MR. BECHTEL is beaten.
What still think young Bechtel is beaten out of his patent-leathers.

OUR Democratic friends are tumbling over each other to get in under cover.
JOHN SHEERMAN'S book is receiving considerable free advertising just at present.

A REGULAR Kilkenny fight is on among the Democrats. They are on the run, and their defeat is certain.

SO FAR the Republican office-holders appear to think they have no interest in the present contest. Their interest may come later on.

WILL the Chronicle kindly inform a suffering public what the furnishing of the executive chamber at Harrisburg has to do with the election of a surveyor for this county?

THE facts presented by our Pottsville correspondent yesterday have caused the Democratic voters to think—and to think loud. They will do more than that on election day.

THE indications are that the beauty show will wind up the campaign amid much sorrow. With the slashing right and left that is going on in their ranks the probabilities are their beauty will be greatly marred.

ADVERTISING is simply business news. Its object is to tell people where to get some desired article. Advertisers should keep this fact in mind when writing their ads, and the results will take care of themselves.

ONE of the most significant facts of the time is the increasing frequency with which political addresses are heard from church platforms and political leaders are invited to speak before church societies on political issues.

YOUNG BECHTEL'S friends at the county seat and in the farming districts are working exclusively in the interest of the nephew of his uncle. There is nothing like looking out for No. 1. The other fellows are doing the same thing.

ROBT. FITZSIMMONS, Esq., declares that he will follow James Corbett, Esq., to the end of the world and smash his jaw. If he could only do this and then jump off the end, there would be an end to all the palaver about fighting.

THERE is another "war scare" in the East. The "East" this time does not mean Turkey, but China, and Russia is believed to be getting ready to annex it. The Russian bear is likely to stir up a bigger rumpus in this China shop than the traditional bull is credited with.

THE process of the Schuykill Haven Call, whose political course is directed by labor's great champion, Hon. Elias Davis, are pounding away night and day at the election tickets for this county. We are authorized to say, however, that the firm is making considerable less than 800 per cent., the favorite figure, and that they are doing the work in order that the county may be protected from jebbery and combines. All hail to labor's champion!

SENATOR QUAY'S tariff ideas of increasing the duty on woven goods, sugar and pottery in order to raise revenue enough to pay for badly needed internal improvements, and incidentally afford protection to industries that have been seriously injured by the present tariff, are based on good business principles, but it is expecting too much to see them adopted while there is a Democratic president in the White House. The Democratic party cry has been a tariff for revenue,

but, when that party is entrusted with power, it enacts a tariff law that fails to provide enough revenue by \$40,000,000 annually, which is approved by the President. Although the injury to American industries by the present law are patent to everyone, and English newspapers are gloating over the great improvement it has wrought in the trade of Great Britain with this country, little or no improvement can be looked for until the executive as well as legislative branches of the government are in the hands of the Republican party—the party whose watchword is America for Americans—not for British or other foreign manufacturers to dump their cheap products into, while our own factories and workmen are idle.

In advocating the nomination of Controller Severn we stated that he was justly entitled to the office, from the fact that he was removed through no fault of his. His endorsement by Governor Hastings by appointment and the Republican voters through their nominating convention ought to be sufficient to convince the most skeptical of his competency. He is the nominee of the party, and as such should receive the vote of every member of that organization.

To Test the Chinese Exclusion Act.
WASHINGTON, Oct. 29.—The solicitor general submitted a motion to the supreme court yesterday to advance a test case of Chen Yuen Sing, involving the constitutionality of the prohibition act. He also submitted a motion for the issuance of a writ of habeas corpus in the case of the Flourney Live Stock and Real Estate company vs. W. H. Beck.

Talk of a Quad-party Lynching.
PERRY, O. T., Oct. 29.—Jim Grayson, Lee Posson, Jim Henson and Bill Potty were arrested for the murder of J. W. Swilling, a laborer in the Seminole Indian country, some days ago. After the arrest Grayson confessed. Considerable excitement prevails, and there is some talk of lynching.

If Troubled With Rheumatism Read This.
ANNAPOLIS, Md., Apr. 16, 1894.—I have used Chamberlain's Pain Balm for rheumatism and found it to be all that is claimed for it. I believe it to be the best preparation for rheumatism and deep seated muscular pains on the market and cheerfully recommend it to the public. Jno. G. Brooks, dealer in boots, shoes, etc., No. 18 Main St.

