MONDAY, DECEMBER 9, 1895.

THE Christian Endeavors now realize that
Saul of Tarsus was as hard a case as
Colonel Ingersoll.

SCHEFFER says that his power is contained
in a copper rod. The "copper" club is also
a rather powerful instrument.

SENATOR VOORHEES has introduced a bill
defining contempt of court, granting the
right of appeal to the Supreme Court. A
Judge must keep a copy of the contempt
charges, and the punishment is limited. Had
it been a law Debbis' appeal would have gone
to the Supreme Court.

THE Republican club that is organized for
campaign purposes is very well in its way,
but the club that is founded on a permanent
basis is far better. There is plenty to do for
such clubs as the Republican League all the
year around. They should be the friendly
allies of every movement intended to
promote the moral and material well being of
the town, county and state. Especially at
this time, on the eve of an important borough
election, should the meetings be well
attended.

SEVERAL ambitious Republicans are al-
ready laying their plans to secure the
renomination of County Commissioner. It
is expected that a great scramble will be made
for this office, with its increased salary and
additional perquisites. At present the salary
of Commissioner is \$1,500, but the one to be
chosen next fall will receive the snug little
sum of \$2,500 for serving the people. It is
somewhat early for discussion of this nature,
but nevertheless there is already considerable
quiet work being done by several would-be
candidates. It is rumored that a Shenandoah
Republican is being groomed for the position.

THIS week will witness the elevation to a
cardinalate of Mgr. Satolli, the Papal dele-
gate to the Roman Catholic church in the
United States, and it is another reminder of
the growing recognition granted to this
country of late years by the Holy See.
Cardinal Gibbons fills the office of American
Cardinal with dignity and ability, and no
one doubts that Satolli will be an ornament
to the body of scholarly men who assist in
preserving the influence of the Vatican. It
is true Satolli is not an American, but he has
been in this country long enough to become
imbued with the spirit of our institutions,
and his elevation is a tribute to the faithful
in the United States.

In an address at the Atlanta Exposition
Senator Tillman, of South Carolina, bewailed
the fact that in the last thirty years the
United States Government had paid in
pensions \$1,860,000,000, and of this sum
\$1,650,000,000 was paid to the people in the
"Northern States." It is to be feared that the
"people in the Northern States" will be com-
pelled to plead guilty to this indictment. It
is unfortunate, no doubt, that of this vast
sum so little has gone to the people south of
Mason and Dixon's line. But the Palmetto
Senator should not forget that the Federal
pension laws are a trifle peculiar. They are
intended to be a recognition of the services of
men who sought to save the Union, not who
sought to destroy it.

THE action of President Cleveland in leav-
ing Washington for a hunting trip the week
Congress assembled, and at a time, too, when
an important diplomatic communication like
the Salisbury reply to Secretary Olney's
despatch upon the Venezuela difficulty was
due, is being severely criticized by statesmen
of both parties. It is looked upon as an ex-
hibition of contempt upon the part of the
President for a branch of the government
co-ordinate with the executive, and murmurs
of the resentment felt by Congressmen are
heard already. It is more than probable the
resentment will find more emphatic ex-
pressions shortly and that his conduct in
neglecting his duties at an important period
will be denounced more roundly by the Re-
publicans than the members of his own party
have done.

THE Washington correspondent of the
Wilkesbarre News-Dealer has this to say in
reference to the representative from this dis-
trict: "One of the picturesque Pennsylvania
Congressmen is Hon. C. N. Brumm, from
Schuylkill. Mr. Brumm has had a rare
political history. He started out as a
Greenback-Labor candidate and was elected
by the mining constituency which de-
manded the most extreme Greenback
doctrine. At that time Mr. Brumm wore
long hair, a slouched hat and looked like an
Indian doctor. He was a ranter on the

floor of the House and much more so in the
columns of the Congressional Record. Fifteen
years has worked a wonderful change in Mr.
Brumm. He is now a sober, serious man,
has abandoned the Greenback and cheap
money 'heresies' and actually stands for a
single gold standard. He has developed into
a silent man and here, if anywhere, silence
passes for wisdom."

