REPUBLICAN STATE CONVENTION.

To the Republican electors of Pennsylvania: The Republicans of Pennsylvania, by their duly chosen representatives, will meet in State convention Thursday, April 23, 1906, at 10 o'clock a. m., in the opera house, city of Harrisburg, for the purpose of nominating two candidates for representative at-large in Congress and thirty-two candidates for Presidential electors, the selection of eight delegates-at-large to the Republican National convention, and for the transaction of such other business as may be presented.

By order of the State Committee.

Attest—Jesse H. Rex, M. S. QUAY,
W. R. ASHLEIGH, Secretaries. Chairman.

We see the politician who knows it all is at his wits' end trying to explain the recent moves of the political chess board in Shenandoah. Full and complete explanation will come in due time.

It is gratifying to note that the reduction of wages ordered by the Lehigh Valley Coal Company does not apply to the employees in this locality. This information is furnished by a prominent official of the company here, and may be taken as authentic. Our informant states that no such orders have been issued or received here. It would have been a serious loss to the men to be put on short-time schedule and to be compelled to accept a reduction in wages also.

An important meeting of the Citizens Standing Committee, the party nominees and members of the Republican League has been called for this evening, in the rooms of the latter organization. The action taken will have an important bearing upon the local political contest, and a full attendance of the party workers is requested. Over-confidence has often led to political disaster, and it is the only thing that can defeat the Citizens on the 18th inst. There was a time when a nomination by the Democratic party in this town was equivalent to an election; but the record of the past several years furnishes sufficient evidence that the town has outgrown this bad habit. The victory is ours if the proper effort is put forth, but it will require the united support of every party voter. It therefore behooves the Citizens to be vigilant. Shenandoah has swung back and forth like a pendulum, and it has vibrated in its vote from one party to the other with remarkable regularity. The nominees presented by the Citizens in the different wards are worthy of the support of the voters; they were selected in an open and square contest at the primaries, and there is no good reason why they should not receive the full party vote.

To-morrow evening the entertainment under the auspices of the local public school teachers, for the benefit of the worthy poor of Shenandoah, will be held in Ferguson's theatre. The announcement that Prof. Byron W. King, of Pittsburg, is to appear before a Shenandoah audience should be sufficient to pack the theatre. Prof. King is an eloquentist of wide reputation, and every fan who hears him will be well pleased. The Schoppe orchestra, one of the best musical organizations in this part of the state, will entertain the audience with several of their choice selections. Outside of the merits of the entertainment, the teachers should be encouraged in their efforts to relieve those who are less fortunate than their fellow beings and whose share of this world's good things is limited. The committee in whose hands the details of the entertainment has been placed have labored faithfully and well to make the affair a success in every respect, and their efforts and the high character of the entertainment is worthy a large audience. It is to be hoped that they will follow up to-morrow night's effort with a series of entertainments of a similar character. There is a fruitful field in Shenandoah for the distribution of funds in the manner proposed by the teachers.

MOKE TO FOLLOW.
County politics is now assuming a shape to make it interesting for the politicians. Especially is this true of the Republican statesmen, and candidates are "bobbing up serenely" with such rapidity that it is difficult to enumerate them. There's a time for disappearing, however, and some of them will never be missed. Out or two bouquets have been laid on the hope of something—It matters little to the boomers what might drop their wigs. They are candidates on the principle of nothing asked for, nothing gained. This is true in a great degree of two or three south-of-the-mountain candidates.

It appears to be a foregone conclusion that Shenandoah will be represented on the Re-

publican ticket, and it won't be by a milk-and-water candidate, either. The town has had its share of candidates of this character, and if we are allowed to judge from the men already spoken of as probable candidates there is not much danger in this respect. The local Republicans do not appear to be any way backward this year. The number mentioned is exceedingly large, and there are more to follow. This fact may be taken as a warning to the balance of the county that Shenandoah proposes to have a pretty big say when the time arrives to hand around the nominations.

Among the first to announce his candidacy was B. J. Yost, who served under the present Clerk of the Courts. He is a full-fledged candidate for that office, and believes he can perform the duties pertaining thereto with as much ability as the present incumbent or his predecessors. There are hundreds of Republicans, and Democrats, too, who are of the same belief. The party could go farther and fare much worse, and it would require an exceptionally strong and popular candidate to defeat B. Jefferson.

