Blaming Carlisle for Defeat.

COVINGTON, Ky., Nov. 11.—Mayor Rhinock, the head of the municipal government of this city, has been the subject of an article in an issue of the Democratic Review for the month of November. When he came home to register, a few days before the election, he was accosted by a reporter, who asked him if he intended to vote the Democratic ticket. He is quoted as saying: "I decline to be interviewed. I will vote for whom I please." Every Republican paper in the state seized upon these words to prove that the secession in the Democratic ranks was great enough to defeat Harlin. As a consequence, thousands of Democratic votes went to Bradley. I believe that if Carlisle had replied in the United Press to the effect that, owing to the prevalence of diphtheria in Burlington, N. J., navigation on the Delaware river between Bristol and that place has closed, he without foundation. Ferry boats are running as usual, and J. S. Adams, secretary of the Burlington board of health, has issued a notice that at no time have there been more than fifteen cases, and only one has been reported within the last ninety-six hours. At the present time there are not more than twelve cases, none of them serious. He adds that there is no reason why people should not visit Burlington as safely today as any other town in New Jersey.

No Diphtheria Scare in Burlington.

Bristol, Pa., Nov. 11.—The report sent out by the United Press to the effect that, owing to the prevalence of diphtheria in Burlington, N. J., navigation on the Delaware river between Bristol and that place has closed, he without foundation. Ferry boats are running as usual, and J. S. Adams, secretary of the Burlington board of health, has issued a notice that at no time have there been more than fifteen cases, and only one has been reported within the last ninety-six hours. At the present time there are not more than twelve cases, none of them serious. He adds that there is no reason why people should not visit Burlington as safely today as any other town in New Jersey.

Interesting Religious Ceremony.

NEW ORLEANS, Nov. 11.—Yesterday, at the convent of the Ursuline nuns, the statue of "Our Lady of Prompt Succor" was crowned with a diadem of gold and jewels whose intrinsic worth is many thousands of dollars, and the occasion was made one of great pomp and ceremony by the prominent Catholics of this city and state. It was very much on the order of the recent celebration in Mexico, and is really the first ceremony of its kind that has ever taken place in the United States. The statue is about four feet high, and is a beautiful piece of wood carving, representing the Virgin Mary holding in her arms the infant Jesus.

A CONFESSED MURDER. But the Murderer and the Victims Cannot be Found.

Special to EVENING HERALD.

MR. CARROLL, Nov. 11.—Henry Yargo, a Hungarian, has been missing from his home near Natalie two weeks and the utmost vigilance of the police have failed to lead to his whereabouts, but one of his friends has just given Justice Amour some startling information and the case is being worked up with renewed vigor.

The informant states that a haggard man on the verge of nervous prostration came to him and confessed that he and three others had seen Yargo display money and they had waylaid him at a lonely spot on the mountain road about half way between Geom Ridge and Natalie, and after taking Yargo's money murdered him in order to prevent his causing their arrest. The men, to hide their crime, carried the remains almost to Hickory Ridge, where they were interred. Efforts are being made to locate the place of burial and at the same time the police are working on the description of the alleged murderers as furnished by Amour's informant.

A Revolution.

A complete and immediate revolution of transportation methods, involving a reduction of freight charges on grain from the West to New York of from 20 to 60 per cent, is what is predicted in the November Cosmopolitan.

The plan, proposed using light and inexpensive corrugated iron cylinders, hung on a slight rail supported on poles from a cross-arm—the whole system involving an expense of not more than fifteen hundred dollars a mile for construction. The rolling stock is equally simple and comparatively inexpensive.

Continuous lines of cylinders, moving with no interval to speak of, would carry more grain in a day than a quadruple track railway. This would constitute a sort of grain-pipe line. The Cosmopolitan also points out the probable abolition of street-cars before the coming horseless carriage, which can be operated by a buy on asphalt payments at a total expense for labor, oil and interest, of not more than one dollar a day.

The Remenyi Concert.

Edouard Remenyi, the violinist who is to appear at Ferguson's theatre next Thursday evening for the benefit of the Primitive Methodist church, is completing a triumphant tour through the United States. The New York Commercial Advertiser says of his recent appearance in that city: "The reception which was accorded to Remenyi on his appearance was an ovation which swelled into a tremendous wave of enthusiasm after his spirited rendering of the three movements of the Godard concerto. So insistent was the applause that he was compelled to repeat the concerto, and then come out and bow his acknowledgments half a dozen times before the audience could be satisfied." Reserved seats now on sale at Kirlin's drug store.

EXODUS TO POTTSVILLE.

The Teachers' Institute and Court Opening Cause a Rush.

