### REPUBLICAN STATE CONVENTION.

To the Republican electors of Pennsylvania: The Republicans of Pennsylvania, by their duly chosen representatives, will meet in State convention Thursday, April 25, 1906, at 10 o'clock a. m., in the opera house, city of Harrisburg, for the purpose of nominating two candidates for representative-at-large in Congress and thirty-two candidates for Presidential electors, the selection of eight delegates-at-large to the Republican National convention, and for the transaction of such other business as may be presented.

By order of the State Committee.  
M. R. QUAY, Chairman.  
W. R. ANDREWS, Secretaries.

The contest for the office of United States Attorney at Philadelphia is waxing hot, and the hotter it becomes the Philadelphia candidates the better the prospects for ex-Congressman Reilly.

KENTUCKY is still balloting for a Senator with but little change in the ballots from day to day. It appears to be almost certain that Senator Blackburn will not be returned, and the chances for a "dark horse" are good, but the right man has not been named yet.

The devastation of Cuba is beginning to be felt and the inevitable result of a continuance of the war will be a famine. In the name of humanity the rebels should be accorded humanitarian rights. They have proven their right to recognition fully as much as the Confederates in our late war when Spain was so prompt to recognize them.

The Foreign Affairs Committee of the House of Representatives is wrestling with the case of Ambassador Bayard. That some kind of censure will be administered is a foregone conclusion, the question being just how to do it. The press of the country has long since denounced the Ambassador as guilty of a gross breach of courtesy in condemning the opinions of a majority of his countrymen as expressed at the polls, in a speech tending to the English, and it is generally understood that he was cautioned by the President or Secretary of the State.

### THE THIRD WARD TICKETS.

After many fruitless attempts the committee in whose hands was left the thankless task of selecting a Democratic ticket in the Third ward for the purpose of being "snowed under" by a shower of votes on the 15th inst., has at last performed their duty. The public announcement of their selections has created much dissatisfaction in the camp of the Democracy, while the Citizens view the situation with perfect complacency. The usual majority in their favor in the ward is too great to cause them any uneasiness as to the result.

The men placed upon the Democratic ticket are above reproach, and against them individually we have nothing to say; but we have considerable to say in reference to the manner in which the ticket was placed in the field, and we propose speaking plainly, too. Dark-lantern politics has never yet proven successful in the Third ward, and it will result in ignominious defeat this time. Everything, they say, is fair in politics, and any shrewd move on the part of the Democracy we are always willing to commend and applaud, but the time should be drawn when a member of the Citizens party tries to hand the ward over to the opposition by a secret alliance.

We have it upon the most reliable authority that the formation of the ticket was the work of a disgruntled member of the Citizens party, whose personal animosity against one or two of the nominees of the latter party caused him to seek the councils of the opposition to carry out his traitorous purpose, and in which he was unsuccessful at the Citizens primaries. The lesson of the past should have been sufficient warning, and when the Citizens of the ward are advised of the true state of affairs we imagine the Third ward will be a warm place for this individual who would sacrifice every spark of principle in his breast to satisfy personal animosity.

The Citizens voters of the ward have made their selection of candidates, in a fair and open fight at the primaries, and each and every nominee will compare favorably with their opponents. The primaries are the proper and only place to make the fight. While all the nominees may not have been our personal choice, that is no reason to offer in justification of an alliance with the enemy. Still, this world is made up of all kinds of human beings—some are small in stature and small in principle, while others are just the opposite.

The announcement of the ticket has created so much dissatisfaction in the Demo-

cratic ranks that it will not receive the full party vote. They will resent the presumption of this disgruntled member of the Citizens party in selecting a ticket for them, and his dark-lantern tactics will avail him nothing but the disrespect of all honorable men. The gentleman is known, and there is a rod in pickle for him in the near future.

