ABOUT TRADE AND FINANCES

A Review of the Business Situation for the Past Week.

AN ADVANCE EXPECTED ON COKE

The Weekly Review by R. G. Dun & Co. Shows the Elections to Have Affected Trade Considerably—An Increase of Failures is Reported.

NEW YORK, Nov. 9.—R. G. Dun & Co.'s weekly review of trade says: It has been a broken week, and just before and after elections in the most important states operations rarely have much significance. Business may be largely affected in time, but as yet there is scarcely any indication what the effect will be. The controlling power at present is the effort to readjust prices after the remarkable rise of last summer, in important materials and products, with the struggle of great combinations to prevent declines.

The purchase of competing interests now gives the H. C. Frick company ownership of 11,039 out of 17,934 coke ovens in the Connelleville region, and practical control of more than three-quarters, and an advance in the price of coke to \$2 is expected, as the Carnegie company has been buying up supplies at low prices for months in advance. Yet the price of Bessemer pig is lower, \$14.75 at Pittsburgh, and billets are lower because there is scarcely any demand for rails at the combination price.

Many woolen mills are now closing to wait for orders, though the demand is fairly satisfactory for some dress goods and worsteds, and the Washington mills open clay worsteds at ten cents advance. But prices of these and most qualities of woolens are still uncertain. The market for raw cotton is held at 8.81 cents, in spite of a highly respectable estimate of only 6,423,000 bales for the year.

Failures for the week have been 280 in the United States, against 261 for the same week last year, and 49 in Canada, against 49 last year.

Nebraska's White Metal Contest.

OMAHA, Nov. 9.—Much interest has been created among Nebraska Democrats as a result of election returns showing the relative vote of the two wings. Mahoney, the administration candidate for the supreme court, received 14,800 and Phelps, silver man, 8,000. Both went on the ticket under the supreme court ruling as Democrats, and the silver men claim this was unfair to their interests, and that it was not a proper test. The silver men suggest that the silver question be submitted to a primary election in Nebraska. They assert that if the gold men refuse to submit the question to a primary election they will be estopped from claiming to represent a majority of the Democratic voters.

Buffalo's Banquet to Mr. Depew.

BUFFALO, Nov. 9.—Never has this city seen a more representative body of citizens than assembled last night in the Buffalo club to do honor to Chauncey M. Depew. The dinner was tendered to Mr. Depew not alone because of his prominence in affairs of commerce, but quite as much for the special interest he has always manifested in the welfare of this city. Hon. Edgar B. Jewett, mayor of Buffalo, presided and welcomed the guests of honor in a speech which elaborated the sentiments that had inspired to the banquet. Mr. John N. Scatterd, president of the Banquet of Buffalo, was toastmaster. The chief speech of the evening, of course, was that of Mr. Depew.

Sent to Jail for Contempt of Court.

SAN FRANCISCO, Nov. 9.—United States Grand Juror H. G. Zimmerman, accused of having disclosed certain testimony taken before the federal grand jury in the investigation of the charges of intimidation of witnesses, subordination of perjury, etc., against the principals and witnesses in the Freedman-Westinghouse patent case, was found guilty yesterday of contempt of court and sentenced by Judge Morrow to six months in the county jail, without the alternative of a fine, and was also severely reprimanded by the court.

A Colored Judge in Albany.

ALBANY, Nov. 9.—James T. Matthews, colored, recorder of deeds at Washington in President Cleveland's first administration, has been elected judge of the recorder's court of this city, which office carries with it powers of a supreme court judge. His majority is over 2,000. He was nominated and elected on the regular Democratic ticket. It is the highest judicial office ever held by a man of his race in this country.

Haywood's Plurality 184,102.

PHILADELPHIA, Nov. 9.—Complete returns from every county in the state show that a total vote of 788,969 was cast on Tuesday for the Republican and Democratic candidates for state treasurer, Haywood having a plurality of 184,102.

A SUIT BY SENATOR COYLE

He Says Editor Parker Published a Libelous Article.

CAMPAIGN CIRCULAR THE CAUSE

Coyle Says That in Commenting Upon the Paper the Editor Inferred to the Public That the Senator Was the Author. A Senatorship Promised.

MAHANOCY CITY, Nov. 9.—Following upon the heels of the excitement attending the election of last Tuesday are many rumors of a sensational character, which keep the politicians here in a warmed up state, and within the next forty-eight hours it would not be surprising if a big bomb would be exploded and cause a stir throughout the county. All day there have been mysterious movements about the quarters frequented by Senator Coyle and his friends and after persistent and diligent inquiry your correspondent has learned that at least one law suit is to follow the election.

The action is not to be of a quo warranto character and has no bearing upon the result of the election. It will be based upon a charge of libel. The alleged libel is said to have been made during the progress of the campaign.

The informant states that Senator Coyle has sworn out a warrant for the arrest of Editor Parker, of the Daily Record, and the case will come up some time this afternoon.

During the campaign quite a number of anonymous typewritten letters were sent to prominent Republicans throughout the county, making little of them because they were not more pronounced in their views regarding Judge Lyon's candidacy. Some of the letters were scathing. One received by Sheriff Coyle stated that the Republicans would "scorchify his shrivelled hide" if he didn't vote for Lyon. Because Dunn's election meant the sending of Protestant children to Catholic homes, etc.

One letter sent to Senator Coyle stated that the reason he (Coyle) was against Lyon was because the Senator was a Kilkenny man like Dunn. Daniel Duffy, Shortall and others were recipients of the same kind of trash.

A few weeks ago Editor Parker took cognizance of the circulars and stated in an editorial that they came from the same typewriter that sent out the famous "last card" in Coyle's campaign. No names were mentioned, but Senator Coyle takes the stand that the inference was strong enough to convey the impression that he was the author of the circulars.

Senator Coyle appeared before Squire Dooney this afternoon and swore out a warrant against Editor Parker, but at this writing the warrant had not been served but will during the afternoon some time. W. Potts Ramsey represents the Senator.

Politicians in both parties are manifesting great interest in the suit, but it is stated that the greatest bomb will not be cast for a few days, when a resident of this town will make charges bearing upon alleged misconduct in office by officials at the almshouse.
