THE quantity of poultry now pouring into town on all sides should bring the price within the reach of all.

THE news is what the people want, and that is the reason they swear by the HERALD. Our subscription list is steadily moving upward.

AT the rate the police are raiding speak-easies in Philadelphia it will soon be necessary to speak pretty loud for a glass of beer on Sunday.

A LOVE-LOSN maiden tried to commit suicide at the door of a wealthy resident of Brooklyn. She could have achieved more notoriety and had more satisfaction in a breach of promise suit.

AFTER many postponements the Peanut ballot case is under consideration by the courts. The matter should be definitely settled, as the people have had about enough of that "fishy" transaction.

THE Girard Estate Trustees have notified their tenants that they must not sell liquor after the expiration of the current license year. This raises the question, will the speak-easies obey the notice?

AMONG the things for which the people of Schuylkill county should be thankful is the heavy fall of rain during last night and today. It was badly needed both for manufacturing and domestic purposes.

THE war against the increased car fare is being felt by the Traction Company in Philadelphia, which has had to materially reduce its forces. When the press and the people combine they can make themselves felt.

It now looks as if the silver Democrats will nominate Sibley for President. What the silver Republicans are to do is not stated, but we presume they are expected to endorse their Democratic brethren's selection.

EX-PRESIDENT HARRISON, in his introductory paper of a series of articles on "This Country of Ours" in December Ladies' Home Journal, writes vigorously of the great necessity of the people insisting upon the strict enforcement of the laws. Directly upon this point he says: "We need general assemblies of the people in the smaller civil subdivisions, to be held regularly once or twice a year, town meetings in which two questions only shall be considered: First, are the public officers faithfully and honestly transacting the public business? Second, are the laws—not this law nor that, but all laws—enforced and obeyed? The enforcement of the law, whether we opposed or aided the making of it; the strict accountability of public officers, whether we opposed or aided their election, should be the objects and the limits of these meetings. There should be no distinction of persons. Our law and order movements are too apt to be confined to what we, not too accurately, call 'influential' people. Every man and woman ought to have a chance to choose his side, without regard to station or wealth or race or color. There will be none too many."

CLEVELAND AND HIS CUCKOOS.

There is one fact firmly settled in the minds of the Republican members of the House of Representatives, which meets next Monday, that the Hon. Thomas B. Reed will preside over the deliberations of that body. No other name is mentioned for the position, and none could fill it with greater ability and to greater advantage to the Republican party. The only uncertainty that does exist is as to the assignment of the committee members. It is not probable, however, that anything definite in the matter will be known before the official announcement is made after Mr. Reed has been formally elected speaker.

Merit wins, and Merit has not only placed Hood's Sarsaparilla at the head of all medicines but has practically given it, as a blood purifier, possession of the whole field.

WINS because it Cures. It Cures because it purifies, vitalizes and enriches the blood. Disease cannot resist its potent powers. Health comes at its persuasive bidding. If you need a good medicine, get Hood's and only Hood's.

There is one marked feature about the gossip reference to the President's forthcoming message. It is less than a week before the meeting of Congress, and there was seldom such absolute indifference as to what recommendations the President will make as now exists throughout the country and among the members of Congress. This apparent indifference is not confined to either party. Once in a while a cuckoo editor will flap his wings and utter a little shriek, but that is all. Everybody seems to have arrived at the conclusion that it makes no difference what Mr. Cleveland may say or leave unsaid. It is to the wisdom of the Republicans in Congress that the people depend upon, and not Mr. Cleveland's message.

Congress will take one very important

step, and one in which the people have shown considerable interest, and that is the enforcement of the Monroe doctrine. The people have enthusiastically supported that document and want to see it applied and maintained. A resolution of that kind, it is believed, will pass by an almost unanimous vote.

A Leper in New York.

NEW YORK, Nov. 26.—A leper, in whom the disease was well advanced, was found in the street yesterday. He was taken to the offices of the health board and examined by Dr. C. E. Benedict, of the bureau of contagious diseases. Dr. Benedict ordered the man sent to the reception hospital. The man said he was Flo Delbo, and that he came here several months ago. Later he has been living in a Cherry street tenement.

Killed by Her Worthless Husband.

CLEVELAND, Nov. 26.—Bushrod Kelch for several years has done little but loller about saloons. A few weeks ago his wife obtained a divorce from him. Last evening he went to the house where his wife had been living and meeting her a short distance from the house shot her in the right temple. He then shot himself in the head. Mrs. Kelch died almost immediately. The murderer will probably recover.

To Beautify the Complexion.

