Brandenville Will Boom.
From Mahanoy City Record.
About six weeks ago Messrs. Davis and Jones, Wilkesbarre capitalists, and engaged as subcontractor and furniture dealer respectively at that place, visited Brandenville, with a view to investing in a lease of coal land of about 800 acres on top of the Green Mountain, lying northeast of Brandenville. They were shown over the tract by Nelson Brandon, who has supervision of the land for the landowners, Messrs. E. S. Silliman, of town; Daniel Shepp, of Tanawaga, and company. The result of their visit must have been satisfactory, for they came to town yesterday and held a consultation with Mr. Silliman with a view to signing a lease of the property. The coal has been partially tested, we understand, showing a Buck Mountain vein fourteen feet thick and the Mammoth sixteen feet thick.

Metzger, who had maintained a solid demeanor up to this time, smiled when the verdict was announced, but his mother and father, who were also present, were much affected.

Shenandoah Telegraphers.
The telegraphers' contest and ball, held at Shenandoah Thursday night, was a big success. The winners were: First prize, gold medal, Harry Thomas, of Shenandoah, having sent 235 words in the five minutes, with one error. His spacing was very good and he received a mark of 97 per cent. The second prize, a nickel-plated set of instruments, was awarded to A. A. Sullivan, of Gordon, having sent more words than Mr. Thomas but had several errors. The third prize, a gold fountain pen, was won by A. L. Lutz, of Mahanoy Plane. His sending was slower than either of the other competitors, but he hadn't an error. He was ahead of the first man in everything except sending. Among the operators present were M. J. Daily, of Girardville; T. J. Mahanoy and James Early, Gilberton. There was a large attendance and the dance was a feature of the evening's enjoyment.

Heavy Damage Suit.
In consequence of a statement in the Philadelphia Press of Wednesday, that it was rumored that William Newbold Ely, treasurer of the Girard Trust Company, was a defaulter and had absconded, Mr. Ely procured a warrant for the arrest of Charles Emory Smith, as publisher, on the charge of criminal libel, and began action to recover \$100,000 damages. President Morris, of the Trust Company, issued a card denouncing the article as entirely false and authorized a suit against the Press for \$250,000 damages. A statement was issued by the Press regarding the publication of the article, which it had found to have no basis in fact.

The Public Health.
In speaking of the trouble he has sometimes in getting some people to comply with the Board of Health rules, Health Officer Conry stated to-day that he finds many of the people who are the first to make complaints are the last to comply with the regulations. There are in town two cases of diphtheria, two of typhoid and three of scarletina. One of the typhoid fever cases is at Turkey Run.

Four Bottles of Paine's Celery Compound Made Him Well!

There may be in the distant future some remedy as efficacious as Paine's celery compound. There is none such to-day. The sick and ailing who are stretching out their hands for help must take the best that the scientific medical knowledge of the world now affords. The reasoning that has enabled Prof. Edward E. Phelps, M. D., LL. D., of Dartmouth college to discover the remarkable formula of Paine's celery compound is the result of the century's work in medicine. It is by a new and more thoughtful grouping of diseases, from a careful study of their causes, that Prof. Phelps has been enabled to see the true relationship of all diseases of the blood and nerves. Neuralgia, sleeplessness, melancholia, hysteria, headache and dyspepsia at once referred themselves to a tired, self-fed and therefore deranged nervous system. The cure lay in attending to the nutrition of the whole system. This system of cure, simple and clear like most epoch-making ideas was embodied in the greatest tissue former, nerve-restorer and regulator yet known to science—Paine's celery compound, the one great remedy that makes people well! Persons who complained of feeling "tired to death" and sought a competent invigorator, as soon as their physicians ordered Paine's celery compound felt that their tired bodies were actually taking a new start. Their strength rapidly returned. They were no more troubled with sleepless nights, and their days were no longer made wretched by neuralgia and rheumatism. Constipation, that stores up in the body substances long since worse than useless to the body and a menace to the health, is looked after. Any one troubled with this obstinate hindrance to health will find a positive and lasting cure in Paine's celery compound. It takes a very short time to settle any doubts on the matter by giving Paine's celery compound a trial. Mr. John Holland, whose portrait is given above, is a parlor car conductor whose home is in Jersey City. He writes: "I wish to give my testimony of the great benefit Paine's celery compound has done me. A year ago I had typhoid fever, and later I had to have an operation in my side for an abscess over the liver. This left me very weak. I grew very nervous and could not sleep. I was tired even more after I got up than I was when I went to bed. I have taken four bottles of Paine's celery compound, and am perfectly well! I have sent six bottles to some friends in Virginia. One, although he has taken only a bottle of it, feels much better and sleeps well." Paine's celery compound puts the system on a healthy, strong basis, safe from disease. Try it if you are ailing, and a trial will speedily convince you.
