# THE NEW STIMULANT

### Makes Strength Without Weakness or Reaction.

Stimulation is the increasing of vitality,

strength, energy, output.

Reaction is always the worst part of it.

By healthful stimulation we can ald nature to throw off sirkuess and the results of sickness. We can oure the effects of overwork, mental worry, etc.

That is, by stimulation without reaction. For instance, the stimulation of Multes-Koffee-Kola. The reason there is no reaction with Multed-Koffee-Kola is that it is a food atimulant.
Only a food can give lasting strength.
Alcohol is not food: its effect is not lasting.

Only a food can give fasting strength. Alcohol is not food; its effect is not lasting. Matted-Koffee-Kola is the Sinker non-alcoholic, non-intoxicating food stimulant.

It is made from the malted seeds of Caffea and Kola. It stimulates like beer, wine, etc., without their harroful reaction.

Malted-Koffee-Kola clears the brain, strengthesis the body, renews vitality.

When you suffer from nervousness, headache, indigestion, exhaustion, loss of appetite, lack of ambition, dizziness, heart fallure, and the results of overwork of any kind, you may know that Malted-Koffee-Kola will relieve you; that a few doses will make life worth living; that the reaction of other stimulants will never come.

This is the secret of its wonderful success; its success in doing what nothing has ever been able to do before.
