The Papal Delegate Receives Notice of His Elevation.

HE WILL REMAIN IN THIS COUNTRY

The New Cardinal Will Receive the Beretta in December from the Hands of Cardinal Gibbons, Who Has Been Delsgated to Act for the Pope.

WASHINGTON, Nov. L .- Mgr. Satolli has received official notice of his clevation to the cardinalcy. The first announcement came by letter, and this is followed by a cablegram from Cardinal Rampola to Car-dinal Gibbons, as follows: "I am most happy to inform you that the holy father having decided to confer the cardinalate upon the apostolic delegate, Mgr. Satolli, your eminence will be dalegated to impose the cardinalate basets?

Mgr. Satolli will be created cardinal at the consistory assembling about the mid-dle of November. He is not to go to Rome for the ceremony of receiving the berotta for the coremony of receiving the berotta at this consistory. Cardinal Gibbons being delegated to act for the pope. The berotta will be brought from Rome by one of the Noble Gunzd, who will leave Rome the day after the consistory. The coremony will consequently probably take place early in December at Baltimore. Mgr. Satolli will not leave America, but will continue at the head of the delegation. The exact date of the assembling of the consistory at Rome has not yet been announced. Mgr. Satolli's clevation comes after three years' service in the United States. During his mission in America he has been

During his mission in America he has been a most conspicuous figure in ecclesiastical affairs, and has represented the Vatican on all questions arising between bishops, priests, etc., and displaying marked judg-ment in their adjustment. Aside from the hanor directly conferred

upon Mgr. Satolli, the presence of two cardinals in the United States gives the subject an importance to the country at large. As yet no consideration has been given to the division of duties between Cardinal Gibbons and Cardinal Satelli. It is probable, however, that Cardinal Gib-bons' jurisdiction will remain as hereto-fore, and the particular province of Cardinal Satolli will be as head of the papal delegation. This may make it necessary for a change of his title to pro-delegate, as a cardinal is of too exalted rank to act as

Cardinal Gibbons has not had time as yet to consider the details of the ceremony at Baltimore, when the beretta will be imposed, but it doubtless will be made a memorable event in the history of the church in America.

Mgr. Satolli's household will not be changed, Mgr. Sbarretti continuing as auditor and Dr. Rooker as secretary. Cardinal Gibbons, in company with Father Magnion, rector of St. Mary's semi-nary, came to Washington yesterday to congratulate Mgr. Satolii on his elevation.

The delegate was prepared for the visit, as the letter already received from Cardinal Rampolla, secretary to the propaganda, had given him private information concerning the purpose of the holy father. This information reached Mgr. Satolli three days ago, but was guarded with the strictest secrecy.

## Indiana's Earthquake Phenomena.

INDIANAPOLIS, Nov. 1.-An interesting point for specialists to consider in connection with yesterday's earthquake is the fact that a number of the smaller Indiana streams having their course in the south-ern border of the gas bolt have suddenly filled with water. No rains have occurred in this state for months. Honey creek, in the eastern part of Bartholomew county, had gone dry several weeks ago, the water standing only in pools here and there. This week it is filled to the brim, and in some places has overflowed. Sugar creek, in Johnson county, was nearly dry, but to day it is reported to be nearly filled. Smaller streams in the Hancock county gas territory have shown similar phenomena

MRS. WALLER'S APPEAL

ARGUMENT BACKED BY AFFIDAVIT

Mrs. Waller, in an Interview with Assisttant Secretary Uhl, Charges Consul Wetter with Being Primarily Responsible for Her Husband's Detention.

WASHINGTON, Nov.  $1-y^{V}$ , Waller, ac-companied by her counsel. Ar. Langston, called at the state department by appoint-ment vesterday and had a long interview with Astistant Secretary Uhl respecting the case of her husband, during the course of which she gave all of the facts con-nected with his arrest, and supplemented her statements by affidavits. She showed that he could not have stronged at Tarms. that he could not have stopped at Tama-tave for the purpose of becoming a spy upon the French in the interest of the Hovas. His detention there, she intimated, was due entirely to Consul Wetter, and the latter de due of the latter of the the latter, she declared, was actuated by motives of unfriendliness to her husband Mrs. Waller said that Mr. Waller was kept at Tamatave by his successor, who in

stituted suit against Waller in the inter-ost, as he alloged, of the Crockett heirs, Waller being administrator of their es-tate. Securing judgment, Wetter had Waller arrested, and thus kept him at Tamatave until his arrest by the French. Waller in the meantime wrote to his Waller in the meantime wrote to his wife explaining the condition in which he was placed, and authorizing hor to pledge the Madaguscar concession to secure the money with which to pay the Crockett notes of \$1,400 and allow him to proceed on the journey. This Mrs. Waller made arrangements to do, but could not con-summate the agreement without her hus-band's presence. Wetter was made ac-quainted with this fact through a petition signed by all the English and American missionaries of Amananariyo, asking him missionaries of Anrananarivo, asking him to allow Waller to go to the capital for the purpose of perfecting the arrangement for the ban.

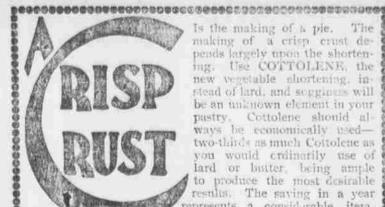

This Wetter appears to have atterly ig-nored, and Mes. Waller feels that in this fact her husband has a griovance against Wetter, who, it is alleged, has been deeply prejudiced against the ex-consult at every stage of the proceedings. Her husband re-ceived no benefit from the loan he made on account of the Crocketi estate, and Mrs. Waller pointed out that if Mr. Wet ter had been as anxious to serve the Crock-ett heirs as he was to have revenge upon Waller he would have allowed Mr. Waller to go to Antananarivo to make the notes good.

Mrs. Waller also dwelt upon the condi-tion of her husband's health, which had, she said, been precarious before he left her. She said she feared, from reports realved from him, that he was now rapidly failing. She also said in reply to a ques-tion from the secretary that she had never seen the intercepted letters on which Waller was arrested by the French.

# Supposed Evidence of Murder. CHICAGO, Nov. 1 .- The police of this

city have in their possession a valise which they believe is all the evidence that remains of a murder. The value was found in the yards of the Pennsylvania Railroad company. It had been cut and rifled, and whatever of value that could be made use of by the thieves had been taken. They left behind, however, papers to the value of \$60,000. These were mostly first mortgages and bore the name of W. E. Bake, whose residence is believed to be in Minnespolis. As the valise was found near the river the police have a theory that its owner was murdered and his body thrown into the river.
