DIRECTOR OF THE POOR.

S. R. MIDDLETON, of Gilberton.

COUNTY SURVEYOR.

JOSEPH W. GEARY, JR., of Pottsville.

LOUISIANA has just sold some state bonds
at par for the first time since the war.

A CORRESPONDENT wants to know when
the custom of taking off a hat to a lady was
first adopted. The exact date is somewhat
misty, but it must have been after hats were
invented, and subsequent to the creation of
ladies. Somewhere between those remote
times and the modern present the date must
lie.

THE District Attorney of Lackawanna
county has decided to have the costs placed
on prosecutors when the latter fail to appear
before the grand jury. This will be the
means of saving that county thousands of
dollars, and the same policy should be adopted
in this county. But such will never be under
Democratic management.

THE Duke of Marlborough is to receive
with his wife the magnificent sum of three
millions, only a mere bagatelle when the
inestimable boon of the title of Duchess is
given in return. But the young wife will
have \$10,000,000 settled upon her, and no
doubt the Duke feels satisfied that should
occasion demand he will have the handling
of some of it.

THE large attendance at the opening of
the evening schools in this town is very gratifying
to the school authorities, and especially
so from the fact that the school set apart
exclusively for girls is being appreciated by
those for whom it was established. This is as
it should be. There are many girls in the town
who are so situated that they cannot attend
the day schools, and it is the duty of parents
to impress upon them the great advantages to
be gained by a few hours spent in the school
room each evening.

THE Board of City Trusts usually have
a number of distinguished gentlemen as guests
upon their annual tour of inspection of the
Girard Estate, but the number this year
exceeds the average. Besides the three
judges of Philadelphia, Hanna, Brey and
Ferguson, they are accompanied this year by
Judge Wickham, of Beaver; Judge Rosser, of
Northampton, and Judge Bechtel, of the
county court. These gentlemen are all
candidates for the Superior Court bench, but
there is little or no political significance in
the trip. Judge Wickham is a veritable
Anak and as genial a man as our own Judge
Bechtel, whose courteous manners are well
known, and the HERALD joins in the wishes
of their hosts of friends who hope to see the
gentlemen as colleagues upon the bench.

THE OUTLOOK BRIGHT.

With each succeeding day the outlook for
the success of the Republican ticket in this
county becomes brighter, while internal
bickerings within the ranks of the Democ-
racy are cropping out in many quarters. The
latter have attempted to close their eyes to
this fact, but it is evident to the most casual
observer that harmony is spelled with a very
small 's' in the present campaign among the
unterrified. In one of our neighboring
towns almost every other Democrat you
meet has a grievance; the farmers are kicking
because they do not receive proper recognition
and to which their vote entitles them; many
will vote against the ticket because they
are opposed to nepotism in any
form, and will not lend their assistance to a
party that is controlled by a ring that has
fattened at the public tea; while here in our
own town there are quite a number of political
debts that remain uncollected, and the
opportunity will be grasped this fall to use
the knife unmercifully. All this is not very
encouraging, 'tis true; especially so when it
is noticed that the Republicans are steadily
pulling themselves together for the final
charge on November 8th.

Outside of the dissatisfaction existing there

are other and more important reasons why
the Democracy will suffer a humiliating
defeat. There is not a man on the Republi-
can ticket who is not entitled
to the earnest and hearty support of
every Republican, as well as the vote of
every Democrat. They are known to the
people of the county, and the majority of
them have shown their qualifications in posi-
tions of trust; they ask your support, because
they deserve it; not one of them seeks your
suffrage simply because some member of his
family holds a position on the hill and has
influence to throw in his favor; but they go
before the people upon their own merits, and
in comparison with their opponents they lose
nothing and have the advantage.

It is the duty of every taxpayer to vote for
the best men, and in doing so they will sup-
port the Republican nominees. Messrs. Lyon,
Breckons, Severn, Millington, Seyfert and
Geary are each qualified for the positions they
seek. Not one word can be said against either
of them as a man or public servant. There is
only one danger to Republican success, and
that is a failure to get the vote out. If that
is accomplished the party of Protection will
win in November.

