FLOOD VICTIMS SOUTH.

Unprecedented Rain Storms in Mississippi and Texas.

ENTIRE FAMILY OF CHILDREN LOST

They Were Left at Home Alone and the Rising Waters Enveloped Them. A Colored Man Drowned While Crossing an Overflowed Field—People Escaping in Boats.

MADISON, Miss., Feb. 3.—A terrific rain fell here Saturday night washing away bridges and roads in all directions, causing a loss of many thousands of dollars to the country.

At Terry, Miss., the very heavy rains which fell for forty-eight hours caused a general overflow of streams. Bridges were carried away in all directions, causing a loss of many thousands of dollars to the country.

Canton, Miss., reports the most destructive overflow known in that section for twenty years. The entire western portion of the city is inundated from two to five feet. Houses are flooded, and in some cases the inmates were awakened in the morning by water coming into their houses.

The people of the overflowed section have been taken by boats to other sections of the city. The Illinois Central railroad is submerged and many bridges destroyed. News was received here yesterday of the drowning of an entire family of children on the Red place, four miles from Canton, the parents having gone to a festival and the dwelling being flooded before their return.

At Port Gibson, Miss., rain fell for thirty hours continuously beginning Friday night. The government gauge shows a fall of seven and a third inches. All streams are overflowed and bridges destroyed or badly damaged. Dave Barnes, colored, was drowned by the upsetting of a dugout in which he was attempting to cross an overflowed field.

Columbia, Tex., reports: The Brazos river began rising from the normal stage less than forty-eight hours since, and now it is out of its banks in a number of places. Travelers from Brazoria report that the road between that place and this is now covered in several places, and that if the rise continues travel in the direction of the county seat will be entirely interrupted.

The water now entirely surrounds this town except toward the north or Richmond road. The rise is almost unprecedented.

At Navasota, Tex., the Brazos river is still rising, being six inches over the Santa Fe track for two miles near Allen farm. The two rivers have united between Navasota and Allen farm, making a stream twelve miles wide.

In Arkansas the damage done from the flood will reach high figures. The Ouachita river rose thirty feet within thirty-six hours, and the torrent of waters swept everything before it.

Passed a Burning Vessel at Sea. SEATTLE, Wash., Feb. 3.—The barkentine Modoc arrived yesterday, and reports having sighted a vessel burning at sea on Jan. 28, about eleven miles west of Cape Flattery. The vessel is supposed to be the Ninavab, which sailed Jan. 10 from Vancouver for the British South Colonies.

When sighted the vessel's stern was all on fire and the mizzen mast was gone, so it could not be ascertained whether she was a bark or a ship. The Modoc stayed near for twenty-four hours, but as there were no signs of the crew, and the fire had passed the mizzen mast, it was decided the crew must have deserted the vessel.

Home with Their Dead. NEW YORK, Feb. 3.—Mr. and Mrs. John W. Mackay and their son Clarence were among the passengers on board La Touraine, the French liner which arrived on Saturday, after a tempestuous voyage. The Mackays brought with them the body of their son John W., who was thrown from his horse and killed while hunting at his country seat near Paris, Oct. 18 last.

The remains will be taken to San Francisco, where they will be placed in the magnificent mausoleum recently erected by the elder Mackay.

Justin McCarthy to Resign. LONDON, Feb. 3.—It is announced that Mr. Justin McCarthy will resign the leadership of the Irish parliamentary party at a meeting which has been called for Saturday next. It is understood that he feels that his health is unequal to the arduous position. He will retain his seat in parliament. It is believed that Thomas Sexton will be invited to succeed McCarthy, and he will probably accept. John Dillon and Edward Blake are also spoken of for the position.

Valuable Electric Light Plant Destroyed. WAYNE, Pa., Feb. 3.—Flames wrecked the Wayne Electric Light company's plant Saturday, and as a result the suburban town of Devon, Villa Nova, Paoli, Berwyn, J. Minor and Wayne will be in darkness for some nights to come. The loss is estimated at about \$40,000. Plans are already under way for rebuilding. Spontaneous combustion is supposed to have been the cause of the fire. The plant was one of the most complete in the state.

A Free Gift for Baltimore. NEW YORK, Feb. 3.—The Helms monument committee, to whom was referred the refusal of the park commissioners of New York to accept the Lory fountain presented to the city in Helms' honor, on account of alleged indecency, will report to the general committee on Thursday that the fountain be presented to the city of Baltimore, which city has made a request for the work of art.

Regrets Bayard's Censure. LONDON, Feb. 3.—The Daily News, in an editorial, expresses its regret at the censure pronounced upon Mr. Bayard, the United States ambassador, "because," says The Daily News, "no man is better qualified to assist in a friendly settlement of the difficulties between England and America."

Minister Terrell Demands Indemnity. CONSTANTINOPLE, Feb. 3.—The United States minister, Mr. Terrell, has demanded an indemnity of \$100,000 for the burning and pillaging of the American missions at Marash and Kharpoot. He also asked for the immediate granting of firmans for rebuilding them.

Gave His Life for Another. STEUBENVILLE, O., Feb. 3.—Charles Edmondson, a farmer, accidentally fell into a well and called lustily for help. His three attracted James Neekly, an oil driller, who went to his rescue, but while struggling to reach the drowning man he fell in himself, and both perished.

Let The Whole World Know The Good Dr. Miles' Heart Cure Does

HEART DISEASE has its victims at a disadvantage. Always taught that heart disease is incurable, when the symptoms become well defined, the patient becomes alarmed and a nervous panic takes place. But when a sure remedy is found and a cure effected, after years of suffering, there is great rejoicing and desire to "let the whole world know." Mrs. Laura Wineinger, of Belkirk, Kansas, writes: "I desire to let the whole world know what Dr. Miles' Heart Cure has done for me. For ten years I had pain in my heart, shortness of breath, palpitation, pain in my left side, oppressed feeling in my chest, weak and hungry spells, bad dreams, could not lie on either side, was numb and suffered terribly. I took Dr. Miles' Heart Cure and before I finished the second bottle I felt its good effects. I feel now that I am fully recovered, and that Dr. Miles' Heart Cure saved my life."

