THE ISSUE.

The issue in the present campaign is met fairly and squarely by the Republican party in this county, a plank in the platform of which proclaims:

"We condemn the uniform incompetency of the Democratic county officials and especially denounce the present flagrant mismanagement of the District Attorney's office of pigeon-holing indictments against political leaders who openly defy the election laws; and call upon all good citizens, irrespective of party, to assist us in electing to that office a lawyer of such legal attainments and personal integrity as will ensure a proper administration of its duties and the punishment of all offenders, regardless of party or political influence."

AND still they run.

The Democrats are depending upon the use of "hoods" to elect their ticket.

There is a mysterious quietude about Democratic headquarters just now. There is always a calm before the storm.

The Republican majorities of the past two years can only be reduced by the voters of that party staying at home on election day.

JAMES B. REILLY and his friends are not saying much in the present campaign, and we know of none who have reasons to say less.

The leading Democratic paper of the county says Mr. Breckons "will institute many reforms in the District Attorney's office." It is needed.

In Kansas they elect women as mayors and members of city council. They do not limit their choice, however, to old women, as do some towns in this county.

TALK of a third term is on the wane. Another administration by Grover would be preferable to a second dose of mismanagement in the District Attorney's office.

The next District Attorney, Charles E. Breckons, Esq., was in town last evening, and the cordial reception he received at the hands of our people of all political faiths bodes no good to the Democratic nominee.

The main of yesterday was doubly welcome, inasmuch as it in a measure breaks the drought, and at the same time quenches the forest fires which have wrought such serious damage in the mountain regions during the past few weeks.

PHILADELPHIA may be slow in some things, but she can give pointers to many of her municipal sisters in certain particulars. This year she receives from street car, telegraph, telephone, gas and water franchises more than \$11,000,000, says an exchange.

The Democrats are playing a big game of bluff in the present campaign. The party papers are devoting considerable space trying to prove that no dissatisfaction exists in their ranks. But, like Banquo's ghost, ill feeling continues to crop out and will not down.

The man whose conscience will not permit him to sell whiskey, but will permit him to lease a room to another to do so, is like the girl who "got religion" and "wouldn't" allow her jewelry to drag her soul down to perdition, but took it off and gave it to her sister."

We have received a copy of the Village Record, a weekly paper published at West Chester by H. C. Boyer, formerly publisher of the Herald. It is a neat paper typographically, and Editor Boyer contemplates many improved changes. We wish him much success in his new venture.

Dr. SEVERN, in his recent tour through the upper end of the county, met with considerable encouragement. He created a very

favorable impression and his vote on Tuesday next will show it. He is in every way qualified to fulfill the duties of Coroner and should get the full Republican vote. Vote for Seyfert.

THE election of Controller Severn appears now to be certain, notwithstanding a county seat Republican paper is doing its utmost to defeat him. The people thoroughly understand the milk in the coconut, and will vote to retain him in the position for which he has been appointed by Governor Hastings and unanimously nominated by the Republicans.

THE conduct and bearing of Judge Lyon on the bench has been highly commended by members of the legal fraternity, and a large majority of them will vote to return him there for the full term of ten years. His rulings so far have been sound in law and in justice, which at times is quite different from law. Note for Lyon for Judge of the Orphans' Court.

PUBLIC interest in the Holmes murder trial overshadows nearly everything else, not merely because of the fearful category of crime charged against the prisoner, but because of the consummate skill with which he conducted his own defense, he playing, for a time at least, the part of lawyer and client, and performing the double role in a style that fairly challenged wonder and admiration for his coolness and ability.

PHILADELPHIA'S police department is experiencing one of those quailings of conscience which occur spasmodically in large cities, and the officers have received instructions to make a crusade on policy shops, speak-easies and disorderly houses. What causes this quickening of the official conscience at this time has not yet transpired, but there appears to be a general impression that the long delayed Lexowing of the city government has something to do with it.

A LIVELY flurry in speculative stocks, or "Kaffirs," as such are now called on account of their similarity to South African companies' stocks now absorbing attention of speculators in England, with the result that some stocks fell off \$10 to \$17 a share in two hours. Fortunately the loss fell upon comparatively few, and they professional traders, so that for once the lambs outside were not floored. It was a case of squeezing brokers by the banks for heavier margins on these speculative stocks which were held as collateral security for loans.

