COFFEE AND TEA

Man, supplied with reasoning and discerning powers, may improve his condition by the exercise of these faculties. This can be applied with very good effect in the purchase of Coffees and Teas. A good cup of Coffee depends not only on the making—but the brand of Coffee, the grade, the roasting and preparation are very important factors. We feel confident that we can meet all those requirements. A delicious cup of Coffee is a certainty if you use

Our Fancy Java, or our Fancy Blended Coffee.

In regard to Tea, we occupy a front rank, all our Teas being very carefully selected by competent judges, and a trial order will convince you that we can please the most fastidious customers. We offer nothing but good grades that are noted for quality, color and flavor, and they are sold at popular prices

THE TURKISH OUTRAGES!

The Senate Passes Resolutions Urging Decisive Action.

SUPPORT OF CONGRESS PLEDGED.

To the President in the Most Vigorous Action He May Take For the Protection of American Citizens in the Sultan's Domains.

WASHINGTON, Jan. 25.—After a brief but stirring debate the senate yesterday agreed to the concurrent resolution urging decisive action by the European powers against Turkey, and pledging to the president the support of congress in the most vigorous action he may take for the protection of American citizens in Turkey.

Resolved, That the president be requested to communicate these resolutions to the government of Great Britain, Germany, Italy and Russia.

Resolved, That the senate of the United States, the house of representatives concurring, will support the president in the most vigorous action he may take for the protection and security of American citizens in Turkey and to obtain redress for injuries committed upon the persons of such citizens.

Mr. Jones, of Arkansas, gave notice that on Thursday next he would ask the senate to sit until a vote was taken on the silver bond bill. Mr. Baker, of Kansas, spoke for an hour on limiting the pending silver coinage substitute to the silver of American mines.

There were no important incidents at the night session of the house, which was devoted to the consideration of private pension bills. About twelve bills were passed, among them one to pension the widow of the late General William Cogswell, of Massachusetts, at \$70 per month. This bill has passed the senate.

THAT REPORTED ALLIANCE.

Despite Official Denials, It is Believed a Treaty Has Been Concluded.

LONDON, Jan. 25.—In spite of the denials, official and semi-official, that have been made from many quarters, the report of the offensive and defensive alliance between Russia and Turkey which was printed by The Pall Mall Gazette on Thursday is not viewed with entire incredulity. Special dispatches published by the London newspapers this morning from Berlin, Paris and Vienna, show a tendency to admit the possibility that a Russo-Turkish treaty has been concluded.

It is pointed out with obvious plausibility that Turkey's impetuosity may have driven her to seek an alliance as a means of obtaining a loan, as was the case recently with China. If such a treaty has, in fact, been concluded it is certain that the fact will be kept secret until the last moment. So far there has been no authentic confirmation of the report from any quarter.

Struck by a Car.

A 10-year-old boy whose name has not been learned was struck by a car of the Shenoykhill Traction Company's line at Mahanoy Plane this morning and sustained a fracture of an arm and a badly bruised face. The victim and a number of other boys were playing in the vicinity of the track and the former ran in front of the car, but was knocked clear of the wheels.

FINANCE AND TRADE.

The Inactivity of the Senate Retards Business Improvement.

NEW YORK, Jan. 25.—R. G. Dun & Co.'s weekly review of trade says: The week has been marked by improvement apparent rather than real. Prices of some products have risen, but only because supplies are believed to be smaller than was expected. The senate still injures all business by doing nothing, and the treasury cannot expect to gain in gold as yet, but loses less than was expected. It is generally assumed that the new loan will be placed without difficulty, though the successive payments may cause continued disturbance.

Textile industries do not gain, because the demand for future delivery is so narrow. Cotton manufacturers have for months been storing up staple goods, but prices have gradually declined ever since Oct. 17. The iron and steel business finds encouragement in the advance of Bessemer pig to \$13 at Pittsburg, and gray forge to \$11.85, but these are results of the advance ordered by combinations in coke and ore. The demand is plainly too small for the supply, and the works in operation are killing profits for each other by under bidding.

The failures for the week have been 673 in the United States, against 303 for the same week last year, and 61 in Canada, against 59 last year.

Bradstreet's review says: An analysis of special telegrams to Bradstreet's from the more important business centers throughout the country shows considerable irregularity in trade, the most favorable feature being the tendency of staple prices to advance.

