

GOLDIN'S CORNER.

A Great Push for Fall and Winter Business at the Mammoth Clothing House.

We appreciate the want of and grasp the conditions of lower prices. We establish a new basis of lower prices. We took out the front and enlarged the capacity of our store fifty per cent, and then loaded it with the largest stock of Overcoats by the carload and added the largest stock of Fall and Winter Clothing for Men, Youths and Boys and all the Latest Styles and Novelties in Clothing for the Children.

No back numbers! No misjudgments! No by-gone mistakes! No bankrupt trash! But new stylish overcoats and clothing made to sell this season. Every man who buys an overcoat or suit at our prices is bound to see that his friend knows what is going on.

The way we're selling, it will take half the money to buy what you're used to in clothes. No doubt about it—multitudes turn to us to save money. \$5 or \$6.75 all-wool suit, good as before \$10 or \$12. \$10 suit now, good as you used to get for \$17. \$12 suit now, good as you used to get for \$17.

We're told we're getting too little, but we are not paying attention to the profits. We are looking for the trade. Overcoats almost given away. Note our prices. We are not content to sell at once. We want your friendship. If you call attention to any defect in our clothing we will restore it as a great favor. Your money will be refunded if the goods are not as we represent them. We are promoters of low prices.

Our entire store represents superior taste which makes competition impossible.

Don't forget the place. Mammoth Clothing House, largest in Shenandoah, Nos. 9 and 11 South Main Street.

L. GOLDIN, Prop.

EVENING HERALD

SATURDAY, OCTOBER 26, 1903.

THE TELEGRAPHERS' NIGHT.

Their Assembly Was a Grand Success—Result of the Contest.

The second annual telegraphers' assembly and contest, in Robbins' hall last night, was in full accord with the predictions—the event of the season. The attendance was so large that the accommodations of the hall were taxed and the balcony was crowded by spectators. All parts of the region were represented. The place was elegantly decorated with flags, bunting and streamers by R. H. Morgan and presented a gala appearance. Above the centre of the dancing floor was stretched a banner bearing an inscription mysterious to all except the "key pounders." The letters were "WTS UR SNE? 73 TO ALL." An interpretation of it is, "What's your sign? Compliments to all." Dancing was kept up until this morning, the music being furnished by the Reilly orchestra. An elegant supper was served on the stage behind the scenes and much credit is due Messrs. F. W. McDermott, A. J. Farrell, Timothy Mahoney, George Drew, Joseph A. Coughlin and M. J. Sullivan for the successful manner in which the admirable arrangements for both the assembly and contest were carried out.

The telegraphers' contest was a feature of the evening. The six contestants were Earl Borer, of St. Nicholas; R. P. Lippitt, D. J. Slattery and H. C. Thomas, Shamokin; A. A. Sullivan, Gordon, and Levi L. Lutz, Mahanoey Plane. The contest was started at 9:50 and the last word was sent in at 10:55. The contestants operated at a table placed on the stage at the east end of the hall and the judges received the messages in a private room at the west end. The contestants operated one at a time, Lippitt being the first and was followed by Lutz, Sullivan, Borer, Thomas and Slattery in the order named. The message was a short essay on the life of Samuel F. B. Morse, the inventor of telegraphy, and contained 231 words. Each contestant was allowed five minutes and none got the full message through in the time. The results of the tests were as follows: Lippitt, 205 words, 7 errors, Morse sending 70 per cent. Lutz, 184 words, 7 errors, average 60. Sullivan, 204 words, 5 errors, average 70. Borer, 194 words, 3 errors, average 85. Thomas, 205 words, 8 errors, average 70. Slattery, 214 words, 4 errors, average 93. The first prize, a gold medal, was awarded to Slattery; the second, silver medal, to Sullivan; and the third, gold scarf pin, to Lippitt. C. M. Lewis, manager for the P. & R. Telegraph Company at Pottsville; W. H. Perry and J. J. Neifert, train dispatchers, at Delano, were the judges. J. J. O'Neill, a popular young operator at Lost Creek, was the timekeeper. L. N. Hawley, of Pottsville, and V. W. Yocom, of Shamokin, were the electricians. An excellent feeling prevailed after the contest and the Shamokin delegation went home in a joyous mood with the first and third prizes in their pockets. The assemblies of the telegraphers in this town will always be successful.

