

# WHAT OVERWORK DOES.

THE EVIL EFFECT OF TOO MUCH MENTAL OR BODILY WORK.

Where it is Felt, How it is Felt and How it Can be Cured.

Overworked Kidneys—Their Symptoms and How to Help Them.

Overwork does more than tire you. It exhausts you.

Enough work is good, but overwork is not good.

Work makes your blood circulate and perspiration flow. It clears out your blood vessels and the pores of your skin, helps to throw off waste matter, brings fresh blood to weak places, and renews your energy and vitality.

Overwork makes your organs work too hard, cuts up your vitality, exhausts your energy.

The organ that works the most feels it the most.

The kidneys feel it always, whatever organ may be overworked.

And this is because your kidneys filter your blood.

All the blood to nourish your different organs has to pass through your kidneys, any organ is overworked and needs more blood than usual, your kidneys have just so much more work to do.

After a certain limit of strain is reached, or after the kidneys have been so much overworked that they fill sick, they let the blood pass without filtering it, or sometimes they even filter out the good matter and leave in the bad.

So that the worst of overwork is, that it hurts your kidneys.

This applies to mental overwork, bodily overwork, overeating, dissipation, youthful excesses, etc., etc.

The way to cure the effects of overwork is, not to take stimulants, but to cure your kidneys with Dr. Hobb's Sparagus Kidney Pills.

As soon as your kidneys are well, they will supply pure, fresh, strengthening blood, or nourishment to your overworked organs, and they will get well, too.

You may be broken down in health from overwork or excesses. You may feel that you are losing your mental or nervous power and physical capacity for work.

It is because your kidneys need looking to, that they shall filter your blood and give you fresh life and energy.

Or you may suffer from some of the symptoms of kidney diseases, such as Backache, Stiffness, Headache, Nervousness, Frequent Thirst, Sleeplessness, Swelling of the Feet and Ankles.

Of these too, Dr. Hobb's Sparagus Kidney Pills will cure you. They are tonic and strengthening to the kidneys, and cure all their diseases and injuries.

Blood diseases, naturally, are caused by sick kidneys. That is, diseases which are caused by impure, poisonous, badly filtered blood.

Of these may be mentioned Rheumatism, Gout, Anemia, Chlorosis, Pale and Sallow Complexion, Lack of Ambition, Dizziness, Hysteria, Neuralgia, etc.

Dr. Hobb's Sparagus Kidney Pills will cure these by curing the kidneys.

Pure blood means health. Healthy kidneys make pure blood.

Dr. Hobb's Sparagus Kidney Pills are for sale by all druggists, or will be sent prepaid to any address for 50 cents per box.

Write for valuable medical pamphlet, "A Filter For Your Blood," free on request. Hobb's Medicine Co., Chicago or San Francisco.

Relief in Six Hours.

Distressing kidney and bladder diseases relieved in six hours by the "New Great South American Kidney Cure." This new remedy is a great surprise on account of its exceeding promptness in relieving pain in the bladder, kidneys, back and every part of the urinary passages in male or female. It relieves retention of water and pain in passing it almost immediately. If you want quick relief and cure this is your remedy. Sold by Isaac Shipman, druggist, 107 South Main street.

# THE CZAR'S FIRST BORN.

Russia's Czarina Presents the Ruler with a Daughter.

MOTHER AND CHILD DOING WELL.

Sketch of the Charming Royalist for Whose Sake Unprecedented Concessions Were Made by the Orthodox Greek Church. Her Influence Over the Czar.

St. PETERSBURG, Nov. 16.—The announcement of the czarina occurred last evening. At 9 o'clock a daughter was born to the czar and czarina. Court physicians in attendance at the announcement of the czarina report the child to be a handsome girl, and they add that the mother is rapidly recovering. Services connected with the birth of the infant were held in accordance with the rites of the Orthodox Greek church. The baby has been named Olga.

The czarina (Grand Duchess Alexandra Feodorovna) was born at Darmstadt, Hesse, June 6, 1872. She was the Princess Alix Victoria Helen Louise Beatrice of Hesse, and was married to Czar Nicholas II on Nov. 30, 1894. In accordance with the laws

of Russia, and by manifesto issued by Czar Nicholas on Oct. 21 (old style), 1894, she was renamed Alexandra Feodorovna, and received the title of grand duchess and imperial highness.

Princess Alix was the daughter of Grand Duke Louis IV, of Hesse, and of Alice, princess of Great Britain and Ireland, third child and second daughter of Queen Victoria. Her brother is the present grand duke of Hesse; her sister Irene is the wife of Prince Henry of Prussia; another sister, Princess Elizabeth, is the wife of Grand Duke Sergius of Russia, and her oldest sister is the wife of Prince Louis of Battenburg.

