### GENERAL SANGUILLY'S TRIAL.

Spain's Attorney General Demands Life Imprisonment for Life.

HAVANA, Oct. 17.—In the trial of General Sanguilly, an American citizen, on the charge of rebellion against the Spanish government, the attorney general, Senor Enjulo, in concluding his argument, said that the sentence of imprisonment for life be imposed upon the prisoner.

Senor Enjulo declared that Sanguilly, though an American citizen since 1889, is a born resident of this island, and was up to his arrest on Feb. 24 of this year, one of the most energetic revolutionists and instigators of the armed revolution in Cuba. There are no circumstances tending to mitigate the punishment which he has justly incurred, declared Senor Enjulo.

The defense of the prisoner is not yet known. Jolis Sanguilly, it is claimed, has a very bad record, and it has been reported that the Cubans have threatened to assassinate him if he was released from custody. Sanguilly fought with zeal and courage during the revolt of 1895, and rose from a private soldier to the rank of general. But his conduct recently has not met with the approval of the patriots. He is said to have been short in his accounts with a railroad company a few years ago, and it is claimed that he gambled away half of the funds collected by Manuel Garcia, which were given into his care to be used in the cause of Cuba. Another rumor was circulated in Havana some time after his arrest that he had been paid \$25,000 by the Spanish government, guaranteed protection, and offered a position in the Philippine Islands.

In any case Sanguilly, after being taken into custody, appealed to Consul General Williams at Havana, and the latter cabled to the state department at Washington soon afterwards that the American citizenship of the prisoner having been established to the satisfaction of the captain general of Cuba, his trial, in accordance with treaty stipulations, had been transferred from the court martial to the civil tribunal.

A Household Treasure.

Y., says that he always keeps Dr. King's New Discovery in the house, and his family has always found the very best results follow its use; that he would not be without it, if procurable. G. A. Dykeman, Druggist, Gettysburg, N. Y., says that Dr. King's New Discovery is undoubtedly the best cough remedy; that he has used it in his family for eight years, and it has never failed to do all that is claimed for it. Why not try a remedy so long tried and tested. Trial bottles free at A. Wasley's drug store. Regular size 50c and \$1.00.

### The Night Schools.

The attendances at the night schools has steadily increased since the opening last Monday night and the total enrollment is now about 500. The enrollment at the school for girls has increased to 54 and the School Board will no doubt appoint a second teacher. The only school from which disturbances have been reported is the one on West Coal street, and Superintendent Whitaker has decided to resort to stringent measures. He visited the school last night and returned the boys in plain terms. He told them that the School Board opened the school simply for the benefit of boys who are unable to attend day schools to secure an education and if the boys intended to abuse the privilege the school would be closed. A school was opened at the west end of Coal street as an accommodation to the boys living in the western outskirts of the town, and in case it should be closed, those who wish to obtain instruction will be obliged to walk a considerable distance.

### THE AUDITORS' CONTEST.

They Will Contest Controller Severn's Claim to Office.

To be Controller of Schuylkill county, it seems, is like being an uncrowned king. Although B. R. Severn is Controller of this county by virtue of his appointment by Governor Hastings, he is evidently no more so other than in name than any citizen who makes no pretension to the office, at least for the present.

Controller Severn had succeeded in securing recognition of his appointment by the County Commissioners on condition that no deputy or clerk should be appointed until after the Supreme Court could pass upon the constitutionality of the law under which he claims to hold office. Under this arrangement the Controller would be entitled to draw salary for service up to the time of such decision, even in the event that it should be adverse to him, but now William Wilhelm, Esq., who is counsel for the County Auditors, has notified the County Commissioners that if they pay any salary to Mr. Severn they will be charged for all such money paid. The following letter is explanatory of the position the Auditors take:

GENTLEMEN:—I learned from the papers that Mr. Severn filed his bond yesterday. I find that the Act creating the Controller is practically the same as the Act creating the former Controller. The Act is unconstitutional. First, it endeavors to abolish the office of County auditors. The office of County Auditor is a constitutional office and cannot be abolished by the Legislature. Only a new amendment to the constitution can abolish it. Second, you cannot create the office of Controller for two counties. That is practically what this act does. The constitution has classified counties for several purposes—among them it is to require officers to be salaried in counties of over 100,000 population—but has not classified them for the purpose of creating new offices or abolishing those that already exist by reason of constitutional provision. Third, this Act would limit and prescribe the powers of the County Commissioners in counties of over 100,000 population—that is in direct violation of a constitutional provision.

As representing the County Auditors, if you either contract to pay any money for and on account of the Controller or any deputies or expenses attending his office, the Auditors will be compelled to sue for it.

If we are in error we ought to find it out as soon as possible; and that there may be no delay or injustice to the county, I would suggest that we ask the attorney general for a quo warranto to oust Mr. Severn and that the suggestions be heard and tried before the judges at Harrisburg, who I think are undoubtedly a proper tribunal before whom this question should be tested as soon as possible.

The Harrisburg court has jurisdiction in all matters of this character wherein the Attorney General makes the suggestions; and constitutional questions of this kind can be best determined there speedily, inasmuch as that court is so often called upon to pass upon constitutional questions.

Yours truly,  
WILLIAM WILHELM.

The Champion Hundred Mile Cyclist.

BUFFALO, Oct. 17.—Alexander B. McDonald, of Rochester, rode into Buffalo at 4:25 yesterday afternoon on a bicycle, and thereon bases a claim to have beaten all previous records for a hundred mile ride from Erie, Pa., to this city, and incidentally round centuries. His time of starting from Erie, as timed by several reputable citizens there, was 11:30 a. m., which makes his time for the century just four hours and fifty five minutes, beating the best previous time by thirty-one minutes. A peculiar feature of the performance is that it was made entirely without pace-makers.

Attempted Murder Without Cause.

SHAMOKIN, Pa., Oct. 17.—Mrs. Anna Ketschka was shot and probably fatally wounded yesterday by John Bustock, a neighbor, of Mt. Carmel. Bustock had been on a hunting expedition, and as he emerged from the woods he met Mrs. Ketschka and deliberately emptied the contents of his gun into her breast, face and arms. He escaped into the woods. No cause for the shooting is known.
