DIRECTOR OF THE POOR,

COUNTY SURVEYOR,
JOSEPH W. GEARY, JR., of Pottsville.

IN PENNSYLVANIA there is an army of 1,304,306 Sunday school scholars.

AN applicant for naturalization in Philadelphia was refused because he had been a resident of this country thirty-two years, and only desired the boon for protection during a trip to Germany. That judge was a wise one.

THE Republicans of Schuylkill county have placed in nomination a ticket that has many elements of strength, and every man upon it is worthy the support of his fellow citizens. Not one word can be said derogatory to their character as a private citizen or public official. They stand upon their own merits, and in comparison to their Democratic opponents are in every way the gainers.

WE still maintain that the item published in reference to the Mahanoy City water supply is true, and our authority for the same are members of Council who visited the plant. They deny emphatically of holding any conversation with the engineer or any one else. If the editor of the Record will visit the plant he can satisfy himself as to the truth of the blow-holes and the amount of water that flows into the stream from that source.

ONE of the most important offices to be filled this year is that of District Attorney. For that position the Republicans have placed in nomination Charles E. Breckons, and he is no stranger to the voters of this county. He has done yeoman service for the party in the past, and was always found in the thick of the fight battling for Republican principles. As a lawyer his ability is recognized even by his political opponents, and when he assumes direction of the District Attorney's office on January 1st, indictments against criminals will not be pigeon-holed as they have been in the recent past, but every offender of law and good government will meet his just dues.

THE main question for voters at the coming election in making up their ballot for Superior Court Judges is what the law has to say as to the manner of selecting them. The law creating the court directs that only six of the seven Judges to be elected can be members of the majority party. In the absence of any judicial ruling as to the alleged unconstitutionality of the acts, the voter must presume it to be constitutional and vote accordingly. This will prevent confusion, and if the law be afterward pronounced constitutional no mistake will have been made; if it be pronounced unconstitutional, the fault will lie with the Legislature, and not with the voter, who obeys all laws until the proper powers nullify or repeal them. The Supreme Court, however, has the matter in hand, and will very likely pass upon the question without delay.

UTILIZING CULM BANKS.

For many years scientists, philosophers and inventors have been making experiments as to how the culm banks may be advantageously utilized for commercial and industrial purposes. Thomas A. Edison, "the Wizard of Menlo Park," is at present giving the matter his attention, and in the due course of time the unsightly culm banks will suddenly disappear.

In the near future a meeting will be held which is to consider a gigantic scheme, second only to the harnessing of Niagara, or to the direct conversion of coal to electricity; in fact, nothing less than the conversion of the otherwise useless culm banks in the coal region into electricity in the ordinary way, and transmitting it in the shape of alternating currents to Philadelphia, which through the medium of existing companies would be transferred and distributed as light, heat and power throughout that city.

Mr. Edison has not yet succeeded in producing electricity direct from coal without the use of fire, steam and electric machinery. He has been at work upon this problem for years, and is still pursuing his investigations. It is well known by scientists that but a small fraction of the power existing in coal is obtained from it by burning it under a boiler, the losses in the conversion, first in the furnace, then in condensation in steam pipes, then in the engine and finally in the dynamo and distributing lines, could all be avoided if there could be some method of converting the coal directly into electricity the same as is done with chemicals in a galvanic battery.

Mr. Edison thinks success may yet be achieved in this direction. It would be difficult to estimate the value of such a discovery.

KRAHN'S PECULIAR STORY.

How He Gained Possession of Mrs. Gordon's Railroad Stock.

NEW YORK, Oct. 12.—"Charles Rousel," the Englishman who was arrested Thursday night charged with stealing fifty shares of Canadian Pacific stock from a Mrs. Gordon, in London, and who claimed that he bought the stock from Herbert Krahn, who had been intimate with Mrs. Gordon, confessed last night that he himself was Herbert Krahn. His confession was the result of a telegram from Scotland Yard giving his description.

His story is an unusual one. According to it he was engaged in speculation in London in 1892, advertised for rooms and was received by Mrs. Gordon. He lived upon terms of intimacy with her until March, 1895, and gave her £4,000 in money and stocks on the strength of her story that when her husband, who was 70 years old, died she would inherit £40,000 and would marry him. Finding from a man named Frederick Sinclair, who claimed to be an illegitimate son of Mrs. Gordon's, that her story was untrue he seized by force what he could find of the stocks, went to Paris and then came to the United States. He claims to have spent most of his time recently in circulating a pamphlet giving his version of Mrs. Gordon's career. Several copies of the pamphlets were found in his possession.

