## THE STRIKE IS AGAIN ON.

**THE RADICAL CARRY THE DAY.**

Manager Beeten Insists That Future Employees Must Sign Away Their Right to Join Labor Organizations, Precipitating Another Struggle.

PHILADELPHIA, Jan. 3.—The street railway strike is on again. At 1:40 o'clock this morning the motormen and conductors employed by the Union Traction company decided not to go to work when the first day cars started at 4 o'clock. The official declaration was made at a mass meeting of the men in Labor Lyceum. It came amid the greatest confusion, and against the strong protests of the conservative element. In fact, the excitement was so intense that numerous small riots between the two elements were averted with the greatest difficulty. Pandemonium reigned at times, and many of the conservatives left in disgust.

An unsatisfactory conference with General Manager Beeten had been held earlier in the night, and trouble began when this committee made its report to the mass meeting. Previous to their arrival the turbulent scenes of the day had been increasing in intensity. The question of "strike or no strike" was about to be put to the men when Dr. Griffiths, of the Christian League, made a speech urging them to be patient, and suggested further effort for peace. He was greeted with jeers, and fuel was added to the flame when a man named Kirsner, of the cigarmakers' union, made a fiery speech, urging the men to strike.

President Mahon, who has all along been opposed to the strike, tried to shut off Kirsner and almost incurred personal violence from the men, who wanted to hear Kirsner. The confusion kept up until Chairman Lutz put the question to a vote. A decided affirmative was the response. There were many negatives, however, increasing from time to time, but the strikers are in the majority.

The meeting broke up in the greatest disorder. Throughout it was manifest that many of the men who went out on the last strike would report for duty as usual. The temper of the strikers is such that should the conservatives do this trouble is almost bound to result.

From the adjournment of their meeting at 3 o'clock yesterday morning the dissatisfied employees were quietly, but actively at work. Committees were assigned to each division and polled the conductors and motormen to determine their sentiment on General Manager Beeten's proposition. This was to the effect that the old men would be given preference over the new men engaged during the strike, these latter to be placed at the foot of the "extra" list. The ten hour day and \$2 wages scale questions were also brought up at the conference, but Mr. Beeten stated that the company was not in a position to accede to those demands, even if it so desired.

Returns on the result of the canvass came to headquarters as the day waned, indicating that a large majority of the men favored a strike, many of the branch lines being unanimous.

Last night a sub-committee of ten was again in conference with Mr. Beeten, and the trouble eventually resolved itself into one question, that of future employees being required to agree that they will join no labor organization. The men wanted the clause abolished, but Mr. Beeten declared that there was no possibility of the company capitulating on this point. Then the committee went to the mass meeting which had been called, presented their report, and the strike was again declared on.

From the information I have I am confident that the governor will be nominated at the St. Louis convention. I regard him as the strongest candidate in the race."

## VENEZUELAN COMMISSION.

They Will Probably Meet Tomorrow to Arrange Preliminaries.

WASHINGTON, Jan. 3.—The present expectation is that the first meeting of the Venezuelan boundary commission will be held at the state department tomorrow. All the members of the body, with the exception of Commissioner White, have signed their ability to be here by that time. The latter will not reach the city before Tuesday and there is a possibility that the first meeting may be deferred until that day, though this is not likely. There are a number of questions arising in connection with the work of the body, such as the selection of quarters, etc., besides other preliminary matters not affecting vitally the questions at issue, that can be passed upon by the majority of the commissioners.

The members have not yet received their commissions, and hence it is not positively known who will be the chairman, although the presumption is that Justice Brewer having been the first named will have that honor. Justice Brewer has heretofore met his fellow commissioners, and he is anxious that the work which the commission was appointed to perform be commenced at as early a date as practicable.

What needs to be determined first by the commission, the justice thinks, is a distinct and definite understanding of just what facts are desired, and the body can then go ahead and prosecute its work intelligently. He realizes what an effect on the public mind the conclusions reached by the commissioners will have, and how they must carry conviction. The investigation must be a thorough one or none at all.

They were surrounded by a goodly company of relatives and friends, who wished them many years of wedded bliss. ## SCHOOL BOARD ELECTION!

Charles E. Smith Succeeds the Late John T. Stanton.

**THERE WERE THREE CANDIDATES**

Other Proceedings at a Meeting of the Board Held Last Night—A Case Under the New Law Regarding Payment of Tuition Fees.

