LENGTHY COUNCIL SESSION

Several Matters of General Interest Discussed Last Night.

HOT DEBATES ON RIGHTS OF WAY

Two New Electric Light Companies Ask for Privileges—Definite Action Postponed Until the Next Meeting of Council.

An eleven o'clock session of the Borough Council was held last evening. It was a regular meeting and the following members were in attendance: Messrs. Kane, Reese, Hand, Dougherty, Straughn, D. R. James, T. J. James, Boehm, McElhenry, Magargle and Gable. In the absence of the president Mr. Straughn occupied the chair.

The greater part of the evening was consumed in discussing methods for bringing taxes due the borough into the treasury and the applications for rights of way by new electric light companies. The discussion of the tax question closed with instructions to the finance committee and Borough Solicitor to enter judgment against the bond of the tax collector.

Mrs. Jenkins, of Line street, claimed that the contractors imperfectly connected her property with the public water works and it cost her \$5.93 to remedy the defect. She claimed the contractors gave her no satisfaction and desired Council to see that she was reimbursed. After learning that the work was done by private contract and not under the contract between the borough and contractors, Council informed Mrs. Jenkins that she must look to the contractors for reimbursement.

Ex-Councilman A. B. Lamb made application for rights of way for the poles and wires of a corporation known as The Delano Heat, Power and Light Company, which proposes to furnish light, heat and power to the borough. The application was referred to the ordinance and street committee. Mr. Lamb stated that the incorporators of the company, in addition to himself, are ex-Sheriff Conroy, Ephraim Barlow and Harrison Ball, of Mahanoy City; and Hon. D. D. Phillips, of Gordon.

Mr. Kane stated that the road leading to the cemeteries was being cut down and otherwise repaired and in answer to a question by Mr. Reese said he did not know who threw refuse from a building under repair at the corner of Centre and Chestnut streets upon the roadway of the former street. Chief Burgess Barnes said he would investigate the matter.

Council decided to borrow \$1,500 to meet outstanding bills and charge the discount on the amount against the Tax Collector, in accordance with an offer made by that official. The contract for furnishing four of the policemen with overcoats at \$21 each was awarded to H. A. Swahn.

The street committee and Chief Burgess were directed to arrange the disputed grade at the Franey property, corner of Centre street and Plum alley, upon consultation with Mr. Franey.

The discussion on the application of M. J. Lawlor for right of way for The Citizens Light, Heat & Power Company of Mahanoy township grew warm between Messrs. Gable, T. J. James, Reese, McElhenry and D. R. James. The latter and Mr. McElhenry were in favor of the grant, while Messrs. Gable and T. J. James demanded some assurance that the application was bona fide and not made for the purpose of bartering the right of way, as was done in the electric railway cases. Mr. Lawlor gave the names of the incorporators as published in yesterday's issue of the HERALD, but said he could not give the names of the other Shenandoah and Girardville parties interested. He is not at liberty at present to make the disclosure, but gave assurances that the people were responsible and the project was bona fide. The matter was finally postponed until the next regular meeting of Council to give some of the Councilmen additional time to consider it.

Attention was called to a broken chimney in the Robbins building, on West Centre street.

The room and stationery committee was instructed to secure better light for the Council chamber.

Borough Solicitor Pomeroy stated that after consultation, S. G. M. Hoppeter, Esq., had concluded to withdraw the claim of damages against the borough for injuries sustained by reason of a hole being left unguarded on West Lloyd street while the water connections were being made. Mr. Hoppeter was convinced that the borough was not the party responsible.

The Sanitary committee reported that if the people on the north side of East Centre street would continue the gutter to Emerick street the nuisance from the sewer at the Byrne and Mullahey properties would be abated.

The contract for extending the water connections in certain parts of the town was awarded to William P. Williams. His proposition is to furnish 4-inch heavy pipe, dig and fill up ditch and make good lead joints for 41 cents per foot, or \$307.50 for the 750 feet; and dig and fill 500 feet of ditch and furnish 1-inch galvanized pipe at 18 cents per foot, or do both jobs for \$307.50. Bradigan Bros. were the only other bidders and their prices were higher. Mr. Williams is to furnish a \$250 bond.