The Darlington, Wis., Journal says editorially of a popular patent medicine: "We know from experience that Chamberlain's Colic, Cholera and Diarrhoea Remedy is all that is claimed for it, as on two occasions it stopped excruciating pains and possibly saved us from an untimely grave. We would not rest easy over night without it in the house." This remedy undoubtedly saves more pain and suffering than any other medicine in the world. Every family should keep it in the house, for it is sure to be needed sooner or later. For sale by Gruhler Bros., Druggists.

A Wholesale Poisoner of Children.

CATANIA, Sicily, Oct. 12.—A woman known as Caetana Stomoli has been arrested for the wholesale poisoning of children with phosphorus. She administered the poison by mixing it with wine and prevailing upon the children to drink the mixture. Her victims already number twenty-three. It is stated that they all died in fearful agony. The woman has confessed to having committed the murders, and offered as an explanation that she wanted revenge for the death of two of her own children, who had been bewitched. A crowd of people attempted to lynch the unnatural wretch, and were prevented with great difficulty.

If your children are subject to croup, watch for the first symptom of the disease—hoarseness. If Chamberlain's Cough Remedy is given as soon as the child becomes hoarse it will prevent the attack. Even after the croupy cough has appeared the attack can always be prevented by giving this remedy. It is also invaluable for colds and whooping cough. For sale by Gruhler Bros., Druggists.

Korea's Queen Probably Murdered.

YOKOHAMA, Oct. 12.—Mr. Koumoura, director of the Japanese political bureau, has gone to Korea in consequence of the revolutionary uprising in Seoul. It is supposed that the queen of Korea was killed by the revolters, headed by the king's father, who recently made a forcible entrance into the palace at Seoul.

Preacher Convicted of Assault.

PLYMOUTH, Pa., Oct. 12.—Rev. Samuel Howard Chubb, pastor of the Evangelical church here, was yesterday convicted in the criminal court of indecent assault on Rachael Hitner, a 17-year-old member of his flock. The jury was out all night. Chubb has been minister four years, and is married.

ARRESTED FOR PERJURY.

Secured a Contract from New York City by Alleged Fraud.

NEW YORK, Oct. 12.—A scheme by which the city was defrauded, it is alleged, of nearly $20,000 was brought to light yesterday by the arrest in Chicago of Horace J. Hoffman, president of the Hoffman Office File company, of Milwaukee. The charge against him is perjury, preferred by Controller Fitch. The corporation of which Hoffman is president was one of the bidders to furnish metallic fixtures for the new criminal court building. Hoffman swore that no other company or person was interested with him in the bidding.

The other bidders were the Fenton Metallic File company, of Pittsburg, and the Office Specialty company, of Philadelphia. The former's bid of $49,000 was the lowest, and was accepted. The other two bids exceeded this by about $1,000. Each made the same statement in their affidavits.

Two weeks ago an interview published in a Pittsburg newspaper with H. M. Booz, president of the Metallic File company, of Philadelphia, was sent to Comptroller Fitch. The interview made Mr. Booz say he knew that the contract for furnishing the criminal court house with metallic fixtures had been obtained by the Hoffman company through fraud. Mr. Booz repented his charges to the comptroller, saying that he had learned from Mr. Hoffman himself that the Fenton and the Office Specialty companies entered into an agreement not to bid under $48,000 and the one that got the contract should divide up the profits.

GOVERNOR ADVISES PUGILISTS.

It Will Be "Unhealthy" for Them to Fight in Arkansas.

LITTLE ROCK, Ark., Oct. 12.—Governor Clarke, who has been examining the laws closely touching the gubernational power to prevent prize fighting, last night outlined his intentions in communications addressed to the officers at Hot Springs and the principals in the proposed fight. To Corbett and Fitzsimmons the governor telegraphed:

"I am advised by press dispatches that it is your purpose to engage in a prize fight in this state. The purpose of this is to inform you that such an act is in violation of our law and an affront to the sentiment of state pride entertained by our people.

"It will therefore not be possible for you to accomplish any such purpose, and any attempt upon your part to do so will subject you to penalties and to treatment that I am sure will be highly distasteful to you. I do not at this time know in detail all the complications in which you may be involved by any such attempt, but I am well enough advised of the nature and extent of the power and authority with which you will find yourself confronted to say that it will prove sufficient to deter you from engaging in a prize fight in Arkansas. This is enough for you to know.

"The question, so far as it relates to you, does not now call for the constructions of statutes or other rules of law. In the present state of public opinion, which at last is the force that inflicts penalties, prize fighters have no rights which those in authority are bound to respect. But there is no lack of law to make it now my duty to do all that I here indicate."

Vigorous Prosecution of Smugglers.

