REPUBLICAN STATE CONVENTION.

To the Republican electors of Pennsylvania: The Republicans of Pennsylvania, by their duly chosen representatives, will meet in State convention Thursday, April 23, 1906, at 10 o'clock a. m., in the opera house, city of Harrisburg, for the purpose of nominating two candidates for representative at-large in Congress and thirty-two candidates for Presidential electors, the selection of eight delegates-at-large to the Republican National convention, and for the transaction of such other business as may be presented.

By order of the State Committee.

M. S. QUAY, Chairman.
M. S. QUAY, Secretary.

It is the duty of every citizen voter to not only cast his vote on the 19th inst. but to see that his neighbor does likewise.

ST. VALENTINE'S DAY occurs on Friday, and the youth in boys will seek with care and hesitancy the scented missive to send to his fair mistress. The small brother of the god will return the favor by mailing to the anxious lover a highly colored card of "A Spoonful."

THIRTY-SEVEN years ago to-day Abraham Lincoln first opened his eyes to the light, and since his eyes closed for the last time the world has enjoyed a light that it never knew before. Wherever true patriotism, true nobleness, true genius and true love of freedom and humanity are cherished, there today will the memory of the martyr-President be honored.

The Combine, the members of which have strenuously denied the assertion, are now compelled to admit that Governor Hastings and Senator Quay are on amicable terms. By reference to our news columns it will be found that the Governor is an enthusiastic supporter of the Junior Senator for the Presidential nomination, provided the latter is a candidate. Senator Quay states, however, that any announcement of his candidacy is without authority from him. To an interviewing reporter he jokingly said: "If the boys want to arouse themselves with the use of my name for the Presidency, I have no objections. It may keep them out of mischief." The Senator again positively stated that he was not and would not be a candidate for the nomination.

The Hazleton papers contained a long interview with Superintendent Fred E. Zesley, of the Lehigh Valley Coal Company, in reference to what is termed "the most valuable discovery made in mining up to date," and "which will revolutionize the methods now employed to keep open underground workings." We are not surprised that the Hazleton exchanges should accept the system as something new, but to find our county exchanges, including those of Pottsville, copying the article and dishing it up to the people of Schuylkill county as "something new," is indeed laughable, when we take into consideration the fact that the same process has been in successful operation in and around Shenandoah for a number of years. The system may be new to Luzerne county miners, but to Palm it off as such on Schuylkill county readers is hardly to be classed as journalistic enterprise.

We fully agree with the Mahanoy City Record, in commenting upon the unsatisfactory state of affairs in awarding the ballot printing contract, when it says: "We respectfully suggest that the manner of giving out this election printing in Schuylkill county is wrong. In other counties in the state the work is divided up among the various offices of the county. The Commissioners might fix a figure which experience has suggested as a just one and divide the work among the different districts and offices in the county where the facilities existed for performing the work. This would prove a more satisfactory and just system than the present. There are a dozen offices in the county which could each take a twelfth part of the work and do it well and on time, but they cannot bid for the whole contract, knowing their inability to perform it." In this way the Commissioners would be relieved of all embarrassing circumstances connected with the work, and at the same time break up the monopoly that now exists. The subject is worthy the consideration of the Commissioners.

The Democrats are concentrating their forces in the Fourth and Fifth wards in the hope of securing control of the Borough Council and electing a member of the School Board from each of these wards. They fully realize that there is no earthly show for them in the Third ward, and are merely

putting up a bluff to catch the Citizens napping in the Fourth and Fifth. It is in the latter that they will make the fight; in fact, a prominent member of the party unintentionally dropped the information, and it behooves the Citizens to meet the enemy with a solid front and every man at his post and doing his duty. Political victories cannot be won in any other way. It requires work, and plenty of it. In these two wards—in fact, every ward in the town—the Citizens have made excellent nominations. Even their opponents cannot say one word derogatory to their character as men or their ability to represent their constituents in either of the legislative bodies of the borough. The election is less than one week hence, and from now until the 18th inst. effective work should be performed. If this is done there need be no fear of the result.

IN THE POLITICAL ARENA.

Pertinent Comment by One Who Knows It All.

The situation is critical. The national delegations is not going the way of the self-styled reformers. Electric trolley wires are being charged; periodical trips are being made to Washington; combines and slates are made—yet all to no purpose. The voters themselves are taking a hand, and as a result there is consternation in the camp of the braves.

It is given out on good authority that the "slate" manipulator of Mahanoy City will have to either fish or cut bait this fall; that he will either have to form a new combination and strike off at least two names that appear upon the slate as at present formed, or it will be smashed to smithereens. There is considerable kicking against Phillips—and the Hon. D. D.—but he who handles the reins for the Union National Bank, of the town of "remonstrators." Such is the life of a political wire-puller, especially he who sets himself up as superior and above his party.

Why this apparent calm in the Third ward after the recent political whirlwind? The Democratic allies in the Citizens ranks have put away their dark-lanterns and crawled into obscurity. The calm is apparent to the knowing ones.

Senator Keefer is saving wood in his own back yard these February days. It is likely he will experience much colder weather, politically speaking, before the blue birds nest again. There appears, however, to be some difficulty in centering the opposition upon some particular candidate.

B. Jefferson Yost—he who manipulates the keen knife over the faces of those seeking political information—hoots the idea that the dozen or so Shenandoah candidates originated in his fertile brain, but says it is the popular uprising of the people that brought them forth; that those who are treating the matter slightly may rue the day, and that before many days these very same people will, upon headed knee, be asking the support of Shenandoah's favorites. Time will tell, says Jeff.

Political contests come high, but we must have them. That is one of the characteristics of Republicans—they always stand up for their rights. The Republican, of Pottsville, is wasting considerable energy and valuable space just now in trying to persuade Judge Lyon to withdraw the contest that he has inaugurated. The friends of the latter say he weighed the question in all its bearing before taking the step. This being so, and he is firmly convinced that he, and not Judge Dunn, was legally elected to the office the latter now holds, he is justifiable in seeking redress. Otherwise, the contest is wrong.

Time, and time again, have our friends had a fighting chance in the Third ward—on paper. And it will be on mighty this paper this time.

The Citizens party in the Fourth and Fifth wards is harmonious, and nothing but over-confidence can defeat the nominees of that party. The men whose names appear upon the ticket have the confidence of the voters. While the outlook is bright in these two wards, as well as in the Second—where Mr. Boehm alone has opposition—yet it will require work to win. The Democrats are on the alert, and to defeat them will require the assistance of every voter of the Citizens party.

An Allentown exchange furnishes the following political information: "Phil J. Connell, Commissioner's Clerk of Schuylkill county, is in town. Mr. Connell is in Allentown supervising the printing of the 80,000 ballots for his county's spring election by the Welt Hote Publishing Company. Mr. Connell has been the chief clerk in the Pottsville Commissioners' office for six years. Mr. Connell is a man of marked ability and popularity and will be a candidate for Register of Schuylkill county during the coming campaign. The Lehigh contains who have the pleasure of his acquaintance are glad to know that his chances for success are excellent."

Premature Conclusion.

A report has got abroad that one of the public school teachers, merely dismissed for abusing a pupil. It is merely a mild rumor arising out of a distortion of circumstances, mingled with a stretch of imagination. It is, nevertheless, a fact that a charge of abuse has been made by the parents of a pupil against a teacher, but the case is in such a position that the facts are not open to publication. A formal complaint has been made to the authorities and a committee of the School Board has the case in charge for investigation. The committee declines at the present time to make any statement regarding the affair. In this it is perfectly justified at present, as it is quite an easy matter to make a charge against a teacher, but not so easy to remove the effects of publication of the charge, even should it fail. Those intimately acquainted with the school affairs know that many parents are somewhat hasty and some excellent and unoffending teachers have been wrongfully charged and put to great trouble and inconvenience through misconstrued or misrepresented incidents in the school room, and this past experience has led to the precaution which is being followed in the present case regarding publicity. It is not due in any way to the merits of the case on one side or the other to apply to a more conservative policy than has been exercised in some other cases. Assurances are given, however, that the case will be fully investigated, both sides will be given ample opportunity to be heard and a report based upon impartial consideration will be made by the committee to the School Board in due time. How the report that the teacher had been dismissed got out is a mystery to everybody cognizant of the case.

