TUESDAY, NOVEMBER 12, 1895.

### A GOOD MOVE.

In our news columns last evening appeared an article upon the contemplated erection of a new opera house in this town, on the present site of the Commercial Hotel. The movement was favorably received by theatergoers generally, who have become disgusted with the barn-stormers that have found refuge here, and hail with delight anything that gives promise of something better. It goes without saying that the project will prove a paying investment, and in the interest of all amusement-loving people, it is to be hoped that the men at the back of the movement will push it to a speedy completion.

While the site spoken of may not be the best in town, yet it has many features to commend it. If the proprietors place the management in good hands there is no doubt it will give good returns upon the capital invested.

There is no town in the county—not excepting Pottsville—that patronizes theatricals and like performances better than Shenandoah. But the trouble in the past has been the inferior class of shows that has caused the small attendance. Every good show that appears here is greeted with packed houses, and this fact should give the projectors of the new play-house all the encouragement they desire. Unfortunately the good shows are almost as scarce as flies in January, and the average theatre-goer must, in many cases, take them on faith. They have been so often disappointed that their interest has flagged and they often stay away than go.

There is still another feature about the project that will prove advantageous both to the projectors and the town in general, and that is the erection of a new hotel building to take the place of the present one. Shenandoah is sadly in need of buildings suitable for first-class hotels, and the plans under consideration, we are informed, will fully meet all these requirements.

In the language of the street, "Push it along; it's a good thing."

The number of new subscribers to the Herald during the past week was unusually large, and the list continues to grow.

In the libel suit of Senator Coyle against Editor Parker, of the Mahanoy City Daily Record, an amicable settlement has been reached whereby a full retraction has been made by Mr. Parker in the columns of his paper. The editor has played well the part of Marc Antony, the brilliant defender of Caesar.

It is said that James B. Reilly is no longer leader of the county Democracy. There is no longer any Democracy to lead.

CHAUNCEY M. DEPEW, of New York, is now mentioned in connection with the Republican presidential nomination, and Matthew Stanley Quay's name is also being spoken of in the same connection. Either would fill the bill.

DUNLAVEN and Sackville! Both were done up in America and have benched us for it after putting the ocean between us and them. The only difference is that Sackville did it for "private circulation" and Dunraven didn't.

### HIS OPPORTUNITY.

Poor Director-elect Middleton, when he enters upon the discharge of his duties, will have the opportunity presented him to shed lustre upon his name and his party, and it is to be hoped he will be equal to the occasion. There is room at the Almshouse for a great reform, and as the responsibility for the administration of affairs in that branch of county business is now entirely in the hands of Republicans, the rank and file of that party expects a clean, honest transaction of the business of that institution.

Experience has shown that little reliance can be placed upon Director Day, who is about as incompetent an official as ever was chosen to office, and the highest idea which has ever entered his head has been the distribution of patronage. It is an open secret that he either knows nothing of business methods, or is utterly indifferent to them. He should, therefore, not be taken into consideration in the management of affairs there, and the county looks to Directors Dietrich and Middleton to correct abuses which have crept into the management of the almshouse since this man has been connected with it.

It has been stated frequently during the

campaign, that Mr. Middleton was closely identified with the "Almshouse gang." His conduct in office will be closely watched and he will have the opportunity to refute the charge. Will he do so? The party awaits his reply.

DEMOCRATIC newspapers are still trying to account for the Republican cyclone of last Tuesday. The excuses they are putting forward for their defeat are as preposterous as the grounds upon which, before election, they urged the people to support Democratic candidates and prophesied certain Democratic victory. The reason for last week's political tornado is apparent to every man of common sense. All the humbug and false pretenses of apologetic Democratic organs cannot obscure the cause of their party's stunning defeat, which, in a few words, is general incompetency.

From the irregularities in the election returns in Philadelphia, in the strong Democratic districts, there appears to have been a concerted effort to swell the vote returned for Judge Smith. Many discrepancies are found between the returns and the tally sheets, and the matter is to be brought to the attention of the court.

