A FIGHT BETWEEN MINERS

A Woman Frightened to Death and One Man Fatally Injured.

EVERY MAN IN THE PARTY HURT

The Affair is the Result of an Old Feud Between the Combatants—The Leaders Have all Been Arrested and Placed in Custody.

GROVE CITY, Pa., Oct. 9.—A riot among the miners at Chestnut Ridge has caused great excitement here. One woman is dead and one of the miners is in the lockup in a critical condition. Ned Phillips, a disreputable character, went to Chestnut Ridge and got together his followers, and proceeded to the house of Abe Stone, a miner, with whom Phillips was on bad terms. When admittance was refused the crowd they began breaking the windows. Stone fired his revolver into the crowd, and by this time his friends had come to his assistance.

A general fight took place inside the house, and the fight was to the death. Knives, revolvers, clubs and gas pipes were used as weapons. The house was wrecked, the floors literally covered with blood, every window is broken and the furniture completely demolished.

Every man in the party is pretty well battered up, Stone and Phillips suffering the worst. Stone will probably recover, but Phillips cannot live. His head was cut and bruised badly, and one of his eyes was protruding from its socket. He is also cut and bruised about the body.

Mrs. William Smith, who lives just across the street, was literally frightened to death. She saw Phillips being pounded over the head with a club, and without a word she fell over dead.

Leaders of the rioters have been arrested.

DEATH LIST NUMBERS FIVE.

Five Boss Davis Probably Responsible for the Wilkesbarre Mine Disaster.

WILKESBARRE, Pa., Oct. 9.—The debris in the Dorrance mine was cleared up by 7 o'clock last evening, and a search of all the breasts and gangways failed to reveal any more bodies. The list of dead will therefore not exceed five, unless Blanchard and Miller, who are in the hospital, should die.

The feeling in mining circles is that Five Boss Davis was to a great extent responsible for the disaster. He had no business to allow the engineering corps to enter the old chamber until he had first ascertained whether or not there was any gas in the place. He carried a safety lamp, while the surveyors had naked lights. Although Davis had been in that part of the mine a short time before, and had found no gas, miners say that does not exonerate him, as gas in a mine will sometimes accumulate very rapidly. As the man paid the penalty for his own negligence, it such it was, the public is not inclined to censure him, but rather to extend sympathy to his afflicted family.

Gondarmes Charged the Townspeople.

MUSSTER, Westphalia, Oct. 9.—There has been a growing agitation here for some time past against the order issued to close the beer gardens and other similar places for obtaining refreshment at a much earlier hour than customary. The result is that a number of serious conflicts have taken place between the police and the inhabitants in the streets of this city. Matters finally reached a crisis last evening when the gondarmes and police charged a mob of townspeople with drawn swords, wounding many of the latter. There is a very bitter feeling against the authorities, and it is feared that there will be more trouble before long.

Captain Beck Gains His Point.

OMAHA, Oct. 9.—Federal Judge Shrus, sitting at Lincoln, has dissolved the injunction that restrained Captain Beck, the Indian agent on the Winnebago reservation, from using his police to evict settlers who refused to leave their farms. The court has also issued a mandatory injunction, which is practically an eviction of about 350 sub-lessees. The court sustains the agent. The lands are covered with corn, a heavy crop having been raised, and the lessees may see great hardship.

To Remove a Veteran Supervisor.

BALTIMORE, Oct. 9.—Governor Brown last night notified John G. Holland, supervisor of elections, that he had decided upon Mr. Holland's removal, because of "extreme age and infirmities," and that he would hear anything Mr. Holland had to offer that might bear upon the case on Thursday. Governor Brown did not decide, as was expected, the cases of Supervisors Bians and Cairns, against whom charges were recently preferred by the Reform League.

The Conflict in Formosa.

SHANGHAI, Oct. 9.—A dispatch received here from Tokio says that the Japanese forces on the island of Formosa have met and routed the main body, consisting of 10,000 men, of the Black Flags. The engagement took place near the River Tao-Ling. The dispatch adds that the Black Flag leader, General Lin-Yung-Fuh, is surrounded on three sides by the Japanese troops, and that his capture and that of all his warriors is assured.