Free Pills.

Send your address to H. E. Bucklen & Co., Chicago, and get a free sample box of Dr. King's New Life Pills. A trial will convince you of their merits. These pills are easy in action and are particularly effective in the cure of Constipation and Sick Headache. For Malaria and Liver troubles they have been proved invaluable. THE OFFICIAL BALLOT.

Contract For the Printing Awarded by the County Commissioners.

This morning County Controller Soyars, in the presence of the County Commissioners at the court house in Pottsville, opened the proposals for printing the election ballots for the approaching election. The eight bids were as follows: Barron & Hartman, Ashland, \$300.00; Ashland Local, \$300.00; Tamaqua Recorder, \$375.00; Daily Republican, Pottsville, \$400.00; Well-Rite Pub. Co., Allentown, \$474.90; Miners' Journal, Pottsville, \$470.00; Chronicle, Pottsville, \$410.00; Call, Schuylkill Haven, \$423.00.

The Commissioners awarded the contract to the Schuylkill Haven Call. The specifications called for the printing of 65,405 official and 18,677 specimen ballots. The contractors are required to return proof to the County Commissioners for their approval before printing and the printed tickets to be delivered to them not later than Friday, November 1st. The Commissioners will begin the work of distribution on Saturday, November 2d, as required by law. They will divide the county into convenient districts and appoint a trustworthy person in each district to deliver the ballots to the officers of the election.

On the regular ballot the Republican, Democratic and Prohibition parties have full state tickets. But the People's party has only candidates for State Treasurer, and three Judges of the Superior Court. The Socialist Labor party has a candidate for State Treasurer only.

Next year the State Department will have its hands full, inasmuch as there will be an election of Presidential electors, 32 Congressmen, 25 Senators, 294 members of Assembly, and several judges.

HERE'S A WHOLE FAMILY

Husband, Wife and Children Made Well by Paine's Celery Compound.

The pre-eminence of Paine's celery compound over all other remedies could not be better illustrated than in the case of the Turney family of St. Anthony, Iowa.

Mrs. Turney had recovered her health by the use of Paine's celery compound.

She had suffered from a variety of ills, all due to a nervous system improperly nourished.

As frequently happens the entire family, overcome perhaps by anxiety and care, began to feel "run down" and to suffer with the hardest disease in the world to diagnose—the trouble they have when they say: "Doctor, I don't feel well."

The advice of their physicians to use Paine's celery compound, the one known remedy that restores lost nervous energy, creates an appetite, purifies the blood and builds up the strength of the entire system, was followed. Mrs. Turney, in a letter to Wells & Richardson Co., who prepare the remedy, soon wrote as follows:

"My husband and three children were as greatly benefited by the use of Paine's celery compound as I was after an unusually hard siege of the grip, with variations of the disease. We regard the compound as a most remarkable remedy."

As the winter comes on many people will begin to suffer from debility, and lack of ralying powers after a slight chill or cold.

Their real trouble is a run-down condition of the nerves and blood, and Paine's celery compound, as in the case of Mrs. Turney and her family, will make them well again.

Rheumatism and neuralgia, too, grow more dangerous and more painful with cold weather.

This increased pain points to increased activity of these disorders.

There is positive danger in allowing the system to meet the perils of winter handicapped by rheumatism and neuralgia, or any disease that comes from poor blood and bad nerves.

There is the same certainty of getting rid of these two diseases that there is of a complete recovery from sleeplessness, nervous weakness, hysteria, or any other result of impoverished nerves and blood. Physicians to-day get rid of rheumatism and neuralgia as they do sleeplessness, melancholia and nervous dyspepsia by building up the system and supporting its delicate nerve parts with Paine's celery compound.

Paine's celery compound restores vitality to tired nerves; it feeds every tissue of the body when unusual waste has reduced the weight and strength of the body, as is frequently the case at the close of the heated season. It gives new appetite, and keeps every part of the body, nerves and blood so well nourished that the nervous, exhausted, tired, "run-down" feeling from worry and hard work soon disappears. Try it.

THAT'S IT! That's the Flour that Makes the Best Bread. You can buy it of any grocer at \$2.50 per half barrel sack.