Mr. Gable, of the water committee, made a lengthy report on the accident to the boilers at the pumping station, but said the committee would not be prepared to make a recommendation until the next meeting, as it had more investigation to make. He said the engineer and fireman on one of the shifts are not working in harmony. One of the parties acknowledged that he pumped water

into the boiler, fell asleep and did not know how much water was in the boiler. Another member of Council said that the circumstances indicated that there was neither neglect or ignorance in the matter, but deliberate intention to do harm, but the committee would not positively declare that until after further investigation.

Mr. Gable gave notice that the water committee does not propose to furnish water for beer pumps at half the old rates.

An application to connect houses on Oak street, between White street and Plum alley, with the public water works was referred to the water committee.

The communication from James Ryan, Esq., of Pottsville, demanding 5 per cent. on the total cost of the water works as remuneration for Engineer A. J. Womelsdorf, and offering to waive the claim if council will pay the \$900 bill for extra services, was referred to the law committee.

Serious Accident.
About 10 o'clock this morning as Harry Krebs, of Mahanoy City, and his sister, Mrs. Aaron Brown Miller, were driving through St. Nicholas, they stopped to leave a P. & R. coal train, coming down from Ellengrovean colliery, pass, when the horse took fright, dashed off and tried to cross ahead of the train. The engine was running slowly but caught the carriage, smashing it completely and throwing Krebs and the lady to one side of the track, inflicting a broken leg and severe bruises upon Krebs, while Mrs. Brown Miller escaped with slight bruises. The train was stopped when about thirty-five feet beyond the crossing. Had it not been moving so slowly it is doubtful if both would not have been killed.

A Site Selected.
The Board of City Trusts, during their inspection of the properties of the Girard Estate, selected a site for the erection of a summer home for the pupils of Girard College. The location is near Girard Manor, midway between Blew's farm and the Mahanoy City pumping station. It is an excellent location for the cadets to spend the summer months, and construction of the same will begin in a few months.

MAY VOTE FOR SIX JUDGES

Pennsylvania's Supreme Court Decides an Important Question.

JUSTICE DEAN DELIVERS AN OPINION

Justices Sterrett and Williams Dissent—The Decision Reverses the Judgment of the Dauphin County Court Declaring the Law Unconstitutional.

PITTSBURG, Oct. 13.—Justice Dean, of the supreme court, has decided in a long and elaborate opinion that the act creating the new superior court is legal, reversing the judgment of the Dauphin county court, and deciding that six judges may be voted for. Chief Justice Sterrett and Justice Williams dissent.

The point on which the decision turns is whether the legislature was prohibited by the constitution from putting any limitation on the power of voters electing judges of the superior court. There are seven candidates to be voted for, and the legislature has declared that no voter shall vote for more than six. This the court holds the legislature has a right to do. The constitutional provision that voters "shall be entitled to vote at all elections" cannot under any reasonable interpretation include an absolute right to vote for every candidate of a group of candidates for the same office.

The constitution establishes limited voting in the election of supreme court judges, county commissioners, Philadelphia magistrates and inspectors of election; therefore, it is argued, the implication is that the plan is excluded in the election of all other officers. But the limited voting plan was recognized and adopted in the constitution because it was deemed wise that as to the offices non-partisan in character, or which at least should be, the minority party ought to have representation, and this could only be attained by limited voting. In the cases specified the constitution is mandatory.

Pullman Palace Car Statistics.

CHICAGO, Oct. 13.—Stockholders of the Pullman Palace Car company held their annual meeting here yesterday. Over \$25,000,000 of the capital stock was represented. The president's report showed that the number of cars owned and controlled by the company is 2,556. Of these 2,303 are standard and 253 tourist. The number of passengers carried during the year was 4,788,000, against 5,282,323 for the previous year. The value of the manufactured product of the car works was \$4,119,555, and of other industries, including rentals, \$559,573, making a total of \$4,679,128, against \$4,925,331 for the previous year. The total number of persons in the employ of the company in manufacturing and operating departments was 10,315, and the wages paid during the year, \$5,011,505. The number of persons employed for the previous year was 10,858, and the wages paid \$4,968,548. The total revenue was \$5,547,024, and the total disbursements, including \$2,880,000 dividends on capital stock, was \$7,137,294.

Robbed a Pensioner.