Active Exercise

and good food in plenty, tends to make
children healthy. If children suffer, how-
ever, from Scrofulous, Skin or Scalp
Diseases—if their blood is impure and pimples
or boils appear, they should be given the
right medicine. Dr. Pierce's Golden Medical
Discovery brings about the best bodily con-
dition. It purifies the blood and renders the
liver active, as well as builds up health and
strength. Puny, pale, weak children get a
lasting benefit and "a good start" from the
use of the "Discovery." It puts on whole-
some flesh, and does not nauseate or offend
the stomach like the various preparations of
cod liver oil. Once used, it is always in
favor.

Dr. Pierce's Pellets cure constipation, head-
aches, indigestion, dyspepsia. One a dose.
Sold by all dealers.

Driven to Suicide by Grief.

HARRISBURG, Oct. 16.—Grief stricken by
the death of his only child, which occurred
on Monday, Samuel Blosser, aged 25 years,
a Pennsylvania railroad employe, at-
tempted suicide last night by shooting
himself through the breast. He inflicted
a wound which will probably prove fatal.

Husband Refused to Do Housework.

KANSAS CITY, Oct. 16.—Dr. Nannie A.
Stevens, a local physician, has brought
suit for divorce from Ralph Stevens, a
well-to-do Wichita farmer, charging, among
other things, that he "laid around and
would not help her get the meals."

Shot and Wounded by a Striker.

CARMAUX, Oct. 16.—A striker shot and
wounded M. Resseguier, manager of the
glass works, at which a strike has been in
progress for some time past.

A VENERABLE JUDGE DEAD.

Served for Twenty-six Years on the Bench
in Pennsylvania.

BLOOMSBURG, Pa., Oct. 16.—Hon. Will-
iam Elwell, president judge of the Twenty-
sixth judicial district of Pennsylvania for
nearly twenty-six years, died yesterday,
aged 87 years. He was born at Athens,
Bradford county, Pa., and received a good
academic education. He read law with
Hon. Horace Williston, and was admitted
to the bar of Bradford county in 1833,
opening an office in Towanda, where he
practiced for sixteen years. He was elected
to the house of representatives in 1841, and
in 1862 he was elected president judge of
the district composed of Columbia, Wy-
oming and Sullivan, was re-elected in 1872,
and again, after Sullivan county had been
taken off, was re-elected in 1883 without
an opposing vote. He was continued on the
bench until July, 1888, when he re-
signed on account of ill health.

If Troubled With Rheumatism Read This.
ANNAPOLIS, Md., Apr. 16, 1894.—I have
used Chamberlain's Pain Balm for rheuma-
tism and found it to be all that is claimed for
it. I believe it to be the best preparation for
rheumatism and deep seated muscular
pains on the market and cheerfully recom-
mend it to the public. Jno. G. Brooks,
dealer in boots, shoes, etc., No. 18 Main St.
ALSO READ THIS.

MECHANICSVILLE, St. Mary County, Md.
—I sold a bottle of Chamberlain's Pain Balm
to a man who had been suffering with rheu-
matism for several years. It made him a well
man. A. J. McMill. For sale at 50 cents per
bottle by Grubler Bros. Druggists.

A Burglar's Desperate Jump.

PORT JERVIS, N. Y., Oct. 16.—John Fla-
berly, a notorious burglar and thief, jumped
from an Erie train when it was a
mile west of this place. Flaherty was being
taken to the Albany penitentiary. Al-
though the train was running at the rate
of twenty-five miles an hour, Constable
Phillip Garr, who had Flaherty in charge,
jumped from the cars and caught Flaherty
before he had gone a great distance. The
train had been stopped in the meantime,
and Constable Garr boarded it with his
prisoner, whom he strapped to a seat to
prevent another attempt to escape.

Monster Convention of Miners.

