WEDNESDAY, DECEMBER 18, 1905.

A TWENTY per cent. assessment is rather a rough Christmas present for Reading stockholders.

JERUSALEM has 355 saloons.—Mahanoy City America, Jerusalem, how did you find that out?

CONGRESS adjourns this week for the holidays. Here's hoping, when it assembles, it will be in good trim for work.

HISTORY will say of Cleveland that he hunted more ducks and disgusted more Democrats than any other President.

If Turkey in Europe—and Asia, too, for that matter—could be disposed of as effectively as turkey in America will be next week, what a blessing it would be!

A FACTOR from Pottsville came to town and with a glib tongue soon roped in a lot of advertising for a gutter-snipe sheet that not one person in ten looked at.

EVIDENTLY Secretary Carlisle doesn't object in the least to a little thing like a thirty or forty million deficit. In fact, he distinctly intimates that on the whole he is rather fond of deficits.

If Senator Cuyler doesn't reach the halls of Congress he will make some of the other fellows very weary. Every American citizen has the right to aspire to higher honors, and the Senator is only climbing the ladder round by round.

The railroad accident at Mt. Carmel is fully reported in our news columns, and it is gratifying to know that so few are fatally injured. The HERALD gives the news the day it happens, and as a consequence leads its contemporaries.

The Shamokin foot ball enthusiasts who appeared so anxious on paper for a game with Manager Fahy's eleven, appear to have gone in their holes and pulled the hole in after them. They well know from experience that Shenandoah has the champion team and the money to back them, and hence the Shamokin flunk.

THREE will be lots of fun for the "boys" when the time arrives to elect a successor to Hon. Charles N. Brunan. The Senator from the 39th district proposes to contest every inch of ground with the statesman from Minesville, and there appears to be a mighty influence at the back of him. We await the battle of the political giants with a great deal of apprehension—for the Republican party.

In the eleven months since January 1st this country imported \$7,000,000 more goods than we exported. In the same period in 1904 the exports exceeded the imports \$128,000,000, so that there has been a change of \$135,000,000 in trade against us as compared with 1904. And yet the President tells us the continued re-issuing of greenbacks is the cause of all our financial troubles. It does not require much knowledge of political economy to find the cause of the great increase in importations since the Wilson tariff law went into effect.

In his message to Congress yesterday on the Venezuela dispute, President Cleveland has risen above a mere partisan, and displayed the proper American spirit. The President voices the sentiment of the people and his exposition of the Monroe doctrine is so clear that England cannot fail to understand it. The hearty reception accorded the message by Congress, on both sides of the chamber, is evidence that the rights of the United States will be maintained at all hazards. The present occupant of the White House has at last placed himself in touch with the American people and reached the high plane of patriotism.

Public sentiment is certainly with the tailroaders' Association in its efforts to induce the Lehigh Valley Railroad officials to reinstate those of their old employees, according to an agreement entered into by both parties to the controversy, who are still out of their positions by reason of the strike two years ago. When the strike was declared off the men were led to believe that they would be taken back; they are justifiable in insisting that the terms of that agreement be faithfully kept. It appears, however, that the high officials were not aware that the old employees were being discriminated against, until the interview with the Brotherhood officers and President Wilbur brought the fact to light. It is pleasing to note that the agreement will be fully carried out on the part of the company and that there will be no further discrimination tolerated.

A CHURCH CONSECRATION.

An Important Event at All Saints' Church Next Sunday.
The congregation of All Saints' Protestant Episcopal church, on East Oak Street, recently succeeded in getting the edifice clear of debt, and next Sunday has been selected for its consecration. The service will be held at 10:30 a. m. and at the same time a class of ten children and ten adults will be confirmed. Rev. N. S. Rufison, D. D., Bishop of Central Pennsylvania, will officiate at the service, assisted by Rev. J. F. Powers, Archdeacon of Pottsville, and probably several other visiting clergymen, and the rector, Rev. G. W. Van Fossen. The church has been undergoing extensive alterations and improvements during the past week and will be elaborately decorated with spruce, laurel and flowers for the coming event. The occasion will be a jubilee for the congregation, aside from the solemnity attending it. Until a few weeks ago the members were discouraged. They were without a rector for eight months and the interest rapidly diminished, notwithstanding the earnest and faithful work of Mr. Charles Haskins, the lay rector. A leader in the person of a rector was required to revive the interest and spirit and drive Rev. Van Fossen has assumed charge a very gratifying change has taken place. The members have become enthusiastic and more united, and those who dropped out are rapidly returning. The immediate future for the congregation is very bright and in the Spring the church will be very much enlarged and improved. Of course, as has been intimated, the change is in a great measure due to the new rector, Rev. Van Fossen, who has worked with a persistence and fidelity that wins favor outside as well as within the congregation. Rev. Van Fossen is a young man with a bright future. He was born at a small place known as Hyner's Run, Center county, in 1867, and graduated from the Philadelphia Divinity School in 1891. He was assistant rector at the Church of the Nativity in South Bethlehem for a year, and for eighteen months preceding last October, when he took charge of All Saints'. His cordial and genial disposition and studious attention to the welfare of the congregation has made him very popular with his present charge.