Colonel Forney Guilty.

WASHINGTON, Oct. 9.—The report of the court martial in the case of Colonel James Forney, of the marine corps, recently tried at the Brooklyn navy yard, has been received here and shows that the court found him guilty of neglect of duty. The charge of embezzlement was declared to be partly proved, but not wholly sustained. Of the numerous other charges and specifications he was acquitted. The sentence is that he be publicly reprimanded.

TEACHERS' MEETING.

A Pleasant Time in the Primitive Methodist Church Last Evening.

A large number of people had a very pleasant and enjoyable time in the Primitive Methodist church last evening. The occasion was the quarterly teachers' meeting and entertainment. Superintendent Edward J. Cooper conducted the exercises and opened them with a brief but very appropriate address. The program was as follows: Hymn, audience; invocation, John W. Hoskins, assistant superintendent; solo, "Thinking of Home and of Mother," Annie Robinson; recitation, Lizzie Sharrocks; reading, "The Judge's Temperance Lecture," John T. Bath; solo, "After," Sarah Baugh; essay, "Sunday schools—their origin and accomplishments," W. H. Bath; recitation, Lillie Howser; singing; reading, "A Wayward Life," Annie Thumans; solo, "The Little Gardener," Ida May Robinson; organ solo, Nellie Baugh; address, Jackson White; recitation, "Which shall it be?," Jennie Haires; duet, Lizzie Oston and Essie Major; solo, "None Like Mother to Me," Thomas Hall; solo, Beckoning Hands," Lizzie Amour; reading, "Papa, good night," Alfred Millicap; address, "What the Sunday School has Done for Me," Mirsial Baugh; remarks by critic, W. H. Bath; singing, congregation; benediction, pastor.

At the close of the entertainment all retired to the lecture room in the basement of the church, where the ladies of the school served coffee and bread and the latter part of the evening passed as pleasantly as it did during the entertainment.

Seriously Burned.

Michael Semar, of Ashland, and Michael Snyder, of Little Dutchland, were seriously burned about the hands and face by an explosion of powder at the North Ashland colliery this morning. The injured men had to be transferred to their homes in an open spring wagon, as the colliery is without an ambulance. The attending physicians claim that the exposure to the wind will cause some delay in the recovery of the patients.

Contracts Awarded.

The County Commissioners have awarded the contract for building a stone bridge at Tanquica to Philip Keller, of that place, at a price of \$4,965. The Horseheads Bridge Company received the contracts for the iron bridges at Ashland and Pine Grove at the price of \$1,764 for the former, and \$1,170 for the latter.

The Paved Streets.

The work of repaving the parts of Main street that were torn up for the laying of the public water works pipes has begun. The paving of the two squares present a sad contrast to the appearance when the original work was done. The frequent tearing up and relaying of patches here and there has destroyed the uniform appearance in the rows of blocks and in some cases the ruts appear dangerous.

"DEMOREST"

is the name of one of the best Sewing Machines now manufactured.

How much and yet how little most folks know about Sewing Machines.

How many do know the crust of "expense," counted in the usual retail price of all Sewing Machines.

It would astonish buyers if they knew what actual cost is and what retail price would be were machines sold on the same basis as the Dry Goods, Shoes, or other merchandise.

Why not sell them so? Time for important patents has expired. The field is now open, therefore we offer you now a

Taken all in all, we count the "DEMOREST" the best Sewing Machine in the market.

How can we sell such a machine at \$19.50? Easy enough.

MAX SCHMIDT.

John Titman Loses a Setter.

Some time ago John A. Titman purchased a valuable English setter from B. J. Vost and placed the animal in charge of a trainer at Gettysburg. He spent about \$40 in training and incidental expenses and prided himself on having a first-class hunting dog. A few weeks ago the trainer wrote that he had an offer of \$60 for the animal, but Mr. Titman answered that it was not for sale. Recently a second message was received, stating that the dog had died suddenly. Titman does not say that there is anything suspicious about the matter, but he does a lot of thinking.