CLEARFIELD, Pa., Oct. 16.—Between
10,000 and 15,000 miners attended the con-
vention here yesterday to discuss the situa-
tion and to take steps towards securing an
increased wage scale. The meeting was
well attended by representatives from the
central and northern Pennsylvania coal
fields. Nothing definite was decided upon,
but it is said that the prospects are favor-
able for a general strike throughout the
entire region, and that the miners at Glen
Richey, near here, have already quit work.
Another meeting is being held today.

The Darlington, Wis., Journal says editori-
ally of a popular patent medicine: "We
know from experience that Chamberlain's
Colic, Cholera and Diarrhoea Remedy is all
that is claimed for it, as on two occasions it
stopped excruciating pains and possibly saved
us from an untimely grave. We would not
rest easy over night without it in the
house." This remedy undoubtedly saves
more pain and suffering than any other
medicine in the world. Every family should
keep it in the house, for it is sure to be
needed sooner or later. For sale by Grubler
Bros., Druggists.

Fatal Freight Wreck.

BRADFORD, Pa., Oct. 16.—A bad wreck
occurred on the Buffalo division of the
Western New York and Pennsylvania
railroad. As a north bound freight train
was passing Eldred station the locomotive
left the rails and plunged down an embank-
ment, followed by eleven loaded cars.
Fireman Jesse Baxter, of Buffalo, was
caught beneath the engine and crushed to
death. Engineer Brockway and Brake-
man Hagmire, both of Buffalo, were seri-
ously injured. It is feared the engineer's
injuries will prove fatal.

Two Killed at a Crossing.

NEWARK, N. J., Oct. 16.—Two men were
killed by engine No. 136 at the Lawrence
street crossing of the Central railroad.
They were Patrick O'Connor, 35 years of
age, and Peter McKellar, aged 30, an em-
ploye of O'Connor's. O'Connor's body was
cut in two and his head crushed. Mc-
Kellar was frightfully mangled, but lived
until he reached St. Michael's hospital.
The gates at the crossing were not down
and the railroad is held responsible for the
accident.

If your children are subject to croup watch
for the first symptom of the disease—hoarseness.
If Chamberlain's Cough Remedy is
given as soon as the child becomes hoarse it
will prevent the attack. Even after the
croupy cough has appeared the attack can
always be prevented by giving this remedy.
It is also invaluable for colds and whooping
cough. For sale by Grubler Bros., Druggists.

Charged with Having Four Husbands.

LANCASTER, Pa., Oct. 16.—Maria Smith,
alias Center, alias Burder, alias Jackson,
was brought here last night by Constable
John Crawford, of this city, who arrested
her near Morristown, on a charge of bigamy
preferred by Perry Smith, who says he
is the latest of four husbands of the
woman. She admits a dual matrimonial
relation, but says that when she married
Smith she thought her former husband
was dead. She takes her arrest very coolly.

To Advance Molders' Wages.

LAWRENCE, Mass., Oct. 16.—The request
made a week ago by the local iron and
brass molders that their employers estab-
lish the rate of wages at \$2.50 a day has
been favorably considered, and will prob-
ably be granted. The molders at the Em-
erson Manufacturing company's works re-
ceived a favorable announcement from their
employers, and it is expected the other
manufacturers will follow suit soon.

Troops to Suppress a Prison Riot.

HAVANA, Oct. 16.—A serious outbreak
occurred in the jail of Santa Clara yester-
day. Before it was suppressed General
Luque had to send troops to the scene of
the disturbance. Four of the ringleaders
of the riot were made prisoners by the
soldiers, and when they subsequently tried
to escape three of them were shot; but one
of the captured ringleaders succeeded in
getting away.

NINE WERE DROWNED

By the Capsizing of the Steamer Freddie
M.—Arrival of Survivors.

