KASSAS CITY, Nov. 6.—Returns up to midnight indicate that the Republicans have carried a majority of their county tickets in the state by pluralities of 700 to 800, and that David Martin, Republican candidate for chief justice of the supreme court, is elected by a handsome majority. In many instances Martin ran ahead of his ticket. Charles K. Holliday, Jr., however, made a better showing than was generally anticipated for him. Repub-licans carry Wyandotte, Butler, Cherokee, Montgomery, Reno and Johnston countles, but as a rule losses are shown over last year's elections.

Mississippi Populists Snowed Under. Jackson, Nov. 6.—The weather yester-day throughout the state was clear and warm, but the indications are that not more than half the registered vote was polled. From reports received up to this hour it is estimated the Democratic majority will be from 85,000 to 50,000. The Populists did not receive 15 per cent. of the to-tal vote cast. In this city 349 votes were polled, being less than half the registered votes. Burkett, the Populist candidate for governor, got 14 of this number, and the remainder went to McLaurin, the

nocratic candidate.

Iowa's Big Populist Vote, DES-Moines, Nov. 6.-The Republican gains over two years ago run nearly 24 to a precinct. This will give Drake, rep., for governor, a plurality of over 80,000 if the present rate of gain is continued. The Republican state central committee claims the state by 80,000 or over. The committee the legislature by two thirds were the algorithm of the legislature by two thirds were the algorithm of the legislature. claims the legislature by two-thirds ma-jority. The present indications are that the Populists will make large gains all over the state, making their total vote,

Three of the Cabinet Officers Went Home to Vote.

WASHINGTON, Nov. 6 .- Owing to the un usual conditions prevailing in a number of the states and the uncertainty regarding the outcome intense interest existed at the Capitol in the results of the elections. Particularly was this the case with respect to the elections in New York, Kentucky, Maryland, New Jersey and Ohlo and the returns from those states were awaited with the greatest interest. Great crowds gathered in front of the newspaper offices last night and remained until the returns showed definite results at the storm centers. Others more fortunate visited the various social and political clubs, where special arrangements had been made for obtaining the latest infor-

President Cleveland did not make his appearance at the White House at all yes-terday, but remained at his country home at Woodley. Private Secretary Thurber was on hand at the executive mansion, however, during the day and evening and received the bulletins that came over the special wire from the telegraph office. These were read by such of the cabinet officers as gathered during the evening, and dispatches of special significance were telephoned to the president at Woodley. Three of the eight cabinet officers, Messrs. Harmon, Lamont and Carlisle, had gone to their respective states to vote.

Up to yesterday the standing in the senate was as follows: Republicans, 42; Democrats, 30; Popullsts, 6; vacant, 1. Total, 88. As the result of yesterday's elections the Democrats will lose and the Republicans will gain a senator from Maryland and from Ohlo, respectively. The other legis-lative elections do not appear to affect the standing in the senate, as Kentucky and Mississippi remain Democratic, the latter certainly and the former probably, while Iowa continues Republican. Utah choses two United States senators for the first time, but the complexion of the legislature is not yet certain. The Utah senators take their seats in the senate shortly after congress assembles. The changes in Ohio and Maryland will not affect the senate until March 4, 1897

Republican majority in the Ohio legislature insures the retirement of Senator Brice, dem., and the succession of a Republican. It appears to be settled that ex-Governor Foraker will be the choice of the legislature, as the state convention placed his name in the platform as the senatorial candidate.

In Maryland the election of a Republican legislature, the first in many years, will bring about the retirement of Senator Gibson and the election of a Republican In his place. As yet no names have been mentioned in connection with the succes-

The election of a Republican legislature in Iowa is not unexpected, and it is considered settled that Senator Allison will be elected to succeed himself, his present term expiring March 4, 1897.

In Kentucky incomplete returns indiste a Democratic legislature which will elect Senator Blackburn to succeed himself, but the legislature is still in doubt.

A Very Small Vote in Nebraska. OMAHA, Nov. 6.—Results of the election throughout Nebraska are still too vague to indicate anything as to the individual candidates, but the feature of the day was the general absence of interest. The stay-at-home vote was very heavy. This is at-tributed to the fact of an off year and the absolute certainty that, with four state tickets, the Republicans cannot possibly he defeated. In the rural districts this was found to be very much the case. vote will not represent two-thirds of the voting population, though in the towns

where local interest was a feature the

vote was heavy.

Mr. Wm. Thornton of 127 W. Market Street Explains How and Why He Did It.

(From the Elmira Gazette.)

Old age has many infirmities, none of which are more prevalent than kidney disorders. Have you ever noticed how the old people complain of backsche, lame old people complain of backsche, lame back, and general listlessness? And there are many other symptoms of which they do not speak, such as bloating of the limbs, painful and infrequent urination or excessiveness of urinary discharge. Most people think they are too old to find relief and cure, but this is not so. No better evidence than the following, which comes from an Elmira citizen, who has been cured of a very severe case. who has been cured of a very severe case at 77 years of age. Mr. Wm. Thornton of 127 West Market Street, speaks of his case in this way: "I am 77 years old. I have been afflicted with that dreaded complaint below. (kidney disease) for over ten years, mak-ing my old age a burden. I was so bad as to be forced to carry a belt at all times, and, when my suffering became beyond endurance, I would put on the belt draw-ing it tightly around me and buckle it. thus bringing an extreme pressure over the kidneys; this, undoubtedly, forced the urine out, a function which the kidneys themselves had become too diseased to perstanding, while I had tried many remedies without any relief whatever. The pain I have experienced at times from straining over the state, making their total vote, perhaps, 50,000, the largest ever polled in the state.

