### THE ISSUE.

The issue in the present campaign is met fairly and squarely by the Republican party in this county, a plank in the platform of which proclaims:

"We condemn the uniform incompetency of the Democratic county officials and especially renege the present flagrant mismanagement of the District Attorney's office of pigeon-holing indictments against political leaders who openly defy the election laws; and call upon all good citizens, irrespective of party, to assist us in electing to that office a lawyer of such legal attainments and personal integrity as will ensure a proper administration of its duties and the punishment of all offenders, regardless of party or political influence."

A NEWS despatch says Corbett and his manager are leaving Arkansas in disgust. This is the best recommendation Arkansas has received in a long time.

THERE is no reason why the Republicans should not be successful to-day. The Democratic county ticket is not any stronger this year than it was in 1893 and 1894, but in some respects it is much weaker. All that is necessary for Republican success is a full party vote. See that your neighbor goes to the polls, and you do likewise.

A VOTE for Judge Lyon is an endorsement of minority representation and a non-partisan judiciary.

### CAST YOUR VOTE.

Today the voters are rendering their verdict. The last appeals have been made, and the merits of the respective candidates have been discussed at every hearthstone and in every place where men congregate.

Today every American citizen stands upon an equal footing, the rich and poor, the ignorant and learned, the native and foreign born—each is the peer of the other. The ballot of the millionaire counts for no more than that of the day laborer. The right of franchise is a grand prerogative, and should be exercised by every good citizen. It is a duty you owe your country, your family and yourself to cast your vote for that party which will the better administer the laws and conduct the affairs of the state.

Although this is what is called an off year, the duty of every voter to go to the polls is no less imperative than if a president was to be elected. The voting franchise should be held sacred by every man entitled to it, and if it were thus regarded we should without doubt have better men in office, and consequently better administration.

Naturally, the man who votes only at Presidential elections feels little interest in the elections for his prominent officials, forgetting the fact that upon the selection of Governors, Judges, county and municipal officers generally, mainly depends the welfare of the state or town in which he resides. The man who votes only at Presidential elections, however observant he may be of the duties of citizenship, lacks one of the most important characteristics of a good citizen. He does not come up to the requisites which constitute a good citizen, for upon the regular exercise of the right of suffrage by all depends the welfare and safety of the entire community.

It behooves every citizen, and especially Republican voters, if he has not yet cast his ballot, to exercise that right before 7:00 o'clock to-night, when the polls will close.

THE experiments conducted by the post office department in handling mail on street cars in the larger cities have, in the main, proven very successful in quickly getting the mail to the sub-stations, thus expediting the delivery to the public. As the idea underlying the postal business is the prompt transmission of communication between the

people, any movement tending to that end is watched with considerable interest, and it certainly is needed in Philadelphia, where the service can stand considerable improvement.

LET no patriotic citizen permit weather, business, pleasure or other consideration to keep him away from the polls to-day. Every vote is wanted.

SPAIN now proposes to compromise with Cuba on a basis of administrative reform, but Cuba has tried that before.

STEVE MIDDLETON will receive the full Republican vote, and a great many of the opposition besides. He has made a vigorous canvass.

SHENANDOAH has two candidates seeking the suffrage of the people. Both men are well and favorably known. There is a higher and more important issue, however, than that of personal character and fitness for the position of the respective candidates. We are on the eve of an important presidential election; in 1896 a majority of the county offices will be filled, and it is essential to Republican success next year that the party will come out victorious in the present contest. Outside of all these considerations the Republican candidate for Controller is justly entitled to be retained in his present position. His record in that office has been one of much profit to the taxpayers, and notwithstanding the opposition in certain quarters he always performed his duty conscientiously and faithfully. We think Mr. Seyfert will continue to control, so far as the Controller's office is concerned.

The office of District Attorney needs just such a lawyer as Charles E. Breckons to deal with criminals. He will enforce the law, irrespective of personal or political considerations.

In training the pugilists of the future less attention will be paid to muscle and more to vocabulary.

THERE are many people who regret that the Monroe doctrine did not say something about this country's trading off splendid girls and fine fortunes for more or less obsolete titles.