NEW ORLEANS, Oct. 16.—The steamer
City of Dallas, just arrived from Belize,
brought several surviving passengers of
the lost steamer Freddie M., and full par-
ticulars of the accident.
The Freddie M., which was an Ameri-
can vessel, and the mail steamer for the
northern district of British Honduras cap-
sized last Thursday in Chetumal, or Es-
perite, Santa Bay, near the coast of Yucatan,
and about twelve miles from Corozal.
She had forty-seven passengers and a crew
of eleven aboard when a heavy squall
struck her and capsized her in about
eighteen feet of water.

Part of the boat became detached by
the accident, forming rafts, on which the
surviving passengers found safety. The
passengers and crew spent the night and
all next day on these rafts, undergoing
great suffering, and were rescued the next
day, some of them in a thoroughly ex-
hausted condition. It was then found that
Mr. G. Bondege of New Orleans, W. R.
McDonald, H. Hudson, I. McCoy and Mrs.
M. Rabelo of Belize, Mrs. Wordsworth of
Orangetown and her son and daughter,
and one of the crew named Toby had been
drowned. The survivors were well cared
for at Corozal.

Jumped Three Stories to Escape Cremation

BIRMINGHAM, Ala., Oct. 16.—Smith &
Meyer's laundry works on Twenty-seventh
street burned late yesterday afternoon, the
fire originating in the explosion of a gaso-
line generator. Four women and a man
working on the third floor found their es-
cape cut off, and jumped from the win-
dows. Mrs. Lou Miller had both legs
broken, and will die. Frenie Miller, her
daughter, had an arm broken and hip dis-
located; Gladie Clark, leg broken. An
unknown girl was probably fatally burned
about the face and shoulders.

Fire at Atlanta's Exposition.

ATLANTA, Oct. 16.—Temporary excitement
was created on the exposition
grounds yesterday afternoon by a fire on
the Midway. The explosion of a gaso-
line stove in the Old Plantation at the
eastern extremity of the Midway set the
frame structure on fire, and there was a
panic among the freaks on the Midway.
The fire was soon under control, but the
Old Plantation exhibit was destroyed. The
phantoscope, next door, suffered \$50 dam-
age and Hagenbach's will beast arena
suffered to the extent of \$600.

Tragedy of a Freight Car.

PETERSBURG, Va., Oct. 16.—On the ar-
rival of the freight train from Norfolk
about 11 o'clock last night the badly
battered body of a well dressed white man,
apparently 25 years of age, was found
lying in an empty coal car. He was so
horribly battered about the head and face
as to be unrecognizable. He died soon
after. He is believed to be William M.
Wood, who was formerly in the navy.

The Negro Colonist.

EAGLE PASS, Tex., Oct. 16.—Station

who have engaged their services. Consul
Sparks has wired to Washington asking
for instructions regarding sixty-seven ne-
groes released from quarantine.

A Burglar Blows His Arm Off.

BLAKESBURG, Oct. 16.—Frank Fisher
was caught in the act of robbing the post-
office. He used dynamite to blow open the
safe door, and by careless handling of the
explosive he had part of his left arm blown
off and his face badly disfigured. Despite
this he made an effort to get away with
the \$100 in money the safe contained, but
weak from loss of blood, he was compelled
to desist, and was caught.

Unearthed a Prehistoric Cemetery.

MILFORD, O., Oct. 16.—Upon Upper-
stone Lick Creek, near here, Mr. Cowen,

graves. W. K. Morehead, curator of the
state museum, opened some of them and

pearls, spearheads and other trinkets.

Ohio Miners Decline to Strike.

POMEROY, O., Oct. 16.—A mass meeting
of miners of Pomeroy Bend was held last
night to consider the matter of striking
for an advance of one-fourth of one cent
per bushel. It was decided to continue
mining at the old price, a cent and three-
fourths, until the river rises. The miners
are badly disorganized. A two cent rate
is being paid on West Virginia side.

A Charitable Bequest Invalid.

TRENTON, Oct. 16.—Chancellor McMill
rendered an opinion declaring invalid that
portion of the will of the late Ezekiah B.
Smith, of Smithville, which provided for