THERE are a great many Republicans who hold Judge Oliver P. Bechtel in very high esteem, and would have been pleased had the Supreme Court decided that each voter had a right to vote for seven members of the Superior Court, thus permitting them to vote for him without cutting their ticket. There may be many who will vote for him anyhow. Yet it does not follow that they will also vote for his nephew for District Attorney. Voting for two members of the family at the same time is asking too much. Besides, young Bechtel has been connected with the District Attorney's office during three years of mismanagement to the disgust of all law-abiding citizens. In the person of Charles E. Breckons the Republicans have an excellent candidate, who is admittedly his opponent's superior in legal ability and whose integrity has never been questioned. We still think the nephew of his uncle is best.

Dynamite at a Revival Service.
TUNKHANNOCK, Pa., Nov. 1.—While revival services were in progress Wednesday night at Bardwell, about three miles from here, a dynamite bomb was exploded under the windows outside. The windows were broken, the plastering shaken off, and a panic ensued among the congregation. After some time the minister succeeded in quieting the people and a search was made for the miscreants, but without avail. There has been an intensely bitter feeling in the neighborhood since the split in the Evangelical church and the no-quitment of the church property by the Duke faction, and this outrage is probably the outgrowth of the trouble.

WIFE AGAINST HUSBAND.

Sensational Scene in the Marquis de Navarre Murder Trial.
BOSTON, France, Nov. 1.—A sensational feature yesterday of the trial of the Marquis de Navarre for the murder of his stepson was the appearance in the witness box of the alleged murderer's wife. The victim of the murderous brutality on the part of the prisoner towards her children, and she asserted that her consequent fears of a violent death prompted her to bring the charge of murder against her husband. The counsel for the defense read an affectionate letter written by the marquis to the prisoner a fortnight after she had lodged against him the charge of murder. The reading of the letter caused a revulsion of feeling in favor of the accused.

A Bad Wreck

—of the constitution may follow in the track of a disordered system, due to impure blood or inactive liver. Don't run the risk! The proprietors of Dr. Pierce's Golden Medical Discovery take all the chances. They make a straightforward offer to return your money if you do not feel benefited or cured. In all disorders and affections due to impure blood or inactive liver, the germs of disease circulate through the blood; the liver is the filter which permits the germs to enter or not. The liver active, and the blood pure, and you escape disease.
When you run down, debilitated, weak, and your weight below a healthy standard, and you regain health, strength, and wholesome flesh, by using the "Discovery," it builds up the body faster than masticating cod liver oil or emulsions.

Dr. Pierce's Pellets cure constipation, piles, biliousness, indigestion, or dyspepsia, and headaches.

There May be a Royal Cup Challenger.
GLASGOW, Nov. 1.—A rumor which had its origin at Patrick, the extensive ship-building town two miles from this city, where many big yachts have been built, is current here today, and in substance it is that the Prince of Wales is seriously contemplating building a yacht with which to challenge for the America's cup. Mr. George L. Watson, the designer of the Prince of Britannia and Lord Dunsraven's Valkyrie, has been at Patrick several times recently, and this may have given rise to rumor. Mr. Watson was questioned regarding this report, but he was not disposed to give any information on the subject, refusing to affirm or deny it.

Priests Expelled from the Diocese.
LINCOLN, Neb., Nov. 1.—The long drawn out fight between Bishop Bonancum and his priests, which has resulted in that prelate being in court for criminal libel and the removal of many priests, was renewed yesterday when a diocesan court convicted Fathers Fitzgerald and Murphy for defying the bishop, expelled them from the diocese, ordered them to the retreat of St. Joseph Benoit, near Montreal, and to pay a fine of \$50 for costs of courts. The bishop presided, and the convicted men assert that they are the victims of a packed jury. The defendants did not put in an appearance when the trial was called. They say they will ignore the sentence.

How to Prevent Cramp.
SOME READING THAT WILL PROVE INTERESTING TO YOUNG MOTHERS. HOW TO GUARD AGAINST THE DISEASE.
Cramp is a terror to young mothers and to post them concerning the cause, first symptoms and treatment is the object of this item. The origin of cramp is a common cold. Children who are subject to it take cold very easily and cramp is almost sure to follow. The first symptom is hoarseness; this is soon followed by a peculiar rough cough, which is easily recognized and will never be forgotten by one who has heard it. The time to act is when the child first becomes hoarse. If Chamberlain's Cough Remedy is freely given all tendency to cramp will soon disappear. Even after the crampy cough has developed it will prevent the attack. There is no danger in giving this remedy for it contains nothing injurious. For sale by Grubler Bros., Druggists.