MECHANICVILLE, St. Mary County, Md.—I sold a bottle of Chamberlain's Pain Balm to a man who had been suffering with rheumatism for several years. It made him a well man. A. J. McGill. For sale at 50 cents per bottle by Grubler Bros. Druggists.

OWENSBORO, Ky., Oct. 29.—John Snyder, colored, suddenly became crazed with jealousy and cut his wife's throat. He was then shot by Will Hall, his brother-in-law, and remained for several hours with a large bullet hole in his side. Both will die.

The Weather.
For eastern New York, eastern Pennsylvania and New Jersey: Colder; fair; northerly winds.

The Darlington, Wis., Journal says editorially of a popular patent medicine: "We know from experience that Chamberlain's Colic, Cholera and Diarrhoea Remedy is all that is claimed for it, as on two occasions it stopped excruciating pains and possibly saved us from an untimely grave. We would not rest easy over night without it in the house." This remedy undoubtedly saves more pain and suffering than any other medicine in the world. Every family should keep it in the house, for it is sure to be needed sooner or later. For sale by Grubler Bros., Druggists.

Bombs in Wisconsin's Capitol Yard.
MADISON, Wis., Oct. 29.—Madison is excited over the discovery of two bombs in the capitol yard, near the entrance most visited by the public, and one in the yard of H. J. Veerhusen, of the tailoring firm of Olsen & Veerhusen, whose employees went on strike recently. The police claim to have gained information which leads them to believe that the bombs were manufactured and left in the places where they were found by friends of the strikers.

Strikers Did Not Use Force.
BOISE, Idaho, Oct. 29.—Advices from the north are that the striking miners did not carry out their threat to remove men by force from the Hunter mine at Mullion. Nothing has been done by the authorities of the state further than to proceed with the organization of a militia company at Mullion.

Governor Flower's Brother-in-Law Suicides.
GOVERNORSVILLE, N. Y., Oct. 29.—Dr. Carpenter, brother-in-law of ex-Governor Flower, and one of the wealthiest and most prominent citizens of this place, committed suicide yesterday.

Mr. H. C. Smith, No. 640 Perry street, Newark, N. J., says: "After several physicians gave up my case as beyond their skill, I wrote to Prof. Munyon. I had dyspepsia and constant distress in the stomach, chronic diarrhoea, catarrh, with continual dropping of mucus in the throat and stoppage of the nose. I suffered so much from rheumatism in the shoulder that I could scarcely move my arm. I also had kidney trouble, with backache and swelling of the feet and ankles. In fact, it would be hard to find a more obstinate and complicated case, and I could scarcely believe Prof. Munyon's statement that his remedies would cure me. But I confess freely that I was completely cured by a short course of Munyon's Remedies. I wish to particularly recommend his new catarrh treatment as the mildest and yet the most promptly curative of any I have used."
The Munyon Remedies effect prompt and positive cures in the most obstinate cases. A separate cure for each disease. At all druggists, mostly 25 cents each.
Personal letters to Prof. Munyon, 1505 Arch street, Philadelphia, Pa., answered with free medical advice for any disease.

SENSATIONAL MURDER TRIAL.

Attracting Visitors to France from All Parts of Europe.
BOULOGNE, France, Oct. 29.—The trial of the Marquis de Noyon upon the charge of murdering the illegitimate son of his wife began here in the afternoon yesterday. The case is a sensational one, and is attracting widespread attention. The court room was crowded, the gathering including visitors from every country in Europe and a number from America. The wife declares that the murder occurred in the Bay of Naples in 1885. She made then the charge fifteen months ago, and since then he has been kept in solitary confinement most of the time.
The marquis was wild in his young days, dissipated a large fortune and then married a rich heiress, Mlle. Marie de Baur-reuil, who had an illegitimate son. This boy the marquis is charged with murdering by throwing him from the cliffs along the Sorrente road into the Bay of Naples after having previously stunned the boy by hitting him over the head with a heavy instrument. The marquis' friends assert that the lad, who was of a dependent nature, committed suicide by jumping from the cliffs, and that the marquis had concocted the story to rid himself of her husband, in order that she might marry a priest, who had been the boy's tutor, if not his father.
The city is full of strangers from every country in Europe, and also present are some persons from America, who have come to witness the trial.