### How to Prevent Croup.

SOME READING THAT WILL PROVE INTERESTING TO YOUNG MOTHERS. HOW TO GUARD AGAINST THE DISEASE. Croup is a terror to young mothers and to post them concerning the cause, first symptoms and treatment is the object of this item. The origin of croup is a common cold. Children who are subject to it take cold very easily and croup is almost sure to follow. The first symptom is hoarseness; this is soon followed by a peculiar rough cough, which is easily recognized and will never be forgotten by one who has heard it. The time to act is when the child first becomes hoarse. If Chamberlain's Cough Remedy is freely given all tendency to croup will soon disappear. Even after the croupy cough has developed it will prevent the attack. There is no danger in giving this remedy for it contains nothing injurious. For sale by Grubler Bros., Druggists.

### A Dog Unearths a Murder.

CENTRAL CITY, W. Va., Nov. 12.—On Buffalo creek, Wayne county, a dog entered the home of P. K. Stanley, a wealthy stock raiser, carrying in its mouth a dead child apparently about four weeks old. Investigation disclosed the fact that it had been murdered, and that the dog had unearthed it in the back yard, where it had been buried.

### Strangled Her Infant Child.

ALLENTOWN, Pa., Nov. 12.—Mrs. Elias Gilbrook murdered one of her children, a child a month old, yesterday, by strangulation. The woman has not been of sound mind for nearly a year, but she had never shown violence. She became violent yesterday, and seizing the child, which was in bed with her, the woman choked it to death.

### England Preparing for War.

LONDON, Nov. 12.—It is expected that war against Ashanti will be declared at the next cabinet council. The authorities at Woolwich arsenal have received orders to forward all the necessary stores to Accra.

### For Libeling Ambassador Fava.

WASHINGTON, Nov. 12.—Don Cesar Celso de Moreno was sentenced to ninety days in jail yesterday for criminally libeling Baron Fava, the Italian ambassador. The wife of Mr. Leonard Wells, of East Brimfield, Mass., had been suffering from neuralgia for two days, not being able to sleep or hardly keep still, when Mr. Holden, the merchant there, sent her a bottle of Chamberlain's Pain Balm, and asked that she give it a thorough trial. On meeting Mr. Wells the next day he was told that she was all right, the pain had left her within two hours, and that the bottle of Pain Balm was worth \$5.00 if it could not be had for less. For sale at 50 cents per bottle by Grubler Bros., Druggists.

### Evidence of Double Murder.

LITTLE ROCK, Nov. 12.—The decomposed body of a girl aged 14 and a boy aged 17 were found in the woods near Eldorado, Ark., yesterday. The children were brother and sister named Perkins. They started out horseback riding three weeks ago and were never seen alive afterwards. The girl's throat was cut and the boy's skull crushed. The coroner is making an investigation.

### A Fortune in Stolen Property.

BOSTON, Nov. 12.—The Boston police recovered \$30,000 worth of stolen property last night. James S. Chaffee, the man in whose possession it was found, claims it was brought here from New York a week ago, and that it represents the thieving by William Barrett, a notorious criminal now serving a life sentence in this state for murder.

## What Shall I Do?

In the earnest, almost agonizing cry of weak, tired, nervous women, and crowded, overworked, struggling men. Slight difficulties, ordinary cares, household work or daily labor, magnify themselves into seemingly insupportable mountains. This is simply because the nerves are weak, the bodily organs debilitated, and they do not

proper nourishment. Feed the nerves, organs and tissues on rich red blood, and how soon the glow of health comes to the pale cheeks, firmness to the unsteady hand, and strength to the faltering limb.

purifies, vitalizes and enriches the blood and is thus the best remedy for unfortunate humanity. Be sure to get Hood's and only Hood's. All druggists sell it; six for \$5. Hood's Pills are a standard pill and are sold by all druggists.

## NO CONSUMPTIVE WILL DIE

SO LONG AS HE CAN DIGEST AND ASSIMILATE FOOD.

All physicians admit this. Yet here the difficulty begins. How can we build up the consumptive's body as fast as the disease tears it down? Let us consider.

Cough mixtures must be avoided because they frequently contain opiates which arrest the digestion. Their only effect on the cough is by stupefying the nerves. Let them alone.

All foods that are hard to digest must be avoided, especially fats and oils. Only those foods that are easily digested and assimilated should be eaten. Foods not thus accepted by nature do no good; they do harm. Not what is merely eaten but what is digested and assimilated gives flesh and strength.