The friends of ex-Assistant Postmaster H. E. Deagler are urging him to announce his candidacy as the successor to Congressman Brumm, and it is said he has about consented to enter the race. In fact, it may be definitely stated that Shenandoah has a real live candidate for Congressional honors. There is one thing sure, the Republican voters of the county—and the Democrats as well—are only too anxious to lend their support to a candidate for this office who has not appeared before the people so often seeking their suffrage. While both Brumm and Reilly are men of much ability, there are other members of both parties who are capable of representing the county in the halls of Congress and drawing the salary. There is a popular demand for a change, and the sooner it comes the better.

The name of A. B. Lamb has been mentioned in connection with a county office, and his friends—not only in this town, but in other parts of the county—are anxious for him to become a candidate for County Commissioner. Mr. Lamb has the ability for an office of this kind, and is popular among all classes of people, and prominent in the councils of the party. In this connection the name of E. C. Brobst, one of Shenandoah's most prominent business men, has also been spoken of.

Shenandoah may also ask for the County Treasurership. We are not at all backward, and while we are at it we might as well ask for enough. There is a rumor afloat that the Treasurership has been buzzed very near the ear of Councilman A. D. Gable, whose friends are of the belief that he can guard the county's finances as well as the other fellow.

The returns are not all in yet, and there are more to follow. If necessary, Shenandoah can produce a sufficient number of candidates to compose the entire ticket, and we may snatch the laurels from St. Clair this time.

You're an Easy Prey.
With your flesh reduced below a healthy standard, for Consumption and other Scrofulous and dangerous diseases. And it's for just this condition that Dr. Pierce's Golden Medical Discovery is especially valuable.

If you're thinner than you ought to be, whether from wasting diseases, defective nutrition, or whatever cause, the "Discovery" will surely bring you up to the healthy standard. By restoring the normal action of the deranged organs and functions, it arouses every natural source and means of nourishment. As a strength-giver and flesh-builder, nothing like this medicine is known to medical science. Filthy Cod Liver oil and all its disgusting compounds can't compare with it.

Dr. Pierce's Pellets cure constipation, indigestion, or dyspepsia, biliousness and headaches.

Thinks Dunraven Will Apologize.
LONDON, Jan. 3.—A newspaper representative who called at Lord Dunraven's London residence was informed that his lordship denied himself to everyone. Mr. Hamilton, his secretary, said Lord Dunraven would certainly give no interviews. Mr. Askwith, Dunraven's counsel at the inquiry, likewise declined to say anything on the report. Secretary Grant, of the Royal Yacht Squadron, said: "I consider the report satisfactory, and think Lord Dunraven will apologize. It is reported that he admits his error."

Probably Victims of a Lunatic.
ROCHESTER, N. Y., Feb. 3.—The condition of Martin Lynn and his wife, who were found unconscious in their residence on Saturday suffering from the effects of poison mysteriously administered, still remains unchanged. They have not yet recovered consciousness. The children are out of danger. It is thought by some that the poison may have been administered by Miss Lynn, the sister, who was found in the house dead, while she was suffering from mental unsoundness brought about by her diseased condition.

Albany Wants a Namesake.
ALBANY, Feb. 3.—Mayor Thatcher has sent the following letter to Senator Hill at Washington: "Will you suggest to the proper authorities that Albany is the second oldest incorporated municipality in our country, and since the nomenclature of cities is drawn upon for bestowing names upon our new cruisers, the name of our ancient city might with propriety be given the next completed vessel."

Hyams Brothers Leave Canada.
TORONTO, Feb. 3.—The brothers Dallas and Harry Hyams, who were released on Saturday on \$1,500 cash bail, to appear before the police magistrates here tomorrow, left at noon yesterday for New York on a special train, accompanied by Wellman, of Wellman & Gooch, their New York counsel. Toronto detectives believe the brothers will forfeit their bond, and that they will not be again seen in Canada.

Hundreds of precious little ones owe their lives to Dr. Thomas' Electric Oil, the sovereign cure for croup and all other throat or lung diseases.

Indigestion

Yields readily to Hood's Sarsaparilla because it tones and strengthens the stomach and aids digestion by supplying pure blood.

"I had indigestion so badly that I was all run down and could hardly walk. Had no appetite and could not sleep. I began taking Hood's Sarsaparilla, and before I had taken a fourth of a bottle I was very much better. I also used Hood's Pills and found them splendid, very mild, yet effective. I cannot say enough in praise for what they have done for me. Since using two bottles of Hood's Sarsaparilla and Hood's Pills occasionally I feel almost like a new person. I have a splendid appetite, sleep well and work with ease." ANNE C. LANTZ, Belleville, Pennsylvania.

Hood's Sarsaparilla is the only True Blood Purifier prominently in the public eye. \$1; six for \$5.

