### TUESDAY'S ELECTION.

The overwhelming defeat of the Democratic party throughout the country has a depressing effect upon the members of that party. The Republicans were confident that they would reverse the verdict of 1892, and they reckoned with good cause. The most significant thing about the result in New York, New Jersey, Massachusetts, Ohio and Iowa is the assurance that the next President will be a Republican. As those states have gone this year so will they cast their electoral vote in 1904.

Schenckill county has been carried by the Republicans with majorities ranging from 699 to 750. These are majorities received by the Republican candidates on the state ticket, and is the only true test as to the relative strength of the two parties. The Democrats are completely shattered, and it will take them many years to overcome their humiliating defeat. The leaders of the different factions are already accusing one another of treachery; the Gormanians are doing some tall thinking, while the Irish element does not take kindly to the treatment accorded two of the defeated candidates of that nationality. With wise council and popular candidates on the part of the Republicans, this county can never be redeemed to the Democracy. The face of the returns very plainly show that.

The official count made this afternoon does not change the relative strength of the two parties. It was confidently expected that Judge Lyon would be elected, but the count shows that he is defeated, which we, in union with all Republicans, greatly deplore. Severn, Middleton and Geary have about the same majority as stated in these columns yesterday. This leaves the two parties with three offices each.

We are greatly indebted to Mr. Guy Irish, of the Mahanoy City telephone exchange, for favors rendered in transmitting the election returns so promptly.

MANY subscribers of the HERALD complain that their paper is stolen from their doors before they have an opportunity to read it, while others say they are annoyed by neighbors borrowing it. While all this shows the paper's popularity, yet there is a law against such an offense that may have to be enforced if these complaints continue to come in.

PRINTING an edition two days previous to election to be circulated the day after the result is announced, is an advancement in journalism, in this county.

### THE LIGHT QUESTION AGAIN.

General meets tonight and the two citizens of Shenandoah who are said to be interested in the Citizens' Light and Heat Company of Mahanoy township have not seen fit to come out from under cover, and give any explanations as to their intentions or plans.

This is certainly an extraordinary method of proceeding when a valuable privilege is asked. Were it asked of a private individual, or any other kind of corporation, it would be indignantly refused until a full and complete exposition of the party's plans and intentions was made. It looks very much like an insult to Council to come to them and ask for privileges while refusing explanations of what they intend to do, or giving any guarantee that they intend to do anything.

This company was chartered on March 5th last, and there are no Schenckill county people among the incorporators. They have the plant yet, or appearance of any; no assurances that are worth anything have been given that they will have, and the opinion seems to be general that it is a paper concern gotten up to sell.

The ordinance presented is also objectionable, as it provides for no time in which this concern is to be ready for business, but gives it a whole year in which to commence work, with all eternity to complete it in. What benefit is the borough to derive from this valuable franchise given to unknown people who have no interest in the town or its inhabitants?

They certainly cannot expect to make any money out of this matter in a legitimate business way, as there is hardly enough consumption of electric light in town to support two or three companies, and the result would be that neither would prosper if this new line is built, which is a very doubtful matter.

Before granting such a company any privileges whatever it should be required to give evidence of good faith. Instead of doing this the people interested are keeping under cover, instead of coming out in an open and straightforward manner and making

a full statement of their plans and intentions. Under these circumstances there is nothing left but to infer that it is not a legitimate business enterprise.

While other New York Democrats voted, the Democratic President of the United States hunted squirrels. In Schenckill county there are some who wished they had done the same thing.

We are not prone to blow our own trumpet upon any and every occasion, nor do we feel disposed to belittle our contemporaries, but we think we are excusable in calling attention to the manner in which we presented the result of Tuesday's contest throughout the country. We presented the news, which is what the public wants, and the demand for our paper last evening showed that our efforts were appreciated.