A Bad Week
—of the constitution may follow in the track of a disordered system, due to impure blood or inactive liver. Don't run the risk! The proprietors of Dr. Pierce's Golden Medical Discovery take all the chances. They make a straightforward offer to return your money if their remedy fails to benefit or cure in all disorders and affections due to impure blood or inactive liver. The germs of disease circulate through the blood; the liver is the filter which permits the germs to enter or not. The liver active, and the blood pure, and you are safe.

When you run down, debilitated, weak, and your weight below a healthy standard, you regain health, strength, and wholesome flesh, by using the "Discovery." It builds up the body faster than nauseating Cod liver oil or emulsions.

Dr. Pierce's Pellets cure constipation, piles, biliousness, indigestion, or dyspepsia, and headaches.

STILL PREPARING FOR A FIGHT.

And Arkansas Attorney General Don't Know How to Prevent It.
LITTLE ROCK, Oct. 29.—Matters pugilistic took a sensational turn yesterday when Attorney General Kinsworthy filed information on the second division of the Pulaski county court asking for a warrant for the arrest of Robert Fitzsimmons and Martin Julian.
It develops that while arrangements have been proceeding quietly at Hot Springs for a fight to a finish between Corbett and Fitzsimmons, to take place despite the supreme court's decision, Governor Clarke has not been idle, but has himself been doing a little preparing "on the quiet." It develops that the governor has had a detective, or confidential agent, at Hot Springs all the time, and has been thoroughly posted on the every movement made by the promoters of the fight. Sunday night this detective advised the governor that arrangements had been completed to bring the fight off, and as a result Judge James W. Martin issued warrants for Fitzsimmons and Julian, which were placed in the hands of Sheriff Booker. Deputy Sheriff Heard was given charge of the matter and at once started for Texas, where Fitzsimmons and Julian are expected to enter the state.
The Hot Springs Athletic club has sent programs to every sporting club in the United States notifying them of the arrangements for the fight. The Iron Mountain railroad yesterday put a large force of men at work in North Little Rock building temporary side tracks. The railroad folks said that they expected a large number of special trains in a few days.
Attorney General Kinsworthy returned from Hot Springs last night. When asked by a friend what he thought of the situation at Hot Springs he replied that he believed there is going to be a fight. Asked if Governor Clarke would stop it, the attorney general said he did not see how he could.

Anti-Foreign Feeling in China.
LONDON, Oct. 29.—The news received here from Hong Kong that an outbreak against foreigners is expected at Canton seems to indicate that there has been a renewal of the widespread anti-foreign feeling. The British consul at Hankow, it is now known, was warned that an outbreak would occur at Wuchang on Sept. 12, when the soldiers were to mutiny and attack the foreigners. It appears that the Chinese braves who were ordered to disband after the war objected to doing so, and arranged to attack the foreigners, although none of the latter were to be killed. Therefore the governor of Wuchang thought it best not to carry out the disbanding decree, and thus the serious situation was averted.

Have the leaks in your gas and water mains repaired by P. W. Bell, the plumber.

Uncle Sam Versus Bell Telephone.

WASHINGTON, Oct. 28.—A motion was made in the United States supreme court yesterday on behalf of the company to dismiss the case of the United States vs. the Bell Telephone company and Emile Berliner. The case involves the validity of the Berliner patents for the speaking microphone. The United States asked that the patent for the microphone be cancelled, on the ground that Berliner was not the original inventor of the microphone. No action was taken by the court.

Murder in the Second Degree.

JERSEY CITY, Oct. 29.—The jury in the case of Jennie Robinson, a young mulatto woman, who has been on trial before Justice Lippincott charged with killing Charles W. Pepper, late last night brought in a verdict of guilty of murder in the second degree. Pepper was a Pullman car porter. He lived for a time with the woman, and after they separated she became enraged at him and on Sept. 4 shot him dead in his room in Camden.

Griffo Heeds His Own with Dixon.

NEW YORK, Oct. 29.—George Dixon never had a harder fight than that put up against him last night by Young Griffo, before the Manhattan Athletic club. Though the bout was declared a draw at the end of the tenth round, by previous agreement, both men were in good condition at the end, and Griffo was anxious to fight five more rounds for a decision.

Lithuanians to Live in Italy.

VIENNA, Oct. 29.—Ex-Queen Lillookalani of Hawaii has purchased a site between Torbole and Malcesina, on Lake Garda, Italy, for the purpose of erecting a villa for a winter residence, and has also purchased the Castel di Pianelli, in the Italian province of Udine, for a summer residence. The ex-queen will arrive in Austria in the autumn of 1896, after making a protracted stay in London.