Dr. Miles' Heart Cure is sold on guarantee that first bottle benefits, or money refunded.

DUESTROW CONVICTED.

The Wealthy Murderer of Wife and Child Must Hang. HIS MILLIONS CANNOT SAVE HIM.

The Murderous Millionaire, Who Hoped to Escape Through the Use of His Money, Tried the Insanity Dodge, but Without Effect—The Case Will be Appealed.

UNION, Mo., Feb. 3.—The celebrated case of Dr. Arthur Duestrow, the St. Louis millionaire, who has been on trial during the past month for the cold blooded murder of his wife and baby two years ago, ended yesterday. After arguments that took up the greater portion of Saturday, and lasted until almost midnight, the jury was given to rest without considering it. Yesterday morning the jury took up the case, and on the first ballot unanimously found the defendant guilty of murder in the first degree. This is the second trial that Dr. Duestrow has had on the charge of murder, the first one resulting in a hung jury last year.

The terrible crime with which he was charged was committed in February, 1894. One day that month his wife and child were at home awaiting his coming to take a drive. When he came into the house Duestrow, who was drunk, began to abuse his wife, and finally shot her down in cold blood. He then picked up his 3-year-old boy, a beautiful child, and holding it at arms' length, killed it with a pistol shot through the head. His wife lingered for several days and finally died.

After his arrest Duestrow, with the help of his fortune, tried to evade the consequences of his crime. Judge Governor Johnson, who is credited with being one of the finest criminal lawyers of this state, was given charge of the case, and was assisted by Colonel Nat Dryden, Charles Noland and J. Wesley Booth. Prosecuting Attorney Zachary, of St. Louis, was assisted by Judge Boite, prosecuting attorney of Franklin county, Judge Gallenkamp and Lee Merriweather. Counsel for the defense endeavored to establish a plea of insanity, but after two inquiries held before juries, in which much expert testimony was heard on both sides, it was given up and the case came to trial in Union, a change of venue having been taken from St. Louis.

Throughout the last trial, before Judge Hartzel, Governor Johnson and his assistants kept up the insanity idea, and were ably seconded by the defendant, who endeavored to create the impression that he was crazy.

When the result of the jury's deliberations was made known Duestrow's counsel stated that an appeal to the supreme court would be made.

Duestrow received the verdict calmly. He sat smoking a cigarette as the judge read the paper handed in by the jury. As far as external appearances go, he was the coolest man in the court room.

Loaded Electric Car Runs Away. SAN FRANCISCO, Feb. 3.—Twenty people were more or less injured yesterday by an accident on the new Suto electric road running to the Cliff House. A car loaded with about seventy-five people was bound in from the beach, and while descending a steep grade the motorman lost control of the car and it plunged down at a high rate of speed. The car jumped the track and plunged about fifty feet through the sand. Three of the passengers who were outside jumped, and they were the ones most injured. Broken legs and ankles, bruises and wounded scalps were numerous, about twenty suffering injury in some way. Simon Koshland, a wealthy wood dealer, had his left leg shattered. None of the passengers was fatally hurt.

Striking for Overdue Wages. LEBANON, Ind., Feb. 3.—The entire force of the Chicago and Southeastern railroad shops struck on Saturday for back pay they declare to be due them. Yesterday the shops were found on fire and saved with great difficulty, a number of freight cabooses and the freight and passenger stations being destroyed. The strikers deny any hand in the conflagration, and in mass meeting passed resolutions condemning mob violence. It is rumored that the trainmen will join the strikers unless a settlement is reached within the next twenty-four hours.

Boys Played with Giant Powder. WEST CHESTER, Pa., Feb. 3.—A disastrous accident occurred at Rock Run, this county, through which Martin Higgins, a small boy, lost both eyes and is horribly disfigured, while a companion, John Kennedy, was seriously burned. A lot of the boys had stolen a quantity of giant powder and fuse from some workmen who had been blasting near by, and went to a vacant house to set it off. While so doing the explosion took place. The building was almost completely wrecked, but all the boys except Higgins and Kennedy escaped injury.

Another Rich Iron Ore Vein. LOCK HAVEN, Pa., Feb. 3.—The discovery of a vein of iron ore twenty-three feet thick on the farm of W. H. Dornblaser, near Lamar, this county, has caused considerable excitement, not only in Nitany valley, but in this city. The ore was discovered while digging a well for water, and is under thin strata of rock twelve feet from the surface. The greater part of this vein is literally solid iron rock, to get through which tested the hard drills to their utmost.

Unearthed a Man-of-War. HALIFAX, N. S., Feb. 3.—Workmen excavating in the imperial navy yard here have found what proved to be the remains of an old fashioned British man-of-war. The timbers are about four inches thick, of oak and in a splendid state of preservation, notwithstanding the fact that they have been imbedded for probably a century. How the hull got there is a mystery not yet explained.

Canadians Stealing Our Timber. BUTTE, Mont., Feb. 3.—Complaint comes from settlers in Teton and Chouteau counties alleging that the forests on the American side of the boundary have been almost denuded of timber by Canadians, and that millions of dollars worth of lumber has been taken during the past few years. The inspector has referred the matter to the secretary of the interior.

Two More Looking for Statehood. WASHINGTON, Feb. 3.—The house committee on territories will vote next Wednesday on the bills providing enabling acts for the admission of the territories of Arizona and New Mexico to the Union.