In Self Defense
You ought to keep your flesh up. Disease will follow, if you let it get below a healthy standard. No matter how this comes, what you need is Dr. Pierce's Golden Medical Discovery. That is the greatest flesh-builder known to medical science, far surpassing filly Cod liver oil and all its nasty compounds. It's suited to the most delicate stomachs. The Almshouse Deal.
The appointments at the almshouse continue to be the subject of much speculation among the leading Republican politicians of the county, and rumors of deals and counter-deals are floating around at a lively rate. An effort is being made to have Poor Directors Middleton and Dietrich get together this week and decide upon the appointments to be made. The following almshouse employees, Wash. Orme, John W. Reese, Peter Wichter and Edward Hughes, in company with Hon. Seth Orme, called upon Director Middleton at Gilberton yesterday, for the purpose of effecting a deal with that gentleman and Mr. Dietrich.

When most needed it is not unusual for your family physician to be away from home. Such was the experience of Mr. J. Y. Schenck, editor of the Caddo, Ind. Ter., Banner, when his little girl, two years of age, was threatened with a severe attack of croup. He says: "My wife insisted that I go for the doctor, but as our family physician was out of town I purchased a bottle of Chamberlain's Cough Remedy, which relieved her immediately. I will not be without it in the future." 25 and 50 cent bottles for sale by Grubler Bros., druggists.

Must Take an Outside Job.
Lawrence Murphy, the fire boss at Packer No. 2 colliery, who was burned by an explosion of gas which he ignited himself, on Friday last, is still under treatment at the state hospital. His injuries, though painful, are not serious. In consequence of the accident, the Lehigh Coal Company has issued an order that hereafter all fire bosses in its employ shall not carry their naked light farther than the bottom of the slope or shaft, as the case may be. According to a standing rule of the company Murphy can never again secure employment underground in any capacity from the company. He may be employed, however, as an outside hand. Murphy has a wife and eleven children.—Ashland Telegram.

Jail Breaking Prevented.
MATTEWAN, N. Y., Dec. 18.—Another conspiracy looking to the delivery of convicts at the asylum for criminal insane has been frustrated by the confession of the ringleader, Pat McGuire, one of the five who escaped with Oliver Curtis Perry last spring. A keeper named John Brown acted as a go-between for the three convicts who were in the plot and parties in New York. Brown was arraigned before Justice Hoyt, waived examination and was held for the grand jury. Several implements, including a revolver, had been distributed among the prisoners. McGuire, realizing that he might have to commit murder, confessed the plot.

Struck the Sheriff and Escaped.
NEWBURGH, N. Y., Dec. 18.—Dr. T. C. M. Weaver, a clairvoyant and fortune teller, who is wanted in Erie, Pa., for alleged misdemeanor, was arrested by Sheriff Schantz in the Exchange hotel at Marlborough. Soon after he was taken to custody, and while they were still in the hotel Weaver struck the sheriff on the face and made his escape. Weaver came to Marlborough not long ago and purchased a house, and was living as a man of leisure, and showing plenty of money. It is said that he jumped his bail at Erie, where his case was pending.

FOURTEEN SAILORS DROWNED.

The German Ship Athena Lost at Sea, and Only Six Were Saved.
PHILADELPHIA, Dec. 18.—The German ship Athena was lost at sea on Sunday, Dec. 15, together with fourteen sailors, who were part of a crew of twenty men, the first mate, second mate and four seamen being picked up by the British steamer Taffa, bound for this port.
The Athena left New York on Dec. 10 with a cargo of naphtha in barrels and several hundred cases of nitro glycerine. She experienced severe weather until Friday. On that day she all her masts carried away, and the vessel sprung a leak. Her bow sunk down into the water, and the deck was submerged up to where the foremast had been. On Saturday morning the Taffa was sighted. Distress signals were hoisted, but on account of the heavy seas the British steamer could not get nearer. The Taffa signaled that she would stand by until Sunday.
Sunday morning, about 8 o'clock, the Taffa approached the disabled Athena, who within a mile's length of her a flame was seen to shoot out of the center of the deck, and the port holes at the stern. A terrific explosion followed and instantly every man on board the Athena was either thrown or jumped into the water. The Taffa put out boats to rescue the men, but they were unable to pick up but six.
The Athena was 1,388 tons register and was formerly an American vessel. Her cargo was valued at \$45,000. Captain Haak, her commander, was about 45 years of age, and has a wife and two children in Germany.

La Champagne's stormy Passage.
NEW YORK, Dec. 18.—The French line steamer La Champagne, from Havre, arrived at her pier yesterday after an exceptionally stormy passage. During the entire passage La Champagne experienced a succession of hard gales. At 3:30 a. m., Dec. 9, a great wave swept over the port side of the vessel, smashed the lifeboats and poured into the saloon and library, breaking the heavy mahogany saloon staircase. The sleeping passengers were awakened by the rush of water, which deluged many state rooms, and to add to their excitement the electric light plant gave out, leaving the ship in total darkness for some time. The officers quickly layed the fears of the passengers. The vessel carried over 400 passengers.