### It May do us Much For You.

Mr. Fred Miller, of Irving, Ill., writes that he had a severe kidney trouble for many years, with severe pains in his back and also that his bladder was affected. He tried many so-called kidney cures but without any good result. About a year ago he began use of Electric Bitters and found relief at once. Electric Bitters is especially adapted to cure of all Kidney and Liver troubles and often gives almost instant relief. One trial will prove our statement. Price only 50c. for large bottle. At A. Wasley's drug store.

### Stabbed in an Election Riot.

NEW YORK, Nov. 7.—John B. McGoldrick, clerk of the supreme court and secretary of Tammany Hall, is lying in a dangerous condition at his home, the result of a stab wound received in an election wrangle on Tuesday. Although the affair is said to have occurred at 4 o'clock in the afternoon no report was made of it, and the first intimation of it was had when William Dowling, a bartender, was arrested in the Jefferson Market police court yesterday charged with having stabbed McGoldrick. The patrolman who arrested Dowling said the prisoner had struck McGoldrick on the head with a glass, but the police surgeon declares that there is a stab wound which may have penetrated the lung, and that McGoldrick's condition is critical. Dowling was held to await the result of McGoldrick's injuries.

### How Altgeld Explains It All.

SPRINGFIELD, Ill., Nov. 7.—It is the belief of Governor Altgeld that the great Republican landslide was brought about chiefly through the treachery of the national administration and the gold bug wing of the Democratic party in Wall Street. Democratic conventions in many states, he says, were packed by postmasters and menials of the administration, who forced the adoption of Cleveland's policy on the money question.

### Children who Suffer

from scrofulous, skin or scalp diseases, ought to be given Dr. Pierce's Golden Medical Discovery, for purifying the blood. For children who are thin, pale or weak, the "Discovery" is a tonic which builds up both flesh and strength. What is said of it for children applies equally to adults. As an appetizing, restorative tonic, it sets to work all the processes of digestion and nutrition, causes every organ into natural action, and brings back health and strength. In recovering from "grippe," or in convalescence from pneumonia, fevers, and other wasting diseases, it speedily and surely invigorates and builds up the whole system.

For all diseases caused by a torpid liver or impure blood, as Dyspepsia, Biliousness, Bilets and Eruptions, it gives most perfect satisfaction.

### Death of a Well Known Actress.

WASHINGTON, Nov. 7.—Mrs. D. P. Bowers, a well known actress who achieved wide fame as an impersonator of standard characters, died here yesterday. She was attacked with laryngitis last Friday and symptoms of pneumonia developed on Tuesday, but the fatal termination of the illness was unexpected. Mrs. Bowers was a native of Connecticut and was 55 years old. She entered on her stage career at 17.

### Two Men Burned to Death.

WHITEHALL, N. Y., Nov. 7.—The canal boat W. H. Swift, laden with hay from Canada, bound to New York, was burned in the canal here about 1 o'clock in the morning. Captain Harry Sutton, of Rondout, and Steersman James Burke, of Waterford, were burned to death. Both men had been drinking hard, and it is thought they in some manner upset a lamp.

### Delaware's Chancellor Resigns.

DELAWARE, Del., Nov. 7.—Chancellor James L. Wolcott has tendered his resignation, which has been accepted, to take effect Nov. 16. Acting Governor Watson announces that he will appoint Attorney General John R. Nicholson to succeed Chancellor Wolcott, and Robert C. White, of Georgetown, to succeed Mr. Nicholson as attorney general.

### Accidentally Shot by His Son.

LANCASTER, Pa., Nov. 7.—Samuel S. Conrad, a prominent citizen of Mount Joy township, was accidentally shot by his son while the latter was cleaning a pistol. The ball entered the abdomen and will prove fatal. The victim was an orderly on General Kilpatrick's staff during the war.