It's a Secret
that many women owe their beauty to Dr.
Pierce's Favorite Prescription. The reason
—beauty of form and face, as well as grace,
radiate from the common center—health. The
best bodily condition results from good
food, fresh air, and exercise, coupled with
the judicious use of the "Prescription." In
maidenhood, womanhood, and motherhood,
it's a supporting tonic that's peculiarly
adapted to her needs, regulating menstrua-
tion, and curing the derangements of the sex.
If there be headache, pain in the back,
bearing-down sensations, or general debility,
or if there be nervous disturbances, nervous
prostration, and sleeplessness, the "Prescrip-
tion" reaches to the origin of the trouble and
corrects it. It dispels aches and pains, cor-
rects displacements and cures catarrhal in-
flammation of the lining membranes. Once
used, it is always in favor.

Dr. Pierce's Pellets cure constipation, in-
digestion, biliousness, headaches and kindred
ailments.

Guilty of Arson.
WILLIAMSPORT, Pa., Dec. 9.—The jury
in the case of Arley H. Gilroy, indicted for
the incendiary fires in this city on the
morning of Oct. 30, returned a verdict of
guilty on one count. The indictment
charged three separate lumber yard fires.
The jury was out twenty-one hours. Coun-
sel for the defense immediately made a
motion for a new trial and arrest of judg-
ment. Judge Keeler, sitting for Judge
Metzger, remanded the prisoner to jail
pending argument on a motion that the
defendant be admitted to bail. This mat-
ter will be decided by Judge Metzger.

Murderous Apaches Captured.
FORT GRANT, A. T., Dec. 9.—The party
of White Mountain Apache Indians who
are supposed to have murdered Merrill
and his daughter, near Solomonville, three
days ago, were arrested and brought into
San Carlos agency late Saturday night by
a detachment of Captain Bell's troops of
the Seventh cavalry and the Indian police.
The party consisted of seven men and a
boy, all mounted and heavily armed, two
of them carrying cavalry carbines that fit
the identical bullet which brought Merrill
and his daughter to their untimely end.

Worn Out Women

Should read this letter. It shows the
wonderful building-up powers of Hood's
Sarsaparilla, the
great blood purifier.

"I wish I could
stand in some pub-
lic place and cry to
alleviating humanity,
'Hear this, ye peo-
ple, what wonder-
ful things Hood's
Sarsaparilla has
done for me and my
family.' I cannot
express what I suf-
fered. Only one of my sex knows what a
woman can suffer in my condition. I was
prostrate with nervousness and weakness.
The least noise would drive me frantic.
I decided to take Hood's Sarsaparilla. I
am overjoyed to say that I am now well,
hearty, rosy and plump."

robbery occurred in the heart of the city on
Saturday. As Cashier Cratty, of The Com-

sured. According to another report \$900

CRUSHED UNDER A LOCOMOTIVE

Three Railroaders Killed and Two Others
Seriously Injured.

NEW YORK, Dec. 9.—Three men were
killed and two more were injured in a
railroad wreck yesterday on the New York
and New Haven railway in Harlem. The
killed are: Thomas Fitzgerald, engineer,
38 years old; Frederick Maples, 40 years
old, brakeman; Thomas C. McNally, 40
years old, brakeman.

The injured are: Thomas Bannon, con-
ductor, out and scalded; Thomas McKoon,
fireman, out and scalded.
The accident occurred between One
Hundred and Thirty-second and One Hun-
dred and Thirty-third street. The engine,
No. 70, was used as a switching engine
and was bound east with its crew of five
men. The location of the accident was at
a short curve, and no explanation of what
was responsible for the trouble could be
ascertained. Everything was in its proper
shape apparently, and the engine and its
tender were proceeding along at the usual
speed when the engine left the track and
went flying along over the ties.