When Princess Alix was but 12 years of age, and while in attendance at the wedding of her sister Elizabeth, she met Nicholas, then grand duke, who was in his 16th year. The children became attached to each other, but the czarowitz's affection for the princess was diverted for some time. Six years later her father made a visit to the Russian court, accompanied by Princess Alix, and her presence in the Russian capital was the means of renewing their liking for each other, but as the princess was then an ardent Lutheran the question of having to become a member of the Orthodox Greek church had to be considered.

Owing to the ill health and subsequent death of the czar, Alexander III, the marriage of Princess Alix and Nicholas was hastened. Concessions, such as were never before secured in embracing the Orthodox faith, were obtained from the Holy Synod. The children were not required to declare her former religion to be accursed, nor that her conversion was due to the conviction that the truth lies not with her own, but with the Russian church. The Holy Synod was satisfied with the simple declaration that the princess joined the Greek church in order to be of the same religion as her husband.

The czarina has artistic tastes, loves music, and is fond of outdoor sports. She is of a sweet disposition, sympathetic and kind, and has many friends. It was thought that she would exercise a strong influence over the czar, and this was encouraged by the instance of a ukase by the czar on the subject of establishing a central council of administration for workhouses and reformatories, which was designed to provide the poor with honorable means of employment, in which the czarina proposes to take the institution under her immediate patronage. It is said that her majesty drew up the statutes in question herself.

Citizens Massacred in Bogota. SAN ANTONIO, Tex., Nov. 16.—A special from Bogota, dated Nov. 13, says: Heavy firing early this morning in the barracks drew an immense crowd, which was ordered to disperse. The crowd was so great that it was impossible to move quickly and the impatient officers ordered the troops to charge bayonets, which they did, but meeting with resistance, and five shots being fired from the crowd, the troops began firing upon the people. A regular battle ensued and the crowd, being unarmed, were obliged to fly, leaving twenty-three killed and wounded on the field. The cause of the firing in the barracks was that part of the guard had attempted to desert and resisted arrest when subjugated. Fourteen were shot.

Would Turn Cuba Over to England. CITY OF MEXICO, Nov. 16.—A prominent Spaniard here, who is in close touch with the Spanish government, says that before Spain will concede Cuban independence, or permit the island to come under a United States protectorate or rule, she will throw Cuba into the hands of England, according to the ostensible possession for a number of years until England collects the sum of money which is due her from Spain for advances made to carry on the war with Cuba.

The New Newfoundland Bank Scandals. ST. JOHN'S, N. F., Nov. 16.—Messrs. Harvey, Green, Donnelly and Thurston, the Union bank directors, were yesterday committed for trial by Judge Conroy. Eight charges were found against them for publishing false and fraudulent annual statements of the bank and declaring dividends to the shareholders when no profits were earned. The preliminary stage of the case lasted three months.

Fire Panic in a College. AUGUSTA, Ky., Nov. 16.—Augusta college, the most historic building in the city, was yesterday destroyed by fire. It caught at noon, with 400 children in the building. There was a mad rush, and the greatest difficulty in rescuing them. All were saved.

# No More Rheumatism.

Sheriff Howe Cured of Rheumatism by Dr. Greene's Nervura.

No One Need Longer Suffer From Rheumatism or Neuralgia. Dr. Greene's Nervura Blood and Nerve Remedy Always Cures.

Half the world suffers from pains and aches when there is not the slightest reason for so doing. Headache is alarmingly frequent and leads to serious results. Backache is most common and keeps thousands in misery. Neuralgic pains of side or chest torment myriads of victims. All this suffering is caused by weakness, irritation or diseased condition of the nerves and blood, is entirely unnecessary, and can easily be cured.

Sheriff E. W. Howe, of Northfield, Vt., advises you in all such cases to use Dr. Greene's Nervura blood and nerve remedy. He tells the great good this remarkable medicine did him, and to show the high esteem in which he holds it by his townspeople and that you can trust implicitly in every word he says, it is only necessary to state that Sheriff Howe has been Sheriff and Deputy Sheriff of Northfield for 23 years; is Town Trustee, Street Commissioner of Northfield, Chief Engineer of the Fire Department, Town Grand Juror and School Committee, besides being a prominent business man well known throughout the state of Vermont. The word of a man so highly trusted and honored should be taken and his advice followed by all.

"I was sick five months which left me with asthma and rheumatism. The asthma would take me most any time, especially nights, when I was obliged to get up and open windows and doors to breathe. It took me once on my way home so bad that I was obliged to have help to get home. I suffered greatly with the trouble. My rheumatism at this time was very bad, being so that for five months I did not leave the room and for six months I did not do a day's work."

