REPUBLICAN STATE CONVENTION.

To the Republic electors of Pennsylvania: The Republican electors of Pennsylvania, by their duly chosen representatives, will meet in State convention Thursday, April 23, 1896, at 10 o'clock a. m., in the opera house, city of Harrisburg, for the purpose of nominating two candidates for representative at-large in Congress and thirty-two candidates for Presidential electors, the selection of eight delegates-at-large to the Republican National convention, and for the nomination of such other business as may be presented.

By order of the State Committee.
M. S. QUAY, Chairman.
W. B. ANDREWS, Secretaries.

Every voter should remember the date of the Citizens primaries, January 24th.

The Democratic wake will be held in Chicago July 7th, interment November 3rd. Relatives and friends respectfully invited to attend.

SPEAKING OF CANDIDATES FOR THE PRESIDENCY.
It is impossible to tell from the Democratic papers that their party has one, or that it expects to make a nomination this year. Their talk upon the subject is devoted entirely to Republican aspirants.

In the death of Robert Harris, editor of the Tamaqua Courier, the newspaper fraternity of Schuylkill county loses one of its veteran members, who has labored faithfully for the interests of the county and especially in the promotion of the welfare of Tamaqua.

EX-PRESIDENT HARRISON has made public announcement of his coming marriage. There are some people more interested in a similar announcement in reference to the Republican presidential nomination, from the same quarter.

The New York State Republican editors endorse the candidacy of Governor Morton. This is well and good, so far as it goes, but it's dollars to doughnuts that the delegates from the empire state will do more voting for Reed than for Morton. There are more ways than one of whipping the devil around the stump.

The good book tells us the wicked stand in slippery places. It was a lucky thing for them if they were able to stand on some of Shenandoah's slippery pavements this morning. Judging from the antics of many they had considerable difficulty in getting over some of the places where the proprietors had been scrubbing.

OUR news columns yesterday contained a despatch from Washington giving out the information that Mr. Cleveland was not a candidate for a third term. We are not in the confidence of the present administration, neither do we lay claim to the possession of any state secret, but we don't think the President is refusing such offers made at the hands of a Democratic national convention. At least David B. Hill doesn't think so.

It is reported that Texas is favorably considering the policy of imposing a tax of \$50 upon all unmarried men over 30 years of age, unless they declare upon oath that they have tried to marry and failed. It is to be noted, through efforts that are made from time to time to bring about the imposition of such a tax, that there is considerable sentiment back of the notion that unmarried men ought to be compelled to step up to the collector's office and settle for the liberty they are enjoying.

A CHESTER county school teacher, a young woman, was arrested the other day and taken before the Justice of the Peace, charged with having whipped two boys, pupils of her school. The case was settled by the defendant and plaintiff each paying half the costs. Not many years ago no one would have thought of having a teacher arrested for whipping unruly pupils. In those times disobedient pupils were more likely to receive a second whipping at home for having deserved the first whipping at school. Now, it seems, bad boys are too good to be whipped, paradoxical as this expression may appear.

It appears that the case of the recent death of young Oliver Fenkner, the Lehigh Valley brakeman, who was killed at Buck Mountain on Monday, needs investigating, judging from the following remarks by the Mahanoy City Record: "With all due respect to the dead boy and his relatives, for he was but 18 years old, his unfortunate demise has brought to attention the straight to which the Valley company were evidently drawn during the late strike. From good authority

comes the statement that he was then but 10 years old—a mere child. Aside from his age, it is said he was not fitted for the exacting life of a railroad, and the men were always fearful of his injury. Do they want any more boys at Delano?"

Injured in the Mines.
John Geldon, a miner living in town, was seriously injured at the Knickerbocker colliery this morning by the falling of a piece of top coal. He was conveyed to his home in an ambulance.

Worn Out Women

Should read this letter. It shows the wonderful building-up powers of Hood's Sarsaparilla, the great blood purifier.

"I wish I could stand in some public place and cry to alluring humanity, 'Hear this, ye people, what wonderful things Hood's Sarsaparilla has done for me and my family.' I cannot express what I suffered. Only one of my sex knows what a woman can suffer in my condition. I was prostrate with nervousness and weakness. The least noise would drive me frantic. I decided to take Hood's Sarsaparilla. I am overjoyed to say that I am now well, hearty, rosy and plump."

Two Killed in a Collision.