## Nerves and Blood

Are inseparably connected. The former depend simply, solely, solidly upon the latter. If it is pure they are properly fed and there is no "nervousness." If it is impure they are fed on refuse, therefore cannot be strong and healthy, and the horrors of nervous prostration result. The only sensible way to cure is: Feed the nerves on pure blood. Make pure rich, red blood and keep it pure, by taking

### Nebraska Republican by Ten Thousand.

OMAHA, Nov. 7.—Returns from the several counties in the state upon the vote cast for judge of the supreme court are being received with unusual swiftness. The partial returns indicate a 10,000 plurality. On the other hand, Governor Holcomb and J. W. Edgerton, chairman of the Populist state central committee, assert that Judge Maxwell has been elected. Neither will make public the figures upon which they base their assertions. Governor Holcomb said this morning that Norval's lead in the returns so far published is made possible by the fact that only the vote from the strong Norval towns had so far been received. The vote of the administration, or sound money wing of the Democratic party, is four-fifths of the entire party vote of the state, probably 25,000. This assures the defeat of the silver interests unless there is a great change of sentiment in the party ranks during the next six months along financial lines.

### Brooklyn's Mayorality Contest.

BROOKLYN, Nov. 7.—It looks now as if the mayorality contest would be transferred to the courts. Mr. Grout, the Democratic candidate, refuses to concede the election of Mr. Wurster, his Republican opponent, and the regular Democratic campaign committee has retained General Albert F. Jenks and Abraham H. Daily to look after Mr. Grout's interest. A meeting of the regular executive committee has been called for the purpose of taking further action in the matter. Mr. Grout declares that it was evident that the returns that came out of police headquarters were not to be relied upon, and that there will be every means taken to properly examine the vote. The returns as given show Wurster's plurality to be 2,214.

### New York's Increased Republican Majority.

NEW YORK, Nov. 7.—The total official vote for secretary of state is: King, dem., 605,590; Palmer, rep., 572,925. This makes Palmer's plurality 60,935. The vote in 1892 was: Palmer, 545,968; Myer, 520,614. Palmer's plurality (1893), 24,484. The assembly stands: Republicans, 103; Democrats, 48. This gives the Republicans a majority of 48 on joint ballot.

### Greenhalge's Plurality About 65,000.

BOSTON, Nov. 7.—Republican leaders are particularly pleased over the gains of Governor Greenhalge in this city, for they claim it shows that the people are coming over to their ranks. The Democrats, on the other hand, say they attach no significance whatever to the decreased Democratic plurality in the city, other than that their candidate was not personally as popular as was Russell, the candidate of 1892. Those who claimed the state for Greenhalge by 65,000 and 69,000 plurality are reducing their estimates as the official figures are given out. His plurality is placed at about 63,000.

### The Ideal Panacea.

James L. Francis, Alderman, Chicago, says: "I regard Dr. King's New Discovery as an Ideal Panacea for Coughs, Colds and Lung Complaints, having used it in my family for the last five years, to the exclusion of physician's prescriptions or other preparations."

Rev. John Burgess, Keokuk, Iowa, writes: "I have been a Minister of the Methodist Episcopal church for 30 years or more, and have never found anything so beneficial, or that gave me such speedy relief as Dr. King's New Discovery." Try this Ideal Cough Remedy now. Trial bottles free at A. Wasley's drug store.

### Large Republican Gains in Kansas.

TOPEKA, Nov. 7.—The latest returns received from all parts of Kansas show large gains for the Republicans. Many counties that have been Populist for four years elected all the Republican candidates. Judge Martin, rep., is overwhelmingly elected chief justice of the supreme court. Republicans elect four out of five district judges. Dale, pop., in Sedgwick county, being the only successful opposition candidate for the bench.

### Populist Decrease in Mississippi.

JACKSON, Nov. 7.—The latest news from the election gives a Democratic majority of from 35,000 to 39,000. Estimates based on nearly complete returns show that the Populists did not receive 10 per cent. of the total vote cast. The present legislature contains twenty-five Populists, and the next one, which will elect a successor to Senator George, will not have more than eight, all the rest being Democrats.

