France Consents That the Ex-Consul Shall be Freed.

HIS GUILT CLEARLY ESTABLISHED

Ambassador Eustis Declares That Waller Is Proven by the Evidence to Have Conspired with the Enemies of France-He May Sue for Damages.

WASHINGTON, Feb. 12. - Ambassador Eustis has been instructed to accept the offer of the French government to release ex-Consul Waller from further imprison-ment and pardon his offense on condition that the affair be thereby terminated as between France and the United States, and that the latter make no claim in behalf of the prisoner based upon his arrest, convic-tion or imprisonment. Waller may, how ever, sue in the French courts for damage for alleged ill treatment. These facts, showing the amicable termination of the celebrated Waller incident, appear in the correspondence sent to both houses of congress yesterday by the president in answer to resolutions of inquiry upon the subject.

Accompanying the correspondence which is voluminous, is a report by Secre tary Olney summarizing its features and explaining the reasons which animated the executive in terminating the incident as above described. In the beginning the secretary gives the history of the Crockett case, showing that Waller, while United States consul at Tamatave, acting as ad ministrator of the estate of Crockett, a de-ceased United States citizen, was guilty of maladministration, that when Mr. Wetter took charge of the consulate in January.

Wetter caused a civil suit to be brought against Waller on account of the Crockett estate, and before a court composed of Consul Wetter, Mr. Geldart (Waller's in-timate friend) and Mesers. Ryder and Howe, Waller was convicted of gross mis-management of the estate, of abuse and neglect of trust and removed from the position of administrator, besides being ordered to make good the sum of \$1,901 and interest to the Crockett heirs. Touching the Waller concession the soc-

retary says, referring to a letter from Wet-ter dated April last:

"This same letter contains an allusion to the Waller rubber concession or land grant near Fort Dauphin. After indicat-ing various ways in which the Crockett money may have been consumed by Wal-ler, there is a suggestion that some of it ESEMANUEL, High Constable. may have been spent in bribes to secure the concession. But no evidence to that effect is reported, and neither is there any proof of the nature, extent, validity or value of the concession. The value may have been supposed to be dependent upon the issue of the contest then going on between the French and the natives, while it is certain that the French authorities have always held the concession to be without any validity."

The secretary then refers to Waller's trial and conviction by a French court martial, and quotes from the report of Ambassador Eustis, who was permitted to review the evidence. The ambassador

says: "After examining the original letters of Waller I have no doubt whatever of his guilt. It was not a case of inadvertent or imprudent writing, but was a deliberate attempt to give information to the enemy to the prejudice of the military situation of France. The evidence fully sustains the charge. The whole tenor of the corres-pondence discloses his guilty intention and no court could have besizated to condemn him. It should be further stated that consid-

erable corroboration of the conclusions thus arrived at by Mr. Eustis is found in the collateral information which has come her son, Paul Bray. Secretary Olney quotes some of this cor

roborative evidence, and proceeds as follows: "These extracts from letters and minutes are not only in line with the results reached by Mr. Eustis, but raise the seri-

Both the Governor of Chihuahua and the Mayor of Juarez Would Like to Witness the Fight, but "Will Prevent It If Possible."

Et PASO, Tex., Feb. 12 -- Consul Buford, the United States representative at Juarez, thinks the Fitzsimmons-Maher fight will take place. He so declared in an interview yesterday. What action he will take he declined to say, but admitted that he had received instructions as to what he was to do in the event that the puglists attempted to meet in the ring. "I believe the big fight will take place," the consul said with an air of confidence, "but I shall not see it. I might were the conditions concerning me bere different. I have received instruc-tions from Washington. They are, of course, secret, and I am not at liberty to talk. I am convinced, however, that the fight will rake place,"

fight will rake place." The impression prevails that Consul Bu-ford has information that makes his dec-laration authoritative, and his manner, when he said the big mill will be brought off, conveys that he speaks by the card. Nor are declarations of the governor of Chihuahna and the mayor of Juarez greatly out of joint with those of the American consul. The gist of the Mexi-can officials' emarks is: "If we can pre-yout it the fight will not take place." vent it the fight will not take place.

The governor and mayor seem to doubt their separate and joint power to prevent the light Miguel Alumnada, governor of Chilmahua, arrived yesterday from the seat of government of the state. He was accompanied by the gabernatorial guard of fifty state troopers. Infantry from the gardion met the governor at the Mexican Central railway station and acted as escort. Through an interpreter be said:

"The movements of Mexican troops,like those of other military bodies, are not an-nounced to the public, Personally I do not care about fighters, or what they do. I do not know but I should like to see the fight. But as an act of courtesy to the American government I shall do what I can to prevent an event which it will not permit its citizens to hold in its own country. Governor Ahumada will remain in Jua-

rez until after the next bull fight, which will be next Sunday. Thto Arricia, mayor of the city of Juarez, said today: "Like his excellency, I should like to see the prize fight. I am in sympathy with

him, and shall co-operate with him as far as in my power lies." Colonel Taravez is in charge of the Mex-ican soldiers in and around Juarez. There

are 200 soldiers at his comand, including ruralez, cavalry and infantry, at the garrison. The ruralez number about 200. They are mounted, and are the flower of the Mexican soldiery. The regulars of Mexico are recruited from the prisons. From the character of the country it is believed the fighters can cross the border, bring off the fight and get back to home territory before the Mexican soldiers can

Enoch Rector, the kinetoscope man, says the fight shall take place. He says that through the kinetoscope plan is the only chance for him to get back his \$17,000 and Dan Stuart his \$30,000.

The final money has been posted in the hands of Tom O'Rourke, selected as final hands of Tom O Hourke, selected as inni stakeholder, after a wrangle. Maher's man wanted Sam Austin. Fitzsimmons' representative, Julian, said Austin was prejudiced and suggested O'Rourke. The hotels are filing up and the board-ing houses are overflowing. The incoming trains are adding to the crowds and others are not be way.

PARIS, Feb. 12.—The senate yesterday, by a vote of 185 to 85, rejected the domand of M. Bourgeoise, the premier, for a vote of confidence on the question of the southorn railway scandals. The cabinet met and decided not to resign, but to endeavor to obtain a vote of confidence in the chamber tomorrow.
