TUESDAY, JANUARY 14, 1896.

REPUBLICAN STATE CONVENTION.

To the Republican electors of Pennsylvania, The Republicans of Pennsylvania, by their duly chosen representatives, will meet in state convention Thursday, April 24, 1896, at 10 o'clock a. m., in the opera house, 475 of Harrisburg, for the purpose of nominating two candidates for representative at-large in Congress and thirty-two candidates for Presidential electors, the selection of eight delegates-at-large to the Republican National convention, and for the transaction of such other business as may be presented.

By order of the State Committee.

Attest:—JERE B. DEW, Chairman. W. R. ANDREWS, Secretary.

The Victoria-William correspondence will likely result as did the Payne-William war of letters.

JAMES DEWEY is not altogether as black as he is painted. He has not yet attempted to annex Butler Township.

If Congressmen were paid for actual service only, there would be no need to discuss plans for counting a quorum.

As Ohio girl has been asleep since November 28, and all efforts to awaken her are in vain. She talks in her sleep, however.

The Transvaal war cloud, like the Venezuela one, seems to be passing over without burning. It is probable the Boers will profit by the raid of Dr. Dims' free-brothers and are in position to dictate terms.

The "Divine Sarah" has reached our shores again, and in return for her French netting will scoop up a lot of American dollars. English lords scoop them and our girls, and give us no return.

The steady increase in the HERALD'S circulation, with a corresponding decrease in that of its contemporaries circulating in the same territory, is causing the latter much uneasiness, but all efforts to reach the goal avail them naught. The demand for the HERALD on Saturday and last night was unprecedented, and not an unusual thing for the people's favorite paper, the supply was unequal to the demand.

The Pottsville electric railway company has elected new officials, and the result shows that the Barritts were frozen out of the management, and with them our friend John F. Finney. The many friends of the latter here will receive the news with much regret. Major Finney was the promoter of Pottsville's railway, and it was mainly through his individual efforts, assisted by the Messrs. Barritts, that the success of the project was attained. We think the stockholders will discover soon that they erred in this particular.

A CIRCULAR letter has been issued by Frank Willing Leach, chairman of the State Republican Executive Committee, a copy of which has reached our table through the courtesy of Mr. Leach, calling upon all county chairmen to observe the pledges made in the party platform, especially the planks relating to the enactment of legislation having in view the prevention of corporate control of the legislature and municipal bodies, the improvement of the civil service laws, the prohibition of favoritism in awarding and executing public contracts, and the equalization of taxation. In compliance with the action of the State Committee, Chairman M. S. Quay has named the committee to frame the necessary legislation, and they will report at the meeting of the committee in April. Each Republican convention should pass strong resolutions in support of the party's pledges, and in choosing candidates who represent the people at Harrisburg too much care cannot be given.

SCHOOL DIRECTORS. The duties of a School Director are of a character that their proper performance demands the services of men of ability, and who are willing to devote as much of their time as the duties of the position require. It is not all who seek the position that are qualified, in the strict sense of the term. If parents all had a proper regard for the educational interests of their children they would exercise a greater vigilance in the selection of School Directors. A moment's thoughtful consideration of what is meant by the term School Director would no doubt influence many parents in their voting. It is simply a perversion of the object sought to be secured to elect as members of such boards men who have no knowledge of the branches taught in the schools or of the proper method of teaching them.

The best men in every ward should be chosen to direct the public schools. None others should be thought of. They should all be men of irreproachable character and of indispensible ability. There are to be found scores of such men in every ward of the town, who, if asked, would be willing to serve.

A PREVALENT DISEASE.

NOT NECESSARILY DANGEROUS BUT MAY BECOME SO.

American men and women suffer from a very general disease—Dyspepsia. Thin, pale people are generally dyspeptic. Hollow cheeks, bad breath, acid eructations, palpitation of the heart, hot and cold flashes, headaches, nausea and vomiting, all these are symptoms of dyspepsia.

What does dyspepsia mean? In two words, imperfect digestion. How can we remedy it? Not alone by resort to drugs. We must rest the stomach.

For this purpose we must put into it a food which is already digested and which will aid the digestion of other foods. We must take Shaker Digestive Cordial, for this is just such a preparation. It contains food which will be absorbed at once. It also contains principles which will assist the digestion of other foods, while last but not least, it contains a combination of those drugs in the cultivation of which the Shakers have been so successful, and which act by stimulating the liver and bowels.

Imperfect digestion is often caused by overwork of the digestive apparatus, too much food, food eaten too quickly, nervous worry, etc.