### Utah Safely Republican.

SALT LAKE, Nov. 7.—The Republicans have elected the state ticket and carried the legislature by a safe majority. Returns from the most populous parts of the territory give Allen, rep., for congress, a majority of 651, which is claimed to be increased to 1,000. Wells majority for governor will be considerably larger.

He was driven to the deed by extreme poverty, having lost the savings of his life through the defalcations of the absconding banker Schoenfeld.

### The Clyde Strike.

LONDON, Nov. 7.—Practically all the Clyde engineers are idle, as the bulk of them refused to go to work yesterday as a protest against the action of the ship builders, who on Tuesday posted notices locking out 25 per cent. of the employees in their yards. Only members of the unions were locked out. The lockout is in sympathy with the Belfast ship builders, whose employees recently struck work.

The wife of Mr. Leonard Wells, of East Brimfield, Mass., had been suffering from neuralgia for two days, not being able to sleep or hardly keep still, when Mr. Holden, the merchant there, sent her a bottle of Chamberlain's Pain Balm, and asked that she give it a thorough trial. On meeting Mr. Wells the next day he was told that she was all right, the pain had left her within two hours, and that the bottle of Pain Balm was worth \$5.00 if it could not be had for less. ### THE AVALANCHE IN MARYLAND.

It Shows a Majority of 19,701 for Lloyd Lowndes.

BALTIMORE, Nov. 7.—The people of Maryland, having recovered from the surprise caused by Tuesday's political avalanche, are beginning to inquire how it happened, and what the result of it is going to be. Congressman George L. Wellington, chairman of the Republican state committee, sums it up in a few words as follows: "The people of Maryland are tired of Gorman and Gormanism, of Rasin and Rasinism, and they backed their sentiments with their ballots."

Chairman Hatterly W. Talbot, of the Democratic state committee, said: "The chief reason, I think, was hostility to Senator Gorman throughout the city and state. Many Democrats did not approve of the senator's course in congress, and all the ills which have afflicted the people for the past two years have been attributed to him and his course at Washington."

The members of the Reform league, upon the other hand, assert that the result was, to a very considerable extent, brought about by their work at the polls in preventing election frauds.

Returns from every county in the state, partly estimated, give Lloyd Lowndes, rep., a majority over John E. Hurst, dem., for governor, of 19,701. The majorities by counties are as follows:

### GRIGGS' BIG PLURALITY.

Official Returns Give Him 27,327 Votes Over Chancellor McGill.

JERSEY CITY, Nov. 7.—The magnitude of the Republican sweep in New Jersey did not become apparent until yesterday afternoon, when the official returns, as filed with the different county clerks, showed that the wildest claims of the Republicans on election night and the best returns that could be obtained fell short of the actual result.

The election of Griggs was known to be a certainty at 10 o'clock on election night, but at that hour 19,000 and 14,000 were all that the leaders of the Republican party claimed. As the night grew older they advanced their claims, under the influence of the press returns, to 22,000. The results in the counties as filed show that Griggs received 27,327 plurality over McGill.

The election of Mr. Griggs is the first time in thirty years that the Republicans have elected a governor, and they are now in control of almost every department of the state government, and during the three years Mr. Griggs has to serve those offices now held by Democrats who may not be removed except for cause, will have expired, with a few exceptions, and Mr. Griggs will have the right to fill them. For two years of his term he will have a Republican senate, even should the Democrats carry the entire seven senators who retire next fall.

The list of offices to be filled during the next three years is a long one, and there are some rich plums which the governor may give out.

The legislature is Republican on a joint ballot by forty, and one independent.

Hudson, Hunterdon and Warren counties alone gave pluralities for McGill. Every other county returned Republican pluralities. Griggs' majority over all is about 20,000.