Terribly Burned by Mine Gas.

POTTSVILLE, Pa., Jan. 25.—By an explosion of gas at the Kaska-William colliery James Allen, James McGill and Charles Lembar, miners, were seriously and perhaps fatally burned. The three men entered an old trial hole with naked lamps, igniting a small body of gas. Lembar was hurled down a shute some distance away. The other two men lay down, thus avoiding much force of the explosion. All are single.

An Enjoyable Surprise.

An enjoyable surprise was tendered J. J. Shore, at his home on West Coal street, last evening, in honor of his 21st birthday, which marked his departure from boyhood to manhood. When Mr. Shore returned home last evening, he had occasion to enter the parlor, where he was confronted by a large number of his friends. The surprise was a most complete and agreeable one, and meant an evening of enjoyment to all who were present. The evening was pleasantly spent in amusements of various sorts, interspersed with vocal and instrumental music, after which a toothsome collation was served. Mr. Shore was the recipient of a number of beautiful presents, with many wishes from those present to indulge in many more celebrations of his natal day.

The Chart Now Open.

The chart for the eleventh anniversary entertainment by Prof. Byron W. King, in Ferguson's theatre on February 4th, was opened this morning in the West street school building. While a large number of seats have been secured, there are many desirable ones yet remaining. The proceeds will be devoted to charity, and if you desire to assist so worthy a cause and at the same time secure a good seat, you had better make application early.

Another Pyrotechnic Display.

Last evening when the power for the incandescent light was turned on, another pyrotechnic display took place in Tin O'Brien's saloon, putting the barroom in a blaze of glory and burning the paper of the wall. This display was due to the incandescent wire resting on a trolley wire, with an overcharge of electricity.

Echoes of the Storm.

All the wires of the arc system of street lights have been repaired and replaced and the lights in town will be put in operation to-night, but the Turkey Run circuit is still disabled. All the telegraph wires are in operation again. The telephone service is still badly crippled and in some places wholly paralyzed. It will take several days to get the entire system in order.

CITIZENS PRIMARIES HELD.

Unprecedented Vote Polled by Candidates in the Third Ward.

JAMES, TOSH AND BIERSTEIN WIN.

Justice Dengler is Renominated by the Citizens of the Second Ward—Edward Mason Nominated for High Constable—A Ticket Put up in the First Ward.

The most spirited primary ever held in this town was that in the Third ward last night. The ward has frequently been the field of stubborn, hard battles and many times have the votes been rolled up to surprising figures, but last night the climax was capped and it is doubtful if as many votes will be polled at any primary election in the ward within the next few years. Last year the people marveled when the votes at the primaries ran up to 354. Last night they aggregated 416, or but 29 votes short of what was polled by both the Citizens and Democratic parties at the election in that ward last February, when the Democrats made a desperate attempt to elect their candidate to Council.

The causes of the great poll were due to big fights made by Councilman T. J. James and Constable Thomas Tosh for renomination, and Justice P. W. Bierstein for nomination to the office to which he was appointed last year. Mr. James' race changed surprisingly and he won in a canter, but Tosh and Blaker and Bierstein and Kimmel were neck-and-neck from start to finish. For over an hour while the vote was being counted the tally did not vary ten between Tosh and Blaker.

Mr. William T. Trezise has reason to feel proud over the excellent manner in which he was carried through the complicated battle. He had no opposition and, therefore, every vote cast for him was of a complimentary nature, and he received 546 of them. This demonstrates in an unquestionable manner that it is the wish of the people that Mr. Trezise shall be returned as a member of the School Board and that they have every confidence in him as their representative in that body. The compliment is emphasized by the fact that Mr. Trezise received from 41 to 59 votes more than the other candidates before the primary who had no opposition.

The much-talked-of fight at the Second ward primary over the nomination for Justice of the Peace between Justice C. W. Dengler and Thomas Bellis resulted in an easy victory for the former. The votes polled exceeded by one the number polled in the hot contest between John J. Price and B. C. Church for the nomination for School Director at last year's primary. Justice Dengler was nominated by a majority of 97.

In the three other wards there were no contests except on the nomination for High Constable, and in that Edward Mason proved a victor in every ward. Mason's aggregate majority over the present incumbent, James Emanuel, is 243. He received a majority of 4 in the First ward, 98 in the Second, 106 in the Third, 33 in the Fourth and 2 in the Fifth.
