A YOUNG man charged with theft has been in the Tombs in New York for ten weeks without trial and it appears the District Attorney's office knows nothing about the case. Had this happened in Philadelphia the Metropolitan papers would kick up a great hullabaloo about everybody being asleep in that city.

THE Republicans of Schuylkill countythat is, those who are so from principle-have but one object in view in the present struggle, namely, the triumphant election of every man upon the ticket. The question of naming the subordinate positions in the various offices to be filled is of small moment, and no true Republican will inject such a discussion at this stage of the campaign. That is a matter to be settled after the election. The Republican voters are more interested in the success of the ticket than anything else just now. We trust the gallant Major will turn in and he with the "boys" once more.

LORD SACKVILLE, he of Murchison letter fame, has the faculty of putting his foot in it whenever he opens his mouth. ### Views of an English Paper on the International Controversy.

LONDON, Oct. 10 .- The statements made by Lord Sackville, who as Sir Lionel Sack-ville West was the British minister at Washington in 1881 89, in a pamphlet marked, "For private circulation only," cles. Truth, commenting upon the state ments made, says:

"Whether It was courteous or judicious for Lord Snekville to publish this attack when Mr. Bayard is ambassador in Leu don is a delateable question, to which it may, however, reasonably be replied that Mr. Bayard was immeasurably courteous and injudicious in his behavior toward Sackville-West when the latter was at Washington. Mr. Bayard, there fore, would be mean to complain of this point. But the matter acquires exceptional interest when it is considered aide by side with a recent dispute regarding th for the America's cup. It should be remembered that Sackville-West was the victim of an election trick. An indiscreet expression of opinion upon his part was exaggerated for the purpose of exciting anti-English agitation. The trick was successful, and Sackville-West was handed his papers. England, in the person of her envoy, was growily and wantonly insult d. Mr. Cleveland, however, falled to secure the election.

"In our relations with America, experience teaches us always to be on the alert. This has made the English, perhaps, over suspicious, and being so, they possibly imagine trickery where it does not exist. For this reason it is specially advisable that international contests be discontinued until this impression is re-moved or the Americans realize that they are sufficiently strong to depend upon themselves, without the support of sharp The two nations are very nearly practice. allied, and everything should be done on both sides of the Atlantic to units them more closely. itive and Permanent Cure-With Mun-yon's Home Remedies You Can Become "At present the military situation in Cuba is satisfactory The rebellion has atteined greater scope than I anticipated 'At present the millingy situation in

"At present there are numerous small bands of insurgents scattered about the country in the provinces of Santiago, Camaquez and La Villas. In Matanzas there are only a very few rebels against authority. The insurgents are not all armed, and their supply of ammunition is deficient in some districts.

"There is a considerable number of Spanish troops, on the island thoughfit is not as large as the conditions warrant. The war will be conducted on different lines from the last one. I have a definite polley in my operations. In November there may be looked for as active and as aggressive campaign as I can make.

'My present plan is to divide the troops Into small detachments, the number of each column varying according to circum stances. Were I to send out a column of say 5,000 men they would have the march try where they find shelter. "I do not understand Gomez's course. 1

think highly of his military capacity, but he does nothing. Perhaps he is restricted by the orders of the junta in New York; or he may be very short of ammunition.

"The Spanish blood does naturally seek It rather avoids one. But when a fight. compelled to fight the Spaniard become a hero. The insurgents are without dis cipline, and they rarely are aggressive fighters. But drive a Cuban into a corr, with his back to the wall, and he will fight like a hungry wolf.

The lack of arms and ammunition has always been a drawback to the insurgents. They usually have nearly as many un-armed men as armed ones. When there is an engagement the unarmed men carry off the dead and wounded, taking care to secure the fallen man's arms first.

KIDNEYS CURE SICKNESS.

SICK KIDNEYS THE CAUSE OF A HUN-DRED DISEASES.

How Kidneys Cause Disease by Not Attending to Their Duties--How They

Can Cure Diseases by Purifying the Blood-Our Blood Filters

-How to Cleanse Them.

Your lungs supply air to your blood. Your heart pumps it all over your body. Your kidneys filter it.

You would die if any of these three great organs stopped their work.

But if any one is more important than the others, it is the kidneys.

If your heart is the cause of one disease, your kidneys are the cause of twenty. Treating the kidneys is a great help in

some lung and heart diseases. But treating your lungs or your heart will

never benefit your kidneys. When you feel dull, ambitionless, dizzy, tired, nervous, have pain in your back, head-

ache, chilly sensations, evil forbodings, puffiness of the cyclids, swelling of the feet for their pains. The insurgents would and ankles, when you are losing flesh and melt away in the dense and difficult coun sleep, you may be sure you have kidney . troubles.

As soon as the kidneys fall sick they stop doing their work. The stop filtering the blood.

There is poison in unfiltered blood. The poison is what causes so-called "blood diseases," such as Rheumatism, Gout, Amemia, Chlorosis, Neuralgia, Eruptions, etc.

etc. The kidneys cause these disenses. The kidneys cau cure them, if they are themselves first cured. They can be cured with Dr. Hobb's Sparagus Kidney Pills. The wonderful action of Dr. Hobb's Spara-gus Kidney Pills on the kidneys lies in the great curative powers of the Asparagus plant.

You can test its tonic action on your

kidneys by cating a dish of it. But this action is a thousand times strengthened in Dr. Hobb's Sparagus Kidney

Pills. They contain the active ingredient of Asparagus, extracted by a special process. They are strong. They act instantly. They give immediate relief. They give immediate relief. They cure in a very short time. But they are perfectly harmless, purely vegetable, and contain nothing injurious to health

Kidney troubles are dangerous. Bright's Disease is the worst of them. Dr. Hobb's Sparagus Kidney Pills will cure

promptly gave him his passports and sent him home to England. His lordship has now published a book "for private circulation only" upon his mission. It is truly a wonderful book, and it is not surprising he was recalled. The only surprising thing about the whole matter is that John Bull, who is usually very discerning, should ever have put such a consummate ass-begging his lordship's pardon-in such a responsible position.

#### THE POLITICAL OUTLOOK.

While there appears, from the surface indications, to be a political fight on hand in this county, yet a lukewarmness existanmone the voters that is a bad omen to one of the two parties. Which one will suffer most from this apparent indifference is a question hard to decide. The political wiseacres account for it from the fact that this is an off year, and that the voters are quietly doing their own thinking.

Schuylkill is classed in the Republican column, under favorable conditions, and rightfully, too. The same conditions that caused the success of the Republican party in the last two campaigns is this county exist be-day, and in some respects to a much Lauer's greater extent. Democratic mismanagement in nation, state and county is just as much apparent, and no Democratic orator has the hardlhood to rise to the defensive. There is Lager and not a department of public administration that does not show mismanagement since Democracy assumed control. This state of affairs exists to an alarming extent in this Pilsner Beers, county. Here is the indictment as promulgated by the Republicans in their platform. Read it carefully and ponder long and well: "We condemn the uniform incompetency of the Democratic county officials and especially denounce the present flagrant mismanagement of the District Attorney's office of pigeon-holing indictments against political heelers who openly defy the election laws; and call upon all good citizens, irrespective of party, to assist us in electing to that office a lawyer of such legal attainments and personal integrity as will ensure a proper administration of its duties and the punishment of all offenders, regarilless of party or political influence.

It would seem that the Republican ticket should win easily, with a record such as their dvenaries are compelled to go before the pople with. Besides, every individual