THE Pinegrove Herald, one of the leading Democratic papers of the county, has this to say of the Republican candidate for Coroner: "Dr. Seyfert has been a member of the Borough Council, is at present a member of the School Board, identified with some of the most popular fraternal organizations, kind, courteous and sociable, as well as firm and determined when occasion requires. He will make that ideal official in the Coroner's chair which the taxpayers of this county want. There will be no inquisitions on people dying from natural causes, only efficient deputies appointed, and good juries selected; on the whole, the record and credit of the office raised to the highest standard and money saved to the taxpayers. Twenty-four years of active professional life qualifies the doctor for the position he seeks, and that he will fill it most acceptably the public can rest assured."

EVEN the political opponents of Judge Lyon will admit his qualifications for the honored position of Orphans' Court Judge. He has been on the bench since last spring and he has proved his fitness for the position and has discharged its duties faithfully, efficiently and satisfactorily. There is no reason why a tried and trusted Judge should be turned out to try an experiment.

PHILADELPHIA has taken a step backward. The powers controlling the street railways there have abolished free transfer passes and will now charge three cents additional where a transfer is desired. Walking is likely to be more fashionable as a result of this.

### STOLEN SILVER RECOVERED.

Three Arrests in Connection with a Sensational London Robbery.

LONDON, Nov. 5.—The police have seized fifteen ingots of silver in connection with the great silver robbery which occurred on Sept. 25, when thirty-one ingots of silver, valued at \$24,500, the property of the Midland Railway company, were stolen from a van in which they were being conveyed from the company's station through the streets of London. In connection with the seizure of the ingots the police have also arrested George Barrett and Edward Gray, who were in charge of the van at the time the ingots were taken from it.

This robbery has been attended with many sensational developments since it was perpetrated in broad daylight on Sept. 25. The drivers at the time left the wagon with the valuable load in the street for twenty-five minutes while they went to breakfast. When they returned the wagon had disappeared.

On Oct. 19 the sensation was revived by the arrest of Alexander Sarti, manager of one of the branch establishments of the celebrated jewellers, Elkington & Co., charged with the crime. His employers joined with the Midland Railway company in the prosecution. Two of the ingots were found in an acid bath in their establishment under Sarti's charge, but they had not been there long enough for the distinguishing stamp to become obliterated. Sarti had been a trusted employe of Elkington & Co. for thirty years.

### How to Prevent Croup.

SOME READING THAT WILL PROVE INTERESTING TO YOUNG MOTHERS. HOW TO GUARD AGAINST THE DISEASE.

Croup is a terror to young mothers and to post them concerning the cause, first symptoms and treatment is the object of this item. The origin of croup is a common cold. Children who are subject to it take cold very easily and croup is almost sure to follow. The first symptom is hoarseness; this is soon followed by a peculiar rough cough, which is easily recognized and will never be forgotten by one who has heard it. The time to act is when the child first becomes hoarse. If Chamberlain's Cough Remedy is freely given all tendency to croup will soon disappear. Even after the croupy cough has developed it will prevent the attack. There is no danger in giving this remedy for it contains nothing injurious. For sale by Gruhler Bros., Druggists.

### A Shooting Mystery Explained.

WILKESBARRE, Pa., Nov. 5.—E. H. Garvis, a prominent citizen of Luzerne borough, yesterday explained to a justice of the peace the mystery surrounding the death on Saturday of John Wyckoff in Wilkesbarre hospital. Mr. Garvis said that while bicycling to his home late on Tuesday night he was accosted by Wyckoff on a bridge in a lonely part of the road. He paid no attention to his assailant's command to halt, whereupon Wyckoff fired at him, the bullet passing through his hat. Garvis dismounted and returned fire, and the man shrieked and fell from the bridge into the creek below. Garvis then rode home. The wounded man crawled out of the creek and made away to a strip of woods, where he was found Saturday morning, suffering from a bullet wound and a fractured skull.