Bannon, the conductor, and McKoon,
the fireman, leaped for their lives at the
moment the engine toppled over across
the west bound track, and before the
others of the crew were able to save them-
selves from being crushed beneath the
weight of the boiler. Fitzgerald and
Maples were pinned down by the cab,
while the body of McNally was under the
boiler. All of the bodies were terribly
crushed and scalded, death evidently hav-
ing been instantaneous. Fitzgerald's hand
protruded through the window of the en-
gine's cab, and he was sitting in his seat
at his duty when the accident happened.

Reunited in Death.

JERSEY CITY, Dec. 9.—After Frank
Schneider, a well-to-do delivery stable keeper
of Guttenberg, committed suicide last
Wednesday at his home, some of the neigh-
bors began to circulate stories about the
causes which they thought led to the sui-
cide. Some of the women were unkind
enough to insinuate that Mrs. Schneider
was the cause of her husband's rash act.
They said the couple had not lived happily
together. The Schneiders had only been
married five months. The stories grieved
the widow very much, and on Saturday
she fell dead at her coffin, having taken
poison. Husband and wife were buried
together yesterday.

To Build a Chinese Railway.

PORT TOWNSEND, Wash., Dec. 9.—A con-
cession from the Chinese government to
build a line of railroad from tide water to
Pekin has been obtained by a syndicate of
American capitalists. The road will be
about 200 miles long, and will tap a valu-
able coal mining district. The operation
and construction of the road will be under
the direct patronage of the Chinese gov-
ernment, but American capital and engi-
neers are the principal factors in the
scheme. Among the men of prominence
said to be in the deal are Senator Calvin
S. Brice, of Ohio; Whitlaw Reid, ex-Sec-
retary of State John W. Foster and others.

Major C. T. Picton is manager of the
State Hotel, at Denison, Texas, which the
traveling man say is one of the best hotels
in that section. In speaking of Chamber-
lain's Colic, Cholera and Diarrhoea Remedy
Major Picton says: "I have used it myself
and in my family for several years, and take
pleasure in saying that I consider it an in-
fallible cure for diarrhoea and dysentery. I
always recommend it, and have frequently
administered it to my guests in the hotel, and
in every case it has proven itself worthy of
unqualified endorsement. For sale by

Solution of a Murder Mystery.

CHICAGO, Dec. 9.—The arrest of Jack
Quinn and wife here yesterday for fight-
ing developed the possible solution of a
murder mystery in Brooklyn. Both the
Quinns were drunk, and Mrs. Quinn, in an
effort to induce the police to let her hus-
band go, told them that her husband had
committed a murder in Brooklyn several
years ago. Before word could be secured
from Brooklyn the Quinns were bailed
out, but it is thought they will be rear-
rested. Telegrams from the Brooklyn au-
thorities tend to confirm the woman's
statement.

When most needed it is not unusual for
your family physician to be away from home.
Such was the experience of Mr. J. Y.
Schenck, editor of the Caddo, Ind. Ter.,
Banner, when his little girl, two years of age,
was threatened with a severe attack of croup.
He says: "My wife insisted that I go for
the doctor, but as our family physician was
out of town I purchased a bottle of Cham-
berlain's Cough Remedy, which relieved her
immediately. I will not be without it in the
future." 25 and 50 cent bottles for sale by
Grubler Bros., druggists.

Killed by a Falling Tree.

CARLEISLE, Pa., Dec. 9.—A fatal accident
occurred on Saturday in a woods near
Churchtown, and Henry Bowman, an
aged and highly respected resident of that
village, was the victim. Mr. Bowman had
gone to the woods to direct a hiring in
chopping wood, and was struck by a fall-
ing tree and crushed to the earth. His
body was terribly crushed and bruised.
Mr. Bowman was removed to his residence,
where he expired. He was 75 years of age.

