#### THE RESULT.

The result of yesterday's battle of the resembles the struggle which resulted in ballots is extremely gratifying to the Repub- the Declaration of Independence in 1776 licans. The Democratic hosts have been that every lover of human-liberty feels drawn utterly routed and are greaping about in the toward them and wishes them God-speed dark to find a soft spot. Increased majorities to an early achievement of that independence are recorded in every Republican state, while they so richly deserve. With the thousands such strongholds of the Democratic party as of troops Spain has poured into the island Maryland, New Jersey and Kentucky have she seems unable to cope with the patriots, given their emphatic disapproval and disgust who appear to be gaining in strength and of the Gorman tariff law and general incom- prestige, and the early crushing of the revolt petency and financial blunders of the Cleve- seems to be farther away than it was when land administration.

The present contest has been considered by has, undertook the task. The impression the leaders of both parties as bearing strongly is growing fast that the time has come when upon the result in 1896. The Republicans the rights of belligerents should be accorded have everything in their favor and every them by the great republic which is looked ground for hope and encouragement in the upon as the champion of the weaker nations inspiring returns that tell of sweeping of this continent, and the matter will no victory for the party of Americanism through- doubt be one of the first questions brought out the state and the nation. The successor before Congress when it convenes next month. to Grover Cleveland will be a stalwart Republican as surely as the night follows the day.

In clear tones, the clarion notes of our rooster can be heard in honor of the superb and convincing victory of the party of Protection. The American people are tired of everybody in that town who takes to the seeing the Stars and Stripes dragged in the dust; tired of seeing foreign manufacturers favored at the expense of American citizens tired of seeing the increase in the Treasury deficit, and the endless financial blunders of this misfit Administration. They realize that for the nation as for the state, progress and prosperity can be attained only by adherence to Republican policies. They want honest and patriotic government, and they propose to have it by intrusting the Republican party with full governmental authority.

The Keystone state stands firm in the front rank of Republicanism, and under the guiding hand of State Chairman Quay has rolled up an extraordinary majority in an off year. The Democrats have gone out of the business. It is with much regret, however, that we scan the returns and find that Judge Oliver very flattering vete in Schuylkill, where his canal. popularity is known and recognized.

Schuylkill county stands firm in the front rank of Republicanism. For the third time in succession this county has proclaimed its allegiance to Republican principles and policies. This fact is significant in that it proves that the Gibraltar of Democracy has been permanently landed in the Republican column. It means that the electorial vote of the county will be cast for the Republican presidential candidate next year and the unajority of the offices of the county will continue to be presided over by the party of the people. This is indeed enough glory for one day, and the Republicans are facilitating themselves upon the result,

So far as the vote in this town is concerned there are a number of reasons offered for the Democratic victory, principally among which was the apparent indifference among the Republican voters. The Democratic party dermen than last year. Of sixteen alderwas much better organized than their opponeuts, and had at their command more of the "sinews of war." There are other reasons offered, ahowing conclusively that with n united party and the local leaders-the men who know how to successfully conduct the canvass-in the harnes, this town is Republimas on strict party vote, and the election of '96 will again demonstrate that fact.

The schooner appeared to be the ship of state with the Garoos in New York.

THE returns so far received very clearly show that the Democratic cardidates for Controller and Poor Director were cut for the head of the ticket.

A REPUBLICAN will succeed Brice, of New York, as Senator from Ohio.

THE public conscience in the Southern states is being quickened somewhat upon the subject of lynching, as a result of the agitation of the subject which has been carried on for some time post, and measures are being considered which it is hoped will put an end to such barbarities as that which shocked the whole civilized world a few days ago when a negro was burned at the stake in Texas. The

plan devised by Gov. Atkinson, of Georgia, which has as its leading feature the quick punishment of any sheriff who permits a lynching to occur in his county, is attracting considerable attention and will probably be given a trial. This is a move in the right direction and is indicative of the growth of a healthier public sentiment to be highly commended;

## MARYLAND REPUBLICAN

The State Gives Lowndes a Majority of Twenty Thousand.

NEW YORK ALSO GOES REPUBLICAN

The Majority in the Empire State Fully Fifty Thousand-Griggs Elected in New Jersey by a Majority of From Ten to Fifteen Thousand.

BALTIMORE, Nov. 6 .- Returns from both the city and state are slow in coming to hand, and up to midnight, not a single county in the state, not a ward in the city has been completely counted.

There are enough returns, however, to indicate that there has been a landslide in Maryland, and that the Democratic ticket is underneath it by majorities ranging from 6,000 upward. There seems to be no room for doubt that the Republicans have elected their entire state and city tickets, and that they will have a working major ity in the next legislature, which will ose a successor to United States Senator Gibson.

Even Howard county, the home of Senator Gorman, has apparently reversed its normal Democratic majority of 500 and gives Lowndes, rep., for governor a major-

LLOYD LOWNDES. ity of at least that number of votes. Baltimore city goes for the Republican ticket, both state and municipal, by majorities ranging from 6,000 to 8,000, and both branches of the city councils will probably be Republican for the first time in many years. In fact, there is not a leg left for the Democratic party to stand on in what has long been considered one of the safest Democratic states in the union.

Telegrams from the chairmen of the county committees to the Associated Press indicate that Washington county has gone for Lowndes by 1,200 votes, a Republican gain of 900; that Caroline county will give him a majority of 50, a Republican gain of more than 500; that Allegany county, the home of the Republican can-didate, gives him 1,500, a Republican gain of 650. Thus it is in all parts of the state and not even the most sanguine of Democrats claims to have carried anything

worth carrying.

In response to letters sent out by the Associated Press to the chairman of the various county committees in Maryland, the following estimated majorities have

been received:

The indications thus far received from the polling places in Middlesex county show that Griggs will have a majority of between 300 and 400 in the county. The county should give at least 500 Democratic majority.

Returns from Mercer county indicate that the county will give Griggs, for gov-ernor, 2,500 plurality. Skirm, rep., for senator, will have about 2,000 plurality. Hutchinson, MacPherson and Thorn, reps., are elected to the assembly.

The estimated majority in Camden county for Griggs, rep., for governor, is 4,000, which is about the usual Republi-can majority. Louis T. DeRousse, Frank T. Lloyd and Henry S.