Do not take the cosmetics, paints and powders which injure the skin, but take the easiest way to gain a beautiful complexion and wholesome skin. Health is the greatest beautifier. The means to beauty, comfort and health for women is Dr. Pierce's Favorite Prescription. Dull eyes, swollen or wrinkled face, and those "feelings of weakness," have their rise in the derangements peculiar to women.

"Favorite Prescription" will build up, strengthen and invigorate, every "run-down" or delicate woman, by regulating and assisting all the natural functions.

To cure constipation, biliousness, indigestion, sick headache, take Dr. Pierce's Peppermint Cure.

Fought with Knife and Poker.

WEST NEWTON, Pa., Nov. 26.—John O'Grady and James Berger took refuge from the storm in the West Newton Electric Light company's plant. An altercation arose and they engaged in a furious battle. O'Grady made vigorous use of an iron poker, while Berger savagely wielded a knife. O'Grady received a probably fatal stab in the groin. Berger is under arrest.

Two Tramps Sealed to Death.

WASHINGTON, Ind., Nov. 26.—While six tramps were sleeping by the boiler at the electric power house the wind valve blew out, scalding them badly. Two of the men have died. One is named Dan Evans, of Denver.

Relief in Six Hours.

Distressing kidney and bladder diseases relieved in six hours by the "New Great South American Kidney Cure." This new remedy is a great surprise on account of its exceeding promptness in relieving pain in the bladder, kidneys, back and every part of the urinary passages in male or female. It relieves retention of water and pain in passing it almost immediately. If you want quick relief and cure this is your remedy. Sold by Isaac Shapira, druggist, 107 South Main street.

Jubilant in Bethlehem.

BETHLEHEM, Pa., Nov. 26.—A cablegram was received yesterday by President Linderman, of the Bethlehem Iron company, informing him of the award to the company by the Russian government of a contract for the manufacture of nearly 10,000 tons of Harveyized armor plate. The plate is to be used on the new battleship R. T. This is one of the largest contracts for armor plate awarded by any nation in recent years. The work is to be completed by the close of next fall. This will leave the 2,200 employees of the ordnance department steadily at work. When the new works were run up and all whistles blown. There is general rejoicing throughout the town.

The Discovery Saved His Life.

Mr. G. Callonette, Druggist, Beaversville, Ill., says: "Dr. King's New Discovery saved my life. Was taken with La Grippe and tried all the physicians for miles about, but of no avail and was given up and told I could not live. Having Dr. King's New Discovery in my store I sent for a bottle and began its use and the first dose began to get better, and after using three bottles was up and about again. It is worth its weight in gold. We won't keep store or house without it." Get a free trial at A. Wasley's Drug Store.

Would Rather Die Than Work.

NEW YORK, Nov. 26.—Ignatz Pandlich, living in an attic on Avenue C, who had just finished a debauch, said he would "die before he would work," and swallowed a spoonful of Paris green. A patrolman was summoned, and the fellow was removed to the hospital writhing with pain. He will die, it is said.

Was a Member of the Communists.

PARIS, Nov. 26.—M. Arthur Arnould, the French literateur, and formerly a member of the communists, is dead, aged 62. He was the author of a number of works, including one entitled "The French Revolution."

NO CONSUMPTIVE WILL DIE SO LONG AS HE CAN DIGEST AND ASSIMILATE FOOD.

All physicians admit this. Yet here the difficulty begins. How can we build up the consumptive's body as fast as the disease tears it down? Let us consider.

Cough mixtures must be avoided because they frequently contain opiates, which arrest the digestion. Their only effect on the cough is by stupefying the nerves. Let them alone.

All foods that are hard to digest must be avoided, especially fats and oils. Only those foods that are easily digested and assimilated should be eaten. Foods not thus accepted by nature do no good; they do harm. Not what is merely eaten but what is digested and assimilated gives flesh and strength.

Consumption is starvation, slow or rapid, as may be. The first symptom is, not necessarily a cough, but a tendency to lose flesh, to grow thin. Stop this tendency now. Don't wait for obvious lung trouble. That's only a later development—only a minor step.

Stop the wasting and you master the disease—even though it may have made some slight inroads already. Increase the flesh and the danger is past.

What is needed is an especially-prepared food—a nutriment in itself and a digester of other foods.

Such an article is the Shaker Digestive Cordial, made by the Shaker Community, of Mt. Lebanon, N. Y. It creates a natural appetite and insures the digestion of what is eaten and forces throughout the country, which is fatal in the consumptive's case.

A man may lose money and not die a bankrupt. One may have consumption and not die of it. This is science and sense. The success of this new remedy proves it.

DUEL WITH A FUGITIVE.

A North Carolina Sheriff Gets the Drop on a Desperado.