Need of New Dry Dock.

WASHINGTON, Oct. 29.—Now it appears that even the Texas, a second class battleship, cannot be docked at New York out waiting for a big tide. She drew too much water to be docked at Norfolk. This has caused some speculation among naval officers as to what would occur if the ship met with an accident at sea and came into port in a sinking condition.

Fears for a Missing Fishing Tug.

CLEVELAND, Oct. 29.—Gears have been entertained for the safety of the fishing tug Florence M., which put out from Lorain during the gale yesterday morning. After she left the port nothing was seen or heard of her at Lorain, and it was thought she had foundered. Captain Murphy was in charge. The crew was made up of five men.

Shot by Her Discarded Husband.
CHICAGO, Oct. 29.—James Bell, a printer, shot and probably fatally wounded his wife last night and then fired a bullet into his own brain, dying almost instantly. The shooting was the result of Mrs. Bell to longer live with her husband.

Mr. Carver Sues for Divorce.
NEW HAVEN, Oct. 29.—Mrs. Carrie J. Carver has filed a suit for divorce from her husband, Dr. William J. Carver, the champion shot. It is on statutory grounds. They were married in this city in 1878.

THE SHAKERS DO THEIR DUTY.

"If a man discovers a valuable medicine," said Horace Greeley, "it is his duty to advertise it." Yes, and at once; for suffering demands the speediest relief possible. But let the man first be sure. Suffering had better wait than be deluded by false hopes. Medicine, such as ours, must often seem cruel in order to be really kind. On this principle the Shakers, of Mt. Lebanon, N. Y., withheld their great indigestion and dyspepsia remedy from the public for several years. With their right-doing is everything—money, comparatively nothing. Hence the popularity and success of whatever they offer for sale. Having satisfied themselves of the merit of their medicine by employing it in the worst cases of digestive disorders in their own vicinity for years, they did their duty—they advertised it, under the name of the Shaker Digestive Cordial. In all cases where there is distress after eating, pain in the stomach, chest and back; aversion to food with the resulting symptoms, such as headache, furred tongue, eructation of gas, with weakness and loss of flesh, etc., the Cordial has a most happy effect. Being itself a digested food with power to digest other foods, it relieves the weak and possibly inflamed stomach of the laborer it is in no condition to perform, gives new strength to the body and presently restores to the digestive organs their normal vigor. Taken immediately after eating this remedy insures the digestion of the meal and prevents the fermentation of the food, which is the source of most of the afflictive symptoms which accompany dyspepsia. It is also agreeable to the taste as it is potent as a medicine. To show their own confidence in it, and to hasten its universal adoption, the Shakers authorize druggists to sell trial bottles at the nominal price of ten cents.

MORE ARMENIAN OUTRAGES.

CONSTANTINOPLE, Oct. 29.—Another massacre of Armenians, accompanied by the outraging of women, is reported to have occurred recently at Balwet, between Erzerum and Trebizond. According to the report received here a mob of about 500 Mussulmans and Lazes, the great majority of whom were armed with rifles, made an attack upon the Armenians inhabiting several villages of that vicinity and set fire to their houses and schools.
When the Armenians fled from their dwellings they were shot down as they ran and a number of men and women who were captured by the rioters were fastened to stakes and burned alive. The Armenian women who fell into the hands of the mob were outraged and mutilated. The churches were desecrated and the villages attacked were pillaged, the cattle and all the portable property of any value belonging to the Armenians being carried off by the rioters. During the disturbance 150 Armenians are said to have been killed.
The surviving villagers applied to the governor of Balbut for protection, and he, after hearing their complaint, sent three policemen to the scene of the massacre, after the slaughter was ended. The Turkish officials, it is claimed, know the ring-leaders of the outbreak, but no steps have been taken to arrest them.
The Turks, it is stated, have also attacked the Armenians in the district of Gumushagh, near Trebizond, and killed many of them.
The number of Armenians massacred at Erzerang is now said to be several hundred.

A Lynching Prevented.

WASHINGTON, Oct. 29.—Sadie Sherrier, the 12-year-old daughter of a wealthy German farmer living near Falls Church, Va., was surprised in a dense woods yesterday by Albert Hawkins, a 16-year-old Washington colored boy. The girl's cries attracted the attention of several of her schoolmates, and the negro escaped, though it is not known whether he assaulted her. He was subsequently captured and identified as the girl's assailant, and the father of the girl threatened to shoot him, but was prevented by the interference of his white son-in-law. Subsequently a mob of his white people gathered and threatened to lynch him. The colored people in the neighboring settlement of Lincolnville, however, armed themselves and promised for a time to make things lively. But the negro was spirited away, and presumably is on his way to the jail at Alexandria.