There was a great exodus at the Lehigh Valley and Pennsylvania depots this morning and the agents and clerks were kept busy handing out tickets and making change for over half an hour before the 9:08 train left for Pottsville. At the Lehigh Valley depot the rush for tickets was the greatest. Both waiting rooms and the outside platform of the depot were crowded with people. When the train arrived it consisted of but two cars. Two more were added to it and even then seats were at a premium. A part of the rush was occasioned by the opening of the November term of criminal court at Pottsville. Such events always create an exodus from this town, but to-day the crowd was increased by the teachers who left to attend the annual sessions of the Teachers' County Institute at Pottsville, which opened this morning.

Some of the teachers were equipped with satchels and traveling bags, indicating that they intended remaining at the county seat while the institute lasts, but they were few in number. Nearly all the teachers from this town will return every evening.

The attendance at court by people from this borough will be very large this week, in addition to the many new cases on the court calendar there are many that were laid over from the last term of court. Among the people who went down this morning were Justices Williams, Shoemaker and Bierlein, Constables Phillips and Boland, Policemen Tosh and Lee, M. M. Burke, S. G. M. Hollister, Edward W. Shoemaker, J. K. Coyle and J. H. Conroy, Esqs., and over a car load of people who went down as principals or witnesses in suits.

A close observer will come across many humorous incidents during rushes at the depot. This morning an old Irish lady bought a ticket for Pottsville. "Can I stop at St. Clair on this?" she asked after receiving the ticket. "You must see the conductor about that matter," the agent answered. "And, sure, he knows nothing about the matter at all," was the rejoinder, and the agent was obliged to explain that, while the conductor knew nothing about the business she had at St. Clair, he knew all about the stopping off at that point.

Consumption in its advanced stages is beyond powers of man to cure. It can be prevented, though, by timely use of Dr. Wood's Norway Pine Syrup, nature's own remedy for coughs and colds.

POLITICAL POINTS.

M. P. Walker, father of ex-Deputy Controller George Walker, delivered a large Republican vote to the Democratic ticket in the South ward of Pottsville.

The Baker ballot law works against the Democratic party in this county.

It is said that Peter P. Smith, the minority judge on the Superior Court bench, received the vote of every Smith in the state. This accounts for his election.

Attend the Republican League meetings. That organization did effective work last spring, and can do the same next February if the effort is made.

The Blass Funeral.

The funeral of ex-County Treasurer Louis Blass took place from the family residence at Girardville yesterday afternoon and was attended by prominent people from all parts of the county. The remains were interred in the Old Fellows' cemetery at Girardville with Old Fellowship and Masonic honors. Among the residents of Shenandoah who attended the funeral were S. L. Brown, O. C. Thomas, William H. Zimmerman, Controller B. R. Severn, Deputy Controller F. C. Reese, R. A. Davenport, A. B. Lamb, John W. Morgan, F. J. Portz, Justice T. T. Williams, W. G. Gregory, Christ, Schmidt, Councilman Richard Reese, John M. Schaeffer, Fred. Keithan, Joseph Grunna, James S. Williams, George and John Portz, Ervin Moyer, Harry Yost, E. B. Brumm, Charles Smith, John Kammage, Edward Doherty, George H. Williams, Mine Inspector William Stein, Al. Nimmoek, Joseph Wyatt, T. J. Brounail, Samuel Acker and Wolf Levine.

Cost of the Election.

The cost of the election in Schuylkill county on Tuesday last aggregates about \$7,000. First of all was the cost of printing the Sheriff's proclamation, then came the cost of printing the ballots, which was something over \$400. The pay of the election officers in the 143 districts of the county foots up quite a sum. The judges of election receive \$5.00, \$3.50 for holding the election and \$1.50 for making out the return, and also 10 cents for every circular mile traveled in bringing in the return. The two inspectors each receive \$3.00 per day, and the two clerks each receive \$3.00. Each assessor receives \$2.00 for his services on election day and each constable receives a like amount. Added to the above is \$10.00 for room rent for each polling place, and the board to compute the vote receives \$150.

The Deer Season Too Short.

EGG HARBOR CITY, N. J., Nov. 11.—During the deer season of twelve days, which has just closed in South Jersey, at least thirty-five deer were killed in a triangle and Cape May counties, a greater number than has been killed during any previous season for the last twenty years. Sportsmen declare the short season law a failure, and declare they will petition the legislature for a grant of at least a month in which to chase the deer.

Pittsburg Plumbers on Strike.

PITTSBURG, Nov. 11.—The plumbers' union yesterday passed resolutions demanding of their employers an advance in wages of 10 per cent, to take effect at 7 o'clock this morning. The master plumbers resist the demand, and the men went out. The men claim to have made several requests for this restoration without any satisfaction being given them, hence the determination to strike without further notice.
