A polyce investigation of the Rasimas case should be made.

UNFORTUNATELY for the Democracy, Shenandoah does not constitute Schuylkill county.

THE indications point to another contest for control of the Lehigh Valley Railroad at the annual meeting in January, with the prospects for the same result as last year. While the Dick party has increased its holding of stock somewhat, the Wilbur party still have the Packer stock with them, and as long as they can held that there is not much prospect of a change of management.

Some of our Democratic exchanges are wasting a great deal of ink and energy just now in laying out a program for the Repulliesn convention that names the national delegates from this county. The leaders and county delegates themselves are fully capable of settling the question, and we think their selection will occasion some surprise and disappointment in certain quarters. Dame Rumor says Shenandoah will get one of the plums.

It has been an open secret among the wellinformed that favorite contractors have grown rich within an exceedingly short time, and that the contract system, while well intended, has been very badly carried into effect by the contractors. Other abuses are said to exist in the municipal government, which are expected to be brought to light as the investigation proceeds,

INTERESTING POLITICAL FIGHT Precipitated by the Sudden Death of a

Maryland State Senator, WESTMINSTER, Md., Nov. 14.-Senator elect Pinkney J. Bennett, of Carroll county, died suddenly last night. At the late election Mr. Bennett was selected for a shird term as a Democrat. Governor Brown will be called upon to order a special election for Carroll county, and upon the result of that election depends the political complexion of the next senate of Maryland. With Mr. Bennett's vote that body stood fourteen Democrats and twelve Republicans. Should the Republicans elect a successor to Mr. Bennett the senate will be a tie, with Senator Bruce, of Balti-more, acting in harmony with the Republicans upon all reform measures and unit-ing with them in confirming the Republi-

can governor's nominations.
Should the Democrats win the situation will remain the same as prior to Mr. Bennett's death. The regular Democrats had expected, because of their control of the senate, to prevent many changes propoin the registration, election, and other laws of the state, as well as to offset many of the Republican governor's nominations. The special election in Carroll county will, therefore, be a very lively affair. The county gave Lowndes, Republican, a majority for governor of 126. Mr. Bennett's majority was but 47.

The land, he says, flows with whisky, and as many of the claim owners and most of the laborers are aliens, he thinks a company of United States troops should be stationed at Circle City. ## A Mania for Arson.

AMSTERDAM, N. Fonda in Fultonville on the evening of Sunday, Nov. 10. He is also charged with having set fire to the Wemple founder which was burned a month ago and with causing other incendiary fires in Fultonville. Wemple was a candidate for the Democratic nomination for governor in 1891, and again last year, and his arrest has caused a sensation. Heavy drinking seems to have affected his mind, and led to a mania for arson.

Are Driven Off. VIENNA, Nov. 14.—The municipal coun-cil re-elected to the office of burgomaster Dr. Lucger, the anti-Semite leader in the reichsrath, whose recent election to office CASE OF KIDNEY BIGLAGE

the emperor refused to sanction.

When the result of the voting was an nounced Dr. Lueger rose to his feet and delivered a speech accepting his election. His language was reasonably moderate at first, but as he proceeded his language be-came exceedingly violent. "I am the ser-vant of God," he exclaimed, "and not of the fatted calf. The liberty and honor of Austria are at stake,"

The government agent, Herr Freibeis replied that the re-election of Dr. Luege was in defiance of the imperial will. then declared the council dissolved, and a

tremendous uproar ensued.

The police had previously cleared the quare in front of the town hall, but the immense crowd which had gathered remained in the vicinity and cheered frantically the supporters of Dr. Lueger as they

were on their way to the town hall. After the dissolution of the council the crowd divided into large bands and paraded the streets. One band of 500, headed by a member of the municipal council, entered the courtyard of the imperial palace, orying "Vive Lueger!"

They were prevented by the troops from advancing very far, and ultimately the troops succeeded in clearing the court.

It is believed that the government will appoint a temporary municipal adminis-tration. A great deal of excitement prevalls throughout the city as the result of the government's action.

A mob of about 100 men afterwards pro-ceeded to the Imperial Hofburg, the palace of the emperor, shouting: "Long Live Lugger!" The police stopped the main body of the men engaged in this demon-stration, but some of them succeeded in forcing their way into the palace grounds, from which they were eventually ejected.

### TRIPLE TRAGEDY IN TEXAS.

A Man Kills His Alleged Wife and Child

and Then Commits Suicide. Larredo, Tex., Nov. 14.—A double mur-der and suicide occurred here yesterday. A man registered here Monday with a middle aged woman and an 8-year-old girl as C. Shuler and family, of San Antonio. Tuesday afternoon the man procured a horse and buggy, ostensibly to drive his wife and child to the depot. Two hours later he returned alone. Yesterday morning a Mexican shepherd discovered the bodies of the woman and girl lying in some brush about three miles northeast of the city. The chief of police called at the hotel where Shuler was stopping, and asked him over the transom where his wife and child were. He replied that he would come to the door very shortly, but after some delay a pistol shot was heard. When the door was forced open Shuler was found dead with a bullet in his heart.

Over \$1,600 in \$100 bills were found upon the man's person, two watches and a charm with "Kuntz" engraved upon it. Underclothing was found marked "Kuntz," and it appears that Kuntz had been a stationary engineer in St. Louis. The woman with him said he was to be superintendent of some railroad works in Monterey. The Fort Worth police were wired and her son, named Mark Harrol, is expected here today. It is supposed the murderer wanted to rid himself of his two companions. The woman said the money they had had been left her by her father.