WEST MIDDLESEX, Pa., Oct. 13.—William Van Horne, residing near Pulaski, had a thrilling adventure with thieves at 1 o'clock yesterday morning. Van Horne received his pension on Wednesday. His wife was seriously ill, making it necessary for him to sit at her bedside all night. Van Horne was dozing in his chair when he was awakened by two men going through his pockets. Van Horne showed fight, and was pushed upon the red hot stove, receiving severe burns. He then secured his revolver and fired three shots at the robbers as they ran. They secured \$5 from Van Horne's pockets, but failed to find \$100 which was secreted in his room.

Seven Prisoners Break Jail.

ZANESVILLE, O., Oct. 17.—Seven prisoners, charged with serious offenses, escaped from the Coshocton county jail. The escape was effected by the prisoners securing admission to the female department of the jail. By this way they were enabled to get on top of the jail, and, with an iron poker, dug a hole through the ceiling. They then ascended to the roof and escaped to the ground by means of ladders which had been left leaning against the walls by carpenters who had been repairing the building.

Serious Charge Against a Minister.

BOSTON, Oct. 13.—In the United States district court, before Judge Putnam, the grand jury returned a true bill against Rev. Frank Hyatt Smith, of Cambridge, for the alleged sending of scurrilous and defamatory postal cards through the mails. The formal arrest of the reverend gentleman was made in Denver on Wednesday, and he will be brought to this city as soon as possible.

Ill Health and Suicide.

YORK, Pa., Oct. 13.—The body of George Young, a well known and wealthy resident of Hanover, was found lying under an apple tree in his yard. He had shot himself during the night. Mr. Young recently returned from his farm in Virginia, suffering from malaria, and despondency, caused by ill health, is supposed to have prompted the suicide.

Turkish Troops Sent to Crete.

CONSTANTINOPLE, Oct. 13.—The Armenian committee has ordered respected all the shops of Armenians that have been closed since the outbreak of the trouble here. Troops to the number of 2,500 have started ostensibly for Hadjash, but it is thought that their real destination is Crete, where serious trouble still threatens.

Schooner Sunk, Sailor Drowned.

CHATHAM, Mass., Oct. 13.—The two masted schooner Frank A. Magee, Captain Knefe, from New York for Bar Harbor with coal, was sunk in a collision by the three masted Gypsum Queen, of Windsor, N. S., in Vineyard Sound, off Pollock Rip, and one of the Magee's crew, William Denison, was drowned.

KILLED IN A BREACH.

Robert McAlee Met an Untimely Death Last Night.

A sad accident occurred at Turkey Run last evening by which Robert McAlee met an untimely death in a mine breach. Shortly after six o'clock John Sunderland, Thomas McAlee and the deceased went to the breach, which is about two hundred yards south of their homes, to get coal to store away for the winter. The people of Turkey Run have been getting their fuel from that source for years and have mined the breaches on scientific principles, timbering and taking other precautions for safety as they progressed with the excavations. They were evidently not careful enough in this respect last night. McAlee had secured sufficient coal for his own use some weeks ago and his presence in the breach last night was due only to the kindness of his heart in assisting his friend and neighbor, Mr. Sunderland, who is unable to do the work unassisted, having lost a leg when a boy.

A shot had been prepared, Sunderland having gone to the surface. McAlee lit the squib and was hastily retreating when the earth above him broke away and buried him under seven feet of coal, dirt and stone. The place was soon surrounded by weeping relatives and friends. Willing hands were soon at work and after four hours of hard labor the lifeless form was removed from the mine. Death was due to suffocation.

McAlee was about 35 years of age and has a wife and child in Michigan. The child is six months old. McAlee's parents are almost crazed by grief. This is the second son of mature years they have buried in less than four months. Joseph McAlee, who died last July within four hours after drinking sulphur water at the Furnace colliery, was a brother of the deceased.

Obituary.

Joseph Reilly died at six o'clock last evening at the home of his parents, near the Lost Creek dams, from typhoid fever, after an illness of two weeks. The deceased was about 21 years of age and was a very popular and promising young man. He was a graduate of the High School of this town and subsequently graduated from the Bloomsburg State Normal school. For the past four months he held a position as clerk in the Lost Creek store. The deceased resided with his father, Patrick Reilly, who was formerly a watchman on the timber lands at the Lost Creek reservoirs, and who still occupies a house on the lands, but is employed as repairman in one of the collieries.
