I was troubled with nasty coughing, especially in the morning, also a constant dropping in the throat and the pain in my head was terrible, especially over my sycbrows, and my breath was very offen-sive, as also the matter that came from my head. Last spring I was induced by Mr. Ritherford of this town, to give Dr. Agnew? severe things about his own Administration. MORE MASSACRES REPORTED. Kurds Charged with Destroying Twenty Villages in Aleppo.

PARIS, Nov. 23 - A dispatch to The Matin from Constantinople says that twenty villages have been burned in the northwestern portion of the district Aleppo, and that the inhabitants have been massacred. The dispatch adds that the Kurds are gathering on the borders of the Euphrates, preparing to march into Syria for the purpose of massacreing the Christians.

LONDON, Nov. 23.-The Daily News publishes a telegram from Van which states that the Kurds have destroyed five villages in the neighborhood of that town, and that out of the 13,000 villagers driven away at the time of the attacks only 3,000 can now be found.

CONSTANTINOPLE, Nov. 23 .- The sultan has offered rewards for the discovery of the persons who recently posted revolutionary placards at the mosques and in many other public places exciting the Armenians against the Mussulmans. A special committee has also been appointed to watch day and night until adequate results are obtained in the restoration of order among the Armenians.

The sultan has consented to allow the passage in through the Dardanelles of a second guard ship for each power, in ac-cordance with the requests of the Austrian, Italian, Russian and British representatives.

A large number of Turks were arrested in this city at daybreak. They were bur-ried to the harbor and placed on board a ship. Their destination, and the reasons for the arrests, cannot now be determined.

It was adopted almost without dissent. Its passage legitimatizes hundreds of chil-dren in the state.

ST. #### THE WEEK'S REVIEW.

Reaction in business there is none. Efforts to explain it, or to attribute it to this or that temporary influence, are all wasted. In every business, men now perceive the fact many times noted by Dun's Review, that the purchases in advance of current distribution, which were made when prices were booming. involved of necessity a season of hulting when the rise stopped, and until the actual demand for sonsumption had been measured. When stocks bought in advance of consumption have been worked off, men will be able to judge what final distribution is to be expected, and meanwhile prices are depreased by the selling of quantities bought for speculation, by the pressure of stocks for which consumers have not yet been found, and by the idea that prices may go still lower.

Gold exports have been large, amounting to \$2,257,000 last week and presumably to \$7,350,000 this week, but are rather a result than a cause of existing conditions. For months prices have been such as to check exports of produce and to invite large imports, and after long postponement in hope of larger shipments of products, gold settlements result the more naturally as European finances are strained.

Railroad earnings for the first half of November are the best reported for years, showing a gain of 10.6 per cent. over last year, and only S per cent. decrease compared with 1802. Thus, although stocks average 64 cents per share lower than a week ago, and trust stocks about \$1.50 per share lower, it is **DAVID** FAUST, Insurance Agent, 10 South Main St. mainly on account of uld exports.