Bohemia's Premier Resigns.
SOFIA, Nov. 1.—In the speech from the throne last evening, at the opening of the session, Prince Ferdinand did not refer to the baptism of his son, Boris, in the Orthodox Greek faith. As a result Premier Storoff has resigned. Prince Boris, who will be 2 years old in January next, has been a Catholic up to the present, but is reported to have been baptized in the Greek faith. The support of Russia, proposed to have Prince Boris baptized in the Greek faith. The ceremony of baptizing the prince was to have taken place last Monday, although rumor had it that Emperor Francis Joseph, of Austria, was much offended at the proposition to change the child's religion in order to further political intrigues.

Old People.
Old people who require medicine to regulate the bowels and kidneys will find the true remedy in Electric Bitters. This medicine does not stimulate and contains no whiskey nor other intoxicant, but acts as a tonic and alternative. It acts mildly on the stomach and bowels, adding strength and giving tone to the organs, thereby aiding nature in the performance of its functions. Electric Bitters is an excellent appetizer and aids digestion. Old people find it just exactly what they need. Price fifty cents per bottle at A. Wasley's drug store.

Clearing Up a Murder Mystery.
JAMESTOWN, N. Y., Nov. 1.—Charles Douglass was arrested yesterday and charged with the brutal murder of Mrs. Winifred Sherman and her daughter, Mrs. Cynthia Davis, in December last. The two women were killed in the day time while they were alone at the Sherman house, the remainder of the family having gone to attend a funeral. Their heads were crushed with some blunt instrument. There was no evidence of a robbery, and the motive of the crime was a mystery. Charles Douglass was a neighbor of the Shermans. His peculiar conduct since the murder caused him to be placed under surveillance. A search of his premises resulted in the discovery of a coupling pin which might have been used to commit the crime and other evidence of an incriminating nature.

The wife of Mr. Leonard Wells, of East Brimfield, Mass., had been suffering from neuralgia for two days, not being able to sleep or hardly keep still, when Mr. Hobbs, the merchant there, sent her a bottle of Chamberlain's Pain Balm, and asked that she give it a thorough trial. On meeting Mr. Wells the next day he was told that she was all right, the pain had left her within two hours, and that the bottle of Pain Balm was worth \$5.00 if it could not be had for less. For sale at 50 cents per bottle by Grubler Bros., Druggists.

A TERRIBLE ARRAIGNMENT.

District Attorney Barnes' Bitter Denunciation of Theodore Durrant.
SAN FRANCISCO, Nov. 1.—District Attorney Barnes did not finish his speech in the Theodore Durrant trial yesterday, as he had announced that he would do. He spoke until time for court to adjourn, and then announced that he would not finish until this morning. As Judge Murphy's charge is understood to be very long, it is believed the jury will not retire before this afternoon.

As the district attorney, in his address to the jury, dwelt upon the ghouliah nature of a man who could steal the rings from the body of an innocent girl that he had murdered, his denunciation of the defendant became so bitter that Mrs. Durrant was unable to retain her composure. She burst into tears and flung her arms about the neck of her son as if to shield him from the torrent of invectives of which he was being made the object. Durrant remained meekly calm, but his mother, although she made several efforts, could not control her emotion for several minutes.

"Theodore Durrant," said Mr. Barnes, stands forth in American jurisprudence today as the most brutal criminal of the age. He is a creature beside whom Holmes, the multi-murderer, who is now on trial in Philadelphia, is a perfect gentleman and a scholar, beside whom Professor Webster, the Harvard instructor killed Dr. Parkman many years ago, was a king, and compared with whom Cain was a George Washington."

The Appeal in the Woman Case.

ALBANY, Nov. 1.—The court of appeals is hearing arguments today in the case of Francis Wiman, charged by his late partners in the mercantile agency of R. G. Dun & Co. with forgery. The conviction of Mr. Wiman under Judge Ingraham a year ago last summer, when he was sentenced to Sing Sing for five and a half years, was reversed by the supreme court at its general term last February, and it was against this decision that the district attorney of New York appealed. Inasmuch as the points involved relate mainly to what constitutes a partnership by participation of profits, and as there are thousands of business establishments who have employees thus compensated, the case is likely to excite wide attention aside from the prominence and public service of Mr. Wiman.

Irby Attacks the Tillman Plan.