THE MAJORITY IN NEW YORK Republicans Carry the State by 50,000, and Retain the Legislature.

New York, Nov. 6.—New York state has been carried by the Republicans by pluralities ranging from 48,000 to 55,000, compared with a plurality of 24,484 for the head of the ticket two years ago. Returns from more than one-half of the election districts outside of the cities of New York and Brooklyn, or "above the Harlem," show a net Republican gain of 12,800 compared with the vote of two years ago. Maintaining the same average, the gains will reach 23,000 outside of greater New York. In the two cities below the Harlem the Democratic plurality of 69,343 two years ago has been reduced about 19,000, giving the state to the head of the Republican ticket by 50,000 plurality, in round

In 1803 Palmer, rep., for secretary of state, had a plurality of 84,827 in New York state above the Harlem river, while Meyer, dem., had a plurality in New York and Kings counties of 60,343, giving the Republican candidate a plurality of 24,484 on the total state vote.

This year Palmer, rep., for secretary of state, has carried the state above the Harlem, based upon returns from 1,795 elec-tion districts out of a total of 3,383, or more than one half of the outside election districts, by probably 100,000 plurality, King, dem., has carried New York and Kings counties by a plurality of nearly 50,000, giving the head of the Republican ticket a safe plurality of 50,000 in the state

The two branches of the legislature re main as before under the direction of the Republicans. The election throughout the state was orderly and rapidly conducted, and the results were quickly com-piled. All the talk about the difficulty of handling the blanket ballot went for naught. So far as the success or failure of the blanket ballot was concerned the advices from all over the state show that there was little or no trouble, and that the ballot was so much of a success that the vote was polled quicker than ever before.

In this city the fight against Tammany was futile, that organization electing its full ticket by about 20,000 majority, though the Republicans gain several senators and representatives.

The Brooklyn city ticket is in doubt, with the latest returns favoring the Reoublicans. Brooklyn has gone Den gratic on the state ticket by about 6,000.

Ex-Inspector Williams, candidate for the legislature in the Twelfth district, concedes the election of his Democratic opponent. Patrick Gleason has been re-elected mayor of Long Island City by a large majority after a unique campaign.
For congress, in the Tenth district 45 election districts out of 151 give Greacen, rep., 2,995; Cummings, Tammany, 4,219;

Browne, S. dem., 179. Cummings' election is conceded. The election of Amos Cummings, dem., to congress from the Tenth district, is con-ceded by the Republicans. Last year the district went Republican by a small mar-gin. Cummings' plurality is estimated

In counties where the Democrats had expected to gain, except Albany, the gain was not apparent and the whole support of the Democratic state ticket seemed to fall upon New York and Kings county. In Kings county the surprise was great. It was the home county of the Democratic nominee for secretary of state, and yet it had not polled the vote that it was supposed it would, indeed it fell far behind. Even Albany county did not come up to the record it was supposed to make. The result, taken at its best, was a well told victory for Republicanism so far as state fismes went.

In the municipalities the Democracy won. Tammany is in control of New York city, the Cleveland element in control in Alban, and Republicans dominant in all other parts of the state. This gives a result that is not satisfactory to either party.

The state majorities for all Republican candidates are in excess of any figures

thought of by leaders of any party.

David B. Hill will not go back to the senate at Washington unless the Democrats should elect a big enough majority in the assembly next year to overcome the Republican majority in the state senate

on joint ballot. In New York city the Good Government organization will not be entitled to print its candidates on the regular ballots next year, if it has a ticket in the field, as it did not poll the l per cent, of all votes cast secessary under the law for a place.

As the the returns from the countles come in all predictions of Republican losses and gains were noted. Palmer, for secretary of state, whose plurality it was affeged would be greatly cut in all northern counties, showed a gain over his vote of 1893 in almost every county. He had gained except in New York, Kings and Erie, while his opponent had lost. The only way in which there could be said to be a Democratic gain towards normality in the votes was induced by the gain from New York city, where Tammany had made a meagre sort of record by obtaining a plurality in New York.

New York city, where Tammany has made a meagre aort of record by obtaining a phrailty in New York.

Democrats Carry Kentecky.
But the Majority for Their Candidate Is Very Small.

Louisville, Nov. 6.—On both sides the leaders are claiming the victory in this city, the Democrats by a small majority and the Republicans by a majority range in the old parties will get in by nearly the average vote. The anti-election citain that Hardin would be scratched lecause of his attitude on the money question ins failed to materialias. Scattering returns show that Hardin got the party vote, and is elected by a good majority.

At the Republican headquarters things are about the same. Congressman Horser, chairman of the state committee, was favorably impressed with the returns from the interior. He said that a continuation of these reports would indicate the election of Hardin by a small majority. The Democratic majority four years ago was 28,000.

In another talk Chairman Gorman refused to reiterate his claim that Hardin's majority would reach 15,000. The city Republicans are claiming that they have worn all the municipal offices except two or three school trustees, and that the city and county will give Bradley a majority of 6,000 to 8,000.

In lexington, the polls closed at o'clock without the full vote polled in the city, both sides claiming that they have worn all the runnicipal offices except two or three school trustees, and that the city and county will give Bradley a majority of 6,000 to 8,000.