VICTOR, Colo., Jan. 15.—A frightful accident occurred on the Midland Terminal railway yesterday. The train was on route to Colorado Springs and was just above the city limits of Victor. Fifteen passengers were injured, six seriously, one or two of whom will probably die. The 4:20 p. m. train for Colorado Springs was backing out of the main track in the cut when it was met by an empty runaway box car, which broke loose near Independence station, about three-quarters of a mile above where the collision occurred. It struck the first coach on the passenger train with terrific force and threw the latter from the track. Both box car and coach were telescoped for about fifteen feet.

Chapman Case Goes to the Jury.

WASHINGTON, Jan. 15.—The Chapman case was given to the jury shortly before 3 o'clock yesterday afternoon, and immediately retired. They were "locked up" in the jury room to report a verdict at 10 o'clock this morning. Judge Dittenhofer, of the defense, said the most of the defense expected was a disagreement. The government has announced that it will proceed immediately with the prosecution of the cases of the five other contumacious witnesses.

AMONG THE GERMANS.

ISAAC E. BOWMAN, M. P. for Waterloo, Praised Dr. Agnew's Catarrhal Powder, the Remedy Which Relieves in Ten Minutes.

Our Tonic friends are not rash in anything they do, and none are quicker to appreciate a good thing. They soon pick the bubble of unreliability. The testimony of Isaac E. Bowman, M. P. for Waterloo, is that he found Dr. Agnew's Catarrhal Powder accomplished just what it claims to accomplish—a sure, pleasant and certain specific in the case of catarrhal trouble in the head or throat. But what Mr. Bowman says of it is what everybody is saying of this great medicine. Reject worthless imitations. Take only Dr. Agnew's if you wish instant relief and a permanent cure. 50 cents. Sold by S. O. Kirilin.

Rev. Mr. Allen's Resignation Requested.

WASHINGTON, Jan. 15.—The disagreement between the co-pastors of the First Presbyterian church, Rev. Dr. T. DeWitt Talmage and Rev. Adolph Allen, has been settled by the church session calling for Mr. Allen's resignation. The church will honor the recent contract for Mr. Allen's services up to Oct. 1 next, but in order to avoid future complications he has been asked to tender his resignation as early as practicable. The trouble grew out of a plan to have Dr. Talmage preach Sunday mornings as well as evenings, to which his colleague objected. Dr. Talmage now will hold forth twice on Sunday.

Two women were instantly killed and the remaining members of the party, two women and one man, seriously injured. The killed were: Lizzie Becker, 39 years old; Della Malton, 37 years old. Injured: Maria Drummer, 65 years old, hurt internally; Maggie Tracer, 35 years old, left leg cut off; Louis Yender, 50 years old, left leg broken. Maggie Tracy and Maria Drummer will probably die.

Terribly Injured by an Explosion.

BINGHAMTON, N. Y., Jan. 15.—A wildcat freight from Kimira was entering the Delaware, Lackawanna and Western railroad yards at Halsewood, Pa., there was a terrific explosion, resulting in the probable fatal injury of Fireman Evans, of Elmira. Evans was blown over the tender and two or three cars, and landed some distance away on the bank. Both his eyes were blown out, his nose was blown off, and he received other injuries that make his recovery doubtful. Engineer Williams escaped uninjured. The crown sheet of the boiler had dropped down from an absence of water in the boiler.

Arthur Declines to Meet Debs.

CLEVELAND, Jan. 15.—Grand Chief P. M. Arthur, of the Brotherhood of Locomotive Engineers, has written a letter declining to meet Eugene V. Debs in a debate before the Central Labor union, as requested by the latter body. He says: "I do not know of any questions affecting the Brotherhood of Locomotive Engineers that are necessary for me to discuss with Eugene V. Debs or any other non-union member of the brotherhood."

Satanists Will Oppose Matthews.

INDIANAPOLIS, Jan. 15.—It is given out on undoubted authority that the National Liquor League will oppose Governor Matthews' presidential bill because he signed the Nicholson bill and made it a law, when it was in his power to defeat it absolutely. Governor Matthews will be opposed by the 230,000 liquor dealers who are members of the league.

Two Little Children Burned to Death.

OAKLAND CITY, Ind., Jan. 15.—The home of George Spraggins, a miner living near Littleton, was destroyed by fire. Two children, aged 3 and 4, were cremated, and the mother was seriously burned in trying to save them.