The Shaker Digestive Cordial is the most successful remedy for indigestion that has ever been made. A single 10 cent bottle will afford relief in most cases, although this small quantity cannot be expected to effect a perfect cure.

If you find it suitable in your own case, continue its use. All druggists keep it and can supply you with an interesting descriptive pamphlet.

Grip-Colds-Headache. Why suffer with Coughs, Colds and La Grippe when Laxative Brown Quinine will cure you in one day. Put up in tablets convenient for taking. Guaranteed to cure, or money refunded. Price, 25 cents. For sale by Kirkin's Pharmacy.

Andree's Balloon Voyage to the North Pole. STOCKHOLM, Jan. 13.—The foreign ministry of Sweden has sent a notice to Russia, Denmark, Great Britain and the United States with reference to the proposed balloon voyage to the North Pole of Professor S. A. Andree, asking the cooperation of the countries whose territories he has crossed on the Polar seas, and they have also asked those countries to distribute thousands of leaflets asking for information from anyone who may chance to see and the direction of the wind at the time. Professor Andree hopes to start some time in the summer of 1896.

Were Practicing safe Blowing. PHILADELPHIA, Jan. 13.—One of the three McKisson boys, George, the youngest, a lad of only 7 years, is dead, and the condition of the others is so critical that but slight hopes are entertained of their recovery. They were burned Sunday afternoon in a mysterious explosion that occurred at their home, No. 2932 Lehigh street, and were afterwards, with their mother, 28 years old, sent to the Episcopal hospital. It is believed the boys were practicing safe blowing, as Dave, the oldest, has a very unsavory record. He is 19 years old, and has already done time for thieving.

Brigham Indicted for Forgery. NEW YORK, Jan. 13.—The grand jury yesterday found an indictment against Paul Brigham, alias Coleman, for forgery in the first degree, second offense. The penalty for this on conviction is imprisonment for not less than ten and not more than twenty years. It is thought probable that another forgery indictment will be found against Brigham.

Anyone who suffers from that terrible itching, itching Piles, will appreciate the immediate relief and permanent cure that comes through the use of Deau's Ointment. It never fails.

Powder Exploded in Their Pockets. NEW CASTLE, Pa., Jan. 13.—Last night James McGlynn, Charles Hentlin, Walter McGregor and Bob Varley, all aged about 18 years, went into a railroad shed with about a half pound of powder each in their pockets, and they began throwing pinches of the explosive into the small stove. Suddenly there was an explosion. The powder in McGlynn's pocket had ignited and, in an instant the powder in the pockets of the other boys did the same. The boys broke through the ice in the creek and the flames were quenched. McGlynn and McGregor are still unconscious, and will probably die. The others were painfully burned.

Killed His Whole Family. CHICAGO, Jan. 13.—Police Officer Gibbons, of the North Side, received a letter yesterday from Peter Hougard, of Englewood, informing him that by the time it was received the writer would be dead. An officer was sent to Hougard's house, where he found the dead bodies of Hougard, his wife and five children, who had been asphyxiated by gas. Hougard was a milk dealer, and was believed to be in comfortable circumstances. No motive for the crime has yet been ascertained.

Fatal Fall from a Bicycle. NEW YORK, Jan. 13.—William H. Kerton, a clerk of Myrtle avenue, Brooklyn, was thrown from his bicycle early yesterday morning and had his skull fractured. He died four hours later in the Eastern District hospital. Mr. Kerton was 30 years old. He and his wife were enthusiastic bicyclists, and were racing with a club in Prospect park when Mr. Kerton's foot slipped from the pedal and he fell heavily to the ground.

Premier Greenway Expects a Clean Sweep. WASHINGTON, Jan. 13.—Premier Greenway's opinion in the mountain division yesterday, and the promise he consequently redoubled without exception. Greenway has now nine supporters elected, and expects to make a clean sweep on the school issue tomorrow.

The Weather. For eastern Pennsylvania and New Jersey: Fair, light westerly winds.

Indigestion
Yields readily to Hood's Sarsaparilla because it tones and strengthens the stomach and aids digestion by supplying pure blood.

"I had indigestion so badly that I was all run down and could hardly walk. Had no appetite and could not sleep. I began taking Hood's Sarsaparilla, and before I had taken a fourth of a bottle I was very much better. I also used Hood's Pills and found them splendid, very mild, yet effective. I cannot say enough in praise for what they have done for me. Since using six bottles of Hood's Sarsaparilla and Hood's Pills occasionally I feel almost like a new person. I have a splendid appetite, sleep well and work with ease." ANNE C. LANZ, Belleville, Pennsylvania.