Consumption is starvation, slow or rapid, as may be. The first symptom is, not necessarily a cough, but a tendency to lose flesh, to grow thin. Stop this tendency now. Don't wait for obvious lung trouble. That's only a later development—only a minor point.

Stop the wasting and you master the disease—even though it may have made some slight inroads already. Increase the flesh and the danger is past.

What is needed is an especially prepared food—a nutriment in itself and a digester of other foods.

Such an article is the Shaker Digestive Cordial, made by the Shaker Community, of Mt. Lebanon, N. Y. It creates a natural appetite and insures the digestion of what is eaten with it. It overcomes the wasting which is the result of the consumptive process. A man may lose money and not die a bankrupt. One may have consumption and not die of it. This is science and sense. The success of this new remedy proves it.

### Wants Satisfaction for False Arrest.

NEW YORK, Nov. 12.—Christian Reiss, Jr., of San Francisco, was a passenger on the steamer Newport, which arrived from Colon yesterday. Mr. Reiss has a complaint to make against Captain O'Brien, the head of the detective bureau of New York, and the United States consul at Colon, because, upon the telegraphed order of the first named, he was arrested and imprisoned at Colon as Jacob Reiss, an alleged embezzler from that city. Subsequently a telegram from Captain O'Brien directed his release, admitting a mistake in identity. Reiss, who was on a tour around the world, decided to come to New York and demand satisfaction for the indignities to which he had been subjected. Captain O'Brien declares that the mistake was natural under the circumstances.

### Nothing Stands as High.

As a remedy for every womanly ailment, as Dr. Pierce's Favorite Prescription. It is an invigorating, restorative tonic, a soothing and strengthening nerve, and a complete cure for all the derangements, painful disorders and chronic weaknesses peculiar to the sex.

For young girls entering womanhood; for women at the critical "change of life"; for women approaching confinement; nursing mothers; and every woman who is "run-down," tired, or overworked—it is a special, safe, and certain help. ### Those Insolent Spaniards.

NEW YORK, Nov. 12.—Captain Frank L. Miller, of the American brig Harriet G. which on leaving the Cuban port of Nevas on Oct. 3 was searched by Spaniards who claimed to be looking for arms, said to a reporter: "I was flying the Stars and Stripes when the search was made. My protests were unavailing. The American consul witnessed part of the search, and joined in the protest. It was useless, however. The Spaniards don't care a continental for American rights, and would insist our flag whenever opportunity offered. Had my vessel flown the British flag not a Spaniard would have dared attempt a search."

### The Ideal Panacea.

James L. Francis, Alderman, Chicago, says: "I regard Dr. King's New Discovery as an Ideal Panacea for Coughs, Colds and Lung Complaints, having used it in my family for the last five years, to the exclusion of physician's prescriptions or other preparations." Rev. John Burgess, Keokuk, Iowa, writes: "I have been a Minister of the Methodist Episcopal Church for 50 years or more, and have never found anything so beneficial, or so safe, and every remedy as Dr. King's New Discovery." Try this Ideal Cough Remedy now. Trial bottles free at A. Waseley's drug store.

### The Need for Coast Defenses.

WASHINGTON, Nov. 12.—General Miles, in his annual report on the condition of the army, shows that the personnel is in excellent condition. General Miles states that the condition of coast defenses is such as to require decided and immediate action for their improvement. The unguarded condition of our coasts is known by every first class power and our people should not be led into false security. He argues that the best guarantee of peace is a condition of readiness for war.

### Potters Want Protection.

TRENTON, Nov. 12.—Dale & Davis, manufacturing potters, made an assignment to Albanus O. Worthington, of this city. The liabilities of the firm are \$62,000, and the assets \$112,000. Trade depression is given as the cause of the failure. Unless the tariff is increased by the incoming congress, Mr. Dale says, there will be more pottery failures this winter. The business of the Trenton potters is almost at a standstill.

### Murderer Hinnigan Insane.

NEW YORK, Nov. 12.—Dr. Forbes Winslow, the celebrated English expert on mental diseases, was a witness yesterday in the trial of David F. Hinnigan for the murder of his sister's betrayer, Solomon Mann. Dr. Winslow testified that an examination of Hinnigan in the Tombs prison had convinced him that the prisoner was insane. He described the man's condition as melancholia caused by shock and grief.