For a pain in the chest a piece of flannel dampened with Chamberlain's Pain Balm and bound on over the seat of the pain, and another on the back between the shoulders, will afford prompt relief. This is especially valuable in cases where the pain is caused by a cold and there is a tendency toward pneumonia. For sale by Grubler Bros., druggists.

PENSION BILL PASSED.

It Carries \$141,325,820, Which is \$50,000 Less Than the Estimate.

WASHINGTON, Jan. 15.—The house yesterday passed the pension appropriation bill, to the consideration of which it has devoted the entire week, and then adjourned until Monday. Mr. Bartlett, of New York, raised points of order against all new legislation proposed in the way of amendments, such as that looking to making a pension a "vested right," etc., and Mr. Dingley, of Maine, who was in the chair, sustained them. In this way the clause in the bill changing existing law so as to allow widows to obtain pensions under the act of 1890 whose net incomes did not exceed \$300 per annum was stricken out. It was announced in the debate that bills covering the amendments ruled out would be reported from the invalid pension committee. The pension bill as passed carries \$141,325,820, about \$50,000 less than the estimate. The bill was passed fifty days ahead of any previous pension appropriation bill.

Four Railroad Service Halted.

SPRINGFIELD, Ill., Jan. 15.—The supreme court yesterday rendered a decision against the St. Louis, Alton and Terre Haute Railroad company compelling it to render better passenger service. The court holds that where railroads operate mixed trains for passengers and freight, such service is against the statutes of the state, and is inadequate. Service must be provided for passengers, mail and express matter exclusively.

To Debar Pugnacious Lawyers.

BALTIMORE, Jan. 15.—Lawyers Stockbridge and Mardell, who also came to court yesterday, were ordered to be debarred last week by Judge Phelps' court, on Tuesday last, were served yesterday with summons to appear before the supreme court on Jan. 27 and show cause why they should not be disbarred for their offense. Both men made apologies to Judge Phelps, but this was not deemed sufficient.

The Discovery Saved His Life.

Mr. G. Callouette, Druggist, Beaverville, Ill., says: "To Dr. King's New Discovery I owe my life. Was taken with La Grippe and asked all the physicians for means to be treated, but no avail and was given up and told I could not live. Having Dr. King's New Discovery in my store I sent for a bottle and began its use and from the first dose began to get better, and after using three bottles was up and about again. It is worth its weight in gold. We won't keep store or house without it." Get a free trial at A. Wasley's Drug Store.

Important Capture of Armed Bandits.

JEFFERSON CITY, Mo., Jan. 15.—While will doubtless prove a most important capture was effected at Cedar City, in Gallatin county, opposite this city, last night. Six men, supposed to be bandits, landed around the little town during the forenoon, and begged for food and money. In the afternoon they visited a saloon, and after drinking freely one of them became very abusive and threatening. Presently he drew a pistol and opened fire on Charles Gilbert, a young farmer. The latter secured a shotgun just as his assailant emptied his pistol. Gilbert fired and killed his man instantly. The others were arrested, except one, who escaped. The dead man had three revolvers, and two others were armed with the same weapons. They were provided with a full kit of burglar and safe breaking tools. The men answer to the description of the robbers who held up a Missouri Pacific freight train in Vernon county, Mo., Wednesday night and shot the conductor and robbed the crew.

There! This is Just the Thing.

Red Flag Oil—for sprains and bruises. At Grubler Bros., drug store.

May be a Burden Diamond Robber.

PETERSBURG, Va., Jan. 15.—William H. Green, colored, of New York city, was arrested yesterday on a telegram from the chief of police of New York. The charge against Green is that of stealing a diamond breastpin and four diamond rings from Mrs. Manson, of New York. Green denies that he committed the theft, but claims that the jewelry was stolen by another party, who divided the stolen jewelry with him. The prisoner further says that he returned the jewelry which was given him to Miss Jeannette Manson, Mrs. Manson's daughter, to whom it belonged. There appears to be a slight suspicion that Green is also implicated in the Burden diamond robbery in New York.

Populist Convention in July.

ST. LOUIS, Jan. 15.—The Populist leaders adjourned last night until today with out deciding upon a place of meeting for the national convention, but the matter will be decided this afternoon. It has practically been decided to call the convention to meet July 21, and to fix the representation at one delegate for each United States senator and congressman and one for each 2,000 votes cast by the Populists at the last national election.