Hood's Sarsaparilla
Is the only True Blood Purifier prominently in the public eye. \$1 for 25.

Hood's Pills
easy to buy, easy to take, easy in effect. 25c.

THE VIGILANTES.

THEIR IMPORTANT WORK IN MINING CAMPS AND NEW COMMUNITIES.

The "Police of Circumstances."

Every person is familiar with the work of the "Vigilantes" in the early days of the mining camps, when scoundrels and black-legs made both life and property unsafe. Some of the most notorious criminals of those times drowned one but the Vigilantes, and some were given short notice to leave the camps and shorter short if they did not do so.

Our Kidneys are the Vigilantes of our bodies. It is their duty to immediately seize and cast out impurities from our blood.

Not only the impurities of the body itself (the result of imperfect digestion of foods, the uric acid of rheumatism, and the waste products of broken down food, constantly wearing out bone muscle, gland, and brain), but poisons that come from the outside; diphtheria, malaria, and the like.

No person with health and active kidneys can catch a germ disease.

The Kidneys, recognizing their dangerous character, seize and cast these germs out in the urine.

Dr. Hobb's Spargus Kidney Pills are wonderfully healing, soothing and tonic to the kidneys. They contain the active virtues of the root and berries of the Spargus plant, and they give life, health, strength, and activity to the kidneys, and aid them to perform their most necessary work, constantly and actively.

And they are a positive specific for Impotency in men and Sterility in women.

Fifty cents per box, from all druggists, or enclosed 50 cts. in stamps or silver direct to the HOBBS MEDICINE CO., Chicago, San Francisco. Interesting and instructive book on Kidney Health and Blood Filtering Free.

DR. LOBB'S BOOK FREE
To all sufferers of ERRORS OF YOUTH, LOST VIGOR AND DISEASES OF MEN, AND WOMEN. 28 pages, cloth bound; securely sealed and mailed free. Treatment, by mail strictly confidential, and a positive, quick cure guaranteed. No matter how long standing, I will cure you. Write for it.

DR. LOBB 329 N. 15th St. Phila. Pa.
39 years continuous practice.

The Backus Water Motor
Is the Most Economical Power Known, and the Best in the World for Driving Light Machinery.

It takes but little room. It never gets out of repair. It can not blow up. It requires no fuel. It needs no engineer.

There is no delay, no firing up, no ashes to clean away; no extra insurance to pay; no repairing necessary; no coal bills to pay, and it is always ready for use. It is invaluable for blowing Church Organs, for running Printing Presses, Sewing Machines, Turning Lathes, Scroll Saws, Grind Stones, Coffee Mills, Sausage Machines, Feed Cutters, Corn Mills, Elevators, Etc. Four-horse power at 40 pounds pressure of water. It is noiseless, neat, compact, steady, and always all.

IT IS VERY CHEAP.
Price, \$15 to \$300

Send for circular to the Backus Water Motor Co., Newark, N. J., stating paper you saw advertisement in.

We also manufacture Patent Rotating and Exhaust Fans.

Send for Special Catalogue on Ventilating.

As Advertising Mediums THE ADVERTISERS have no superiors.

Address THE ADVERTISERS, 29 Park Row, New York.

OKLAHOMA'S RACE WAR.

Serious Trouble Imminent Over the Extension of Colored School Children.

PENNY, O. T., Jan. 14.—The whole town is intensely excited over the public school question, and serious trouble is feared. When the schools were opened yesterday Professor J. W. Augustine denied admittance to colored children in the high school or other public school buildings, except those designated months ago for the exclusive use of colored children. The exception was George Washington Alexander Webster, 10 years old, in whose name the mandamus proceedings were brought two months ago, and decided in his favor. Professor Augustine holds that the decision of the court applies only to this one boy.

At the high school building 500 white children and about fifty colored children assembled, followed by a crowd of white men and negroes. White schoolboys had large stones in their pockets, with the intention of using them on the negroes as they entered the building. It is said every negro child in the city asked for admittance. Officers escorted four colored children into the high school. Each teacher made a vigorous protest against receiving them, but the children were made to sit down.

It is rumored that the entire school board is to be arrested for contempt of court. White citizens threaten to tear down the jail if arrests are made.

