

PITHY POINTS.

Happenings Throughout the Region Chronicled for Hasty Perusal.

The Girard Water Company will increase its capital stock to \$300,000.

The Third Brigade Band is \$1,700 in debt. The citizens of Pottsville are being asked for aid.

Pottsville boys and girls are enjoying skating on the canal bank of the Pioneer furnaces.

John Hughes, a pauper 55 years of age, died from asthma at the Schuylkill Haven almshouse yesterday.

John L. Beury, of Barry, and Miss Mame A. Miles, of Lavelle, were married at Ashland on Thursday evening.

The Grand Union Tea Company has placed a new delivery wagon on the road for the accommodation of its many patrons.

Otto Wagner, of Lavelle, was crushed by a fall of coal at Merriam colliery, near Locust Summit. His death was almost instantaneous.

The sale of the real estate of the late Michael Merkel, valued at \$30,000 and situated at Minersville, took place this morning.

The steam pipe leading to the Columbia brewery from the boiler house on the west side of Pear alley has its winter clothes on. It has been covered with asbestos.

Yesterday was pay day for the school teachers, janitors and other employees of the School Board. The orders were cashed in the Directors' room on South West street.

The Grace United Evangelical church, a handsome new structure at Schuylkill Haven, will be dedicated to-morrow. Rev. Augustus Snyder, formerly of Shenandoah, is the pastor.

Many people are laboring under the belief that the borough has provided grades for the alleys as well as the streets, but the fact is no official grade has been given for any of the alleys.

There is much rejoicing among the people over the Borough Council's action in keeping the tax rate down to the figures of last year. If the water rents had been increased the property owners would have been up in arms and if the mills had been raised all taxpayers would have kicked, and the Councilmen were in a perplexing position until they did considerable figuring.

Don't Let Anybody Interfere. Get Take-Pan-Tin for coughs and colds. 25c. At Grubler Bros. drug store.

Entirely Challenges Again.

EVENING HERALD—I hereby challenge either the Shamokin or Ashland foot ball team to play a game for \$500 a side, which is to be played on the Girardville, Shenandoah, or Mahanoy City grounds. Now if either one of these teams will put their intentions in a business-like shape they will be accommodated with a game.

MARTIN FAHEY, Manager Shenandoah Foot Ball Team. Best gas fitting is done by P. W. Bell.

Circumventing A Petition.

The property owners in the vicinity of West Cherry and Gilbert streets are circulating a petition which will be presented to Borough Council asking for the extension of Gilbert street from Cherry to the Shenandoah Junction. The proposed extension is for the accommodation of people in the western part of the town who travel daily to and from Pottsville. The Pennsylvania Railroad has consented to erect a station platform at Shenandoah Junction.

Have tin leaks in your gas and water mains repaired by P. W. Bell, the plumber.

A Query.

What does it benefit a man, or woman, to wash the pavement in weather like this and then have to put ashes on it to enable pedestrians to walk by his house? Does it add to the cleanliness of the street? Or, perhaps he never puts ashes on an icy pavement.

Buy Keystone flour. Be sure that the name Liseto & Baker, Ashland, Pa., is printed on every sack.

REV. MRS. COLLMAN

Her Father, Her Boy and Herself Praise Paine's Celery Compound.

Women preachers, as well as women lawyers, women voters, women bicyclists and women in business are making it more and more apparent that "the gentler sex" is not necessarily "the weaker sex," morally, mentally or physically.

Rev. Mrs. Lydia Collman is an example of the womanly woman whose influence for good in the community is on a par with that of the manly man.

She is not one of that silly class of persons who, broken down in health by mental or bodily strain, not quite sick enough to be bed, put off thinking seriously of getting well.

Improperly nourished nerves and poor blood soon pile up a desperate number of disorders.

On the other hand, when reduced health and spirits are early recognized and courageously taken in hand at once, when Paine's celery compound is used to restore the integrity of the nerves and blood, no further trouble is to be feared.

Paine's celery compound at once corrects any unhealthy condition of the nervous system. It forwards the richest possible elements of growth to every nerve cell and the remotest nerve thread throughout the body.

Paine's celery compound positively and permanently cures every form of nervous debility and exhaustion—melancholia, hysteria, headaches, dyspepsia, neuralgia and disordered heart and liver.

The great number of enthusiastic, unadvised testimonials from men and women living in widely-separated states is one of the best evidences of how Paine's celery compound is regarded all over the country.

Woman's peculiar life brings a languor and listlessness that are best met by Paine's celery compound. The dispirited condition, the backaches, the neuralgic headaches, the sleeplessness and nervous debility, that so frequently attack women when their blood is robbed of its vitality is soon dispelled when Paine's celery compound is used.

Mrs. Collman, writing October 30 from her home, 157 Scott street, Wilkesbarre, Penn., says:

"Fully appreciating the benefits from the use of Paine's celery compound I recommend it to others. Suffering from sleeplessness and nervous debility, I was persuaded to use this truly greatest remedy. Although I can have every medicine from my brothers, the druggists here, I gave Paine's celery compound a trial, and must confess only to my benefit. My only boy, four years old, was also treated with it, and his nervousness has disappeared. My father, Rev. C. Koehn, with whom I live, thinks a great deal of Paine's celery compound. I shall always keep it in the house."

There are untold numbers of women who are working and worrying enough to drive them into their graves if Paine's celery compound were not always in their homes to strengthen and restore their brains and nerves when there was great need of it.
