LATEST ELECTION FIGURES!

Smith Chosen the Minority Judge in Pennsylvania.

KENTUCKY IS NOW REPUBLICAN!

Colonel Bradley Undoubtedly Elected Governor by 5,000 Plurality—Griggs's Plurality in New Jersey is 27,337, While New York Increases Its Vote.

PHILADELPHIA, Nov. 7.—Complete returns from all but six counties in the state show a plurality for Haywood, with the vote in the six counties estimated, of 109,851, a Republican gain of 94,705, as compared with 1893. The official returns will not materially alter these figures.

The following table shows the pluralities for Haywood and Myers, together with the gains and losses as compared with the vote cast in 1893 for state treasurer when Jackson, rep., had a plurality of 135,146:

KENTUCKY SURELY REPUBLICAN.

LOUISVILLE, Nov. 7.—Republican claims and Democratic concessions show that not only has Kentucky elected the full Republican state ticket, but that the complexion of the legislature assures a Republican successor to United States Senator Robertson. General Hardin, Bradley's opponent for the governorship, admits his defeat.

State Auditor Norman, the Democratic campaign chairman, in a statement to 'The Commercial' said that Blackburn's defeat is assured. 'The Republicans, with the help of the Populists, will assuredly control the legislature,' he said, 'and Blackburn is sure to be defeated. Kentucky is now a Republican state. The public wanted a change and they took it, the Republicans being aided by both Populists and A. P. A's. No Democrat could have carried Kentucky at this election, not even Carlisle.'

Dr. W. G. Hunter, chairman of the Republican state campaign committee, refused to make any estimate as to majorities, which is given by others at 5,000. 'The Republican ticket is elected by round pluralities,' he said, 'and the legislature will be Republican on joint ballot, but I do not make any guesses. I am waiting for authentic figures.'

Already Governor-elect Bradley has been decided upon as the choice of the Republicans of this state for the presidency, and his friends claim that he will have the support of the southern Republicans. It is a significant fact that the friends of Governor Morton, as well as the political champions of Governor McKinley, have all been in constant correspondence with the friends of Colonel Bradley, and have urged them to push his claims for second place on the ticket.

An expression often heard after one has tasted Columbia beer, 'It's never anything else but made of the purest of hops and malt. Put up in bottles for family use, pint and half pint bottles.'

DUNN IS ELECTED.

A Mistake Discovered in the Returns of a Pottsville Ward.

POTTSVILLE, Nov. 7, 4:30 p. m.—The official count of the election returns started at noon to-day in one of the court rooms with Judge Weidman on the bench. A large corps of clerks are engaged in the work and they hope to complete it to-night.

Nothing tending to create a stir has developed since this morning, when a mistake was discovered in favor of Dunn, the Democratic candidate for Judge of the Orphans' Court, and his election is now an assured fact. The discovery was made before the official count was undertaken. It was found that a miscalculation was made in the returns of the northwest ward of Pottsville. Dunn received 188 votes in this ward, but in putting the total at the bottom of the column the figures were made 108. Upon ratifying this mistake Dunn was given sufficient votes on the count to counter-balance Lyon's apparent majority of 3 and left the Democratic candidate a majority of 77.

Keely was employed as a fireman and started down the slope to tell the pumpman to stop the pump. John Bellow, the pumpman, found the body about an hour after Keely started from the top. THE SCHOOL BOARD MEETS

Superintendent Whitaker's Report on the Attendance at the Schools.

DIRECTOR STANTON'S DEATH!

The Board Takes Formal Action and Appoints a Committee on Resolutions—The School Teachers Given Leave of Absence to Attend the Funeral.

A regular monthly meeting of the School Board was held last evening with attendance by the following members: Messrs. Conry, Treaise, Devitt, Edwards, Hooks, Hanna, Baugh, Morgan, Lee, James and Campbell. The meeting was a brief one and aside from action taken on the death of School Director Stanton and the arrangements for the County Institute the business was of a routine character.

Superintendent Whitaker read his report for the month of October. He stated that the attendance at the schools is the largest and most regular in their history. The visits to the schools by Directors show a slight falling off. The superintendent expressed the hope that these visits would become more frequent, as they have a very beneficial effect. The attendance at the night schools is large, but not as regular as desired. The girls' night school is very successful. In accordance with the action of the Board at its last meeting three additional night schools were established. The following statistical report was submitted in connection with the above: Term enrollment—Boys, 1345; girls, 1593; total 2938. Monthly enrollment—Boys, 1295; girls, 1454; total, 2650. Average daily attendance—Boys, 1068; girls, 1252; total, 2320. Percentage of attendance—Boys, 92; girls, 80; total, 91. Present every session, 933. Visits by School Directors, 59; by citizens, 123.

Director Conry, who served as president in the absence of Director Ogden, suggested that all the night school teachers be requested to visit the day schools as frequently as possible and the matter was referred to the superintendent.

Hon. M. P. Fowler, who was the contractor for the erection of the Jordan street school building, appeared and asked that he be reimbursed for the extra outlay he was put to on the contract. He claims to have lost \$716.98. The matter was referred to the building and repairs committee with instructions to report.

The finance committee was authorized to negotiate a loan for \$3,000. It was stated that the delay in the arrival of the tax duplicate for 1895 is due to a dispute between the County Commissioners and the coal land owners as to the value at which the lands should be assessed.

Director Hanna made formal announcement of the death of School Director Stanton. Director Baugh moved that the board and school teachers attend the funeral in a body. Director Edwards moved for the appointment of a committee on resolutions and Directors Edwards, Hanna and Treaise were appointed.

A motion that the evening school teachers be directed to attend the county institute and that they be paid at the same rate for attendance as the day school teachers are paid was defeated.

The treasurer of the School Board will cash all orders on Friday at 4 o'clock.

About forty agents of the Prudential Insurance Company, with which the deceased was connected, also attended in a body. The remains were taken to the Ammanation church on West Cherry street, where requiem high mass took place, Rev. H. F. O'Reilly, the pastor, officiating. The remains were interred in the Ammanation cemetery. The pall bearers were Messrs. John Hanna, Patrick Graham, Patrick Higgins, John J. Higgins, John J.
