REPUBLICAN STATE CONVENTION.

To the Republican electors of Pennsylvania: The Republicans of Pennsylvania, by their duly chosen representatives, will meet in State convention Thursday, April 23, 1896, at 10 o'clock a. m., in the opera house, city of Harrisburg, for the purpose of nominating two candidates for representative-at-large in Congress and thirty-two candidates for Presidential electors, the selection of eight delegates-at-large to the Republican National convention, and for the transaction of such other business as may be presented.

By order of the State Committee.

M. S. QUAY, Chairman.

Attest:—JERE R. REX,
W. R. ANDREWS, Secretaries.

SPEAKING of boundary disputes, some people think the town of Pottsville embraces the entire county. In some respects it does.

TIMES are certainly hard. A Newark artificial limb maker testified that he was unwilling to lend a hand to a man in distress.

THE ice man is getting ready to make money in the summer and the coal man is preparing to loaf in the same season. Meanwhile the dear public will continue to pay the freight.

IT is a French paper that says the United States is commercially a great and powerful rival for all Europe combined. This is ahead of time, but Americans will try to live up to it when the next century.

THE receipts of the American Bible Society last year were over $228,000, but this was much less than was needed for its purposes. It prints the Bible in ninety-five different languages and dialects, and while many are of a high class and purchased by the well-to-do, the most of them are cheap, and find their way as gifts into the homes of the poor. Since 1804, there has been an aggregate of 230,000,000 Bibles printed in the world.

THE Philadelphia Press is one of the leading newspapers of the state, and as a newsgatherer leads all competitors. In order to get the latest news from the most important news centres of the world just now it has established Julian Ralph in London; has started Col. George Nox McClain, of Governor Hastings' staff, to Venezuela; has located William F. Mannix in Cuba and has strengthened its corps of special Washington correspondents. Every phase of events which will probably prove the most exciting of this decade, will be fully reported and graphically illustrated.

THE convention of School Directors now being held in Harrisburg, for the purpose of forming a state organization, is not likely to receive as much attention as it deserves. These conventions are really of more interest and importance than the political meetings to which the people give preference of consideration; and it is to be regretted for substantial reasons that so much indifference exists with regard to such proceedings. It is trite to say that the education of the masses is indispensable to the security and progress of our system of government. The idea of popular sovereignty carries with it the implication of popular intelligence. At least nine-tenths of the children of the country obtain only such education as is provided by the public schools, and it follows that the influence of these schools in the domain of citizenship and in all the fields of ordinary employment surpasses that of any other one agency.

WE clip the following interesting item of news from our contemporary, the Pottsville Republican, in order to give it as wide publicity as possible: "Pottsville, in fact, seldom gets any of the good things from the balance of the county or from the public officials to which it is not entitled, or that it cannot demand in the name of justice and fairness." This is, indeed, news to the residents of the county outside of the limits of Pottsville, and the case demands immediate attention, because in this particular instance delays are dangerous. In the name of poor, forlorn, unhappy Pottsville we appeal to the county officials, from the exalted position of Judge to the meek and lowly County Surveyor, for the time being to obliterate from their minds the fact that there are other towns in the county besides Pottsville, to the end that the greed and rapacity of the county seat may be appeased. If it be true that "Pottsville never gets any of the good things from the balance of the county or from public officials," its condition is indeed pitiful. The case is even more serious than the question of Judge Pershing's resignation or the reform movement to be instituted at the almshouse, and we would urge upon County Solicitor John O. Ulrich and W. John Whitehouse, Esq., to cease their reform crusades in the direction mentioned and turn their attention to that more important matter of securing for Pottsville everything that is in sight. The town is always overlooked, at least they think so, and a reform is needed. But we humbly pray, in behalf of the citizens and taxpayers of the other towns, that they at least be allowed to remain upon this mundane sphere a little while longer. Only this, and nothing more, do we ask.

Governor Morton to Visit Chicago.

CHICAGO, Jan. 9.—The Post says: Unless present plans fail, Levi P. Morton, governor of New York and candidate for the Republican nomination for president, will be in Chicago Jan. 31. The Hamilton club has invited the governor to deliver an address at the annual banquet to be held at the Auditorium on that day. Ex-Governor Foraker, of Ohio, and Booker T. Washington, are also expected to attend, the former having passed in his senatorial campaign long enough to accept the invitation. Morton will be the first eastern candidate for president to appear in Chicago this year.

To Increase Our Naval Forces.

