright and a hundred injured, some fatally. Among the passengers were M. Beernaert, president of the chamber of deputies, his wife and her sister, Mme. Moulon. The latter was killed, and Mme. Beernaert was injured, though not seriously. M. Beernaert was unhurt.

Homan's Sentence Affirmed.
WILKESBARRE, Pa., Oct. 8.—The supreme court, sitting in Pittsburg, yesterday sustained the verdict of murder in the first degree rendered in the case of William Penn Homan, aged 20 years, in this city. The condemned man was notified of the court's decision last evening. He was removed, and said he still hoped for the best. A strong effort will be made to have the board of pardons commute the sentence to life imprisonment.

Valuable Lumber Destroyed by Fire.
GREEN BAY, Wis., Oct. 8.—At the docks of the Murphy Lumber company three-quarters of a million logs were swept away by a forest fire. Out of 7,000,000 feet of select lumber on the dock 2,000,000 to 3,000,000 feet were destroyed, together with docks and a number of buildings. The loss is \$100,000. The fire was caused by a spark from a tug.

NUGGETS OF NEWS.

It is very definitely settled that there will be no football game between Harvard and Yale this year.

At the socialist congress at Berlin yesterday Herr Liebknecht bitterly denounced Emperor William.

Effie and Adelle Evans, sisters, aged 15 and 10 years, respectively, were burned to death by a lamp explosion at Woodlawn, Ala.

In the glove contest at Baltimore last night, between "Kid" McCoy and Abe Ullman, McCoy won in the thirteenth round.

Six thousand citizens of Chattanooga gave a patriotic greeting to the old liberty bell and its secret when it reached that city last evening.

The state of A. R. of Rhode Island has decided to erect a monument to the Roman Catholic soldiers of the state who fell in the civil war.

In an interview at Nashville ex-Speaker Crisp said: "I still favor the free coinage of silver, and think perhaps I may make a speech or two in Georgia on that line before congress meets."

SICKNESS WITHOUT SYMPTOMS.

DISEASE THAT DOESN'T MAKE YOU FEEL SICK TILL TOO LATE.

Symptoms are Nature's Danger Signals. Bright's Disease is Dangerous Because Its Danger Signals are so Weak.—Kidney Trouble and How to Cure Them.

Bright's disease has no symptoms. That is, of course, it has some symptoms, but they are so common that everybody suffers from them more or less.

And yet we have not all got Bright's Disease. We nearly all have headaches. Headaches are a sign of Bright's Disease; Nervousness, Thirst, Hot Skin, Loss of Flesh; these are other symptoms.

Who could suppose he was dangerously sick when he simply had these symptoms? Yet Bright's Disease often has hardly any other, outwardly, and is still one of the diseases most dreaded of physicians.

If it is allowed to run on too long it is incurable. Even in the beginning, ordinary drugs are often unable to help it. But Dr. Hobb's Spangus Kidney Pills will cure all cases of Bright's Disease if taken before the kidneys are so worn out that removing them is impossible.

Most sicknesses are caused by the kidneys, because it is the kidneys which are supposed to keep the blood pure. When the blood is impure, it causes just the same symptoms as mentioned above for Bright's Disease.

If when you are sick, we would take Dr. Hobb's Spangus Kidney Pills, we would cure Bright's Disease if we had it, and in any case we would purify our blood and relieve the symptoms which made us feel sick.

Hobb's Spangus Kidney Pills are made from the roots and stalks of the Spangus Plant under a special process. They have a tonic and healing effect upon the kidneys. They repair the effects of overwork, worry, excess, etc. They strengthen and nourish the organs and give them new vitality.

Kidney troubles caused by wounds or bruises can be cured with Dr. Hobb's Spangus Kidney Pills. The kidneys filter our blood. They keep it pure and free from poisonous matter.

When our blood is impure we suffer from Bright's Disease, Diabetes and other kidney diseases, and from Rheumatism, Gout, Anemia, and other blood diseases.

The cure would be to take Dr. Hobb's Spangus Kidney Pills. By curing the kidneys we would make them purify the blood, and thus would cure all kidney and blood diseases from which we might be suffering.

Dr. Hobb's Spangus Kidney Pills are for sale by all druggists, or will be sent to any address by mail, prepaid, on receipt of price, 50 cents per box.

Valuable pamphlet on the subject mailed free on request. Hobb's Medicine Co., Chicago or San Francisco.
