# A Car Load of PIANOS!

## At FACTORY PRICES.

WILL you purchase a Piano on the strength of a testimonial from a paid pianist or a paid singer? It is an established fact that nine-tenths of the published testimonials from prominent musicians are BOUGHT. Examine the catalogues of different piano manufacturers and you will find that Mr. So & So, the World Renowned Pianist, says, "After playing on different pianos, yours are the best." You will find the SAME opinion from the SAME artist in five out of the six different catalogues. Nearly all dealers when offering a piano for sale claim it to be superior to all others. For us to claim that the

# MALCOLM LOVE PIANO!

Or that it is better than any other High Grade Piano would be preposterous. We do claim that it is the equal of any piano offered to the public to-day. We believe the upright piano constructed like THE MALCOLM LOVE is the

## Most Desirable Piano to Have!

The mechanical catch-penny devices used in most upright pianos are not found in the MALCOLM LOVE. The manufacturers of this superior piano believe, and properly too, that no high grade piano should be sold on the strength of an attachment which might be used to catch unsuspecting and inexperienced purchasers. They believe in offering the public a Piano made on scientific principles which, for durability, tone and general construction, cannot be excelled. We are now offering a