Hood's Pills easy to take, easy to buy, easy to take, easy to buy, easy to take.

THE WEEK IN CONGRESS.

Senate's Free Coinage Substitute Will Probably be Shipped in the House.

WASHINGTON, Feb. 3.—Since the passage by the senate on Saturday of the finance committee free coinage substitute for the house bond bill, which went through by a vote of 42 to 35, that body has no well defined plan for this week's proceedings. There is no session today. It is possible, though by no means certain, that the finance committee will be able to report the revenue tariff bill tomorrow, the matter still depending upon Senator Jones of Nevada. If the bill should be reported there will probably be some desultory speechmaking based upon it, but the consideration of the measure would scarcely be seriously begun this week, even though a report should be secured as promptly as is hoped by the friends of the bill.

The committee on appropriations will claim a good share of the time that the senate will be in session. The urgent deficiency appropriation bill has already been reported, and the military academy and pension bills will be put in only in the week. It is altogether probable that all will be disposed of before the week closes. The Cuban and Monroe doctrine resolutions are also on the calendar, and may be taken up at any time.

The important feature of the week's proceedings in the house will be in connection with the resolution to censure Ambassador Bayard and the senate free coinage substitute for the house bond bill. The resolution censuring Mr. Bayard will probably precipitate an exciting contest on the floor, but will doubtless be adopted when it reaches a vote.

When the free coinage substitute for the house bond bill is returned to the house an effort may be made by the silver men to amend the substitute. Such an attempt would, of course, be defeated, as the majority against silver in the lower branch of congress is overwhelming, but it might be made in order to put the members on record. The bill according to the present program will be immediately referred to the ways and means committee and reported back with a recommendation that the senate substitute be non-concurred in, which in parliamentary language would mean that the house insists upon its own bill. It will then remain for the senate, which also will insist on its bill, to request a conference. It is there that some of the members at each end of the Capitol hope to effect a compromise, but the prevailing opinion is that the bill will die in conference.

Grip-Colds-Headache.

Condemned Murderer Dies in Prison.
SING SING, N. Y., Feb. 3.—William Casar, the condemned murderer, died suddenly on Saturday in his cell at the state prison. Casar was sentenced by Recorder Goff on June 25, 1896, and the day of his execution set for July 29 of the same year. He was convicted of having murdered a young colored woman, Mary Martin, with whom he had lived, and whose terribly mutilated body was found in an inclosure adjoining the Greenwich Savings bank, at Sixth avenue and Waverly place, New York city. The murder and branch of congress is overwhelming, and it was some time before the murderer was captured. His conviction followed and the case was taken to the court of appeals, where it has since been pending.

To Censure Ambassador Bayard.
WASHINGTON, Feb. 3.—A resolution censuring Ambassador Bayard for the sentiments expressed by him in his recent speeches in England and Scotland was adopted by the house foreign affairs committee. Two resolutions will be reported. The first censures Ambassador Bayard by name for the language used by him in his Boston and Edinburgh speeches, and incorporated with this will be a second resolution expressing the disapproval of the committee of our representatives abroad discussing American political affairs abroad and displaying partisanship.

Hives are not dangerous to life, but they are a prolific breeder of misery and profanity. Dean's Ointment gives instant relief, even in the worst cases of this and other exasperating diseases of the skin.

The Coliseum Selected.
CHICAGO, Feb. 3.—The sub-committee of the national Democratic committee has decided that the Coliseum will be the best place in Chicago for the holding of the national Democratic convention, and arrangements for its completion will, therefore, be hurried up, the contractors being under bonds of \$50,000 to complete it by May 1 next.

Declined by Russia.
LONDON, Feb. 3.—The Observer (Unionist) says: "We have good authority leading us to express the belief that Germany recently invited Russia and other powers to co-operate in a plan hostile to England's continued occupation of Egypt. According to our information and belief this proposition was declined by Russia."

Buy Keystone Flour. Be sure that the name LESTER & BARN, Ashland, Pa., is printed on every sack.

Zetouna Still Holding Out.

CONSTANTINOPLE, Feb. 3.—Reports from Turkish sources believed to be fairly accurate state that it is believed that the Zetounis are still holding out. The Turks have made seven different attacks upon the town, but all have failed, and their losses are reported to amount to 10,000. It is alleged that 50,000 troops will be needed to capture Zetouna. It is believed that the Zetounis number from 15,000 to 20,000, well armed and provisioned for a year. There is a doubtful report that 4,000 Russian Armenians crossed the Persian frontier and defeated the Turks at Saz, eighteen hours from Zetouna, and have now joined the Zetounis.