"I saw Dr. Greene's Nervura blood and nerve remedy advertised and the cure effected by its use, and thought it might fit my case, and it did. The asthma is greatly improved, in fact, it is nearly cured, and the rheumatism is greatly helped. I think very highly of this remedy for it is good. I would recommend anybody to use Dr. Greene's Nervura blood and nerve remedy for asthma or rheumatism, for it is a good medicine. I deem it simple justice to a great remedy to write this letter. I never expected to do any more work when I was sick, but the Nervura did me a great deal of good and I am now able to work again."

It is not a patent medicine, but the prescription of the most successful living specialist in curing nervous and chronic diseases, Dr. Greene, of 35 West 14th St., New York City. He has the largest practice in the world, and this grand medical discovery is the result of his vast experience. The great reputation of Dr. Greene is a guarantee that his medicine will cure, and the fact that he can be consulted by any one at any time, free of charge, personally or by letter, gives absolute assurance of the beneficial action of this wonderful medicine.

# ARMENIAN MASSACRE.

The Ferocity of Turkish Soldiers Further Confirmed.

PURELY A MASSACRE OF INNOCENTS

All the Looting Done by Soldiers at the Command of Their Officers—Reported Notice by the Sultan of a Joint Naval Demonstration by the Powers.

CONSTANTINOPLE, Nov. 16.—A letter from Erzeroum, nearly four columns in length, dated Nov. 3, fully confirms the accounts previously published concerning the massacre there. The writer says that it is impossible yet to ascertain the number of the killed. Some persons assert that it will reach fully 2,000. Perhaps a thousand is not far short of the total. Continuing the writer says:

"We have not dared to go to the quarters of the city where the Turks are so numerous. It might be said of the titles of Christians who have been victims thus far, and I have not the opportunity of investigating more than a tenth of the cases, I have yet to hear of a single dead Turk in this struggle. This, I think, disproves of the charges of the aggressions brought up against the Armenians. The bare, bold fact is that it was purely a massacre of the innocent inhabitants by the enraged Turks, and but for the presence of foreign consuls things would have been far worse. With the coming of winter the misery in store for the remaining Armenians will be terrible."

The correspondent quoted, who was staying at the American missions, says that he has heard testimony in various quarters that the government ordered the massacre, which was to be executed according to preconcerted signals. As a proof of the senselessness he says that an American missionary named Chambers had just gone to the postoffice in order to telegraph to Bitlis that everything was quiet. Before he got back to the mission the firing had begun in deadly earnest. Bullets were whizzing close by him.

Mr. Chambers told the correspondent that Shukur Pasha had promised in the event of riots to place soldiers at each end of the street in the locality of the foreign consulates and of the American mission, and whether from this reason, or because they feared a warm reception, the rioters avoided this part of the city. All the looting, it was claimed, was done by regular soldiers at the command of the officers. Many women hung around the soldiers for the purpose of carrying off the plunder.

Mr. Chambers attended to the wounded refugees, and during the night the mission house was crowded and as foul smelling as a menagerie or an opium den. Sleep was impossible. The English consul was Shukur Pasha, who said he was angry when he heard that the soldiers had been looting the residences and shops of the Armenians. The correspondent gives numerous and detailed stories from Armenians and others, amply confirming the previous account of the butcheries and horrors. The correspondent says that 3,000 soldiers were ordered out, but that Shukur Pasha was powerless to control them.

The ministers were in session almost the entire day yesterday, the sultan awakening to the serious nature of the position which he occupies at the present time, but he is so impressionable that all that would be required would be for some palace spy to divulge some imaginary plot and turn all his majesty's thoughts into another channel.

A Proposed Naval Demonstration. VIENNA, Nov. 16.—A Constantinople dispatch received here reports that the ambassadors will today give notice to the sultan of their intention to arrange for a joint naval demonstration.

Babies Crushed 'Neath a Wagon. SAYANAR, Nov. 16.—A baby carriage containing Eviline Moultrie and Sadie Proctor, two colored infants, was thrown on its side, plunging the children under the wheels of a passing wagon. The head of the Moultrie child was smashed, killing it instantly, and the wagon ran over the chest of the other child, inflicting fatal injuries.

Spanish Defense of Cuba. HAYANA, Nov. 16.—A squadron consisting of the cruisers Esananda, Cortez, Pizarro and Vasco has left Palma, the transport Leguzpi carrying material which will be utilized in putting the forts and the waters of the harbors of the Island of Cuba in a state of defense.

STOCK AND PRODUCE MARKETS. Closing Quotations of the New York and Philadelphia Exchanges.

NEW YORK, Nov. 15.—The stock market today was unfavorably affected by a variety of influences, none of which were unexpected, and whose effect might therefore have been regarded as discounted. The closing was sluggish, at slight recoveries generally from the low points. Closing bids:
