MEETING OF THE BOROUGH COUNCIL.

An interesting discussion on the Ownership of Water Meters.
 A regular meeting of the Borough Council was held last evening with Councilmen McGuire, Kane, D. H. James, Hand, Kerns, Dougherty, Gallo, Stranglin, T. J. James, O'Brien and Reese in attendance.
 Jesse B. Davis appeared and complained of a nuisance created on property on East Lloyd street and the matter was referred to the sanitary committee for investigation.
 Mr. Kane, of the roads and highways committee, reported that a matter had been placed at Line and Jardin street and the crossing at Plum alley and Centre street had been completed.
 Upon a report of T. J. James, chairman of the finance committee, it was decided not to pay any bills until the next meeting.
 Borough Solicitor Pomeroy stated that there is no such Act of Assembly as some of the members think had been passed by the last Legislature concerning a beneficial fund. A bill of the kind was introduced, but not passed. A bill was passed providing for the payment of one percent of the taxes paid by foreign insurance companies to the State Treasurer, who is obliged, on the first of January and July, to pay over to the treasurers of boroughs and cities of the Commonwealth other than cities of the first and second class any monies which may arise from that source. But the Act is entirely silent, says the Solicitor, beyond that. That money goes into the treasury like other taxes do. Besides that the Act itself did not go into operation until January 1st, 1896, and the treasurer of this borough will hear nothing from the State Treasurer, possibly, before next September; then, if Council sees fit to appropriate such monies as may be derived it can do so by the usual method of appropriation. No ordinance is required. Mr. Pomeroy said he would be surprised if the revenue should exceed \$15.
 Mr. Gable stated that the water duplicate will be ready for the next meeting of Council.
 Solicitor Pomeroy stated that the case of H. C. Beyer against the borough will come up in the Supreme Court on appeal during the latter part of next month and he wanted instructions in the matter. He said the expenses for printing, etc., an appeal would be considerable and if the appeal should be dropped the borough would not be obliged to pay the judgment until such time as it may have money to appropriate for that purpose.
 On motion of D. R. James Council decided to instruct the Solicitor not to proceed further in the case at present.
 A notice from the Executors of the P. W. Shoemaker Estate, notifying Council to vacate the public dumping grounds in the southern part of town on May 8, 1896, was read and referred to the Sanitary Committee with instructions to consult with the Executors and try to secure another site for dumping grounds.
 The report of the Chief of Police for December showed that 34 arrests had been made. Fines were paid by 28 people and 6 served time. The fines collected amounted to \$42.
 The report of the Chief Burgess for the same period showed collections amounting to \$68, including the police fines.
 D. R. James stated that M. L. Shoemaker had been obliged to pay for a water meter. He didn't think it right to charge Mr. Shoemaker for a meter and not charge the Reading Company. Mr. James thought the borough ought to own its own meters, so that they would have supervision over them, and a lengthy discussion was precipitated.
 T. J. James said it was putting unequalled expense upon the borough and that anybody who agrees to pay for meters should do so. The borough has the right at any time to ascertain whether the meters are being tampered with, no matter who pays for them.
 Mr. McElheny said the water committee did not intend to discriminate against any body. He thought such matters ought to be left to the discretion of the committee to do what it considered to be for the interests of the people as a whole.
 Mr. Gable said he considered it right that the borough should own the meters, but in the cases of Seaman and Gerber and Shoemaker the parties were perfectly willing to pay for the meters as a condition for securing a supply of water, and they did so.
 Mr. Reese said he thought it was purely a business matter and that if the water committee could get parties to pay for meters, and save the borough that money, it was justified in doing so.
 Mr. McElheny said he didn't understand why there should be continual hitting at the Reading Company. The borough frequently asks favors of the company and always gets them.
 D. R. James and Mr. Kerns said the Reading Company was not complained of. The point was that Seaman and Gerber and Shoemaker are taxpayers of the borough and they should not be charged for meters any more than anybody else.
 Mr. Gable's motion was finally carried.
 Council adjourned to meet at the call of the finance committee.

 An Interesting Question.
 An interesting case is pending in the Supreme Court covering the point as to whether street railway companies have the right under their charters to do advertising—to put up and take pay for advertising cards in the cars. If common carriers have not this right, under existing charters, there may be some extremely interesting questions at issue as well as a complete changing of the department of advertising enterprise.

 Receipt for Domestic Happiness.
 The Philadelphia Evening Call gives the following as a receipt for domestic happiness: "It is a little thing to bring home to a wife a few roses, a new book, something dainty for the house. It is a little thing to leave business worries at the office and to meet the wife with a smile and a word of cheer. It is a little thing to show her at every opportunity how dear she is to you. It is a little thing to offer manly, lover-like sympathy to the little frets and cares of a wife's daily round of duties. All of these are little things, but in life it is the little things that count. Little things, such as these, unnoticed by most men, unobserved by more, go far to make the home a nest of happiness, and to keep the wife what she was in the sunny days of courtship."

Shenandoah's New Directory.

At last Shenandoah is to have its own City Directory. Messrs. Harry W. and J. Leonard Johnson, the enterprising and reliable directory publishers of Wilmington, Del., are now in town at the Ferguson House and have started their men in on the canvass of names to-day. They have informed us that they intend giving our city the only complete and accurate publication of the kind that has ever been offered, and inasmuch as Shenandoah is far behind towns very much smaller than ours in the matter of a directory of its own, the publishers should receive the hearty support and co-operation of our merchants and residents.

 Met With a Warm Reception.
 From Mahanoy City Resort.
 C. W. Clayberger a store keeper at Brandonville, appeared before Justice May this morning and swore out a warrant against John Swayze, also of Brandonville, charging him with assault and battery. Clayberger is agent for the property in which John Swayze and family reside and went to the latter's home for the purpose of serving a notice. He was met with a warm reception when he knocked at the door of the Swayze residence. Mr. Swayze had evidently been waiting for him and at once started to be at the agent, striking him on the face and back of the head several times with his fist. He was required to furnish \$500 bail for court, but at this writing has not succeeded in getting a bondsman.
 Satisfaction guaranteed by Bell, the plumber.