### The Ideal Panacea.

James L. Francis, Alderman, Chicago, says: "I regard Dr. King's New Discovery as an ideal Panacea for Coughs, Colds and Lung Complaints, having used it in my family for the last five years to the exclusion of all physicians' prescriptions or other preparations." Rev. John Burgess, Keokuk, Iowa, writes: "I have been a Minister of the Methodist Episcopal church for 50 years or more, and have never found anything so beneficial, or that gave me such speedy relief as Dr. King's New Discovery." Try this Ideal Cough Remedy now. Trial bottles free at A. Waseley's drug store.

### Religious Riot in Massachusetts.

GLoucester, Mass., Nov. 5.—Last night while a parade held under the auspices of the American Protective association was being formed stones and heavy missiles were thrown and several persons were injured. The most seriously hurt were Alphonse Davis and Fred W. Crispin, Jr., both of whom were struck on the head. The parade proceeded a lecture on "Immigration," delivered in the city hall by Rev. Scott F. Hershby, D. D., pastor of the Columbus Avenue Presbyterian church of Boston. Six hundred members and sympathizers of the American Protective association were in line, and thousands of people crowded the streets. A large detail of police was on duty, as trouble was anticipated, but they were unable to prevent the disturbance.

### NIAGARA FALLS, Nov. 5.—At 5:30 last

evening James Haffa, of Philadelphia, committed suicide by jumping from the Goat Island bridge into the rapids. The body caught on a rock a short distance above the falls, but no effort was made to recover it. Haffa had been hanging about the city for several days, and appeared to be somewhat unaccountably. He claimed to have been a sea captain, and to have served in the navy during the civil war.

### Barnes Charged with Theft.

YONKOS, Nov. 5.—John A. Barnes, who recently brought suit against his former employer, ex-Mayor Frank A. Magowan, for \$100,000 damages for alienating the affections of Mrs. Barnes, has been indicted by the grand jury on the charge of grand larceny, in abstracting from Mr. Magowan's desk \$7,000 in stocks. The charge is preferred by Mr. Magowan. Barnes declares that the stocks were given to him by Magowan.

The wife of Mr. Leonard Wells, of East Brimfield, Mass., had been suffering from neuralgia for two days, not being able to sleep or hardly keep still, when Mr. Holden, the merchant there, sent her a bottle of Chamberlain's Pain Balm, and asked that she give it a thorough trial. On meeting Mr. Wells the next day he was told that she was all right, the pain had left her within two hours, and that the bottle of Pain Balm was worth \$5.00 if it could not be had for less. For sale at 50 cents per bottle by Gruhler Bros., Druggists.

### PERHAPS THIS MAY HELP YOU.

"My food does me no good," you say. Then it does you harm. There is no halting place between these extremes. Digested food gives health and strength. Undigested food sours, or ferments in the stomach, and becomes a poison to the whole body. It causes headache, heart palpitation, liver and kidney trouble, distress after eating, pains in the chest and sides, and the tired, languid, heavy feeling we hear so much about. When the digestion goes wrong every function of the body goes wrong. Yes, and the mind, too. Men fall in business and die poor for no other reason than this—they are weakened, dulled and stupefied by dyspepsia. The lives of a host of women are blighted in the same way. You may be one of this miserable multitude. The writer of these lines was one of your number a short time ago. I tried dozens of things to get cured; just as you have done, no doubt. The thing which at last succeeded with me may succeed with you. It is a discovery of those wise and good people—the Shakers, of Mt. Lebanon, N. Y.—called the Shaker Digestive Cordial. It is not a purgative, which at best gives only transient relief. It is in itself a digestive food and also a corrector of the digestive function. You can eat and digest your food while taking this cordial. It helps you at once and soon makes the stomach vigorous and healthy. It is not like any other so-called dyspepsia cures. It is prepared by the Shakers principally from herbs cultivated by them. They do not ask us to spend a dollar for a bottle while we are in the dark as to its virtues. They take that risk themselves. Almost any druggist will sell you a trial bottle for ten cents, so you can see whether it is what they say—and adapted to your case. And here's even the mere chance of a cure worth that much?