HALIFAX, N. S., Oct. 12.—A cablegram from St. John, N. F., states that the government of the colony is vigorously prosecuting breaches of the revenue law. The cruiser Fiona returned yesterday from the south coast with six prisoners, charged with smuggling rum, brandy and other spirits from the French island of St. Pierre into St. Johns. Many spirit dealers there also will be prosecuted. Already one smuggler has been sentenced to six months' imprisonment. Information from the west coast says there is extensive smuggling of spirits and tobacco between the St. Pierre and certain portions of the Gulf of St. Lawrence. The government is acting with vigor. The smuggling investigations, if followed up, are certain to involve several prominent public officials. Information of a most damaging character has been obtained within the last few days.

Burglars Beaten by a Woman.

SAN FRANCISCO, Oct. 12.—The telegraph office of the Southern Pacific road at Baden was entered by robbers while Mrs. Lona Marshall, the night operator, was in charge. They demanded money, which was in the safe, but the woman fired upon them with her revolver. The shot was returned, and the woman was slightly injured, but continued the fight, forcing the robbers to take flight. She then telegraphed to the train dispatcher here, who sent a special car to Baden, and she was brought to this city, where her injuries were attended to.

The Marblehead Ordered to Turkey.

WASHINGTON, Oct. 12.—By request of Minister Terrell, for the protection of American missionaries in Turkey and at the instance of the state department, the navy department has ordered the Marblehead to the Gulf of Iskenderoon (Gulf of Alexandretta). Minister Terrell also telegraphs that orders have been issued for all provinces to protect Americans. It is not believed that there is imminent danger of an outbreak, but the warship has been ordered to Turkey rather as a precautionary measure.

Another Episcopal Bishop for Japan.

MINNEAPOLIS, Oct. 12.—Both houses of deputies and the house of bishops of the Episcopal convention agreed on Washington as the place for holding the next convention, and one fight of the convention is settled. The house of bishops yesterday afternoon decided to elect another bishop to Japan, to be known as the bishop of Tokio. The election will occur next week.

May Yet Fight in Mexico.

HOW TO GET STRENGTH.

BLOOD GIVES STRENGTH.

Kidneys Filter the Blood and Take Out Poisonous Matter Which Weakens the System—Blood and Kidney Troubles Related.—How They May be Got Rid Of.

Blood is the strength of the body.

It makes flesh and muscle. It gets nourishment from the stomach and bowels, and distributes it where needed.

It drains away all the worn out matter.

Every movement we make, wears out some of our tissue or flesh. This worn-out matter is carried away by the blood.

The blood which contains it is poisonous, because the dead tissue is poisonous.

So it goes to the kidneys to be purified.

The kidneys are simply blood filters.

They filter out the bad matter from the blood and expel it from the body. They leave the good matter in.

The purified blood goes on and builds up the blood.

But there comes a time when the kidneys don't do their duty.

Water filters need cleaning now and then. So do blood filters.

When your kidneys are overworked, they fall sick. When they are sick, they can't filter your blood.

When your blood is not pure, there is no knowing what disease you may suffer from.

Unfiltered blood makes Sores, Pimples, Blotches, causes Headache, Dizziness, Neuralgia, Loss of Ambition, Tiredness in the Bones and Muscles, Pains in the Joints and Muscles, Pale Sickly Complexion, Depression of Spirits, and such well known diseases as Rheumatism, Gout, Anaemia, Chlorosis or Green Sickness, Hysteria, etc.

To cure them, all you have to do is to filter your blood.

The kidneys will do it if you will cure them.

You can cure them with Dr. Hobb's Sparagus Kidney Pills.

Dr. Hobb's Sparagus Kidney Pills will also cure such kidney troubles as Bright's Disease, Diabetes, Nephritis, etc.

These kidney troubles are also caused by impure blood.

First the kidneys refuse to work, then the impure blood poisons the system, and with it the kidneys themselves.

Many people make the mistake of supposing the stomach can purify the blood.

It can't.

Only the kidneys can do it.

That is what they are there for.

So that ordinary "blood purifiers" are a mistake.

A kidney medicine is what should be taken.

And then, only a kidney medicine that has the proper action on the kidneys, such as Dr. Hobb's Sparagus Kidney Pills.

Asparagus is the only plant which has just the right medicinal action on the kidneys, to cure them when overworked and tone them up, so that they commence again to purify the blood.

Asparagus cures the sick kidneys and acts naturally as a gentle tonic and regulator.

It is the principal ingredient, made by a special process, in Dr. Hobb's Sparagus Kidney Pills.

Dr. Hobb's Sparagus Kidney Pills is the only remedy which contains this especially prepared Asparagus.

Dr. Hobb's Sparagus Kidney Pills will cure when other prescriptions and medicines will not even relieve.

They are for sale at all druggists for 50 cents per box, or will be sent prepaid to any address on receipt of price.

Valuable pamphlet "A Filter for Your Blood" mailed free on request. Hobb's Medicine Co., Chicago or San Francisco.