### Dr. Byron W. King.

The Pittsburg Dispatch says, in speaking of Prof. King: "The carefully portrayed impersonations, all challenged our admiration and won the heartiest applause. It seemed as if twenty people were giving performances. He lived each character in its turn. His power of pantomime is indescribable. The ghastliness of his death-scene sent a shiver over every one in the audience. Never before have I seen an audience held as he held his last night. They wept because he wept, and laughed because he laughed. While he was angry, so were they. His work was masterly throughout." At Ferguson's theatre February 4th, for the benefit of charity.

### AMERICANS IN THE TRANSVAAL.

John Hays Hammond's Appeal for Detention Action by Our Government. WASHINGTON, Feb. 1.—Senator Jones, of Nevada, came to the state department yesterday afternoon to confer with Secretary Olney respecting the case of John Hays Hammond, the American mining engineer under arrest at Johannesburg on a charge of treason. The senator had a long cablegram to himself from the prisoner, explaining in detail the origin of the troubles in the Transvaal and the grievances suffered by the American and other foreign residents at the hands of the Boers.

Hammond declares that the reform movement in Johannesburg was totally unconnected with the ill-starred Jameson campaign, but was caused by the unbearable plight of the foreigners, who were being taxed all the taxes of the country, while being deprived of all rights of representation, although twice as numerous as the Boers. He urges that the United States government bring pressure to bear upon the Transvaal government to secure not only the release of the American prisoners, but the allowance to them of full civil rights, and that if this direct effort fails the United States unite with Great Britain to coerce the Boers.

It is surmised that the efforts of this government at present will be confined to an insistence upon an absolutely fair and open trial of the accused Americans.

### President Kruger Moves Cautiously.

LONDON, Feb. 1.—The Times has a dispatch from Pretoria containing an interview with President Kruger, in which he repeated that he had long considered how to meet the wishes of the Uitlanders. The legislative council had discussed an educational scheme acceptable to them, and it had been decided to submit the scheme to the voters, and also a scheme for local self government in Johannesburg. He could give no promise, he said, on the question of the franchise. The government must discover which were the loyal elements of the Uitlander population. The franchise could not be given to every newcomer, for they arrived by thousands every year and would soon swamp the original population. President Kruger is evidently anxious to meet the wishes of the loyal newcomers.

### THE RESULTS ARE STARTLING.

But Always Effective—Dr. Agnew's Cure for the Heart Never Fails When Most Wanted. If Dr. Agnew's Cure for the heart sometimes cured, and at other times failed, it would lose the peculiar and exceptional position it holds as a heart specific. The time one wants a heart specific to do its work is when heart trouble is showing itself, for, unlike other diseases, if speedy relief is not secured the outcome is more than likely to be fatal. Thousands bear testimony to the fact that when the struggle seemed to be at its worst, and this medicine was taken, relief was secured in thirty minutes, and in a short time the disease was banished from the system. One can hardly ask more of any medicine. Sold by S. P. Kirkin.

### NUGGETS OF NEWS.

Mr. Michael Garman, 723 1/2 Broad street, Johnstown, Pa., says: "Eighteen years ago my rheumatism began in my knees and hips and finally spread all over my body in such a severe form that I had to use a cane to walk with. The pains in the shoulders also became so bad that it was agony to lie down. My wrists, shoulders and knees were continually swollen, and I had to lay off work months at a time. I employed doctors without number, and as to patent medicines, I have taken barrels of them. Liniments I used until the flesh was raw, all to no avail. Pains would shoot through me, almost tearing the joints apart. Three days after beginning the use of Munyon's Rheumatism Cure I noticed decided benefit, and in less than four weeks I was completely cured. Have not had an ache or pain since."

### FINANCE AND TRADE.

Though Business Still Waits, There Are Signs of Definite Improvement. NEW YORK, Feb. 1.—R. G. Dun & Co.'s weekly review of trade says: Though business is still waiting, there are some signs of definite improvement. Though the difficulty of making commercial loans still check operations, merchants and bankers report that the signs promise a good spring trade. No increase appears as yet in the demand for the principal products, unless for some forms of iron and steel, in which good contracts have been made this week, and uncertainty as to congressional action still affects both industries and commerce, but the increase in inquiry and the reports of dealers are deemed assurance of large trade coming whenever the uncertainty is over.