### It May do as Much For You.

Mr. Fred Miller, of Irving, Ill., writes that he had a severe kidney trouble for many years, with severe pains in his back and also that his bladder was affected. He tried many so-called kidney cures but without any good result. About a year ago he began use of Electric Bitters and found relief at once. Electric Bitters is especially adapted to cure of all kidney and liver troubles and often gives almost instant relief. One trial will prove our statement. Price only 50c. for large bottle. At A. Waseley's drug store.

### THE GREAT NORTHERN STRIKE.

Trouble Reported at Various Points Along the Line.

ST. PAUL, Nov. 5.—In the great strike of the American Railway union on the Great Northern road eighteen months ago the start was almost exactly similar to what is claimed to be a new strike at this time. Then, as now, the officials of the road united up to the time when the road was finally tied in asserting that there was no strike and no cause for one. Then, as now, the men went out at various points along the line in a somewhat scattering manner. Just what may be the outcome it is difficult to say, but that there will be some trouble seems now assured. In view of the reports from along the line today.

At this point it is thought necessary to place watchmen on the new bridge for protection. At Devils Lake, N. D., the city council met there last night and decided to do all in their power to protect the property of the railroad and to suppress any incipient riots. Out in Montana trouble was reported at several points. At Havre, the railroad wires were cut and orders for the divisions that center there were interfered with. It is understood several arrests followed. At Kalispel, Mont., four engines were "killed," and as a result A. R. U. Director Goodwin and five other men were arrested and are now in jail. At Columbia Falls, near Kalispel, an unsuccessful attempt was made to burn the Great Northern bridge.

### Child Assaulted and Murdered.

OMAHA, Nov. 5.—At 2 o'clock in the morning the police found the dead body of Ida Gaskin, aged 11, in a vacant room on Howard street. The little girl had been criminally assaulted and choked to death, her throat showing plainly where the fingers had left their imprint. George Morgan, Edward Sanford and George Booker are under arrest, charged with the crime. Booker is a driver of a coal wagon, and had been a friend of the Gaskin family. Morgan is a collarmaker by trade, but has been out of employment for some time. Sanford works for the Crane Elevator company. Morgan's clothing was covered with blood when arrested, and he was hurriedly removed to the penitentiary to prevent a lynching. Later a committee appointed by those favoring lynching went through the jail to satisfy the people that the murderer was not there.

### Vendig Blames Julian.

NEW YORK, Nov. 5.—Three of the Hot Springs prize fighting contingent—Joseph H. Vendig, manager of the ill fated Florida Athletic club; James Kennedy, manager of the Empire Athletic club, and "Charley" White, one of Fitzsimmons' trainers—arrived in New York last night. Vendig laid the blame for the fiasco upon Julian, who, he said, had mismanaged Fitzsimmons' affairs from the beginning. He asserted his belief that Fitzsimmons was not afraid to meet Corbett, and that the fight would have taken place but for Julian's poor work. He blamed Julian for the failure of Fitzsimmons to take a special train for Hot Springs, and thus evade the officers. Vendig said there was yet hope that the fight may be pulled off.

### The Preacher Stole Coal.

LAKEWOOD, N. J., Nov. 5.—The little meeting house of the colored Baptists here was closed on Sunday. The following plea was tacked on the door: "There will be no services in our church today, as our most beloved pastor has been suddenly called away." Rev. Joseph White, the pastor, had been arrested in the act of stealing coal from a dealer named Wright. He was humming a hymn as he filled his pails. He confessed the theft, saying: "My church has been greatly reduced in finances of late, and we had no coal to heat the church. My conscience told me that it was no sin to get coal when it was going to a place where good was to be done."

### Poisoned Six for Insurance.

BERLIN, Nov. 5.—The trial was opened yesterday at Prenzlau of a storekeeper named Herman Springstein and his married sister, Augusta Boek, on the charge of poisoning Springstein's wife last March, and also of having committed a series of murders between the years 1888 and 1892, during which Springstein's parents, Augusta Boek's husband, her son and another woman are said to have been poisoned with the view of obtaining the money for which their lives were insured.