GOLDSBORO, N. C., Nov. 26.—At the September term of Wayne county court Jesse W. Bunn, a notorious white man, widely known and feared throughout the county, was convicted of a criminal offense of an incestuous nature and sentenced to twelve months imprisonment. Soon afterwards his son visited him in jail and conveyed to him a file, and within a few days thereafter, and when only about ten days of his sentence had been served, Bunn fled his way out and made his escape, carrying another prisoner with him. Sheriff Scott made several attempts to surround Bunn with a posse, but without effect.

Bunn swore that he would kill any of fier who should try to arrest him. On Sunday the sheriff drove out near Bunn's home and soon saw his man driving along the road with his wife and son. Sheriff Scott called to him to surrender, but his only reply was a persistent effort to get his gun leveled on the officer, who, from his buggy, calmly watched the gun of Bunn as it came to a deadly aim, and then the sheriff fired.

Bunn returned the fire, and then, dropping his gun, grabbed his pistol, but fell back dead before he could use it. Bunn's feet in falling got caught in the springs on the road cart, and his body hung dangling head downward. The sheriff was fully exonerated by the coroner's jury.

How to Prevent Croup.

SOME READING THAT WILL PROVE INTERESTING TO YOUNG MOTHERS. HOW TO GUARD AGAINST THE DISEASE.

Croup is a terror to young mothers and to post them concerning the cause, first symptoms and treatment is the object of this item. The origin of croup is a common cold. Children who are subject to it take cold very easily and croup is almost sure to follow. The first symptom is hoarseness; this is soon followed by a peculiar rough cough, which is easily recognized and will never be forgotten by one who has heard it. The time to act is when the child first becomes hoarse. If Chamberlain's Cough Remedy is freely given all tendency to croup will soon disappear. Even after the croupy cough has developed it will prevent the attack. There is no danger in giving this remedy for it contains nothing injurious. For sale by Gruhier Bros., Druggists.

The Defense of Hyams.

TORONTO, Ont., Nov. 26.—In the Hyams trial yesterday the defense considerably strengthened its case by evidence tending to prove an alibi on the part of Harry Hyams. M. H. Ramage testified that he was with Harry Hyams at the time it is claimed Wells was killed. A. J. Sandipoy, a barber, swore that on the morning of Wells' death Harry Hyams came into his shop and was shaved, several minutes after which he supposed to have been killed. Hyams was perfectly composed, and nothing in his appearance would indicate that he had been in any way excited. John Neil, Joseph Jessimine, M. Collins and R. Westcott also gave testimony positively asserting that Harry Hyams was not at the warehouse at the time when the crown alleges Wells was killed.

The wife of Mr. Leonard Wells, of East Brimfield, Mass., had been suffering from neuralgia for two days, not being able to sleep or hardly keep still, when Mr. Holden, the merchant there, sent her a bottle of Chamberlain's Pain Balm, and asked that she give it a thorough trial. On meeting Mr. Wells the next day he was told that she was all right, the pain had left her within two hours, and that the bottle of Pain Balm was worth \$5.00 if it could not be had for less. For sale at 50 cents per bottle by Gruhier Bros., Druggists.

In Memory of Justice Jackson.

WASHINGTON, Nov. 26.—Attorney General Harmon yesterday presented to the supreme court the resolutions to the memory of Justice Howell E. Jackson, of Tennessee, adopted by the bar of the court. The attorney general paid an eloquent tribute to the dead jurist. Chief Justice Fuller responded in behalf of the court, and the resolutions were ordered spread on the minutes.

Tarred and Feathered and Rode on a Rail.

MARTINEAU, O., Nov. 26.—At the fair grounds here Sunday night H. R. Rogers was ridden on a rail and afterwards tarred and feathered. The sheriff arrived and prevented further maltreatment, but advised the victim to take to the woods at once, which he did. Rogers' offense was speaking disrespectfully of a lady school teacher at this place.

A BIG BATTLE IN CUBA.

The Battle of Taguasoo the Largest Yet Fought.

THE INSURGENTS VICTORIOUS.

For Thirty-six Hours the Government Troops Were Held in Check, and Were Finally Driven Back by the Arrival of Reinforcements Under General Maeco.

NEW YORK, Nov. 26.—A Cuban messenger, who arrived at the Cuban junta last night direct from the seat of the revolution, reported that on Nov. 19 one of the largest battles that has been fought since the beginning of the present trouble with Spain took place. The news has been withheld strictly, the correspondent of El Heraldo, a Madrid paper, not being allowed to send it out even.

The battle occurred at Taguasoo, a town in the interior of the island. The Spanish forces consisted of 10,000 men, while the Cubans had but about 4,000. The Spaniards were led by Generals Valdes, Laque and Aldave, and General Maximo Gomez was at the head of the Cubans. The Cubans had a most favorable position at the bottom of the hill.