Kohl's Death Sentence Affirmed. JERSEY CITY, Jan. 14.—The New Jersey court of pardons gave final attention yesterday to the cases of Henry Kohl, of Newark, and Alfred Clymer, of Mount Holly, both under sentence of death. The court decided not to interfere in the case of Kohl, but commuted the sentence of Clymer to imprisonment for life. Kohl will be hanged in the Essex county jail on Feb. 23. He murdered his cousin, Joseph Friend, on Jan. 15, 1893, the motive being robbery. Clymer murdered Mrs. Bridget Doyle, of Mount Holly, into whose house he broke for the purpose of robbing Christmas night, 1894. The commutation in his case was made on account of his youth and the vicious influences which Mrs. Doyle and her husband, with whom he lived, had over him.

Mrs. Slack's Fight for Her Children. WASHINGTON, Jan. 14.—The Slack-Perrine case, involving the custody of two children of Mrs. Mary Kemble Slack, was again up in the district court yesterday on a report of the jury formally deciding the will of Mrs. Slack's husband, William H. Slack, to be valid. The will provided that the whole estate of Mr. Slack should be equally divided between his two children, and also bequeathed their guardianship and tuition to his sister, Mrs. Perrine. Mrs. Slack's lawyers sought to have next Thursday set for a hearing in the habeas corpus case, but Mrs. Perrine's counsel objected and Saturday was finally designated by Judge McComas.

Many merchants are well aware that their customers are their best friends and take pleasure in supplying them with the best goods obtainable. As an instance we mention Perry & Cameron, prominent druggists of Flushing, Michigan. They say: "We have no hesitation in recommending Chamberlain's Cough Remedy to our customers, as it is the best cough medicine we have ever sold, and always gives satisfaction."

For sale at 25 and 50 cents per bottle by Grahler Bros., druggists.

Coming Events. Jan. 18.—Grand Welcome Meeting to Brigadier Bown and Esq. Gilbert, at Evangelical Church.

Feb. 17.—First annual ball, Patriotic Drum Corps. Robbin's opera house—Schoppe orchestra.

Feb. 20.—Supper and entertainment under the auspices of Council No. 84, Daughters of Liberty, in Robbin's hall.

Not a few who read what Mr. Robert Rowles, of Hollands, Va., has to say below, will remember their own experience under like circumstances. "Last winter I had a gripe which left me in a low state of health. I tried numerous remedies, none of which did me any good, until I was induced to try a bottle of Chamberlain's Cough Remedy. The first bottle of it so far relieved me that I was enabled to attend to my work, and the second bottle effected a cure." For sale at 25 and 50 cents per bottle by Grahler Bros., druggists.

Buy Keystone flour. Be sure that the name LESISTE & BAER, Ashland, Pa., is printed on every sack.

The Discovery Saved His Life. Mr. G. Callouette, Druggist, Bensenville, Ill., says: "To Dr. King's New Discovery I owe my life. Was taken with La Grippe and tried all the physicians for miles about, but did not get any better, and I thought I could not live. Having Dr. King's New Discovery in my store I sent for a bottle and began its use and from the first dose began to get better, and after using three bottles was up and about again. It is worth its weight in gold. We would keep store or home without it." Get a free trial at A. Wasley's Drug Store.

"Bullet Proof" Medicine Failed. PENNY, O. T., Jan. 14.—PAYNE BIRD, who has just returned from the four bands of the Pawnee tribe, brings news that the Indians have left their farms and moved into tepees on Black Bear creek, and have gone to ghost dancing and making medicine. "Crazy Horse" claimed to have made medicine that was bullet proof, but when tried as an experiment on his brother, in front of the council of chiefs, the bullet penetrated the brother's heart. All of penetrated the brother's heart. All of penetrated the brother's heart. All of penetrated the brother's heart. All of penetrated the brother's heart.

Steamer Sunk and Four Drowned. CANTON, Mo., Jan. 14.—The passenger steamer Congo was sunk a mile below the city Sunday night, and four of the crew were drowned. Tom Patrick and wife, of Owensboro, Ky., were on their bridal trip. The young man swam ashore with his wife. The latter's tresson consisted of the night robes she had on, and the groom's belongings suffered to the same extent. The boat and cargo will probably prove a total loss.

Cure for Headache. As a remedy for all forms of Headache Electric Bitters has proved to be the very best. It effects a permanent cure, the most dreaded habitual sick headaches yield to its influence. We urge all who are afflicted to procure a bottle, and give this remedy a fair trial. In case of habitual constipation Electric Bitters cures by giving the needed tone to the bowels, and few cases long resist the use of this medicine. Try it once. Large bottles only 50 cents at A. Wasley's Drug Store.
