It Is Reported Most Severe Along the New Jersey Court.

New York, Dec 27.—A storm of wind and m'n sprang up unexpectedly in this city last night. A stiff breeze bogan to blow at 8 o'clock, which freshened into a gale that had reached a velocity of sixty nine miles an hour at 11 o'clock. The cavy rainfall was accompanied by a tinnously falling barometer. The wind blow down telegraph and telephone wires, and made communication with the submels and other places outside the city difficult The weather bureau reported that in con sequence of the damage done the wire re orts from various places were delayed interrupted. Signals were displayed all along the coast to aid incoming vassels.

In this city there were several accidents caused by the storm. Several roofs were blown from houses in the annex districacross the Harlem, and numerous show and chiraneys were hurled into the stre in this city. No accidents to life or limbaye been reported.

Mr. E. F. Cummings, night manager of the Western Union, sald: "The storm be most severe in the south and along the Jersey coast, high winds prevailing, no communication with Washington, Hall more and all the southern cities is very badly incorrupted. Matter is moving in fairly good shape to the west, although we

have lost a number of wires."

The storm also greatly prescrated the telegraph service to the west and south o Washington: West of Cumberland, Md. at which place the storm prevailed before a o'clock, all the Western Union wires wblown down. All the region between Washington and Augusta and Atlanta felt the effects of the storm, nearly all the Western Union wires being down.
