CHAMPION CORBETT ARRESTED.

Connsel Sues Out a Writ of Habeas Corpos for His Release, Thus Getting the Case Into Court-Mtzsimmons Bas Not Yet Arrived in Arkansas,

LUTTLE ROCK, Oct. 18 .- The chances for a meeting at Hot Springs on Oct. 31 be-tween Corbett and Fitzsimmons appear to be much brighter today than at any time during the past few days. Indeed, it would now seem that the only obstacle in the way of the men meeting in a glove contest is Fitzsimmons' expressed determinution not to agree to the revised articles.

Governor Clarke returned from Hot Springs yesterday. His conference with the citizens' committee certainly made an impression on the governor, but what the impression is no one knows, and the governor himself stoutly refuses to say any-thing on the subject. When questioned in regard to his visit to Hot Springs the governor merely said he had gone over there in response to a telegram from Brig-adler General Taylor, and that he had been present at a meeting of the citizens' mittee and others interested, when the sub-ject of prize fights, boxing matches and kindred sports was discussed. The gov-ernor declined to say whether the discussion had caused him to discern the difference between a prize fight to a finish and a limited round contest with soft gloves. All that he would say was that his deter-mination remained unchanged.

When asked if he was willing to let the courts settle the matter the governor said that he was not ready to say, that a gov-ernor could not afford to go on record as antagonizing the judiclary of the state, and that it was best to say nothing on the subject. The fact that Corbett was arrested on a warrant sworn out by State's Attorney Teague soon after the governor's visit to the Springs brings many people to believe that Governor Clarke has decided believe that dovernor character has been do to let the courts settle the whole matter. Should Corbett be released on a writ of habeas corpus, of which there seems little doubt, it is Lalleved that there will be no further interference on the part of the governor, since the granting of the writ would in effect be a judicial declaration that boxing in Arkansas is not a violation of the law.

On the other hand, however, should Governor Clarke still adhere to his deter-mination to stop the contest at any cost, under authority of the riot act, ignoring the writ of habeas corpus, then the judieiary and executive will come in direct confliet, and trouble of a serious nature might occur. This, however, now seems improb-able, as it is known beyond a doubt that Brigadior General Taylor personally is far from ontortaining the warlike view of the situation that his recent interviews would seem to indicate, and while he would, of course, do his duty were he called upon, his personal feelings in the matter should not be overlooked in sizing up the situation.

General Taylor is said to have used his influence while at Hot Springs with Governor Clarke in persuading the governor that a boxing match is not to be regarded as a prize fight. The general is said to be an admirer of the manly art himself, and formerly intended witnessing the bout be-tween the heavyweights. As an indication of General Taylor's feeling in the present matter is a fact wouchsafed for by Governor Clarke himself that the brigadier general has had himself photographed at Hat Springs with Champion James J. Corbett on one side and Manager William A. Brady on the other.

It would seem from looking over the sit-uation today that the courts will settle the whole matter, and that no trouble will oecur. The people in charge of the contest have declared their intention of abiding

Mrs. J. P. Bell, Ossawatomie, Kan. wife of the editor of The Graphic, the lead-ing local paper of Miami county, writes "I was troubled with heart disease for six years, severe palpitations, short-ness of breath, together with such extreme nervousness, that, at times I would walk the floor nearly all night. We consulted the best medical talent.

They said there was no help for me, that I had organic disease of the heart for which there was no remedy. I had read your advertisement in The Graphic and a year ago, as a last resort, tried one bottle of Dr. Miles' New Cure for the Heart, which convinced me that there was true merit in it. I took three bottles each of the Heart Cure and Restorative Nervine and It completely cured me. I sleep well at night, my heart beats regularly and I have no more smothering spells. I wish to say to all who are suffering as I did; there's relief untold for them 'f 'hey will only give your remedies just one trial." Dr. Miles Heart Cure is sold on a positive guarantee that the first bottle will benefit.