The following table gives the pluralities by counties for governor this year and in 1892:

| Counties    | 1896   | 1892  |       |        |
|-------------|--------|-------|-------|--------|
|             | Rep.   | Dem.  | Rep.  | Dem.   |
| Atlantic    | 1,370  | —     | 258   | —      |
| Bergen      | 700    | —     | 608   | —      |
| Burlington  | 2,350  | —     | 305   | —      |
| Camden      | 6,275  | —     | 1,263 | —      |
| Cape May    | 548    | —     | 80    | —      |
| Cumberland  | 2,550  | —     | 698   | —      |
| Essex       | 6,774  | —     | 1,186 | —      |

| Hudson      | —      | 5,850 | 6,387 | —      |
| Hunterdon   | —      | 705   | 1,384 | —      |

| Passaic     | 3,048  | —     | 773   | —      |

| Sussex      | 27     | —     | 72    | —      |
| Union       | 1,556  | —     | 613   | —      |
| Warren      | —      | 759   | 1,910 | —      |
| Totals      | 44,740 | 7,313 | 7,012 | 14,637 |

Pluralities—27,327 over McGill. This makes Griggs' plurality over McGill 27,327, against a Democratic plurality in 1892 of 7,825, a Republican gain of 19,502 votes.

### Foraker for United States Senator.

COLUMBIA, Nov. 7.—Chairman Anderson, of the Ohio Democratic state committee, concedes the state to the Republicans by 90,000. Chairman Kertz says Bushnell's plurality will not be less than 100,000. The vote for Coxey, Populist, will be about 15,000 less than last year's Populist vote of 40,000. The only consolation for the Populists is the election of W. F. Conley for state senator in the Thirty-second district. Conley was endorsed by the Republicans and defeated Lawler, of Lima, the home candidate of Senator Brice. He has declared for Foraker for senator. The senate will stand: Republicans, 30; Democrats, 6; Fusion Populists, 1. In the house the Republicans have 87 and the Democrats 25. The Republicans have a majority of 87 on joint ballot.

### Senator Allison's Re-election Assured.

DES MOINES, Ia., Nov. 7.—Iowa is Republican this year by from 60,000 to 70,000 plurality. Drake, the Republican candidate for governor, has gained 23,000 over the Jackson vote for governor in 1892. His colleagues on the Republican ticket are running much ahead of him. The general assembly is overwhelmingly Republican. On joint ballot the Republicans have 90 majority out of 150 votes.

### PANSY PILLS!

## PATRIOTIC BLOOD.

YOUR BLOOD IS RED, WHITE AND BLUE.

The Three Colors in Your Blood, and What the Kidneys Have to Do With Them—Healthy and Unhealthy Blood—Sickness Caused by Blood That Has Not Been Filtered.

How It Can Be Cured by Curing the Kidneys.

You have three colors in your blood. The red comes first. It is the best blood. The clear, rich red blood that flows through your arteries from your heart, all over your body, is what keeps you alive.

It gives food, heat, strength to your body. It is your kidneys which make it so pure and red.

Your white blood is not too healthy. It runs through the same blood vessels as your red blood. You need a little of it, but too much will make you sick.

Pale, sickly, bloodless complexion, Anaemia, loss of weight, lack of energy and ambition, all these are caused by too much white, which means too little red, blood.

When this happens it is because your kidneys are filtering out the red blood and leaving the white when they should be doing the opposite.

The blue blood is generally supposed to belong to the aristocracy, and perhaps it does, for it certainly is "effete."

The blue blood vessels you see through your skin are veins. The blood in them is of a dark blue-red color. It contains all the effete waste of all sorts of diseases, and collect. It is on its way to your kidneys to be purified.

Your kidneys will filter your blue blood and make it red and clear.

It would not be patriotic not to have this done. You would soon have nothing but white and blue blood.

It would not be healthy, either. If your blood were not properly filtered, your blue blood would carry poison to all parts of your body, and you would soon begin to suffer from all sorts of diseases.