COLUMBIA, S. C., Nov. 1.—The great fight between Senator Irby and Senator Tillman on the suffrage question was opened yesterday by a speech from Senator Irby attacking the report of the committee. He said he would justify himself and the cause of the people of South Carolina if he would vote for any discrimination against poor and illiterate men. Irby said that he would vote with the negro against the Tillman plan as long as it had an educational and property qualification. He denounced the plan as a political iniquity, and declared he never would betray the people who gave him office. While denouncing the Tillman plan, he offered no substitute.

Mohammedans Defeating the Chinese.

ST. PETERSBURG, Nov. 1.—The Novoe Vremya says that according to advices received by that paper the Japanese are being rapidly withdrawn from the Liao Tung peninsula. It is added that the Mohammedan insurgents have captured Lau Theou Fa, capital of the province of Kan So, on the Yellow river; that they are defeating the Chinese troops in every direction, and that they intend to form an independent kingdom. The secret societies of central China are reported to be preparing to join issue with the Mohammedans.

New Jersey's Prosperity.

TRENTON, Nov. 1.—The following dispatch was sent to Governor Werts, at Jersey City, last evening by State Comptroller Hancock: "The state fund balance at the close of business today is \$863,747.88, after payments during the fiscal year for the building of armories, enlargement of state institutions costing \$330,022.04, and the payment practically of all current obligations, a condition of state finances which is certainly very gratifying."

Postage Stamp Forger Recaptured.

CINCINNATI, Nov. 1.—Captain Porter, of Chicago, and William Branch, of Columbus, both of the secret service, and under orders from Chief Hazel, last night arrested Charles O. Jones, leader of the forgers of postage stamps. The gang was caught in Chicago, where W. F. Thompson is still held. Chief Hazel caught Mrs. Jones McMillen, in Toronto. Jones jumped \$5,000 bail in Chicago. Chief Hazel tracked Jones here.

Murdered by Her Son.

PROVIDENCE, Nov. 1.—Mrs. Mary McDole, 56 years old, of the town of Johnston, was killed last night at her home by her son, Thomas McLaughlin, aged 33. The woman was lying sick in bed, and was terribly kicked and beaten before a bullet through her right temple put an end to her sufferings. The murderer was captured. The dead woman was married two weeks ago to James McDole, a blacksmith. For this her son murdered her.

Goaded to Suicide by Her Husband.

INDIANAPOLIS, Nov. 1.—Mrs. Harry E. Branch, of the Chicago Lyceum theater, is dead at the English hotel here, with a bullet hole through her breast. At her feet a 5-year-old boy was found screaming, trying to awaken his mother. Branch and his wife were getting up an entertainment. Mrs. Branch killed herself, her husband says, because he goaded her to it.

No Water to Fight the Fire.

HAZLETON, Pa., Nov. 1.—Fire at Beaver Meadow destroyed the homes of Daniel Reagan, John Reese, Daniel Davis, James Brady, John Cole, Con Gallagher, Peter Gillespie, Mrs. Henry Patrick Dougherty, Thomas P. Pitt, Michael Livinko and John Harkin. There was no water, and the flames spread rapidly.

HIS BIGGEST CONTRACT

Contractor Dakin of Syracuse Tells of the Final Success of a Big Undertaking.

(From the Syracuse [N. Y.] Post.)
Mr. George Dakin is a well-known contractor and resident of Syracuse, and a representative business man of that city. Our representative found him over-seeing the sewer work at the Arsenal, and in the following interview he describes how he has finally completed the biggest contract he has ever undertaken.

"Mr. Dakin, doesn't your business expose you to many unhealthy conditions?"
"Yes, I am continually catching cold."
"Does it affect your general health?"
"It has brought on kidney disorders."
"Have you been troubled from that source any length of time?"
"I think it started during the war, in which I took an active part, and every cold I catch has aggravated it."
"What were the symptoms?"
"Lame back and trouble with the kidney organs. I have doctored for years and used all kinds of remedies I heard of, without relief. My case is as follows:"
"Some little time ago I was in a very bad condition, hardly able to hobble around; I had been in Madison County looking after a contract there for the State; I got very wet, and, as usual, was laid up. I was simply twisted way around, as doubled up on one side; when I attempted to stand up it seemed as though I would tear out one of my kidneys; while in this condition I saw Doan's Kidney Pills advertised. Being almost desperate, I was willing to try anything for relief. I began using them, and the result was truly wonderful. I feel as young as I ever was, and it is the first time in many years that I have been perfectly free from pain in the small of my back. All urinary troubles gone. I am perfectly well, and no traces of my former trouble remain. I gladly recommend Doan's Kidney Pills."