Probably a False Report.

WASHINGTON, Jan. 15.—A cable report from Portsmouth, England, whence the British flying squadron is about to sail, that its destination may be the Bermudas, is doubted in official circles here. Should the report prove true it would increase the squadron in and about Bermuda to twenty-eight vessels, and could not fail to be regarded as a hostile demonstration.

Life Was Worthless Without Her Lover.

OMAHA, Jan. 15.—Anna Rogsters, whose father, a wealthy farmer of Boone, Ia., shot and killed Banker McFarland last Monday, committed suicide by chloroform in Omaha Thursday night. The girl wrote a letter saying she did not care to live since her father had killed her lover. McFarland was accused of ruining her.

Forty-four Years in Chains.

COLUMBUS, O., Jan. 15.—Many years ago David Lewis, of Holmes county, was crossed in love, and after a time became insane. Then he grew violent, and had to be kept chained in his room. He has been in this condition for forty-four years. He is now so feeble that he has been allowed some freedom, and is no longer manacled.

A White Man to Hang in Georgia.

SAVANNAH, Jan. 15.—Thomas V. Ponder was found guilty last night of the murder of Frank Keenan after a trial of four days, and sentenced to death. This is the first conviction of a white man for murder in this city in ten years. No white man has been hanged here since the war.

CHEERING TO INSURGENTS.

Quenda Declares Spain's Action an Acknowledgment of Defeat.

WASHINGTON, Jan. 15.—When Gonzales Quenda, the secretary of the Cuban revolutionary party in the United States, was informed of the intended appointment of General Polavieja to replace Martinez de Campos he exclaimed with enthusiasm: "Good, that is worth ten battles to us." This is considered as a confession of the facts of the Spanish government in Cuba as General Campos was the first military chief of Spain, and also one of the ablest politicians. In this opinion we are borne out by General Azearraiz, the minister of war of Spain, who on Jan. 7, in denying the rumor of the resignation of Campos, said: "The retirement of General Campos will be the first national defeat before the rebels, before European and before the United States."

"Now if General Campos, who succeeded in getting the Cubans to accept a compromise in 1878, has been unable to cross the rebellion, it cannot be expected that General Polavieja, who never showed any military ability, as he was only an aide of Campos in the last war, will be able to stop the victorious revolutionary movement. General Polavieja's appointment implies a change of policy in the conduct of the war and an appeal to the cruel methods."

"Cuba recalls the outrages on the innocent women by forces under Polavieja and also the dreadful assassination of General Leyte Vidal, a Cuban general. He also had 200 people in Santiago de Cuba charged with conspiracy, seized and sent to the African island of Fernando Po. His coming represents the policy of extermination and the desperation of Spain. But it will in crease the Cuban army, as thousands will prefer death on the field to murder in the darkness of night."

Dupuy an American Citizen.

JACKSONVILLE, Fla., Jan. 15.—Prominent Cubans here will represent to the state department that Lorenzo Dupuy, recently arrested at Batabano, Cuba, and now confined in Moro castle on the charge that he is Jose Lorato Cepero, an insurgent officer, is really Dupuy, an American citizen, and a naturalized American citizen. Dispatches state that the prisoner speaks English fluently. Persons who know both men say this is true of Dupuy while Cepero does not speak English.

TO RELEASE THE INVADERS

But the Burglers Will Resist Any Form of Foreign Protection.

PETERSBURG, Jan. 15.—It is officially stated here that Dr. Jameson and the others who are in prison with him will be released unconditionally by the Transvaal government, and that the Uitlanders in due course of time will be enabled to make their demands clearly understood. It is added, however, that the government and burghers will resist any form of foreign protection, either upon the part of Great Britain or any other country. They are firmly resolved to maintain the independence of the republic, and the grievances of the people of the Rand will be settled when the present excitement has abated.

It is stated to be quite untrue that President Kruger was aware of Dr. Jameson's intention to invade the Transvaal territory. On the contrary, the president, after having been told that he had crossed the border, said: "Don't tell me that Englishman would do that. Whatever may be said of them, they are open and brave, and would not make a cowardly, unprovoked attack upon us."

President Kruger readily accepted the assistance of Sir Hercules Robinson, the governor of Cape Colony, in bringing about a settlement of the disturbances, and they parted cordially. The trial of the members of the reform committee of Johannesburg, who are now in custody, will begin next week.