Cincinnati's Murder Mystery.

CINCINNATI, Feb. 3.—A hundred clues to the murder and beheading of a woman near Fort Thomas on Friday night are floating today. Many of them have been traced to a worthless origin. Not a single arrest on suspicion has been made and not a single suspicion has settled upon any man as the perpetrator, nor has any thread been discovered likely to lead to the identification of the woman. All the ponds, as well as the Covington reservoir, have been dragged. The water is going out of the reservoir. It will be well towards noon today before it will be empty. Then search in the mud for the head can be made.

Old People.

Old people who require medicine to regulate the bowels and kidneys will find the true remedy in Electric Bitters. This medicine does not stimulate and contains no whiskey or other intoxicant, but acts as a tonic and alternative. It acts mildly on the stomach and bowels, aiding strength and giving tone to the organs, thereby aiding Nature in the performance of the functions. Electric Bitters is an excellent appetizer and aids digestion. Old people find it just exactly what they need. Price fifty cents per bottle at A. Waseley's drug store.

Von Boetticher Will Resign.

BERLIN, Jan. 3.—An intimate friend of Dr. Von Boetticher, secretary of state for the interior, declares that he is determined to resign immediately. The emperor's speech of Jan. 18 has been used by the agrarians, bimetalists and Bi-marekians of the starting point for an intrigue to compass Chancellor Von Holenlohe's fall. There is not the slightest indication that Chancellor Von Holenlohe's position is shaken, but the hopes of his opponents are based on the emperor's desire for a larger navy, which the chancellor disavows.

A Mysterious Prisoner.

CLEVELAND, Feb. 3.—Francis E. Lombard, a man about 50 years of age, has been a prisoner in the county jail here for more than a week under mysterious circumstances. It is said that the arrest was procured by George Shiras, of Pittsburg, son of Justice Shiras, of the United States supreme court, and it is intimated that the charge is subornation of perjury. The prisoner is to be held here until Wednesday, when he will probably be taken to Pittsburg, having been bound over to the federal grand jury in that city.

Our people are growing more and more in the habit of looking to Grubler Bros., druggists, for the latest and best of everything in the drug line. They sell Chamberlain's Cough Remedy, famous for its cures of bad colds, croup and whooping cough. When in need of such a medicine give this remedy a trial and you will be more than pleased with the result.

Explorer Borchgrevink's Scheme.

NEW YORK, Feb. 3.—G. Egbert Borchgrevink, the Norwegian explorer, arrived here on the Umbria yesterday. Borchgrevink has taught the world pretty much all it knows about the great continent which lies in southern polar seas, and if his plans are now arranged are carried out he will be able to tell much more after he gets back from an expedition which he is to undertake next winter. The scheme that the explorer has in hand now is to travel in snow shoes and sledges, with three Norwegian companions, that he may reach the south magnetic pole. He expects it will take more than two years to do so.

Bucklen's Arnica Salve.

The best salve in the world for cuts, bruises, sores, ulcers, salt rheum, fever sores, tetter, chapped hands, chilblains, corns, and all skin eruptions, and positively cures piles, or no pay required. It is guaranteed to give perfect satisfaction or money refunded. Price 25 cents per box. For sale by A. Waseley.

Dickerson Escapes Conviction.

COUNCIL BLUFFS, Ia., Feb. 3.—The jury that for four weeks has been trying Isaac Dickerson, the Atlantic banker, for fraudulent banking in connection with the looting of the Bank of Cass County, yesterday reported eleven for acquittal, one for conviction. It had been out forty hours. There is little probability that Dickerson will be tried again, since it has developed that he was only remotely, if at all, connected with the failure.

No Legal Marriages in Rhode Island.

PROVIDENCE, Feb. 3.—The authorities have discovered that the new law requiring all persons performing the marriage ceremony to register yearly is identical with one enacted seventy years ago, which has long been a dead letter. The authorities state there has not been a legal marriage in Rhode Island for fifty years, and will apply to the legislature to have the acts of all unlicensed clergymen made valid.

Sudden Death of a Retired Navy Officer.

WASHINGTON, Feb. 3.—Lieutenant Commander Robert E. Carmody, of the navy, died suddenly at his home in Georgetown yesterday. He was appointed to the navy from New York on Sept. 29, 1860, and received the rank of lieutenant commander Feb. 28, 1880. He was retired June 6, 1895.

THREE SUNDAY SUICIDES.

One a Lady of Wealth Who Tried Three Different Methods.