THE BRYAN MURDER MYSTERY.

Damaging Evidence Against Jackson and Walling at a Coroner's Inquest.

CINCINNATI, Feb. 12.—Coroner Langley, of Campbell county, Ky., yesterday began hearing testimony to determine the manner in which Pearl Bryan met her death. Sheriff Plummer testified that he had secured evidence to show that her death ensued from the cutting of her throat. Dr. Meyl, a surgeon, testified that in his opinion the head had been removed several hours before the body was deposited where found.

Two colored girls, Minnie Johnson and Annie Lee, identified Jackson and Walling as having been at their house on the morning the body was found. They asked permission to wash up, and the women observed blood on the arms of one, and that a shirt sleeve was gone. A third man with a valise waited outside.

CINCINNATI, Feb. 12.—It has been clearly established that Pearl Bryan confidently put herself into the hands of her betrayer, Scott Jackson, on Jan. 27, trusting him to save her and her family from mortification and shame. The story of Miss Hollingsworth seeing her in Indianapolis on Jan. 28 is exploded by the established fact that she was here on both the 27th and 28th. Two careful post-mortems absolutely exclude abortion, actual or attempted, as well as death by poisoning. The universal belief here is that the Indianapolis girl is romancing.

Miss Hollingsworth's Romance.

INDIANAPOLIS, Feb. 12.—After doing more or less talking Lulu May Hollingsworth, who has made herself notorious by her alleged knowledge of the Pearl Bryan murder, was released from police headquarters yesterday. Police Superintendent Colbert says that he is satisfied that the girl has been lying all the way through.

IN SENATE AND HOUSE.

Senators Wolcott and Lodge Denounce the Power of Patronage.

WASHINGTON, Feb. 12.—The senate session was brought to a close yesterday by two vigorous speeches from Mr. Wolcott, of Colorado, and Mr. Lodge, of Massachusetts, severely arraigning the power of patronage. Mr. Wolcott in particular criticized the president and secretary of the treasury for making appointments in order to defeat silver legislation. The senator declared that Colorado was now overrun with appointees, some of them unfit, sent there by the secretary of the treasury as a reward to congressmen who had "raided" on the silver bill. Mr. Lodge added his condemnation of a system which sent senators and representatives "huckstering after office" and hanging about the ante-rooms of the president and cabinet offices.

The debate came up over a provision of the urgent deficiency appropriation bill giving the secretary of the treasury twenty-five additional money counters. The entire range of civil service argument was brought into discussion. Mr. Allen asserted that civil service was gradually turning over to the government service to "cigarrette smoking tudes."

The house spent the greater part of the day in the consideration of District of Columbia matters. About 4 o'clock the debate on the bond bill was resumed. Continuance was opposed by Messrs. Hill, Lacey and Burton, Republicans, while Messrs. Dearmont and Ogden, Democrats, spoke in its favor. A recess was taken from 5:30 to 8 o'clock, the evening session being devoted to debate.

Jersey's Anti-Garb Bill Defeated.

THIRTON, Feb. 12.—The Senator Rogers anti-garb bill was killed in the senate yesterday on Senator Daly's motion to strike out the enacting clause. There was considerable debate, with Senator Rogers the only one speaking in favor of the bill. Senators Skirm, Daly, Voorhees, Williams and Kuhl all spoke against the measure. Senator Skirm said the measure was iniquitous, and Daly said the bill struck at the foundation of civil liberty. The vote was 11 to 8. Senator Hoffman voted in the negative out of courtesy for Senator Rogers' bill, but said he was against the bill.

The Ideal Panacea.

James I. Fenwick, Alderman, Chicago, says: "I regard Dr. King's New Discovery as an ideal panacea for Coughs, Colds and Lung Complaints, having used it in my family for the last five years, to the exclusion of physician's prescriptions or other preparations."

Rev. John Burgess, Keokuk, Iowa, writes: "I have been a Minister of the Methodist Episcopal church for 50 years or more, and have never found anything so beneficial, or that gave me such speedy relief as Dr. King's New Discovery." Seven Years for a Murderer.