More Troops After Renegade Indians.

SILVER CITY, N. M., Dec. 9.—Orders were
received at Fort Bayard yesterday ordering
out the remaining cavalry at that post to
make forced marches across into Arizona
to assist in the capture of the band of re-
negade Indians that committed nine mur-
ders near San Carlos reservation last week.
The troops left at once. Telegraph wires
have been cut, presumably by the fugi-
tives.

VENEZUELA DEFIANT.

Preparing to Resist Great Britain's De-
mands in the Little Republic.

WASHINGTON, Dec. 9.—Word comes from
Venezuela as to the excitement and patri-
otic enthusiasm over the boundary con-
troverly with Great Britain. At Puerto
Cabello a public meeting has been held
and a subscription opened for the purchase
of a torpedo boat for the defense of the
harbor. At the city of Bolivar another
subscription is being received by the Cen-
tral bank, citizens of all parts of the re-
public agreeing to contribute a stated sum
weekly.

At Caracas, the capital of Venezuela, a
convention is to be held, probably this
month, to consider the question of de-
fense. In the big street parade, which
will be a feature of the meeting, each state
delegation will carry the coat of arms of
the state, and at the head of the parade
the coat of arms of Venezuela will be borne.
The movement was started by the "Central
Society for the Propagation of the
Defense of Venezuelan Territory," but
has apparently secured official approval,
as members of President Crespo's cabinet
and the governors of the several states of
Venezuela give full endorsement. The
minister of the interior, one of the Crespo
cabinet, has written a letter congratulat-
ing the promoters of the movement on their
patriotism, but adding that there
should be calmness and wisdom in the
steps taken.

A NOTED JOURNALIST DEAD.

George Augustus Sala Succumbs After a
Long Illness.

LONDON, Dec. 9.—George Augustus Sala,
the famous English journalist, who has
been lying ill at Brighton for many weeks,
died last night.

George Augustus Henry Sala, journal-
ist and author, was born in London in
1828. In the early part of his career he
became a contributor of articles to news-
papers and magazines. He founded, and
was the first editor of the Temple Bar
Magazine.

Mr. Sala visited the United States in
1863 as special correspondent for The Daily
Telegraph, and in the latter part of 1864
published the result of his observations
under the title of "America in the Midst
of War." He was war correspondent for
the same paper in France in 1870, witness-
ing the fall of the empire in Paris on Sept.
4. He afterwards went to Rome to record
the entry of the Italian army into the
Eternal City, and in January, 1875, he
visited Spain on the occasion of the entry
of Alfonso XII. He visited Russia in
December, 1876, as a special correspondent
of The Daily Telegraph and subsequently
traversed the empire to observe the mobiliza-

Carter Fears the Populist Vote.

WASHINGTON, Dec. 9.—Senator Elkins
gave a dinner last night to a number of
members of the Republican national com-
mittee. There were also present other
prominent politicians of the party. During
a discussion of party measures Chairman
Carter took occasion to say that he did
not think it wise for the Republicans to be
too confident. Although it was apparent
that victory was in the air, he said there
were reasons why it was not well to be op-
timistic to a degree of carelessness. He
called attention to what he styled the re-
markable growth of the Populist vote,
which had increased 240 per cent. during
the past three years.

Kentucky Legislature a Tie.

LOUISVILLE, Dec. 9.—By the election of
A. J. Carroll in the Forty-eighth legisla-
tive district the Democrats have succeeded
in preserving the tie in the legislature.
Mr. Carroll won by 452 votes over Charles
Blatz. Carroll was a candidate then, but
some friends of his bribed his Republican
opponent, Charles Shreve, to withdraw on
the day of election. Carroll repudiated
their action, the Republicans putting up
a new candidate. The legislature now
stands on joint ballot 68 Republicans and
68 Democrats, with 2 Populists. One Popu-
list is pledged to Blackburn and one to
the Republican caucus.