BROOKLYN, Feb. 3.—One woman and two men committed suicide in this city yesterday. Mrs. Augusta Schwarz, a wealthy widow, who opened a handsome residence in Berkeley place, the aristocratic section of Brooklyn, has for some time past been a constant sufferer from neuralgia, and that, together with the fact that her husband, Anton Schwarz, a prominent member of the Brewers' Exchange, had been found dead about a year ago under peculiar circumstances in New York city, had given her great mental worry. She shot herself through the mouth, placed several rubber tubes over the gas jets and ran them across the bed where she lay, and drank a quantity of laudanum. Henry Burns, a German, 53 years old, killed himself by drinking a mixture of strichnine and lager beer. Because he was reduced from the position of foreman to that of conductor of the Reade avenue trolley line, Kaynor E. Rogers, 36 years old, shot himself in the head and died soon afterward.

The Intercollegiate Races.

ITHACA, N. Y., Feb. 3.—Dean Whites, Cornell's representative in the conference between Cornell, Harvard, Columbia and Pennsylvania, returned to Ithaca yesterday. He states that the quadrangular race has been arranged between the freshman eights of these four universities, to be rowed on the morning of June 30, which is also the date of the four oared varsity contest. Both freshman and varsity races are to be rowed on the same course, which has not been decided. The Saratoga people are offering more money than the Poughkeepsie citizens.

Minnie Swanger's Confession.

ALTOONA, Pa., Feb. 3.—Minnie Swanger, the 12-year-old girl imprisoned in the Hollidaysburg jail on the charge of being responsible for the death of William McGregor and the attempted killing of his aged mother, Mrs. Mary McGregor, little Carrie Hill and Mrs. Martha Johnston, has confessed that she is responsible for the death of her uncle. She says she intended only to make her victims sick, so that she might rifle their pockets and have money to spend "as other girls spend it."

Threw Away His Cane.

Mr. D. Wiley, ex-postmaster, Black Creek, N. Y., was so badly afflicted with rheumatism that he was only able to hobble around with canes, and even then it caused him great pain. After using Chamberlain's Pain Balm he was so much improved that he threw away his canes. He says this liniment did him more good than all other medicines and treatment put together. For sale at 50 cents per bottle by Grubler Bros., druggists.

NUGS OF NEWS.

The federal census of the Mexican republic shows a population of 12,542,077.

William K. Schmidt, a photographer of New Haven, Conn., was struck blind in his studio, but his sight may be restored.

William Payne, an aged negro, and his wife, of Houston, Tex., were robbed and murdered in their home by unknown persons.

Two Lives Saved. Mrs. Phoebe Thomas, of Junction City, Ill., was told by her doctors she had consumption and that there was no hope for her, but two bottles Dr. King's New Discovery completely cured her and she says it saved her life. Mr. Theo. Eggers, 139 Florida St., San Francisco, suffered from a dreadful cold, approaching consumption, tried without result everything else then bought one bottle of Dr. King's New Discovery and in two weeks was cured. He is naturally thankful. It is such results, of which these are samples, that prove the wonderful efficacy of this medicine in Coughs and Colds. Free trial bottles at A. Waseley's drug store. RESCUED.

On Lake Erie's Shores.—The Captain's Wife Tells the Story.—It Will Interest Many People.

(From the Buffalo Evening News.)

If you were to call at 27 Front Avenue you would find a pleasant elderly lady, Mrs. Captain Hensley by name. Her kindly smile and joyous manner are to no small extent due to the escape she has had. Her own words can better describe her rescue and one can easily understand her present happy condition when they realize what she has gone through. She says: "About five months ago I had an attack of sickness which lasted for a week and since that time I have been subject at intervals to similar attacks, some of which were longer in duration. It is hard for me to describe how I suffered. The pain would commence in my head, after which it would seem to pass down my body and settle in my back, my sides ached, my back ached, and I had a feeling of great distress in the bowels. The increased pain which seemed to come from lying down, would be almost unbearable, my face and stomach would blot up and I could hardly stand on my feet. Dizziness made it almost impossible; this feeling was always with me even after the violence of the attack passed over. The last attack I had was the worst, and was so bad I would not have been able to tell this story but for Doan's Kidney Pills. As soon as I commenced their use I found immediate relief. The pain in my back and sides left me and the dizziness went with it; the blotting in my face and body disappeared and all distress in my bowels was gone. I have great faith in Doan's Kidney Pills; in a short time they did a great deal more for me than all the ministers and medicines which I had resorted to in seeking relief and cure. I hope always to be able to procure them."