For thirty-six hours the opposing forces fought, but the Spaniards were unable to drive the Cubans back. The latter, however, could do no more than hold their own. Finally just at a critical moment, General Antonio Maceo, of the Cuban army, came rushing in with a force of 3,500 men. With the aid of this reinforcement the Spaniards were quickly routed. The Cubans advanced then toward Trinidad and Cienfuegos.

General Aldave is reported to have been killed in the battle, and the total number of killed and wounded is placed at 600. General Gomez secured 700 rifles and a large amount of ammunition.

CLEVELAND AND CUBA.

Report That the President Will Urge the Insurgents' Recognition.

WASHINGTON, Nov. 26.—President Cleveland's friends in Washington and elsewhere, with whom he discusses public questions, continue to assert that the forthcoming message to congress will contain a chapter on the foreign policy of the administration that will be a great surprise to the public. The leading topics to be discussed in this chapter will be the Venezuelan boundary dispute and the Cuban revolution.

The surprise, it is said, will be occasioned by the president's announcement that with regard to these questions the administration has taken such advanced ground in the direction of a vigorous assertion of American rights as to amount to a complete reversal of its foreign policy up to the time that Mr. Olney became secretary of state. All that is definitely known with regard to the administration's attitude towards the Venezuelan question is that some time during the past summer Secretary Olney addressed a communication to the British government containing an emphatic notification that the United States would expect to see the Monroe doctrine respected, and would, indeed, insist upon its application to the controversy between England and Venezuela with regard to the existing boundary dispute.

As to Cuba, the administration has taken no steps in addition to the ill advised policy of Attorney General Harmon giving it as his unofficial opinion that the American people would be doing an unkindly act to a friendly power in taking part in public meetings called for the purpose of expressing sympathy with the cause of the Cuban revolutionists. Judge Harman has since admitted that his letter was written without sufficient thought, and that it he took ground that he is now willing to surrender.

It is now asserted that the surprise prepared for the public is nothing less than an expression of the president's hearty sympathy with the efforts of the Cubans to obtain freedom, and a further intimation that, in the opinion of the administration, they should be recognized as belligerents.

Train Wrecker Lynched.

THE AMERICAN RUSH.

Diseases Caused by Too Much Hard Work and Worry.

THEY WEAR OUT THE KIDNEYS.

Why Americans are More Nervous, Anemic, and Suffer More From Bright's Disease Than Other Nationalities.

RUSH AND WORRY OUR BANE.

The Kidneys and Their Clogging Caused by Overwork and Worry.

CARE AND CURE OF CLOGGED KIDNEYS.

We are an overworked nation. We get through a great deal of work. We do more work and harder and faster than any other nation on earth.

And that is the trouble. We work too fast, think too fast, eat too fast.

We don't take enough rest. Nemesia overtakes us and disorders our kidneys. Nemesia, the goddess of vengeance, Nature revenges herself if you overtax her.

Why do we get sick in our kidneys? It's simple enough to explain and to remember.

Our kidneys were made to filter our blood. That is the first thing.

Every drop of blood that passes through our body has to go through these filters and be purified.

All work uses up blood. That is the next thing.

Blood is fuel. If we work one organ (brain, stomach, arm, leg,) more than another, blood rushes to the hard-worked organ, to nourish it and strengthen it.

Too much work of any kind uses too much blood and strains the kidneys as much as that it hurts them. That is the next thing.

Strained kidneys are sick kidneys. Sick kidneys don't filter the blood. And this is the end of it.

To be well we must live naturally—to get well when sick take Dr. Hobb's Spargus Kidney Pills.

Living naturally doesn't mean doing without comfort, but not overdoing anything—not overworking, not over-thinking, not over-worrying, not over-eating—not over-straining our kidneys.

It is so simple to remember that if our blood is kept pure we can keep almost perfectly well; so easy to take care of ourselves if we want to.

But when we are sick it is well to know of something that will make us well.

The cure of all kidney and blood troubles is Dr. Hobb's Spargus Kidney Pills.

They are a simple and perfect cure for Bright's disease, diabetes, nephritis, cold in the kidneys, for the symptoms of sleeplessness, backache, sidache, nervousness, frequent thirst, chilly sensations, evil forebodings, puffiness and swelling of the eyelids, feet and ankles.

Dr. Hobb's Spargus Kidney Pills are made naturally from the root of the spargus by a special process which extracts all the virtue in the root. They are perfectly harmless, purely vegetable, and are strongly recommended by physicians of high standing as well as by all who have used them.

Sold by all druggists or mailed prepaid for 50 cents a box.
