HAS STILL ANOTHER CHANGE

For Corbett and Fitzsimmons to Meet in the Ring.

A PURSE OF \$20,000 OFFERED!

Dan Stuart Declares he Can Now to an Absolute Certainty Pull Off the Fight Between the Pugilists Who Claim to be Anxious to "Get Together."

EL PASO, Tex., Nov. 15.—Dan Stuart, who has been in El Paso since last Saturday, arranging for a battlefield on which Corbett and Fitzsimmons can meet for a finish contest, said to an Associated Press reporter today:

"I have found a battle ground for Corbett and Fitzsimmons, and have wired their managers that I will hang up a purse of \$20,000 for a finish contest between them, they to take the entire purse if I fail to carry out my part of the contract. I would name Jan. 19, 1896, as the date for the battle, as that is after the holidays, but an earlier day can be fixed if the principals desire it, and the battle ground will be of easy access to El Paso.

"I am in the deal alone, and not in any way connected with any club. I will post half of the purse when articles for the contest are signed, and will put up the other \$10,000 five days before the contest. I am not responsible for the mishaps attendant upon the efforts to bring the two big men together at Dallas and Hot Springs. Those mishaps were the result of political wrangles with which I had nothing to do. But this time I am sure of my footing, and no man can say that I do not make good my work."

"When asked if he thought Corbett would fight Mr. Stuart said:

"I have always believed that both principals wanted to fight, and when I left Hot Springs Brady and Julian knew I was coming to El Paso to locate a battle ground where Corbett and Fitzsimmons could settle their differences without interference. I have found the place, and stand ready to guarantee protection, so it looks to me as if the men cannot avoid a meeting. If I fail to keep my part of the contract they can get \$10,000 each, and that is worth riding out to El Paso to pick up."

It is reported in sporting circles here that Stuart has secured a concession for five years for conducting bull fights, horse racing, boxing contests and a big gambling house in Juarez, Mex., just across the Rio Grande, within five minutes ride from the center of El Paso. Stuart refuses to affirm or deny the rumor.

But Corbett Will Not Fight.

NEW YORK, Nov. 15.—Jim Corbett does not take much interest in Dan Stuart's latest proposition, in which he named El Paso or a point near there as a battle ground for Corbett and Fitzsimmons. "When I announced my retirement from the ring I meant it," said the Californian. "I would not train again for a great deal of money, and particularly not for this bluffing foreigner. If he wanted a fight he could certainly have had one at Hot Springs. If Fitzsimmons expects me to be led into another wild goose chase, and bankrupt myself paying expenses, he is mistaken. I am surprised at Dan Stuart for taking any further stock in Fitzsimmons."

Slavin Accepts Maher's Challenge.

LONDON, Nov. 15.—Frank Slavin has accepted the challenge issued by Peter Maher, and will, if possible, contest with him for the championship of the world.

Identifying Stolen Property.

BOSTON, Nov. 15.—Nine more pieces of stolen property were identified at police headquarters yesterday, and the total number of burglaries now attributed to William Barrett is thirty-eight. The inspectors' rooms at police headquarters were packed all day with visitors, most of whom sought to identify some of the stolen goods. Among the articles identified were several pieces of silverware stolen in 1887 and 1889. The officers are still inclined to believe that there is more property concealed somewhere and are persistently searching for it.

For a Monument to Harry Wright.

NEW YORK, Nov. 15.—At yesterday's meeting of the baseball magnates resolutions of respect to the memory of the late Harry Wright were read and unanimously adopted. It was also decided that a day be named prior to the opening of the regular baseball season next year on which every club in the league should be instructed to play with the best attraction possible, the proceeds of such games to be used for the erection of a suitable monument in memory of Harry Wright.

Judge Thurman Worse.

COLUMBUS, O., Nov. 15.—Ex-Senator Thurman is confined to his bed. The excitement of receiving congratulations upon his 83d birthday anniversary has prostrated him more than his physician anticipated. He has grown stout, and weighs 240 pounds. Though the injury to his hip joint is not viewed as serious, it is altogether unlikely that the member will ever again support his ponderous frame.