### Killed by a Powder Explosion.

MAQUETTE, Mich., Nov. 12.—The mixing house of the Lake Superior Powder mill, located about three miles from here, blew up, killing Andrew Ericson, married, and injuring John Gylling, unmarried. It is thought Gylling will recover. It is supposed the explosion was caused by the heating of the bearings of the mixing wheel. The building was wrecked.

### It May do as Much For You.

Mr. Fred Miller, of Irving, Ill., writes that he had a severe kidney trouble for many years, with severe pains in his back and also that his bladder was affected. He tried many so-called kidney cures but without any good result. About a year ago he began use of Electric Bitters and found relief at once. Electric Bitters is especially adapted to cure of all kidney and liver troubles and often gives almost instant relief. One trial will prove our statement. Price only 50c. per large bottle. At A. Waseley's drug store.

## CONSPIRATOR'S SURPRISED.

Caught While Trying to Work a Forged Trust Deed.

CHICAGO, Nov. 12.—An inoffensive looking machinist tinkered at the steam radiator in Colonel R. S. Thompson's office in the Chamber of Commerce building yesterday while six men discussed an alluring real estate deal with the attorney. But when one of the men declared himself the lawful owner of Drexel boulevard lots worth \$30,000, and signed an assumed name to a fraudulent trust deed, the pretended machinist jumped forward and displaying a police star placed the supposed property owner under arrest. His five companions rushed for the door, but were confronted with revolvers in the hands of four determined men, so they had no choice but to surrender.

The five detectives, who came from Inspector Hunt's Hyde Park district, then took their half dozen prisoners to the station. The names of the men arrested are said to be: Samuel J. Christley, of the law firm of Moore & Christley; B. D. Godfrey, William Orth, Oscar Cautaul, E. H. Christensen and George Randolph. The latter is said to be the chief promoter of the swindle.

The men had attempted to rope a client of Colonel Thompson's into a scheme for manufacturing a car heater, he to produce \$5,000, which was to be secured by the forged trust deed. All of the criminals are Chicago men.

### LIBERATED BY A MOB.

William Purvis, Who Was Saved from Legal Hanging by a Miracle.

PURVIS, Miss., Nov. 12.—The jail here was broken open by a mob shortly after midnight, and William Purvis, an alleged murderer and whitecap, was liberated. The crowd gathered silently, but quickly, around the jail, overpowered the guards, and a little while later broke into the prison. Purvis was at once set at liberty, and he lost no time in speeding away. Though many persons in this section believe that Purvis should have gone to the gallows, there is a feeling of relief over his escape.

Purvis was one of the whitecaps who committed so many outrages some years ago, and was tried for the murder of one of the men connected with the whitecapism. He was found guilty and sentenced to be hanged. Upon the day fixed for his execution the rope was placed around his neck and the trap sprung, but he slipped through and fell to the ground. The people believed it a miracle, and would not let the sheriff proceed with the hanging. The case was taken to the supreme court, and that body affirmed the verdict of the jury. He was condemned to be hanged on Dec. 12. It was thought that the governor would commute his sentence, but his escape probably puts an end to further proceedings.

### Our Corn Production.

WASHINGTON, Nov. 12.—The November returns to the agricultural department made the corn crop the largest in volume on record with a rate of yield however somewhat less than that indicated by the returns for October, being 33.3 bushels per acre. This must be regarded as preliminary, and not final estimate of the yield. The rates of yield of the principal corn states are as follows: New York, 35.6; Pennsylvania, 33.5; Ohio, 32.6; Michigan, 33.8; Indiana, 32.8; Illinois, 37.4; Wisconsin, 31.8; Minnesota, 31.2; Iowa, 35.1; Missouri, 30; Kansas, 34.8; Nebraska, 16.1. In the Atlantic States except those about middle latitude the yield appears to be largest and of high quality.

### Fatally Wounded by a Stray Bullet.

FORT WORTH, Tex., Nov. 12.—At Whitesboro a shooting affray occurred between a negro and a Mexican, in which the latter was killed. Michael A. Carter, a telegraph operator, who came from Chicago about two months ago, was struck by a stray bullet, receiving a wound which is believed to be fatal.