SALEM, Mass., Feb. 12.—Miss Annie Maud Brewer was sentenced in the superior criminal court here to serve seven years in the house of correction for killing Gideon W. Lattimer, Jr., of Lynn, on Dec. 13, 1884. Lattimer and Miss Brewer had been engaged, but owing to his mother's objections to the engagement Lattimer wanted the girl to go away with him. She refused to do so, and in a quarrel the girl shot her lover, who died from the effect of the wound four days later.

Efforts to Release Minnie Swanger.

HOLLIDAYSBURG, Pa., Feb. 12.—Counsel for Minnie Swanger, the child murderer, of Altoona, who poisoned her uncle, William McGregor, by giving him a dose of "Rough on Rats," petitioned the court yesterday afternoon for her release from the county jail on a writ of habeas corpus. Her attorney alleges that the girl is weak minded and irresponsible, and should not be in jail. Judge Bell will hear the case here on Tuesday next.

It May do us Much For You.

Mr. Fred Miller, of Irving, Ill., writes that he had a severe kidney trouble for many years, which caused him to have a great deal of pain in his back and also that his bladder was affected. He tried many so-called kidney cures but without any good result. About a year ago he began use of Electric Bitters and found relief at once. Electric Bitters is especially adapted to cure all kidney and liver troubles and often gives almost instant relief. One trial will prove our statement. Price only 50c. per large bottle. At A. Wasley's drug store.

Dunneva Has Not Apologized.

LONDON, Feb. 12.—Mr. Dillon Kemp, the well known sporting authority, informed the press yesterday that Lord Dunneva had not written a letter of apology to the New York Yacht club yet. Mr. Kemp said Lord Dunneva had just told him that he had written an explanatory letter to the New York Yacht club, describing his attitude, but not apologizing.

FELL SIXTY-FIVE FEET.

Remarkable Escape from Instant Death of Eight Workmen.

CLEVELAND, Feb. 12.—Three temporary spans of a new bridge being erected across Tinker's creek for the Akron, Bedford and Cleveland Electric railroad, ten miles south of this city, fell yesterday afternoon, precipitating eight workmen into the creek, a distance of sixty-five feet. The fall came without warning and not one of the men had a chance to escape. It is miraculous that all were not instantly killed. As it was five were seriously hurt, one of them is now in a dying condition at a hospital.

The names of the victims are: William Newman of Canton, arm crushed, left leg torn apart at the knee joint, head bruised and internally injured, cannot recover; Charles Geib of Canton, seriously injured internally; J. C. McMillan of Twinsburg, left foot crushed and badly hurt internally; Charles McCarty of Canton, bruised; James Freeman of Cleveland, ribs broken and side crushed.

Newman fell in the creek under the timbers, and had not one of the others held his head above water he would have been drowned. The engineer in charge of the work is unable to account for the accident. The bridge was being constructed on the site of the one which fell under an electric car a short time ago, fatally injuring two employees of the road. Work on the temporary structure was being pushed, as it was intended to begin the running of cars over it this morning, when several overloads of excursionists were coming to Cleveland from Akron.

Says Edison Cannot Photograph the Brain.

SYRACUSE, N. Y., Feb. 12.—At the Syracuse university, under the direction of Professor Eugene Haanel, successful photographs are being made with X rays of light. The skeleton of a live frog was photographed in an hour and fifteen minutes' exposure, and in a cardboard box a nickel, dime, copper cent, carbon lead pencil and steel key were penetrated. Doctor Haanel covers the sensitive dry plate with black paper to protect it from daylight and reduce exposure. He says that Edison cannot photograph the human brain, because it is transparent.

After Rich Illinois Coal Lands.

CHICAGO, Feb. 12.—An extensive deal in Illinois coal lands, embracing nearly 11,000 acres, has been practically completed by a New York and Chicago syndicate, representing two of the largest railway companies in the country. The syndicate has already obtained options on 10,000 acres of coal land in the Grape Creek district, with a rich vein, containing not less than 75,000,000 tons of bituminous coal. George Gould and the Wabash road are said to be largely interested in the deal.