### A Child Violently Assaulted.

LANCASTER, Pa., Nov. 5.—Bertha, the 14-year-old daughter of Jacob McCue, a well-to-do farmer of East Lampeter township, here, was feloniously assaulted by Barton Harsh, a farm laborer employed by McCue. After brutally maltreating the child and inflicting injuries that left her in a critical condition, Harsh fled. He was arrested last night and committed to jail pending the result of the girl's injuries.

### Pushing the Colt Divorce Case.

PROVIDENCE, R. I., Nov. 5.—A notice was served on Colonel Colt by Mrs. Colt's attorneys yesterday afternoon to the effect that they will go to New York on Nov. 8 to take the affidavit of Mr. Gray, proprietor of Gray's Inn, Jackson, N. H. Mr. Gray is going to Florida for the winter on Nov. 9, which accounts for the haste in opening the case.

### Pennsylvania Collieries Resume.

HAZLETON, Pa., Nov. 5.—Every colliery and coal shipper in the Lehigh region which was forced to shut down owing to the drought resumed work yesterday. Nearly 5,000 men are again given employment. The rains of last week have swelled the mountain streams, and there is plenty of water.

### VIRTUE IN ASPARAGUS.

THE EFFECT AND HEALING PROPERTIES OF ASPARAGUS.

Asparagus the Great Healer of and Tonic for the Kidneys—Used in France by the Most Eminent Physicians—With Great Success.

Symptoms and Effects of Sick Kidneys—Dangerous Not to Cure Them—Spargus Kidney Pills Cure Kidney Troubles.

Asparagus is one of the common plants which are valuable for medicine, although people don't generally know it. Did you ever eat Asparagus? Of course? Well, what were the effects on your kidneys? Asparagus has the best healing and tonic effects on the kidneys of any drug known. French physicians discovered this years ago, and have used it ever since.

But the best properties of the plant are to be got in Dr. Hobb's Spargus Kidney Pills. There is a reason for this, and that is, that the extract of Asparagus used in Dr. Hobb's Spargus Kidney Pills is prepared from the roots, and not from the stalks.

Also, that it is prepared by a special process, which extracts all the virtues of the plant without waste. So that, one Dr. Hobb's Spargus Kidney Pills is as good as perhaps ten dishes of Asparagus.

There are medicines for this and drugs for that, one for Rheumatism, another for Gout, another for Bright's Disease, or rather, a dozen or more for each sickness. When all the time, Dr. Hobb's Spargus Kidney Pills will cure any one of them. And the cure made would mean a perfect cure, and not merely a short relief.

For the truth is that the kidneys are the real, sure-enough cause of a large number of our principal diseases. They are supposed to filter the blood, and when they don't, we fall sick. The only reason they don't, is because they are sick themselves, and the only thing that will cure them is Dr. Hobb's Spargus Kidney Pills.

The blood needs continual purifying or filtering. Impure blood is poisonous. Poison in the blood is disease. The diseases caused by bad blood are sometimes called "blood diseases." A few of them are Rheumatism, Gout, Anemia, Pale and Sallow Complexion, Chlorosis, or Green Sickness, Nervousness, Neuralgia, etc.

All these, and all other blood diseases, can be cured by curing the kidneys. This is the true meaning of "aiding nature." Aid her to throw off sickness by helping the sick kidneys. Kidney diseases of all kinds are cured by Dr. Hobb's Spargus Kidney Pills. They will cure Bright's Disease, Nephritis, Congestion, Diabets, Pain in the Back, Sleeplessness, etc.

Don't overwork your kidneys. Take care of them. Don't work too much, worry too much, eat too much, drink too much. If you do, your kidneys will suffer, and you will suffer from the effects of their sickness. Dr. Hobb's Spargus Kidney Pills will cure sick kidneys. They will also prevent your kidneys from getting sick if taken in time when the first symptoms of the sickness appear.

They will cure diseases which doctors and drugs are often unable to relieve. A few boxes will relieve. A few boxes will cure. For sale by all druggists, or by mail prepaid for 50 cents a box. Write for valuable pamphlet: "A Filter for Your Blood," free on request, Hobb's Medicine Co., Chicago or San Francisco.