Bradstreet's review says: The features of the week are continued retarded demands for merchandise and checked industrial operations. Least satisfactory is the waiting attitude of some of the more important industries. General trade at the close of January proves disappointing, particularly in central western, western and northwestern states, where the movement of merchandise from jobbers has been slow and unsatisfactory, it being only fair at a few points.

Business failures throughout the United States this week show another large increase, not only as compared with last week, but as contrasted with the total for the fourth week in January, 1895, 1894 and 1893. The total is 363; last week it was 241; last year 313, in 1894 340, in 1893 271, and in 1892 it was 270. There are 63 failures reported from Canada this week, an exceptionally large number.

### The Color Line in Boston.

BOSTON, Feb. 1.—The incident of the refusal of three leading Boston hotels to entertain Bishop Benjamin W. Arnold, of Wilberforce, O., because of his color, has a sequel in the announcement of Rev. Samuel M. Crothers, university preacher of Harvard college, who was to address the South Middlesex Unitarian club on "True Americanism" at its next meeting, that he declines to speak on the subject if the meeting of the club is held at a hotel in which the color line is drawn. Mr. Crothers states his belief that discussion of "True Americanism" under such circumstances would be an inconsistency so apparent as to be almost grotesque. President Howe, of the club, agrees with the clergyman.

### Kid McCoy's Victory.

NEW YORK, Feb. 1.—The boxing bouts at the new Manhattan Athletic club last night attracted but a small crowd of spectators. Kid McCoy knocked out Tommy West, the so-called "champion middleweight of the west." The bout only lasted two rounds, McCoy sending down his man six times. Dan Keefe, of South Norwalk, Conn., defeated Harry Wood, of California, at 138 pounds. Danny McBride, the local featherweight, and Marky Flaherty had a hot eight round argument. The referee declared in McBride's favor.

### CATARHIAL DEAFNESS OF TWELVE YEARS' STANDING.

Cured by Dr. Agnew's Catarrhal Powder. An Extraordinary Experience.

Catarrh nearly always leaves its mark after it. These are frequently revealed in deafness of the victim. A case in point is that of Capt. Ben Connor, of 180 Berkeley street, Toronto, Can., who was deaf for twelve years from catarrh. No medicine or treatment did him any good, until he procured a bottle of Dr. Agnew's Catarrhal Powder, which gave immediate relief, and continuing to use it, in a short time the deafness was entirely removed. Mr. Connor's friends, who knew the extremity of the malady, are loud in their praises of this medicine, and Capt. Connor himself will be only too glad to answer all enquiries concerning his case and remarkable cure. 50 cents. Sold by S. P. Kirkin.

### Canada Is Not Hostile.

OTTAWA, Ont., Feb. 1.—The financial statement presented to parliament yesterday by Finance Minister Foster shows that the national debt of Canada is now \$626,074,504. He asked for \$250,000 more for the militia than last year, and asked that the amount be added to the national debt. He declared that the "preparations for our defense are to be made with no feeling of hostility to the United States or any other country."

### Wilson Convicted of Murder.

HOLLIDAYSBURG, Pa., Feb. 1.—The case of Frank Wilson, the alleged murderer of Henry Bonneka, went to the jury last night. At midnight the jury returned a verdict of guilty of murder in the first degree. Before rendering their verdict the jury asked the court whether a recommendation could be appended to the verdict. The court held that only the death sentence could be imposed for murder in the first degree, and any recommendation must be presented to the board of pardons.

### Relief in Six Hours.

Distressing kidney and bladder diseases relieved in six hours by the "New Great South American Kidney Cure." This new remedy is a great surprise on account of its exceeding promptness in relieving pain in the bladder, kidneys, back and every part of
