Ministers Should Use RAND MEN STILL ARMED DYSPEPSIA THE CHIEF CAUSE OF Dr. Miles' Heart Cure.

THERE IS NO PROPESSION, whose labors so severely tax the nervous sys-tem, as that of the ministry. The derangement of the nerve centers of the brain by over work, frequently brings on attacks

of heart trouble, and nervous prostration.

Bev. J. P. Kester, M. D., Pastor U. B.,
church, London Mills, Ills., hinself a physician, writes Feb. 20, 1895: "Heart affection
and nervous prostration had become so serious last fall that a little over work in the pulpit would so completely prostrate me Dr. Miles' that it seemed certain I must relinquish the work

Heart Cure of the ministry entirely.
Heart palpitation became Restores so bad that my auditors would ask me if I did not Health..... have heart disease. Last November I commenced taking Dr. Miles' New Heart Cure alternately with Dr. Miles' Nervine and derived the greatest possible benefit. I have just closed revival work of 10 weeks, preaching nearly every night and twice on the Sabbath. I can speak for hours without suffering as I formerly did. Hard working ministers should keep Dr. Miles'

grand remodies on hand." Dr. Miles' Heart Cure is sold on guarantee. first bottle will benefit or money refunded.

regreent is showing discontent at the reluctance displayed by the Rand men to disarra. It is estimated that 30,000 of the latter have been armed and only 2,000 have yielded up their arms. The armed Boers in the field are also imputiont. The

Boers in the field are also impatient. The position at Johannesburg is critical, and the Boer leaders have the utmost difficulty in restraining their men.

A predimention has just usen issued calling upon all the Band men to disarm before 6 o'clock this evening on pain of presention. Those complying will be pardoned, except the leaders of the revolt.

There is a feeling here that the Rhodes charter will be emedied to prevent further disorders.

Sympathy with Dr. Jameson makes the Ullianders refinetant to disarm, but as it is estimated that there are 20,089 armed Boers around the town there is no fear of further rebedition. The shops are reopening and business is resuming its normal course. It develops that Dr. Jameson's force marched 160 miles in ninety hours never halting more than two hours at a time. never halling more than two hours at a -

The directors of the Chartered South Africa company have decided to request the government to institute an inquiry into Dr. Jameson's action.

THE BRITISH UNDISMAYED.

Will Not Grant the Boers' Demands Without a Severe Struggle.

LONDON, Jan. 10.—Outwardly, at least, there is little, if any change in the political grisis between Great Britain and Germany, brought about by Emperor William's support of the South African republie in face of the suggrainty of Great Brit-nin over the Transvnal.

The dispatch from Berlin to The Times saying that it is explained that Germany desires only to protect German residents week days and its consulate at Pretoria by dispatch. and its consulate at Preteria by dispatching an armed force from Delagoa bay, has a tended to produce a better feeling. But this has been counteracted by the receipt of a special dispatch from Pretoria, capital of the Transvaal, saying that the Beers demand the surrender of all British rights and suzerainty of the Transvaal and the capelling of the charter of the British South Africa company. It is further stated that Africa company. It is further stated that the Boers have arrested, on the charge of treason, eight leaders of the recent movement among the Uitlanders of Johannes-

The opposition to the demands of the Boers, however, will mainly rest on the fact that it is generally admitted that they are instigated on the whole by Emperor are instigated on the whole by Emperor William, and they form part of a studied opposition upon his majesty's part to the colonial policy of Great Britain in Africa.

The Berlin and Vienna newspapers regard the warlike preparations of Great Britain as being of little importance, how-ever, and as being more in the nature of a political move than a military undertaking, so far as Germany is concerned, but the same periodicals take a more surious study of the proposed strengthening of the British forces in South Africa, which step is regarded as having in view a possible LASWEGARD. G. G. HANCOCK, Gen'l Pass. Agt. aggressive action towards the South African republican.

The secretary of state for the colonies,

Mr. Joseph Chamberlain, has sent the fol-lowing dispatch to President Kruger: "I have received the queen's commands to acquaint you that her ninjesty has heard with satisfaction that you have decided to hand over the prisoners to her government. This fact will redound to your credit and conduce to the peace of South Africa and the harmonious co-operation of the British and Dutch races, which is necessary for its fature development and

A special dispatch from Berlin says that Russia's co-operation with Germany in the Transvani matter has been assured and that France will act with Russia. This apparently tends to confirm the report of an anti-British alliance and that the action of Emperor William towards the Boer republic was a thoroughly weighed step.

Portugal's Neutrality,

Lision, Jan. 10.—Portugal, it is announced, will remain neutral in the dispute between Great Britain and Germany regarding the Transvaal, and will not permit the Germans or the British to family troops at Delagon bay or to traverse the Portuguese territory in South Africa.

Minute Palmer to Marry Again. BALTIMORE, Jan. 10.-Miss Minnie Pal mer, who is playing an engagement at the Lyonum here, announced last night that she will be married on May 15, in London to the Duke D'i . redia, of Navarro, whom she met at Trouville last summer. After the wedding she intends to retire from the stage. Miss Painer, who is about 30 years old, was recently divorced from her former manager, John R. Rogers, by the English courts. The duke is 35 years old, and is said to be rich.

Fatat Fall from a Tree.

Lancasteit, Pa. Jan. 10. — William Schwebel was fatally injured last night by falling thirty feet from a tree on the banks of Conestoga creek, near this city. He had climbed the tree to capture an owl. After he had secured the owi a branch gave away and he feil heavily to the frozen ereck below, fracturing both arms and one leg, cutting his head and sustaining internal injuries.

Yennessee's Chief Justice Indicted. CHATTANOOGA, Jan. 10.—The grand jury has returned two indictments against D. L. Snodgrass, chief justice of the supreme sourt of Tennessee, one for carrying con-cealed weapons and the other for felonious assault upon John R. Beasley. Beasley, who was shot by Snodgass, is slowly im-proving and will be able to appear in sourt.

Mrs. Davidson's Poor Memory.

SAN FRANCISCO, Jan. 10.—At the continuation of the police court examination of Mrs. Mary A. Davidson, for alleged extortion from Rev. C. O. Brown, pastor of the First Congregational church, the defendant was again on the stand on cross examination. Her attorney tried to show that Dr. Brown was aware of the existence of the mysterions Mrs. Baldin, for whom Mrs. Davidson said she was collectting the money from Dr. Brown. This could not be developed, however, nor did Mrs. Davidson's attorney succeed in introducing evidence as to the clergyman's alleged intimacy with Miss Overmun. The witness could not remember if she had ever been convicted of felony in Lynn, Mass, nor could she recall the names of any per-sons whom she was charged with having swindled, although their names were suggested to her.

The Senate's Free Coinage Bill. WASHINGTON, Jan. 10.—The debate of Washington, Jan. 10.—The debate of the senate free coinage substitute for the house band bill was again postponed yes-terday, owing to the intervention of Mr. Stewart, the Nevada Populist, who in-sisted upon making a speech in favor of the Elkins resolution as amended by the Buther amendment to republish the for-Butler amendment, to prohibit the fur-ther sale of bonds except by the express consent of congress. The free coinage substitute was called up at the conclusion of Mr. Stewart's speech, and now has the right of way, so that the debate upon it can be postponed no longer. Mr. Stewart's speech predicted the failure of the popular loan proposition of the administration, and intimated that the loan had already been underwritten by the gold syndicate.
