Small Wages for Engineers.

CLEVELAND, Dec. 5.—The stationary engineers of Cleveland are preparing to demand an increase in wages next spring, and in the event that it is not granted to them. There are now five associations of engineers, with a membership of about 800. They expect to increase this to 1,000 and have a joint board which will legislate for all, where all are interested. A recent investigation shows that some of the engineers are working for \$1 per week, and that only a few earn more than \$12 per week.

Justice Simpson Again Arrested.

DEPOUIT, Dec. 5.—Blair Simpson, justice of the peace, was arrested last night charged with criminal assault upon Maude M. Wentland, a 14-year-old girl. The act is alleged to have been committed in Simpson's office Oct. 17. Justice Simpson was recently arrested for attempting criminal assault upon Mary McCandless, and was held in bonds for trial of the first case. The county grand jury is investigating Simpson's record in that line.

"Young Griffin" Again in Trouble.

NEW YORK, Dec. 5.—Albert Griffiths, otherwise known as "Young Griffin," the prize fighter, was arrested last night on the charge of threatening Barntown Bennett's life in a saloon on Twenty-eighth street. Griffiths entered the saloon with his hand in his hip pocket and said to Bennett: "Say, I think I'll blow your head off." Before he could draw a revolver, however, bystanders seized him and called a policeman.

Foot Ball and the Elements.
The brutality attributed to foot ball affects the few; the suffering from exposure to the elements, affects the multitude of spectators, laying a foundation for disease that often results fatally or in prolonged illness. Prolonged exposure to cold and fatigue causes pneumonia. The lucky exceptions are the wise ones who carry and take "77." It acts like a warm blanket to ward off the cold. It keeps up the circulation—revives the drooping spirits—prevents numbness and chill, the forerunners of serious colds. Carry it, take it, and be safe. "77" for Grip, Colds, Influenza, Catarrh, Pains in the Head and Chest, Cough, Sore Throat, General Prostration and Fever, and prevents Pneumonia. "77" will "break up" a stubborn cold that "hangs on." Dr. Humphreys puts up a specific for every disease. They are described in his Manual, which is sent free. Small bottles of pleasant pellets fit your vest pocket; sold by druggists, or sent on receipt of price, 35c, or five for \$1.00. Humphreys' Medicine Co., 111 & 113 William St., New York. Be sure to get Humphreys'.

Resolutions of Condolence.

At a regular meeting of Hope Section No. 10, J. T. of H. & T., held on Monday, Dec. 2, 1895, the following resolutions were adopted:

WHEREAS, It has pleased an all-wise Providence to remove from our midst our late member, Richard Davis; and

WHEREAS, This sudden visitation has bereft us of one of our earliest workers and devoted members, whose loss we deeply feel; therefore, be it

Resolved, That we bow in humble submission to the gracious will of our Heavenly Father, who is too wise to err and too good to be unkind, and in His solemn visitation is reminded of the vanity of earthly honors, adjourning us to prepare for the vision "beyond this vale of tears," that bourne from which no traveler returns.

Resolved, That in the death of our late brother, Richard Davis, this Section loses a faithful member and willing worker.

Resolved, That we tender to the bereaved family our sincere sympathy and condolence in their sad bereavement, and in the hour of their affliction commend them to an all-wise God who "tempers the storm to the stormy lamb."

Resolved, That our chapter be draped in mourning for 30 days in token of respect for our departed brother, and that a copy of these resolutions be sent to the family of the deceased brother, entered on the minutes, and published in the EVENING HERALD.
