COFFEE AND TEA

Man, supplied with reasoning and discerning powers, may improve his condition by the exercise of these faculties. This can be applied with very good effect in the purchase of Coffees and Teas. A good cup of Coffee depends not only on the making—but the brand of Coffee, the grade, the roasting and preparation are very important factors. We feel confident that we can meet all those requirements. A delicious cup of Coffee is a certainty if you use

Our Fancy Java, or our Fancy Blended Coffee.

In regard to Tea, we occupy a front rank, all our Teas being very carefully selected by competent judges, and a trial order will convince you that we can please the most fastidious customers. We offer nothing but good grades that are noted for quality, color and flavor, and they are sold at popular prices

MUST PROTECT THE MINERS

Governor Altgeld's Plain Talk to the Mine Inspectors.

THEIR DUTY TO PROTECT THE POOR

The Operators are Strong Enough to Protect Themselves—Officials Instructed to Permit no Operators to Accompany Them on Their Tours.

CHICAGO, Oct. 25.—Governor Altgeld recently appointed seven state mine inspectors, and yesterday he summoned them before him, gave them their commissions and then made the following talk to them regarding their duties. The governor said: "The mining laws of this state were enacted for the protection of the weak and the poor. The operator, who is strong, can take care of himself. These coal miners are sometimes ignorant of their rights, always poor and dependent, and cannot manifest their dissatisfaction with objectionable conditions prevailing around

GOVERNOR ALTGELD.

the mines without risking their jobs. You are, therefore, appointed by the state to do for them what they cannot do for themselves. I therefore insist that in inspecting mines you do so without permitting the operators or their representatives to accompany you.

"Make your inspection thorough and independent, without their aid. After you have done so find out from the men if there is any ground for complaint among them.

"I further wish to say that there has been entirely too many accidents; not that there has been more within the past few years than formerly, but I mean to say there were some accidents that should have been avoided."

Worshippers Crushed to Death.

WARSAW, Oct. 25.—The city of Lublin, capital of the government of that name in Russian Poland, was visited by a hurricane yesterday which resulted in loss of life and great damage to property. Religious services were being held in the cathedral. The iron covered roof of the edifice, which was filled with worshippers, was torn away and fell into the interior of the church, killing several persons outright and injuring a large number. The panic stricken congregation, shrieking with terror, made a rush for the doors, and many men, women and children were thrown down and trampled upon or crushed to death or insensibility in the struggling mass of humanity.

Greenwich Naval School Closed to Us.

WASHINGTON, Oct. 25.—Apparently the British authorities feel that they have gone as far as prudence and courtesy permits in assisting in the education of our naval constructors, for the navy department has been notified that hereafter no American naval officers will be permitted to take the course at the Greenwich royal school of naval architecture, a privilege which has been enjoyed by them for many years with such signal benefit that they usually have graduated at or near the head of their classes.

A Jail Breaking Prevented.

BURGETON, N. J., Oct. 25.—An attempt to break jail on Tuesday night by some of the chicken thieves there awaiting their removal to state prison has just become known. Forger Green and Rose and Barnes, two thieves, were leaders of a plot to assault Turkey Watkins. He locked of the plot and had the leaders locked in the dungeon, where they stayed until yesterday, when they were taken to prison.

COUNTY INSTITUTE.

A Brilliant Line of Attractions Arranged for the Course.

The county institute course presents a variety of good things this year for the lover of musical and literary effort. It will begin on Monday evening, Nov. 11, and continue during the evenings until Thursday. On Monday evening the feature will be the New York Philharmonic club; on Tuesday Prof. John B. DeMotte, A. M., Ph. D., of Cambridge, Mass., will talk of "Electricity, Its Nature and Possibilities;" on Wednesday Gen. John B. Gordon, of Atlanta, Ga., will tell of the "Last Days of the Confederacy." On Thursday evening the Swedish Grand Concert Company in national costumes will conclude the course.

Arrangements have been made to hold Shenandoah, Mahanoy City, Delano, Gilberton and other towns until the lectures' conclusion. Season tickets securing reserved seats will cost from \$1.50 to \$2.00, according to location. The chart will be open at the Academy on Nov. 2, at 9:30 a. m., for teachers only, and at 2 p. m. for the public only to secure the other half.

Extra fine hot lunches at the Watson House to-night and to-morrow morning.

The Penalty of Generosity.

Yesterday Thomas Savage, the old miner who goes about town with a hand organ, stood behind his instrument on South Main street grinding out a tune that emphasized the melancholic expression on his countenance. Dr. J. Pierce Roberts happened along and the melancholic combination worked upon his generous spirit. He dropped a coin that glittered like silver into Tommy's hand and passed on. The coin must have been above the ordinary in value that the organ grinder is accustomed to receiving, for he hastened to the doctor's residence on East Coal street and stood in front of it playing tunes until Mrs. Roberts and the neighbors were almost driven to frenzy. The doctor will have an understanding with the organ grinder on a basis of anti-reciprocity.

IT WAS CAUSED BY A MATCH

The True Facts Regarding the Knickerbocker Colliery Explosion.

MIKE CHICO'S FOOLHARDY ACT.

Peter Becker, of Mahanoy City, Dies From Injuries Sustained at the Tunnel Ridge Colliery—A Slate Picker Will Probably Lose the Sight of an Eye.

It is authoritatively stated that there has been a sensational disclosure in connection with the explosion of gas that occurred at the Knickerbocker colliery last Saturday.

It was generally supposed that the investigation made last Monday by General Superintendent John Veith, Mine Inspector Stein and others would be final, and that the affair would pass on record as the best evidence at hand then pointed, namely, that the explosion was caused by gas being ignited by a shot. The matter did not end there, however, but was continued secretly and the mine officials now have positive proof that Mike Chico, one of the men working in breast No. 26, where the explosion occurred, caused the disaster by striking a match with which to light the squib for the shot which has heretofore been declared as the cause of the explosion.

It seems almost incredible that a man working in a mine with a safety lamp should attempt such a foolhardy thing, but it is true, nevertheless, in the light of the evidence the mine officials have collected, and they say the evidence is of a most positive character. Chico was among the most badly injured of the mine victims. He is at the Miners' hospital and making good progress towards recovery.

Who is Daniel Davis?

Messengers spent several hours last night searching in town for a man named Daniel Davis, but failed to locate him. Inquiries were made at the postoffice, at the offices of the various Justices, at the Tax Collector's office and several other places, but without avail, and the task was given up. The cause of the search was the receipt of a telegram signed by John J. S. Rodgers, Immigration Commissioner at Philadelphia, notifying Daniel Davis that his brother-in-law, Thomas Jones, had arrived on the steamship Indiana and had been detained because he had only one leg. The Commissioner wanted to know if Davis was able and willing to care for the cripple. As Davis could not be located a message of "can't find" was sent back to Philadelphia. Unless Davis is found the cripple will be sent back to the old country.

House Destroyed by Fire.

A two-story frame dwelling located at Zion Grove was destroyed by fire at 2 o'clock this morning. The occupants, Cornelius Horn and wife, barely escaped from the burning alive and lost all their clothing and household goods. Incendiarism is suspected. The building was valued at \$800 and was owned by Marshal Hughes, the driver for the Rescue Hook & Ladder Company in this town. There was no insurance.