Leavenworth's Apple Carnival.

LEAVENWORTH, Kan., Oct. 29.—This city is today experiencing its first whirl at the apple carnival celebration. Every building and store front down town is gorgeously decorated with apples of all sizes and colors, and the carnival colors—red, yellow and green—are conspicuous everywhere. There are thousands of visitors here, and more are arriving on every train. Business is suspended, and everybody is celebrating. Thousands of bushels of apples are being used. A street parade nearly a mile long was the feature yesterday afternoon. Last night the city was gorgeously illuminated.

Caused by a Misplaced Switch.

EASTON, Pa., Oct. 29.—A head on collision between two fast freight trains caused a serious wreck on the Lehigh Valley railroad at South Easton last night. One engine crashed into a wall on one side of the track, and Brakeman Henry Gogler, of South Bethlehem, who was riding between the engine and tank, was caught in the wreck and had both legs crushed so badly that he died at the City hospital an hour afterwards. The accident was caused by a misplaced switch. William Fogley, the switchman, has disappeared.

Official Appeal for Striking Miners.

TOPEKA, Oct. 29.—State Labor Commissioner Bird has issued the following statement regarding the strike of the coal miners at Leavenworth: "I find that instead of \$2.00 per day being paid the miners, the very best average is 60¢ cents a day. I ask if it is not a fair business proposition to assist the miners in retaining the eighty cent rate, so they at least may barely live, rather than suffer a cut, thereby bringing them down to below living wages and the people make up the difference by supporting them by public charity."

Cyclists Robbed by Highwaymen.

SOUTH AMBY, N. J., Oct. 29.—Arden Post, son of Rev. George Post, of Hoboken and another wheelman, who were riding from Asbury Park to New York, were held up and robbed by highwaymen near Applegate's hotel, at Morgan. Three men jumped from the bushes, and placing revolvers at the heads of the bicyclists, ordered them to hold up their hands. Then the footpads took the young men's gold watches and money. The robbers secured \$33 in cash and two valuable watches.

KEEPS POISON OUT.

POISON IN THE BLOOD. THE KIDNEYS FILTER IT OUT AND KEEP THE BLOOD PURE. THEY PROTECT US FROM MANY DANGEROUS DISEASES.

What Happens When They Get Out of Order. How to Cure Them Again.

Most diseases are caused by poison in the blood. The poison should be kept out. The kidneys are supposed to do this. That is what they are there for. And they generally do. But when they are sick they can't; and then we get sick. The kidneys may get sick from overwork, worry, excess, high living, etc. The reason so many of our great men die from Bright's disease is that so many overwork themselves. Bright's disease is only one of the many diseases the root of which lies in the kidneys. Other folks suffer from diabetes, rheumatism, gout, gravel, sleeplessness, anemia, nervousness, headache, neuralgia, etc. All these diseases would go if the poison could be got out of your blood. If the kidneys would only do their work. If you would only take Dr. Hobb's Spargus Kidney Pills to make your kidneys do their work. It is not your kidneys' fault. You should be trying to help them. You can do it by taking Dr. Hobb's Spargus Kidney Pills. It is such an easy piece of knowledge to remember. Your kidneys are simply filters. They need looking to now and then like other filters. If they are kept clean and healthy, they will keep your blood clean and healthy, and you will be strong and healthy. Asparagus is a healing and strengthening tonic for the kidneys. Dr. Hobb's Spargus Kidney Pills give fresh life and power to the kidneys. They cause the kidneys to purify the blood, to make it redder and healthier and more nourishing. They put new life into your body, new color into your blood, new ambition into your mind, new youth into your joints and muscles. They do not work miracles. But they cure diseases. Dr. Hobb's Spargus Kidney Pills have cured so many people that they can be safely relied on to cure you. They will cure you, not because they have cured others, but because they are made from herbs which have never failed to cure the kidneys when taken in the proper doses. They were prepared by a physician who knows how to cure the kidneys. A few doses will relieve. A few boxes will cure. Sold by all druggists for 50 cents per box, or sent postpaid on receipt of price. Write for interesting pamphlet on the subject to Hobb's Medicine Co., Chicago or San Francisco.