WASHINGTON, Jan. 9.—Senator Hale yesterday reported from the committee on naval affairs an original bill authorizing the enlistment of 1,000 additional men. The bill also extends to the president the discretion to increase the enlistment from the naval reserve indefinitely in case of exigency. Mr. Herbert says that the second provision of the bill is intended to make reasonable provision for emergencies which may at any moment occur, and which might arise when congress was not in session.

A Diamond Thief's Confession.

BOSTON, Jan. 9.—Rose May Abbott, who has been under surveillance of the police since last Tuesday, confessed that she stole $3,000 worth of diamonds and bonds from the home of her employer, Mrs. Thomas H. Burbeck, of this city, last Monday night. She says she was persuaded to commit the crime by George Thing, a young friend of the Burbecks, who promised to take the girl away from Boston. Thing has not yet been arrested.

An Ohio Bank Looted by Burglars.

FAYETTE, O., Jan. 9.—One of the boldest as well as one of the most successful robberies that has ever occurred in Fulton county took place here some time during the night, when the Bank of Fayette, a private financial institution, was entered and every cent of cash and valuable papers stolen. The safe was blown open with powder. It is believed that $8,000, and probably $15,000, was secured.

The Missing Steamer Miowera.

TORONTO, Jan. 9.—The Canadian Pacific officials here, having received no news of the missing steamship Miowera, begin to express grave fears for the safety of the vessel. The fact that a lifeboat belonging to the Miowera was found floating in the Pacific, they say, does not necessarily mean that the steamer has gone down, for the lifeboat may have been washed off by great waves. They think it possible that the Miowera is drifting about helplessly, as was the Strathnevis.

Too Many Saloons in New York.

NEW YORK, Jan. 8.—The excise board has increased the fee for hotel, saloon and storekeepers' licenses about one-eighth per cent. This was done because the board believes there are too many saloons in the city. Subsequently it was decided by the board that "no place the license of which shall be revoked after this date, after hearing by the board, shall be relicensed except upon the closing of two existing places and the surrender of the licenses thereof."

Our Attitude Justifiable.

LONDON, Jan. 8.—An editorial in The Chronicles justifies America's aspiration to dominate the formation of international law on the American continent, as England, in her time, dominated Europe. It must be recognized that America never acquired an inch of civilized territory without the consent of its owner.

Nerves and Blood

Are inseparably connected. The former depend simply, solely, solidly upon the latter. If it is pure they are properly fed and there is no "nervousness." If it is impure they are fed on refuse, therefore cannot be strong and healthy, and the horrors of nervous prostration result. The only sensible way to cure is: Feed the nerves on pure blood. Make pure rich, red blood and keep it pure, by taking

WILL PROBABLY RETIRE.

Canada's Premier Now Seems Unable to Organize a Ministry.

OTTAWA, Jan. 9.—Late yesterday afternoon Premier Sir Mackenzie Bowell had a conference of over an hour's duration with Lord Aberdeen, the governor general, which caused the circulation of reports that Sir Mackenzie had determined to resign. Whether or not this is so, however, is not definitely known, as the premier will make no statement as to the course which he will pursue in the present crisis before the opening of the sessions of the house of commons this afternoon. Sir Mackenzie has promised to then make a definite and final announcement as to the future of his government. It is generally believed that he will no longer endeavor to hold out against the force of the opposition to his leadership in the Conservative ranks.

The premier feels keenly what he considers the treachery towards himself of the seven ministers who tendered their resignations last Saturday. He again referred to the matter in the senate yesterday afternoon, and claimed that he was the victim of a conspiracy.

Should Sir Mackenzie decide to endeavor to continue his administration by attempting to fill the vacant seats in the cabinet, which is unlikely, it is not thought possible that he will be successful. So, in any event, dissolution seems to be not far off.

Alleged Postoffice Thieves Captured.

NEW YORK, Jan. 9.—Two alleged postoffice thieves, said to be members of the gang in which Killoran, Allen and Russell, who escaped from Ludlow street jail on July 4, were shining lights, are locked up at police headquarters. They are George Carson, who has also been known as Haywood and John Slauson, and Sidney Yennie, who also has paraded under many aliases. The men are wanted for the robbery on Jan. 1, 1894, of the postoffice at Patchogue, L. I., when $1,700 worth of postage stamps were taken. Yennie was once the comrade of the burglars Rufe Miner and "Little Horace" Hogan, who in March, 1878, while in Petersburg, Va., stole $200,000 worth of bonds. He has served two terms. Carson's best known feat was the theft in 1880, in connection with Hogan and Miner, of $56,000 in bonds and $8,500 in cash from a bank in Middletown, Conn.