WASHINGTON, Feb. 12.—The senate in executive session yesterday confirmed the following nominations: W. W. Rockhill, to be first assistant secretary of state; Frank C. Richardson, to be collector of customs for the district of Gloucester, Mass.; and James S. McCabe, to be marshal of the United States for the district of Rhode Island.

Steamer Sunk and Crew Saved.

NEW YORK, Feb. 12.—The steam lighter Alfred Lister, owned by Andrew Wiswell & Co., offal contractors for Brooklyn, sank yesterday when about a mile and a half from the Rockaway bell buoy. Her crew of five men took to a boat and were rescued when almost exhausted by the crew of the steam lighter Two Brothers.

You Get Strong.

If you're tired out or "run-down" woman, with Dr. Pierce's Favorite Prescription. And, if you suffer from any "female complaint" or disorder, you get well. For these two things—to build up women's strength, and to cure women's ailments—this is the only medicine which, once used, is always in favor. Therefore, nothing else can be "just as good" for you to buy. The "Prescription" regulates and promotes all the natural functions, never conflicts with them, and is perfectly harmless in any condition of the female system. It improves digestion, enriches the blood, brings refreshing sleep and restores health and vigor. For ulcerations, displacements, bearing-down sensations, periodical pains, and every chronic weakness or irregularity it's a remedy, that safely and permanently cures.

Swept to Death by a Flood.

CLEVELAND, Feb. 12.—Early in the morning a water main on Franklin avenue hill burst, and with the volume of water that poured out, several hundred feet of the hill was washed into the river. A small one story frame house, occupied by Mrs. Mary Ravey, 60 years old, at No. 3 Franklin hill, was inundated, and, with its contents, was hurled into the river. Mrs. Ravey was drowned. Four cars of a passing train were also carried into the river, but the three men on the cars were rescued.

Murdered His Mother-in-Law.

NEWTON, Ia., Feb. 12.—R. T. Smith, a jeweler of this place, was mortally wounded yesterday and his wife was killed by his son-in-law, Charles Phares, who, with his wife and child, came from Atlantic, Ia., four weeks ago. Phares was a barber, and has appeared despondent over poor business. After killing Mrs. Smith he fired a bullet through his own brain, dying soon afterwards. Phares is believed to have been temporarily insane.

THREW AWAY THE BELT

Mr. Wm. Thornton of 127 W. Market Street Explains How and Why He Did It.

(From the Elmira Gazette.)

Old age has many infirmities, none of which are more prevalent than kidney disorders. Have you ever noticed how the old people complain of backache, lame back, and general listlessness? And there are many other symptoms of which they do not speak, such as bloating of the limbs, painful and infrequent urination or excessiveness of urinary discharge. Most people think they are too old to find relief and cure, but this is not so. No better evidence than the following, which comes from an Elmira citizen, who has been cured of a very severe case in 127 West Market Street, speaks of his case in this way: "I am 77 years old. I have been afflicted with that dreaded complaint (kidney disease) for over ten years, making my old age a burden. I was so bad as to be forced to carry a belt at all times, and when my suffering became beyond endurance, I would put on the belt drawing it tightly around me and buckle it, thus bringing an extreme pressure over the kidneys; this, undoubtedly, forced the urine out, a function which the kidneys themselves had become too diseased to perform. My condition I put down to a strain I received. I began taking Doan's Kidney Pills. After two or three days I noticed their effect. I was much surprised, as the ailment was so severe and so long standing, while I had tried many remedies without any relief whatever. The pain I have experienced at times from straining in my efforts to discharge the urine was simply awful. I have done away with the use of my leather belt, and the pain has all gone, and I recommend Doan's Kidney Pills to all afflicted with kidney and urinary disorders."

The little daughter of Mr. Fred Webber, Holland, Mass., had a very bad cold and cough which he had not been able to cure with any remedy. I gave him a 25-cent bottle of Chamberlain's Cough Remedy, says W. P. Holden, merchant and postmaster at West Brimfield, and the next time I saw him he said it worked like a charm. This remedy is intended especially for acute throat and lung diseases such as colds, croup and whooping cough, and it is famous for its cures. There is no danger in giving it to children for it contains nothing injurious. For sale by Grubler Bros., druggists.