General Harrison in New York.

NEW YORK, Nov. 15.—General Harrison arrived at New York from Indianapolis this afternoon. Tonight he will preside at a meeting to be held in the interest of foreign missions in Carnegie hall, at which ex-Secretary of State John W. Foster will be a speaker. He will probably not get back home in time for the conference of Indiana Republicans next Wednesday.

CIGARETTES WITHOUT STAMPS.

A Local Dealer Called to Account—Satisfactory Explanation.

Joseph Mandour, an East Centre street storekeeper, was visited yesterday afternoon by Deputy Revenue Collector John J. Murphy and called to account for selling cigarettes in unstamped boxes. Mandour pleaded ignorance and surrendered all the cigarettes he had on hand for inspection. Several boxes without stamps were found in the stock.

The dealer explained that he ordered a quantity of cigarettes from a dealer in New York city and in the middle of the packages found several boxes that were not stamped. He claimed, however, that he did not notice the absence of the stamps until after he had sold several boxes. The boxes at the top of the package were all right, but near the bottom there were about fifteen boxes without stamps. The Revenue Officer was satisfied with the explanation and said he would defer prosecution on the promise of Mandour to be more careful in the future. He also reprimanded the dealer for failing to notify the revenue department of the absence of the stamps. The case was discovered through an outside source. Somebody got one of the unstamped boxes when making a purchase and sent word to Pottsville.

A Juror's Statement.

Ex-School Director Peter Brennan is serving on the Grand Jury at Pottsville this week. He says the jury is not picking costs on the county in as many cases as the people suppose. That in only two out of ten cases are the costs so placed, and only then when there are circumstances which clearly impress the jury that the costs should not be placed on the unsuccessful complainant. Mr. Brennan is impelled to make this statement by what he says is a groundless complaint that the present Grand Jury is placing costs unnecessarily on the county.

They went back to the old country last spring and Karatis intended to join them within a short time. He had saved about \$1,500 and intended to buy a farm and spend the balance of his days happy with his family in his native land.

Tobacco Thieves Sentenced.

POTTSVILLE, Nov. 15.—The trial of William Dempster, of Shenandoah, and Barney McKeon and Hugh McDonnell, of Mahanoy City, for stealing one hundred pounds of tobacco from a Lehigh Valley freight car at Shenandoah, was concluded at noon to-day and after a short deliberation the jury rendered a verdict of guilty. The parties were at once sentenced to pay a fine of \$25, costs and serve imprisonment for one year.

George Demiter, a resident of Mahanoy City, had several bones of his right hand broken to-day while at work at the Ellanogowan colliery.

ANOTHER RAILWAY VICTIM

A Miner Struck on the Lakeside Electric Railway.

HE WAS DANGEROUSLY INJURED!

The Victim Was on His Way to Work and Stepped Out of the Way of a Lehigh Valley Train to the Electric Track.

The third railway accident of the week was added to the list this morning, but this time the victim suffered on the electric railway. The accident occurred at Mahanoy City, at about six o'clock this morning.

Simon Kalbouch and John Kusiewicz, two miners, were on their way to work at the Mahanoy City colliery. They walked some distance on the Lehigh Valley railroad when they saw the miners' train approach and stepped out of the way. At this point the Lehigh Valley and Lakeside railways run parallel and close to each other. As the two men stepped from the Lehigh track an electric car was approaching at fast speed from the rear. Both men stepped to the electric railway track. Kusiewicz saw the electric car and made a second jump to a place of safety. Kalbouch was less fortunate. An umbrella he carried prevented him from realizing his danger. The electric car struck him, but Patrick Welsh, the motorman, had shut off the power and applied the brakes in time to prevent the man being run over by the entire car.

The unfortunate man was wedged under the car at the first motor, but escaped death. His injuries are of a dangerous character, however. Dr. W. F. Hornum was summoned to the place and after an examination said the victim sustained no fractures, but the injuries to the head, body and limbs were of a very severe character. The motor man claims that the victim jumped to the electric railway track so suddenly there was not sufficient time for him to realize what had taken place and stop the car before the man was struck.