### Double Scull Race Declared Off.

AUSTIN, Tex., Nov. 12.—The double scull race between Buben and Haines and Gardner and Rogers, for the championship of the world, has been declared off. The owner of the lake where the race was to have been rowed objected to the exhibition on Sunday, and the race was accordingly cancelled.

### Japan Still Bleeding China.

WASHINGTON, Nov. 12.—The Japanese minister has received a telegram to the effect that a convention has been signed at Peking providing for the payment of an additional indemnity by China for the evacuation of the Liao Tung peninsula. The amount is 30,000,000 taels, and is to be paid Nov. 16, 1895.

### Decided Against Bell Telephone.

WASHINGTON, Nov. 12.—Chief Justice Fuller handed down the court opinion on the motion of the Bell Telephone company to dismiss the suit of the United States against that company and Emile Berliner, involving the invention of the speaking microphone. The motion to dismiss was denied.

### The Russian Carina's Condition.

BERLIN, Nov. 12.—The Cologne Gazette announces that it has authority for the statement that the adverse reports regarding the condition of the carina are absolutely unfounded.

## WHAT FOLKS SAY.

DO THEY KNOW WHAT THEY HAVE KIDNEYS FOR?

If They Don't, They Know at Least When They Are Sick, and They Know, When They Are Cured, What Has Cured Them.

See If the Following Applies to You.

Do you know what your kidneys are for?

They are for filtering and purifying your blood.

Do you suffer from pains in your back and sides, sleeplessness, nervousness, puffiness of your eyelids, swelling of your feet and ankles?

If you do, it is because your kidneys are not purifying your blood.

Bad blood is like bad water. It is poisonous.

But it is made in your body every minute. It is made from the waste that goes on in your body.

Whenever you move or think, you wear out some part of the matter which makes up your body or brain.

This waste matter is of no further use. It is like kitchen garbage. It must be thrown away.

Your blood puts new matter in its place and carries the waste to your kidneys.

Your kidneys filter it out of your blood and throw it out of your body.

This is what your kidneys are for.

This is why Dr. Hobb's Spargus Kidney Pills will cure Blood Troubles and Kidney Troubles. Because they make the kidneys filter the blood.

Here is a letter from a prominent gentleman of Boston. He says:

Boston, August 9th, '95.

Hobb's Medicine Co., Chicago, Ill.

Gentlemen:—It is with great pleasure that I recommend the wonderful medicinal properties of your excellent remedy. I have for years been a great sufferer from acute kidney troubles, and have tried every known medicine without any beneficial results.

Through the advance of a physician I was induced to try Hobb's Spargus Kidney Pills, and after using the first box I was convinced I had at last found a permanent cure. I am now perfectly well, and two boxes of Hobb's Spargus Kidney Pills is what did it. It would be impossible for me to say too much in their praise.

Very truly yours,

JAMES H. LYNN, No. 26 Irving St.

Blood troubles don't mean skin diseases only.

They may mean Rheumatism, Gout, Arteritis, Chlorosis, Pale, Headache, Dizziness, Lack of Ambition, Headache, Dizziness, Hysteria, Neuralgia, etc.

These diseases are not generally called blood diseases, but they are blood diseases all the same.

They are because they are caused by a poison in the blood which the kidneys don't properly filter.

The proof of it is that as soon as the kidneys begin to filter the blood all these diseases disappear.

And the best way to cure the kidneys, and make them do their work of filtering the blood is to take Dr. Hobb's Spargus Kidney Pills.

There is nothing harmful about Dr. Hobb's Spargus Kidney Pills. Nothing but pure vegetable healing and tonic herbs and roots.

They are recommended by physicians and specialists who have tested them and found out their great curative powers, and thousands of people who have been cured by Dr. Hobb's Spargus Kidney Pills, after they had given up all hope, will always continue to sing their praises.

Dr. Hobb's Spargus Kidney Pills are for sale by all druggists, or will be sent prepaid to any address for 10 cents per box.

Valuable pamphlet, "Filter For Your Blood," free on request. Hobb's Medicine Co., Chicago or San Francisco.