The School Board held a regular meeting last night with thirteen of the Directors in attendance, Messrs. Ogden, Trezise, Hanna, Hooks, Price, Conry, Baugh, James, Lee, Morgan, Edwards, Manley and Devitt.

Superintendent Whitaker read the following report:—Day Schools—Term enrollment, Boys, 1403; girls, 1623; total, 3026. Monthly enrollment—Boys, 1179; girls, 1371; total, 2550. Average daily attendance—Boys, 1029; girls, 1148; total, 2178. Percentage of attendance—Boys, 91; girls, 89; total, 90. Number of pupils present every session, 782. Number of visits by citizens, 174; by Directors, 34. Evening schools, term enrollment—Boys, 337; girls, 79; total, 416. Monthly enrollment—Boys, 251; girls, 55; total, 306. Average attendance—Boys, 239; girls, 53; total, 292. Percentage of attendance—Boys, 70; girls, 70; total, 70. Number of pupils present at every session, 67. Visits by citizens, 22; by Directors, 12.

The committee on non-resident pupils reported that a son of Richard Kelly, a soldier in the late war, attended our High School until December 20th, last, for a period of four months. Under a late Act of Assembly the School District of Conyngham township, in which Mr. Kelly resides, is responsible to us for the tuition charges of the boy, which amounts to \$16. The secretary was instructed to send a bill for the amount to the township.

The Act provides that children of soldiers may attend schools in townships, boroughs and cities outside of those in which they reside and the latter will be responsible for any tuition fees that may be incurred.

The following report was submitted by the library committee:

SHENANDOAH, PA., Jan. 2, 1896.

To the School Board:  
GENTLEMEN:—Your Library Committee begs leave to offer the following report:

The school district library has grown into a very important feature of the public school system of the town, and you, no doubt, as well as the citizens in general, take just pride in its possession and in the good which it is accomplishing.

The circulation has grown so large that three and sometimes four periods are required to attend to the patrons during library hours. During the first five months of the present school year over five thousand issues of books were made and recorded. This large patronage has been secured in the last two or three years. By purchasing a large selection of good reading books and a pleasant and inviting library room you have attracted a large portion of our people and awakened in them an appetite for good, healthy literature which seems to be steadily increasing. I have thus conferred a great benefit on it, who take advantage of it, and the contemplation of the good which is being accomplished by a source of gratification to all interested as well as a recompense to all who have given time and labor to the good work. Having done so much we find ourselves logically bound to satisfy the patrons of the library with reading matter.

In this undertaking we found it necessary to have one hundred and thirty volumes rebound, and ninety-two replaced. We have added two hundred and thirty-five new volumes. Some of the new volumes can hardly be classed as new additions for the reason that they will replace some old books by the same authors. We estimate the entire expenditure, when everything will be completed, at \$360.

The newly added works have been catalogued and we expect to have them ready for circulation on Saturday evening. When all the work shall have been completed, the library will be in an excellent condition and will, no doubt, give another year's pleasure and satisfaction to the reading public.

We desire to thank your worthy president for valuable assistance rendered us in our work. Respectfully submitted,  
M. P. WHITAKER,  
JOHN G. DAVIS,  
WILLIAM J. WATKINS,  
Committee.

The Board proceeded to fill the vacancy caused by the death of School Director John T. Stanton. Director Morgan nominated Charles E. Smith, Director Hanna nominated Michael J. Sullivan, and Director Hooks nominated Joseph Hinks. Two ballots were required for a choice. On the first Mr. Hinks was voted for by Messrs. Ogden, Baugh, Hooks, Price and James—5 votes; 31, Smith was voted for by Messrs. Morgan, Trezise, Edwards and Lee—4 votes; and Mr. Sullivan was voted for by Messrs. Hanna, Conry, Manley and Devitt. There being no choice, a second ballot was taken, with the following result: Smith, 8; Hinks, 3; Messrs. Conry, Hanna, Manley and Devitt, the four Democratic members present, having thrown their votes with Messrs. Morgan, Trezise, Lee and Edwards.

Director James suggested that two of the janitors be given an increase of \$10 per month in wages and that they be required to do all repair work on the heating and ventilating apparatus in the school buildings. The matter was referred to the building committee with instructions to report.