Jubilant Venezuelans.

NEW YORK, Jan. 9.—The steamer Venezuela, Captain Hopkins, from Venezuelan ports, has arrived here. The Venezuela sailed from La Guayra on Jan. 1. She brings news that the greatest excitement prevailed throughout the country over the attitude of the United States government on the boundary question. Demonstrations were numerous in all the principal cities. Troops were constantly marching and the American flag was carried in all the parades, causing the wildest enthusiasm. It was rumored at La Guayra that the sum of $100,000,000 was being raised by the United States government to aid the Venezuelans in case war should be declared against Great Britain.

Not a few who read what Mr. Robert Rowls, of Hollands, Va., has to say below, will remember their own experience under like circumstances. "Last winter I had la grippe which left me in a low state of health. I tried numerous remedies, none of which did me any good, until I was induced to try a bottle of Chamberlain's Cough Remedy. The first bottle of it so far relieved me that I was enabled to attend to my work, and the second bottle effected a cure." For sale at 25 and 50 cents per bottle by Gruhler Bros., druggists.

This Postmaster Refused to be Ousted.

CLEVELAND, Jan. 9.—C. W. Tourgee, ex-postmaster at West Williamsfield, O., and the present chairman of the Ashtabula county Republican committee, was arrested by the United States authorities yesterday. Tourgee was appointed postmaster by President Harrison, and was removed two years ago by President Cleveland. He continued, however, to operate a postoffice, selling stamps and collecting mail, which he delivered to the mail trains.

Baltimore Brewery on Fire.

BALTIMORE, Jan. 9.—The brewhouse of the Eigenbrot Brewing company, at No. 40 Wilkens avenue, this city, was totally destroyed by fire last night. The loss on the building and machinery will reach $80,000, fully covered by insurance. The flames were with difficulty confined to the building in which they originated by the efforts of almost the entire fire department. The fire is thought to have resulted from spontaneous combustion of malt.

The War in Abyssinia.

ROME, Jan. 9.—The government has received a dispatch from Abyssinia stating that the vanguard of the native army under Ras Makonnen has had a skirmish with the Italian patrols, in which several Abyssinians were killed. The Italians had no men killed.

Many merchants are well aware that their customers are their best friends and take pleasure in supplying them with the best goods obtainable. As an instance we mention Perry & Cameron, prominent druggists of Flushing, Michigan. They say: "We have no hesitation in recommending Chamberlain's Cough Remedy to our customers, as it is the best cough medicine we have ever sold, and always gives satisfaction." For sale at 25 and 50 cents per bottle by Gruhler Bros., druggists.

Death of a French Poet.

PARIS, Jan. 9.—Paul Verlaine is dead. Paul Verlaine, the poet, was born at Metz on March 30, 1844. He began to write poetry at an early age, and was at first classed with the Parnassians, but afterwards became a principal exponent of "Symbolism and Decadence." Eccentricity of form and the choice of unusual themes were the characteristics of his poetry, which at different times has enjoyed a mild popularity in France. M. Verlaine published quite a long list of works.

Premeditated Murder at a Dance.

AUGUSTA, Ga., Jan. 9.—At a coroner's inquest held at Bath, S. C., to investigate the killing of Garvin Allen, who was shot at a dance on the night of Jan. 2, the verdict was premeditated murder, and Wylie Thompson, son of Jesse Thompson, one of the most prominent citizens of Augusta, was charged with the crime. Young Thompson is said to be in the timber lands of his father in southeast Georgia.

Electric Bitters.

Electric Bitters is a medicine suited for any season, but perhaps more generally needed in the spring, when the languid exhausted feeling prevails, when the liver is torpid and sluggish and the need of a tonic and alterative is felt. Headache, Indigestion, Constipation, Dizziness yield to Electric Bitters. Only fifty cents per bottle at A. Wasley's drug store.

Marvelous Results.

From a letter written by Rev. J. Gunderman, of Dimondale, Mich., we are permitted to make this extract: "I have no hesitation in recommending Dr. King's New Discovery, as the results were almost marvelous in the case of my wife. While I was pastor of the Baptist church at Rives Junction she was brought down with Pneumonia succeeding La Grippe. Terrible paroxysms of coughing would last hours with little interruption and it seemed as if she could not survive them. A friend recommended Dr. King's New Discovery; it was quick in its work and highly satisfactory in results." Trial bottles free at A. Wasley's drug store. Regular size 50c and $1.00.
